In order to streamline our rulemaking notification process, the California Highway Patrol will make all future Notices of Proposed Regulatory Action (NPRAs) available by e-mail. Participation in the e-mail notification process is voluntary and available to all interested parties who provide the CHP with their expressed consent.

Interested Parties who **opt out** of e-mail notification will be provided “hard copies” via U.S. Mail only following a specific request. All other notifications will be via e-mail.

To request U.S. Mail delivery of NPRAs in lieu of e-mail notices please:

- 1) Specifically request a printed hard copy of the NPRAs.
