Heckler & Koch MP5-PDW	9mm Subcompact Automatic Rifle	4	Approximately 50 years	Compact off body weapon providing superior firepower during emergency or tactical incidents - Authorized through the Department.	\$1,000 each	\$200	CVC 2409 and Penal Code section 830.2	Annual Tactical Firearms, Annual Qualification, Quarterly Training	Departmental Training
Sig Sauer - MCX Rattler	5.56mm Short barreled compact automatic rifle	6	Approximately 50 years	Compact off body weapon providing superior firepower during emergency or tactical incidents - with capability to defeat softbody armor - Authorized through the Department.	\$1,600 each	\$200	CVC 2409 and Penal Code section 830.2	Annual Tactical Firearms, Annual Qualification, Quarterly Training	Departmental Training
Protech Tactical Shield 16x30 Horizontal	Tactical Rifle Rated Ballistic Shield	6	Approximately 20 years	Rifle Rated Ballistic Shielding for use during emergency or tactical incidents.	\$2,700 each	\$0	835 (a) California Penal Code	Annual Equipment use training	Departmental / Team Training

Capitol Protection Section

Item*	Description	Amount on and/ Quantity Sought**	Life Span	Purpose / Authorized Uses	Initial Cost	Annual Maintenance Cost	Legal Code Authorizing Use	Training/Peace Officer Standards and Training (POST) Requirement	Mechanism to Ensure Use Compliance***
sUAS (non-weaponized)	Unmanned Ariel Surveillance Systems	4	Approx. 10 years	Observations on Tactical operations and demonstrations.	\$35,000.00	\$1,500	14 CFR PART 107	PART 107 pilot license per POST and monthly training and annual refresher training.	POST course roster submission for approval.
Bomb Disposal Robots (non-weaponized)	Ground Based Robots	4	Approximately 20 years	Evaluate and render safe suspicious packages and Improvised Explosive Devices.	\$450,000.00	\$2,500	U.S. Patriot Act	FBI initial certification, monthly training and operator re-certification every three years.	Through FBI recertification
Lenco BearCat	Armored Rescue vehicle	1	Approximately 20 years	Transportation and protection of personnel and public.	\$350,000.00	\$4,500	10 USC 2576a	No certification needed. Bearcat is a police version of a standard consumer vehicle.	California DMV. Only needs driver's license to operate.
Remington Breaching Shotgun	Breaching shotgun	3	Approximately 20 years	Breaching of reinforced entry points during tactical operations.	\$750.00	\$100	CVC 2409 and Penal Code section 830.2	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	POST course roster submission for approval.
CTS Launching Cup	Shotgun launching Device for CS gas distribution cannisters	1	Approximately 20 years	Safely disperse CS gas cannisters through aerial means.	\$100.00	\$0	10 USC 2576a	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	POST course roster submission for approval.
Light Sound diversinary Devices	Flashbang type distraction device	Three different types with a total of 271	3 years	Device used only in emergency situations when great bodily injury, loss of life or violence is imminent.	\$2,500.00	\$500	10 USC 2576a	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	CalOES is the state's coordinator with the Defense Logistics Agency, Law Enforcement Support Office, and ensures use of property possessed by the state through the 1033 program, in compliance with the State Plan of Operations.
CS Gas distribution device	CS gas dispersion cannisters	Three different types with a total of 136	3 years	Device used during tactical operations or riots when conditions and laws apply for the use of CS gas.	\$2,000.00	\$350	10 USC 2576a	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	POST course roster submission for approval.

LRAD	Portable Hailing System	2	Approximately 15 years	Used to deliver information to large crowds or people in crisis when approaching them is not safe for officers or the public.	\$15,000.00	\$0	10 USC 2576a	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	POST course roster submission for approval.
Penn Arms 40 MM Launchers	Delivery System for 40 MM projectiles	5	Approximately 15 years	Used to deliver 40 MM munitions (CS gas/rubber projectiles, etc.) in emergency situations following policy and law.	\$10,000.00	\$500	10 USC 2576a	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	POST course roster submission for approval.
Smith and Wesson Simmunition Pistols	Delivery System for simmunition training rounds	5	Approximately 15 years	Delivery system for simmunition training rounds during training.	\$2,000.00	\$400	CVC 2409 and Penal Code section 830.2	Initial Training provided per POST guidelines by POST certified instructor. Annual recertification with POST instructor.	POST course roster submission for approval.
PAN disruptors	Delivery system for disrupting suspicious packages and Improvised explosive devices	8	Approximately 15 years	Delivery system using specialized rounds to remotely break apart suspicious packages and improvised explosive devices.	\$40,000.00	\$300	U.S. Patriot Act	FBI initial certification, monthly training and operator re-certification every three years.	CalOES is the state's coordinator with the Defense Logistics Agency, Law Enforcement Support Office, and ensures use of property possessed by the state through the 1033 program, in compliance with the State Plan of Operations. FBI verifies compliance through the operator re-certification process every three years.

Peacekeeper Rapid Containment Baton (RCB)	Collapsible Steel Baton	6500	As needed	Officer Safety/Civil Disturbance	\$204.15	\$0	835(a)PC	Departmental/ POST Certified	Departmental Policy, POST Standards
Gas Mask MSA Millenium	Gas Mask	6500	As needed	Civil Disturbance	\$561.24	\$0	N/A	None	Departmental Policy, POST Standards
Breaching Ram ESTY "Mary" Ram	Breaching Ram	8	As needed	Officer Safety / Civil Disturbance	\$750	\$0	N/A	POST Certified (SWAT)/Curriculum pending (SRT)	Departmental Policy, POST Standards

Enforcement and Planning Division

Item*	Description	Amount on and/ Quantity Sought**	Life Span	Purpose / Authorized Uses	Initial Cost	Annual Maintenance Cost	Legal Code Authorizing Use	Training/Peace Officer Standards and Training (POST) Requirement	Mechanism to Ensure Use Compliance***
Ballistic shield	Safariland Intruder	3	5 years	Ballistic protection during Warrant Service operations	Approximately \$5,325 / per shield	None	2409 CVC	Officers are taught to use shields when making entry during Initial Warrant Service training.	Warrant Service Policy G.O. 100.84
Ballistic shield	Paraclete Vangaurd Level III	4	5 years	Ballistic protection during Warrant Service operations	Approximately \$9,385 / per shield	None	2409 CVC	Officers are taught to use shields when making entry during Initial Warrant Service training.	Warrant Service Policy G.O. 100.84
Ballistic shield	Protech Tactical Entry 1	10	5 years	Ballistic protection during Warrant Service operations	Approximately \$2,600 / per shield	None	2409 CVC	Officers are taught to use shields when making entry during Initial Warrant Service training.	Warrant Service Policy G.O. 100.84
Ballistic shield	RTS mini shield	1	5 years	Ballistic protection during Warrant Service operations	Approximately \$500 / per shield	None	2409 CVC	Officers are taught to use shields when making entry during Initial Warrant Service training.	Warrant Service Policy G.O. 100.84
Autel EVO II Pro 6K Small Unmanned Aircraft Systems (sUAS)	This 4.4 pound drone measures about 18 inches by 22 inches, by 4 inches when unfolded and is equipped with a 20 megapixel Sony camera that is capable of 6k Ultra HD images.	9 (expected to be replaced in 2025/2026 and every 3 years or as needed)	2-3 years	Departmental drones used by the Multidisciplinary Accident Investigation Team (MAIT) Program serve as a surveying and photographing evidence function as they relate to crash investigation.	Approximately \$5,500.00 per drone bundle	Varies, depending on battery and replacement parts.	Any member of the public may operate one of these under Title 14, Code of Federal Regulations, Part 107.	Department provides training to personnel to obtain sUAS pilot license per 14 CFR Part 107 to comply with Part 107.65 prior to sUAS operations / No POST training required.	All flights are logged and subject to FAA audit.
Autel EVO II Dual 640T V3 sUAS	This 2.5 pound drone measures approximately 17 inches diagonally when unfolded.	8 (expected to be replaced in 2026/2027 and every 3 years or as needed)	2-3 years	Departmental drones used by the Multidisciplinary Accident Investigation Team (MAIT) Program serve as a surveying and photographing evidence function as they relate to crash investigation.	Approximately \$7,000.00 per drone bundle	Varies, depending on battery and replacement parts.	Any member of the public may operate one of these with an FAA Part 107 drone operator's license.	Department provides training to personnel to obtain sUAS pilot license per 14 CFR Part 107 to comply with Part 107.65 prior to sUAS operations / No POST training required.	All flights are logged and subject to FAA audit.

DJI Inspire 2 sUAS	This 9.4 pound drone is just shy of 24 inches, measured diagonally, and is equipped with a 4K camera.	2	2-3 years	Departmental drones used by the Multidisciplinary Accident Investigation Team (MAIT) Program serve as a surveying and photographing evidence function as they relate to crash investigation.	Approximately \$8,500 per drone bundle	Varies, depending on battery and replacement parts.	Any member of the public may operate one of these with an FAA Part 107 drone operator's license.	Department provides training to personnel to obtain sUAS pilot license per 14 CFR Part 107 to comply with Part 107.65 prior to sUAS operations / No POST training required.	All flights are logged and subject to FAA audit.
DJI Mavic 2 Pro sUAS	This 2.1 pound drone measures 13 inches by 11.5 inches by 4 inches.	1	2-3 years	Departmental drones used by the Multidisciplinary Accident Investigation Team (MAIT) Program serve as a surveying and photographing evidence function as they relate to crash investigation.	Approximately \$2,500 per drone bundle		Any member of the public may operate one of these with an FAA Part 107 drone operator's license.	Department provides training to personnel to obtain sUAS pilot license per 14 CFR Part 107 to comply with Part 107.65 prior to sUAS operations / No POST training required.	All flights are logged and subject to FAA audit.

* CHP and private individuals generally have a limited license to view manufacturer product description content, including equipment capabilities, directly on the manufacturer's website. Manufacturer content is subject to copyright laws and CHP does not have a license to make manufacturer content available on CHP's website. Therefore, CHP encourages individuals interested in reviewing product descriptions and capabilities to access such information directly on the manufacturer website for the most accurate and current information.

** Quantity sought is constantly changing due to staffing changes and replacement that sometimes needs to occur due to wear and tear or unforeseen circumstances. Therefore, CHP has identified current equipment on hand, but is unable to provide an exact quantity sought figure since that figure is dynamic and procurement sometimes is required to occur outside of routine procurement cycles as circumstances warrant.

*** Appropriate use of military equipment is outlined in CHP policy and any deviation from CHP policy will be appropriately addressed as outlined in CHP policy and law.
