DEFINE YOUR JOURNEY

Many people think CHP officers spend all of their time patrolling the highways and issuing citations. While traffic safety is our primary responsibility, we also have many other exciting responsibilities!

THERE ARE MANY CAREER PATHS YOU CAN FOLLOW WITH THE CALIFORNIA HIGHWAY PATROL

How would you like to provide protective services for the California state governor and visiting dignitaries?

In protective services, you would be there while history is being made by our governor and visiting heads of state. You might even get a chance to provide protection for Air Force One when it's in California!

What about flying?

You could be part of Air Operations, flying helicopters or planes or working with them as a paramedic.

Detective work?

How about being an Auto Theft Investigator, a Computer Crimes Investigator, or part of a Multi-disciplinary Accident Investigation Team (MAIT)?

SERVING CALIFORNIA SINCE 1929

In 1929, the State Legislature originally gave the CHP authority and responsibility to “enforce traffic laws on county and state highways.” Since then, our responsibilities have increased, and we embrace the opportunities to make a difference in so many ways in California, and throughout the world.

A PROMISE OF NOBILITY

The CHP’s mission is to provide the highest level of safety, service, and security to the people of California.

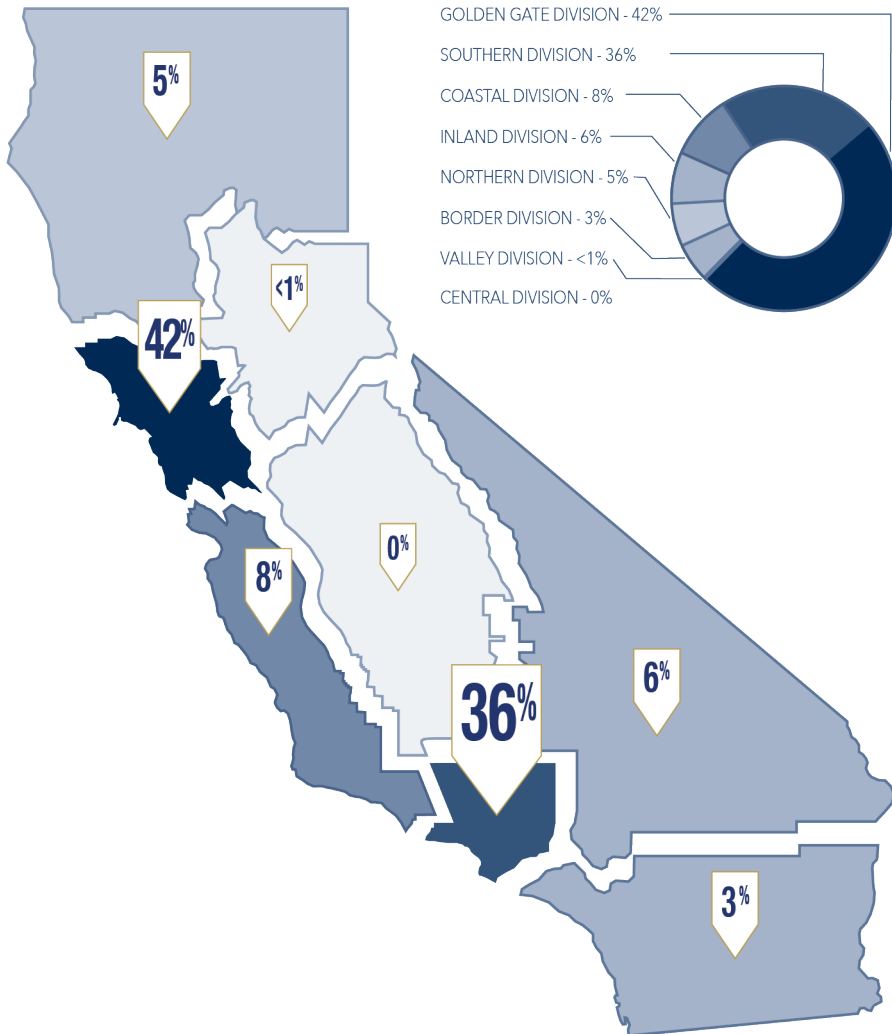

The mission is based on the fundamental values of

- *Respect for others*
- *Fairness*
- *Ethical practices*
- *Equitable treatment for all.*

We take our mission and values very seriously and hold it at the core of all we do. Providing service to the community and helping others is at the heart of what we do at the CHP.

We are looking for others who feel the same to join us in our commitment to California.

WHERE WOULD YOU WORK DURING YOUR FIRST YEAR AS AN OFFICER?

THE CALIFORNIA HIGHWAY PATROL IS PART OF THE VERY SOUL OF CALIFORNIA, *ALL OF CALIFORNIA*

CHOOSE WHERE YOU WANT TO MAKE A DIFFERENCE

Is there a particular community where you feel strongly about being there for them? With the CHP, this is possible as we serve all of this beautiful state, and you'll have many options of where to live.

Do you enjoy the beaches of the coast, the silence and tranquility of the desert, the natural beauty of the mountains, or do you perhaps love the hustle-bustle and cultural opportunities of the city?

Imagine cycling along the Golden Gate Bridge as a bicycle officer, driving down California State Route 1 soaking up the fabulous coastal view, cruising under the wide-open skies with the intense beauty of a desert sunset all around you, working near Yosemite, Mount Shasta or Lake Tahoe, or living the metropolitan life in one of California's magnificent cities.

With the CHP it's all possible. California is your oyster! In fact, after one year working as an officer, you are eligible to transfer to an open position anywhere in the state.

WE RESPECT AND HONOR DIVERSITY

We are black and white
and blue and gold.
We are blood and sweat,
tried and true.
We come from
every walk of life
and we are many,
yet we are one.

GETTING HIRED!

PREPARING FOR THE HIRING PROCESS

After seeing all of the steps in the hiring process, you may feel overwhelmed. It looks daunting, yet with our help, it can be a challenging, but rewarding process.

APPLICANT PREPARATION PROGRAM

All of the Divisions hold seminars and other events to help you and explain every step of the hiring process. They also hold practice physical tests to help prepare you for the process. The APP is there to help you navigate through and to mentor you and make sure you are successful in making it through the hiring process.

THE HIRING PROCESS

Physical Ability Test

Once you have successfully completed and submitted an application, you will be notified of your upcoming Physical Ability Test (PAT). The PAT elements are:

1.5 Mile Run

1.5 miles in 15 minutes or less.

300 Meter Run

300 meters in 70 seconds or less.

Sit-Ups

25 or more sit-ups in one minute.

Push-Ups

19 or more push-ups in one minute.

Each portion of the PAT test is pass/fail. The applicant must pass all four portions successfully to complete the PAT.

Written Exam

All applicants who pass the PAT will be scheduled to take the written exam. The written exam assesses your writing and reading comprehension skills. A minimum 12th grade reading level is desired. The test consists of approximately 125 multiple choice questions on reading comprehension, grammar, and word usage skills. The test is scheduled to last two and a half hours. This is not a test of law enforcement knowledge. You will receive a numerical score on the test. You must get a passing score on the written exam to be moved into the background investigation phase.

Background Investigation

A CHP officer must demonstrate high standards of personal conduct both on and off duty. Peace officers are expected to possess attributes such as honesty, impartiality, trustworthiness, and abide by laws, regulations, and procedures.

It is expected an officer not engage in illegal or immoral behaviors, either on or off duty; is honest and impartial in dealing with others; will not condone unethical or illegal behaviors in others; and can maintain confidentiality. The background investigation will determine if an applicant meets those standards, as well as other peace officer standards required by law and by the CHP.

There will be an initial and a final interview with your background investigator, who will review your completed Personal History Statement. Your investigator will ask about your employment experience, education, finances, arrest and citation record, military record, and any other relevant issues. During the background process you will be scheduled for a Computer Voice Stress Analysis (CVSA). The CVSA will verify the information the applicant provides to the background investigator. Clearing backgrounds moves you on to the psychological evaluation.

Psychological Evaluation

There are two components to the psychological evaluation. The first part is a written inventory of questions you will answer yes/no or true/false. The second part is a scheduled interview with a psychologist. After clearing the psychological evaluation, you will be scheduled for a medical evaluation.

Medical Evaluation

The medical evaluation consists of a full physical examination. It also includes a visual acuity test, a color vision test, drug test, and a complete set of back x-rays. Once you have successfully completed all phases of the selection process, you will be placed on the Awaiting an Invitation to the Academy list.

Train ahead of time to be able to do these.

All individuals awarded Veterans Preference by the California Department of Human Resources and who pass the CHP written test will be certified to continue to the background investigation portion of the CHP hiring process.

Active Duty Delay Waiver

After completing the PAT and written exam with qualifying scores, an Active Duty Delay Waiver can be requested. The waiver allows the rest of the hiring process to be put on hold until you are approximately one year from completing your active service. With an Active Duty Delay Waiver, you may waive employment for up to eight years pending separation from the military. To take advantage of the Active Duty Delay Waiver, applicants must be under 36 years old on the final filing date of the application/period for which they are applying.
