

DEPARTMENT OF CALIFORNIA HIGHWAY PATROL

NOTICE OF PROPOSED REGULATORY ACTION

TITLE 13, CALIFORNIA CODE OF REGULATIONS, DIVISION 2, CHAPTER 6, ARTICLE 1
AMEND SECTION 1152.2

Explosives Routes – Map 12 (CHP-R-2021-06204)

The California Highway Patrol (CHP) proposes to amend regulations in Title 13 of the California Code of Regulations, Division 2, Chapter 6, Article 1, Section 1152.2, regarding the designated routes for the transportation of explosives by commercial vehicles on highways in the state.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Pursuant to Division 14, Transportation of Explosives, commencing with Section 31600 of the California Vehicle Code (CVC), the CHP shall adopt regulations specifying the routes to be used in the transportation of explosives. The CVC requires the CHP to keep information current in regulations with maps indicating the designated routes. The proposed regulation amendments will remove 11.4 miles and extend 4.1 miles of currently designated routes in the Pismo Beach/Grover Beach/Oceano area. These updates will provide carriers an alternative route to reduce potential risks associated with the transportation of explosives, thereby enhancing public health and safety.

The proposed amendments have received concurrence from the CHP's Coastal Division, Pismo Beach Fire Department, Five Cities Fire Authority, San Luis Obispo County Fire Department, State Fire Marshal, and California Department of Transportation. Once adopted, the proposed amendments will be provided to the Federal Motor Carrier Safety Administration of the United States Department of Transportation.

This proposed regulatory action will continue to provide a nonmonetary benefit by protecting the health, safety, and welfare of California's residents, workers, and environment. The changes to the application of the regulation are not substantive and bring the regulation in conformance with existing statute. The proposed changes update and clarify highway routes designated for carriers transporting explosives, and contribute to transportation safety and public health.

During the process of developing these regulation amendments, the CHP has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent, nor incompatible, with existing federal and state regulations.

Any person desiring to obtain a copy of the adopted text and a final statement of reasons may request them at the above-noted address. Copies will also be posted on the CHP Web site.

CONTACT PERSON

Any inquiries concerning the written materials pertaining to the proposed regulations or the substance of the proposed regulations should be directed to Dr. Tian-Ting Shih or Sergeant Robert Daniels, at (916) 843-3400.

ADOPTION OF PROPOSED REGULATIONS

After consideration of public comments, the CHP may adopt the proposal substantially as set forth without further notice. If the proposal is modified prior to adoption and the change is not solely grammatical or substantive in nature, the full text of the resulting regulation, with the changes clearly indicated, will be made available to the public for at least 15 days prior to the date of adoption.

FISCAL IMPACT AND RESULTS OF THE ECONOMIC IMPACT ASSESSMENT

The CHP has made an initial determination that this proposed regulatory action: (1) will have no effect on housing costs; (2) will not impose any new mandate upon local agencies or school districts; (3) will involve no nondiscretionary cost or savings to any local agency, no cost to any local agency or school district for which Government Code (GC) Sections 17500–17630 require reimbursement, no cost or savings to any state agency, nor costs or savings in federal funding to the state; (4) will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California; and (5) will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

Benefits of the Proposed Action: The proposed regulations updating the designated routes for carriers transporting explosives will continue to provide benefits, including the nonmonetary benefit of protecting public health and safety for the residents, workers, and the environment by providing a regulatory basis for enforcement efforts as they relate to safety-compliance ratings.

The regulated community is encouraged to respond during the comment period of this regulatory process if significant impacts are identified.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The CHP is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

The CHP has determined that the proposed regulatory action will not affect small businesses. The action is intended to clarify and update the designated routes for commercial vehicles transporting explosives on the highways. As a result, no small business will be affected by the update.

ALTERNATIVES

In accordance with Section 11346.5(a)(13) GC, the CHP must determine that no reasonable alternative considered by the CHP, or otherwise identified and brought to the attention of the CHP, would be more effective in carrying out the purpose for which the action is proposed,

would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The CHP invites interested parties to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

AUTHORITY

This regulatory action is being taken pursuant to Section 31616 CVC.

REFERENCE

This action implements, interprets, or makes specific Sections 31303, 31304, 31601, 31602, 31607, 31611, 31614, and 31616 CVC.
