(b) If more than four hundred dollars ($400) in unpaid penalties and fees have been accrued by any person or registered owner, proof thereof may be filed with the court with the same effect as a civil judgment. Execution may be levied and other measures may be taken for the collection of the judgment as are authorized for the collection of an unpaid civil judgment entered against a defendant in an action on a debt. The court may assess costs against a judgment debtor to be paid upon satisfaction of the judgment. The processing agency shall send a notice by first-class mail to the person or registered owner indicating that a judgment shall be entered for the unpaid penalties, fees, and costs and that, after 21 calendar days from the date of the mailing of the notice, the judgment shall have the same effect as an entry of judgment against a judgment debtor. The person or registered owner shall also be notified at that time that execution may be levied against his or her assets, liens may be placed against his or her property, his or her wages may be garnished, and other steps may be taken to satisfy the judgment. If a judgment is rendered for the processing agency, that agency may contract with a collection agency to collect the amount of that judgment.

Notwithstanding any other provision of law, the processing agency shall pay the established first paper civil filing fee at the time an entry of civil judgment is requested.

(c) If the registration of the vehicle has not been renewed for 60 days beyond the renewal date, and the citation has not been collected by the department pursuant to Section 4760, file proof of unpaid penalties and fees with the court with the same effect as a civil judgment as provided in subdivision (b).

(d) This section does not apply to a registered owner of a vehicle if the citation was issued prior to the registered owner taking possession of the vehicle and the department has notified the processing agency pursuant to Section 4764.

Amended Sec. 4, Ch. 741, Stats. 2008. Effective January 1, 2009.
Prohibition Against Filing Complaint With Court

40221. The processing agency shall not file a civil judgment with the court relating to a parking violation which has been filed with the department unless the processing agency has determined that the registration of the vehicle has not been renewed for 60 days beyond the renewal date and the citation has not been collected by the department pursuant to Section 4760.

Termination of Proceedings

40222. The processing agency shall terminate proceedings on a notice of a delinquent parking violation or violations in all of the following cases:

(a) Upon receipt of collected penalties and administrative fees remitted by the department under Section 4762 for that notice of delinquent parking violation or violations. The termination under this subdivision is by satisfaction of the parking penalty or penalties.

(b) If the notice of a delinquent parking violation or violations was returned to the processing agency pursuant to Section 4764 and five years have elapsed since the date of the last violation. The termination under this subdivision is by the running of a statute of limitation of proceedings.

(c) The processing agency receives information, that it shall verify with the department, that the penalty or penalties have been paid to the department pursuant to Section 4762.

(d) (1) If the registered owner of the vehicle provides proof to the processing agency that he or she was not the registered owner on the date of the violation.

(2) This subdivision does not limit or impair the ability or the right of the processing agency to pursue the collection of a delinquent parking violation or violations from the person who was the registered owner or lessee of the vehicle on the date of the violation.

Parking Violation: Statute of Limitations: Tolling

40224. The time limitation provided by law for commencement of a civil action for a violation specified in Section 40200 shall be tolled from and after the date a notice of delinquent parking violation is filed with the department pursuant to subdivision (b) of Section 40220 until the notice is returned to the processing agency under subdivision (b) of Section 4760 or Section 4762 or 4764 or is recalled by the processing agency pursuant to subdivision (d) of Section 40211.
Amended Sec. 17, Ch. 734, Stats. 1995. Effective January 1, 1996.

Processing Other Violations

40225. (a) An equipment violation entered on the notice of parking violation attached to the vehicle under Section 40203 shall be processed in accordance with this article. All of the violations entered on the notice of parking violation shall be noticed in the notice of delinquent parking violation delivered pursuant to Section 40206, together with the amount of civil penalty.

(b) Whether or not a vehicle is in violation of any regulation governing the standing or parking of a vehicle but is in violation of subdivision (a) of Section 5204, a person authorized to enforce parking laws and regulations shall issue a written notice of parking violation, setting forth the alleged violation. The violation shall be processed pursuant to this section.

(c) The civil penalty for each equipment violation, including failure to properly display a license plate, is the amount established for the violation in the Uniform Bail and Penalty Schedule, as adopted by the Judicial Council, except that upon proof of the correction to the processing agency, the penalty shall be reduced to ten dollars ($10). The reduction provided for in this subdivision involving failure to properly display license plates shall only apply if, at the time of the violation, valid license plates were issued for that vehicle in accordance with this code. The civil penalty for each violation of Section 5204 is the amount established for the violation in the Uniform Bail and Penalty Schedule, as adopted by the Judicial Council, except that upon proof of the correction to the processing agency, the penalty shall be reduced to ten dollars ($10).

(d) Fifty percent of any penalty collected pursuant to this section for registration or equipment violations by a processing agency shall be paid to the county for remittance to the State Treasurer and the remaining 50 percent shall be retained by the issuing agency and processing agency subject to the terms of the contract described in Section 40200.5.

(e) Subdivisions (a) and (b) do not preclude the recording of a violation of subdivision (a) or (b) of Section 4000 on a notice of parking violation or the adjudication of that violation under the civil process set forth in this article.
Amended Sec. 4, Ch. 885, Stats. 1998. Effective January 1, 1999.

Failure to Display Disabled Placard: Administrative Charge

40226. An issuing agency may, in lieu of collecting a fine for a citation for failure to display a disabled placard, charge an administrative fee not to exceed twenty-five dollars ($25) to process cancellation of a citation in any case where the individual who received the citation can show proof that he or she had been issued a valid placard at the time the citation was received.

Notice of Appeal to Court: Hearing: Fees

40230. (a) Within 30 calendar days after the mailing or personal delivery of the final decision described in subdivision (b) of Section 40215, the contestant may seek review by filing an appeal to be heard by the superior court where the same shall be heard de novo, except that the contents of the processing agency’s file in the case shall be received in evidence. A copy of the notice of parking violation or, if the citation was issued electronically, a true and correct abstract containing the information set forth in the notice of parking violation shall be admitted into evidence as prima facie evidence of the facts stated therein. A copy of the notice of appeal shall be served in person or by first-class mail upon the processing agency by the contestant. For purposes of computing the 30-calendar-day period, Section 1013 of the Code of Civil Procedure shall be applicable. A proceeding under this subdivision is a limited civil case.

(b) The fee for filing the notice of appeal is as provided in Section 70615 of the Government Code. The court shall request that the processing agency’s file on the case be forwarded to the court, to be received within 15 calendar days of the request. The court shall notify the contestant of the appearance date by mail or personal delivery. The court shall retain the fee under
Section 70615 of the Government Code regardless of the outcome of the appeal. If the court finds in favor of the contestant, the amount of the fee shall be reimbursed to the contestant by the processing agency. Any deposit of parking penalty shall be refunded by the processing agency in accordance with the judgment of the court.

(c) The conduct of the appeal under this section is a subordinate judicial duty that may be performed by traffic trial commissioners and other subordinate judicial officials at the direction of the presiding judge of the court.

(d) If no notice of appeal of the processing agency’s decision is filed within the period set forth in subdivision (a), the decision shall be deemed final.

(e) If the parking penalty has not been deposited and the decision is against the contestant, the processing agency shall, after the decision becomes final, proceed to collect the penalty pursuant to Section 40220.

Amended Sec. 43, Ch. 738, Stats. 2007. Effective January 1, 2008.

Article 3.5. Procedure on Video Imaging of Parking Violations Occurring in Transit-Only Lanes

(Added Ch. 377, Stats. 2007. Effective January 1, 2008.)

Video Imaging of Parking Violations in Transit-Only

40240. (a) The City and County of San Francisco may install automated forward facing parking control devices on city-owned public transit vehicles, as defined by Section 99211 of the Public Utilities Code, for the purpose of video imaging of parking violations occurring in transit-only traffic lanes.

Citations shall be issued only for violations captured during the posted hours of operation for a transit-only traffic lane. The devices shall be angled and focused so as to capture video images of parking violations and not unnecessarily capture identifying images of other drivers, vehicles, and pedestrians. The devices shall record the date and time of the violation at the same time as the video images are captured.

(b) Prior to issuing notices of parking violations pursuant to subdivision (a) of Section 40241, the City and County of San Francisco shall commence a program to issue only warning notices for 30 days. The City and County of San Francisco shall also make a public announcement of the program at least 30 days prior to commencement of issuing notices of parking violations.

(c) A designated employee of the City and County of San Francisco, who is qualified by the city and county to issue parking citations, shall review video image recordings for the purpose of determining whether a parking violation occurred in a transit-only traffic lane. A violation of a statute, regulation, or ordinance governing vehicle parking under this code, under a federal or state statute or regulation, or under an ordinance enacted by the City and County of San Francisco occurring in a transit-only traffic lane observed by the designated employee in the recordings is subject to a civil penalty.

(d) The registered owner shall be permitted to review the video image evidence of the alleged violation during normal business hours at no cost.

(e) (1) Except as it may be included in court records described in Section 68152 of the Government Code, or as provided in paragraph (2), the video image evidence may be retained for up to six months from the date the information was first obtained, or 60 days after final disposition of the citation, whichever date is later, after which time the information shall be destroyed.

(2) Notwithstanding Section 26202.6 of the Government Code, video image evidence from forward facing automated enforcement devices that does not contain evidence of a parking violation occurring in a transit-only traffic lane shall be destroyed within 15 days after the information was first obtained.

(f) Notwithstanding Section 6253 of the Government Code, or any other provision of law, the video image records are confidential. Public agencies shall use and allow access to these records only for the purposes authorized by this article.

(g) For purposes of this article, “local agency” means the City and County of San Francisco.

(h) For purposes of this article, “transit-only traffic lane” means any designated transit-only lane on which use is restricted to mass transit vehicles, or other designated vehicles including taxis and vanpools, during posted times.

NOTE: Article 3.5 shall remain in effect only until January 1, 2016, and as of that date this section is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

Notice of Parking Violation

40241. (a) A designated employee of the local agency shall issue a notice of a parking violation to the registered owner of a vehicle within 15 calendar days of the date of the violation. The notice of violation shall set forth the violation of a statute, regulation, or ordinance governing vehicle parking under this code, under a federal or state statute or regulation, or under an ordinance enacted by the City and County of San Francisco occurring in a transit-only traffic lane, a statement indicating that payment is required within 21 calendar days from the date of citation issuance, and the procedure for the registered owner, lessee, or rentee to deposit the parking penalty or contest the citation pursuant to Section 40215. The notice of a parking violation shall also set forth the date, time, and location of the violation, the vehicle license number, registration expiration date if visible, the color of the vehicle, and, if possible, the make of the vehicle. The notice of parking violation, or copy of the notice, shall be considered a record kept in the ordinary course of business of the City and County of San Francisco and shall be prima facie evidence of the facts contained in the notice. The City and County of San Francisco shall send information regarding the process for requesting review of the video image evidence along with the notice of parking violation.

(b) The notice of parking violation shall be served by depositing the notice in the United States mail to the registered owner’s last known address listed with the Department of Motor Vehicles. Proof of mailing demonstrating that the notice of parking violation was mailed to that address shall be maintained by the local agency. If the registered owner, by appearance or by mail, makes payment to the processing agency or contests the violation within either 21 calendar days from the date of mailing of the citation, or 14 calendar days after the mailing of the notice of delinquent parking violation,
the parking penalty shall consist solely of the amount of the original penalty.

(c) If, within 21 days after the notice of parking violation is issued, the local agency determines that, in the interest of justice, the notice of parking violation should be canceled, the local agency shall cancel the notice of parking violation pursuant to subdivision (a) of Section 40215. The reason for the cancellation shall be set forth in writing.

(d) Following an initial review by the local agency, and an administrative hearing, pursuant to Section 40215, a contestant may seek court review by filing an appeal pursuant to Section 40230.

(e) The City and County of San Francisco may contract with a private vendor for the processing of notices of parking violations and notices of delinquent violations. The City and County of San Francisco shall maintain overall control and supervision of the program.

NOTE: Article 3.5 shall remain in effect only until January 1, 2016, and as of that date this section is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

Evaluation of Program Effectiveness

40242. If the City and County of San Francisco implements a parking enforcement pilot program pursuant to this article, no later than March 1, 2015, the City and County of San Francisco shall provide to the transportation and judiciary committees of the Legislature an evaluation of the program's effectiveness and impact on privacy in compliance with Section 9795 of the Government Code.

NOTE: Article 3.5 shall remain in effect only until January 1, 2016, and as of that date this section is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

Repeal Date

40243. This article shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

NOTE: Article 3.5 shall remain in effect only until January 1, 2016, and as of that date this section is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

Parking Violations During Street Sweeping

40245. (a) The Legislature finds and declares all of the following:

(1) Streetsweepers operating throughout our nation and the world remove from streets and roads unnecessary pollutants, contaminants, chemicals, trash, and debris, which provides significant environmental and sanitation benefits, thereby protecting the environment and contributing to the health of people in communities worldwide.

(2) Each year, illegally parked private cars, trucks, and service vehicles on local streets and roads disrupt full street sweeping of as many as three parking spaces per illegally parked vehicle, resulting in significant debris, grease, oil, and other pollutants being needlessly washed into the stormwater drains.

(3) A major benefit of street sweeping, especially in more urbanized areas with higher areas of paving, is that by capturing pollutants before they are made soluble by rainwater, the need for stormwater treatment practices, which can be very costly when compared to collecting pollutants before they become soluble, may be reduced.

(4) According to an analysis by the District of Columbia Department of Public Works, an average of 10 pounds of oil and grease, three pounds of nitrogen and phosphorus, and up to two pounds of heavy metals are typically removed per mile swept of local streets and roads through street sweeping.

(5) According to an August 2004 technical report on "Trash Best Management Practices" submitted by the County of Los Angeles Department of Public Works, street sweeping and stricter enforcement of no parking regulations should be utilized to the maximum extent practicable to help prevent trash, litter, and other harmful pollutants from getting into the stormwater drain system.

(6) According to a July 2007 technical report titled “Trash Total Maximum Daily Loads for the Los Angeles River Watershed,” stormwater drain discharges are the “primary source of trash” in the waterbodies of the Los Angeles River Watershed, whereby unswept street litter is washed through the storm drain sewers into the Los Angeles River, the Estuary, the beaches at Long Beach, and the Pacific Ocean.

(7) In August 2007, after extensive studies, public meetings, and economic benefit analysis, the Los Angeles Regional Water Quality Control Board adopted a phased-in goal of “zero” discharges of manmade trash in the Los Angeles River Watershed by 2016, a goal that was subsequently approved by the State Water Resources Control Board in April 2008 and the United States Environmental Protection Agency in July 2008.

(8) Cities such as Chicago and Washington D.C. already utilize automated parking enforcement systems mounted on their local public agency-owned or local public agency-operated streetsweepers to enforce existing regulations and improve compliance with street-sweeping regulations, which benefits the environment by helping reduce waste and pollutants from entering stormwater drain systems.

(b) It is the intent of the Legislature that a citation shall be issued, under the provisions of this article, only for violations captured during the designated hours of operation for a streetsweeping parking lane. It is also the intent of the Legislature that a citation shall not be issued, under the provisions of this article, for a vehicle that is parked on the street during the designated hours of operation for a streetsweeping parking lane when the vehicle is parked on the street after the street has been cleaned by a streetsweeper.

(c) It is also the intent of the Legislature that this article shall provide a single statewide standard for the use of camera enforcement technology on streetsweepers to help ensure continuity in program implementation and enforcement by local public agencies that desire to implement camera
enforcement systems, including prohibiting the use of information read from license plates for any other purpose, establishing appropriate context supporting the violation that ensures individual privacy is maintained, and ensuring confidential data is disposed of properly, adequately, and safely after final disposition.

(d) Therefore, it is the intent of the Legislature to allow local public agency-owned or local public agency-operated street sweepers to utilize automated parking enforcement systems for the purpose of digital photographing of street-sweeping parking violations for vehicles that are illegally parked during the designated hours of operation in a street-sweeping parking lane, thus serving the public interest by benefiting the environment, improving water quality, decreasing stormwater drain runoff, and helping reduce ongoing habitat deterioration.

NOTE: The preceding section shall remain in effect only until January 1, 2016, and as of that date is repealed.

Definitions

40246. For the purposes of this article, the following terms have the following meanings:

(a) “Local public agency” means a city, county, city and county, district, or joint powers authority.

(b) “Streetsweeper” means a mechanical vehicle that cleans streets and roads, utilizing a broom, conveyor belt, vacuum, or regenerative-air mechanism, among other mechanisms, to loosen, carry, and collect debris, dust, grease, oil, metals, and other pollutants from streets and roads.

(c) “Street-sweeping parking lane” means the land designated as a parking area on any street or road routinely cleaned by streetsweepers during designated hours of operation as indicated on schedule signs designated on both sides of the street or road.

40247. (a) A local public agency may install and operate an automated parking enforcement system on local public agency-owned or local public agency-operated streetsweepers for the purpose of digital photographing of street-sweeping parking violations occurring in street-sweeping parking lanes. The equipment shall be angled and focused so as to capture digital photographs of license plates on vehicles violating designated street-sweeping regulations and shall not unnecessarily capture identifying photographs of other drivers, vehicles, or pedestrians. The equipment shall only capture digital photographs when the automated parking enforcement system detects the occurrence of a parking infraction. The equipment shall record the date and time the violation was captured onto the photograph. Any information read from a license plate at a location or at a time not designated for streetsweeping shall be destroyed by the close of the next business day. Notwithstanding subdivision (e) of Section 40248, only a local public agency may operate an automated parking enforcement system.

(1) A citation shall be issued only for violations captured during the designated hours of operation for a street-sweeping parking lane.

(2) A citation shall not be issued, under the provisions of this article, for a vehicle that is parked on the street during the designated hours of operation for a street-sweeping parking lane when the vehicle is parked on the street after the street has been cleaned by a streetsweeper.

(b) At least 30 days prior to issuing notices of parking violations pursuant to subdivision (a) of Section 40248, a local public agency utilizing an automated parking enforcement system pursuant to this article shall make a public announcement of the automated parking enforcement system and shall only issue warning notices during this 30-day period. This subdivision does not affect the authority of a local public agency to issue notices of parking violations through a manual system before, during, or after the 30-day warning period in this subdivision.

(c) A designated employee for the local public agency, who is qualified by the local public agency to issue parking citations, shall review digital photographs for the purpose of determining whether a parking violation occurred in a street-sweeping parking lane. A violation of a statute, regulation, or ordinance governing parking under this code, under a federal or state statute or regulation, or under an ordinance enacted by the local public agency occurring in a street-sweeping parking lane observed by the designated employee in the photographs is subject to a civil penalty.

(d)(1) Except as it may be included in court records described in Section 68152 of the Government Code, or as provided in paragraph (2), the digital photograph evidence may be retained for up to six months from the date the information was first obtained, or 90 days after final disposition of the citation, whichever date is sooner, after which time the information shall be destroyed in a manner that shall preserve the confidentiality of any person included in the record or information.

(2) Notwithstanding Section 26202.6 of the Government Code, digital photographs from automated parking enforcement systems that do not contain evidence of a parking violation occurring in a street-sweeping parking lane shall be destroyed within 15 days after the information was first obtained in a manner that shall preserve the confidentiality of any person included in the information.

(e) Notwithstanding Section 6253 of the Government Code, or any other provision of law, the digital photographs made, and any information read from license plates, by an automated parking enforcement system shall be confidential. Local public agencies shall use and allow access to these photographs and license plate readings only for the purposes authorized by this article.

NOTE: The preceding section shall remain in effect only until January 1, 2016, and as of that date is repealed.

Notice of Violation

40248. (a) A designated employee for the local public agency shall issue a notice of a parking violation to the registered owner of a vehicle within 15 calendar days of the date of the violation. The notice of violation shall set forth the
violation of a statute, regulation, or ordinance governing vehicle parking under this code, under a federal or state statute or regulation, or under an ordinance enacted by the local public agency occurring in a street-sweeping parking lane, a statement indicating that payment is required within 21 calendar days from the date of citation issuance, and the procedure for the registered owner to deposit the parking penalty or contest the citation pursuant to Section 40215. The notice of a parking violation shall also set forth the date, time, and location of the violation, the vehicle license number, registration expiration date if visible, the color of the vehicle, and, if possible, the make of the vehicle. The notice of parking violation shall include a copy of the digital photograph evidence. Except as provided in paragraph (1) of subdivision (d) of Section 40247, the notice of parking violation, or copy of the notice, shall be considered a record kept in the ordinary course of business of the local public agency and shall be prima facie evidence of the facts contained in the notice.

(b) The notice of parking violation shall be served by depositing the notice in the United States Postal Service to the registered owner’s last known address listed with the Department of Motor Vehicles. Confidential information obtained from the Department of Motor Vehicles for the administration or enforcement of this article shall be held confidential, and may not be used for any other purpose. Proof of mailing demonstrating that the notice of parking violation was mailed to that address shall be maintained by the local public agency. If the registered owner, by appearance or by mail, makes payment to the processing agency or contests the violation within either 21 calendar days from the date of mailing of the citation, or 14 calendar days after the mailing of the notice of delinquent parking violation, the parking penalty shall consist solely of the amount of the original penalty.

(c) The local public agency shall allow a person to contest a notice of parking violation pursuant to Section 40215.

(e) The local public agency may contract with a private vendor for the processing of notices of parking violations and notices of delinquent violations, if the local public agency maintains overall control and supervision of the automated parking enforcement system.

NOTE: The preceding section shall remain in effect only until January 1, 2016, and as of that date is repealed.

Automated Parking Enforcement Program: Repeal

40249.5. This article shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

NOTE: Article 3.6 is affected by the preceding section and all sections of the article shall remain in effect only until January 1, 2016, and as of that date are repealed.

Toll Evasion Violations

40250. (a) Except where otherwise specifically provided, a violation of a statute, regulation, or ordinance governing the evasion of tolls on toll facilities under this code, under a federal or state statute or regulation, or under an ordinance enacted by a local authority including a joint powers authority, or a district organized pursuant to Part 3 (commencing with Section 27000) of Division 16 of the Streets and Highways Code is subject to a civil penalty. The enforcement of a civil penalty is governed by the civil administrative procedures set forth in this article.

(b) Except as provided in Section 40264, the registered owner, driver, rentee, or lessee of a vehicle cited for a toll evasion violation of a toll facility, under an applicable statute, regulation, or ordinance shall be jointly and severally liable for the toll evasion penalty imposed under this article, unless the owner can show that the vehicle was used without the express or implied consent of that person. A person who pays a toll evasion penalty, a civil judgment, costs, or administrative fees pursuant to this Article has the right to recover the same from the driver, rentee, or lessee.

(c) The driver of a vehicle who is not the vehicle owner but who uses or operates the vehicle with the express or implied permission of the owner is the agent of the owner to receive a notice of a toll evasion violation served in accordance with this Article and may contest the notice of violation.
(d) If the driver of the vehicle is in violation of a statute, regulation, or ordinance governing toll evasion violations, and if the driver is arrested pursuant to Article 1 (commencing with Section 40300) of Chapter 2, this Article does not apply.

40251. All toll evasion penalties collected by the processing agency, as defined in Section 40253, including all administrative fees, process service fees, and fees and collection costs related to civil debt collection, shall be deposited to the account of the issuing agency, except that those sums attributable to the issuance of a toll evasion violation by a member of the California Highway Patrol shall be deposited in accordance with Article 1 (commencing with Section 42200) of Chapter 2 of Division 18 in the city or county where the violation occurred. At the end of each fiscal year, the issuing agencies of facilities which have been developed pursuant to Section 143 of the Streets and Highways Code shall deposit in the State Highway Account in the State Transportation Fund any amounts collected under Section 40253 in excess of the sum of the unpaid toll, administrative fees, other costs incurred by the issuing agency that are related to toll evasion, process service fees, and fees and collection costs related to civil debt collection.

Amended Sec. 8, Ch. 739, Stats. 1995. Effective January 1, 1996.

40252. (a) An issuing agency may elect to contract with the state, the county, a local authority, or a district organized pursuant to Part 3 (commencing with Section 27000) of Division 16 of the Streets and Highways Code, or with a private vendor, for the processing of notices of toll evasion violations and notices of delinquent toll evasion violations, prior to filing with the court pursuant to Section 40256.

If a contract is entered into pursuant to Section 40252, for the purpose of this article, “processing agency” means the party responsible for the processing of the notices of toll evasions and notices of delinquent toll evasions. Absent such contract, “processing agency” shall be synonymous with “issuing agency.”

Amended Sec. 8, Ch. 739, Stats. 1995. Effective January 1, 1996.

Toll Evasion: Notice of Violation

40254. (a) If a vehicle is found, by automated devices, by visual observation, or otherwise, to have evaded tolls on any toll road or toll bridge, and subdivision (d) of Section 40250 does not apply, an issuing agency or a processing agency, as the case may be, shall, within 21 days of the violation, forward to the registered owner a notice of toll evasion violation setting forth the violation, including reference to the section violated, the approximate time thereof, and the location where the violation occurred. If accurate information concerning the identity and address of the registered owner is not available to the processing agency within 21 days of the violation, the processing agency shall have an additional 45 calendar days to obtain such information and forward the notice of toll evasion violation. Where the registered owner is a repeat violator, the processing agency shall forward the notice of toll evasion violation within 90 calendar days of the violation. “Repeat violator” means any registered owner for whom more than five violations have been issued pursuant to this section in any calendar month within the preceding 12-month period. (3) A clear and concise explanation of the procedures for contesting the violation and appealing an adverse decision pursuant to Sections 40255 and 40256.

(b) Once the authorized person has notified the processing agency of a toll evasion violation, the processing agency shall prepare and forward the notice of violation to the registered owner of the vehicle cited for the violation. Any person, including the authorized person and any member of the person’s department or agency, or any peace officer who, with intent to prejudice, damage, or defraud, is found guilty of altering, concealing, modifying, nullifying, or destroying, or causing to be altered, concealed, modified, nullified, or destroyed, the face of the original or any copy of a notice that was retained by the authorized person before it is filed with the processing agency or with a person authorized to receive the deposit of the toll evasion violation is guilty of a misdemeanor.

(c) If, after a copy of the notice of toll evasion violation has been sent to the registered owner, the issuing person determines that, due to a failure of proof of apparent violation, the notice of toll evasion violation should be dismissed, the issuing agency may recommend, in writing, that the charges be dismissed. The recommendation shall cite the reasons for the recommendation and shall be filed with the processing agency.

(d) If the processing agency makes a finding that there are grounds for dismissal, the notice of toll evasion violation shall be canceled pursuant to Section 40255.

processing agency shall do the following:

(1) The processing agency shall either investigate with its own records and staff or request that the issuing agency investigate the circumstances of the notice with respect to the contestant’s written explanation of reasons for contesting the toll evasion violation. If, based upon the results of that investigation, the processing agency is satisfied that the violation did not occur or that the registered owner was not responsible for the violation, the processing agency shall cancel the notice of toll evasion violation and make an adequate record of the reasons for canceling the notice. The processing agency shall mail the results of the investigation to the person who contested the notice of toll evasion violation or the notice of delinquent toll evasion violation.

(2) If the person contesting a notice of toll evasion violation or notice of delinquent toll evasion violation is not satisfied with the results of the investigation provided for in paragraph (1), the person may, within 15 days of the mailing of the results of the investigation, deposit the amount of the toll evasion penalty and request an administrative review. After January 1, 1996, an administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding any time tolled pursuant to this article. The person requesting the hearing may request one continuance, not to exceed 21 calendar days.

(b) The administrative review procedure shall consist of the following:

(1) The person requesting an administrative review shall indicate to the processing agency his or her election for a review by mail or personal conference.

(2) If the person requesting an administrative review is a minor, that person shall be permitted to appear at an administrative review or admit responsibility for a toll evasion violation without the necessity of the appointment of a guardian. The processing agency may proceed against that person in the same manner as if that person were an adult.

(3) (A) The administrative review shall be conducted before a reviewer designated to conduct the review by the issuing agency’s governing body or chief executive officer. In the case of violations on facilities developed pursuant to Section 143 of the Streets and Highways Code, the processing agency shall contract with a public agency or a private entity that has no financial interest in the facility for the provision of administrative review services pursuant to this subdivision. The costs of those administrative review services shall be included in the administrative fees authorized by this article.

(B) In addition to any other requirements of employment, a reviewer shall demonstrate those qualifications, training, and objectivity prescribed by the issuing agency’s governing body or chief executive as are necessary and which are consistent with the duties and responsibilities set forth in this article.

(C) The examiner’s continued employment, performance evaluation, compensation, and benefits shall not be directly or indirectly linked to the amount of fines collected by the examiner.

(4) The officer or person authorized to issue a notice of toll evasion violation shall not be required to participate in an administrative review. The issuing agency shall not be required to produce any evidence other than the notice of toll evasion violation or copy thereof, information received from the department identifying the registered owner of the vehicle, and a statement under penalty of perjury from the person reporting the violation. The documentation in proper form shall be considered prima facie evidence of the violation.

(5) For a toll evasion violation that occurs on a vehicular crossing or toll highway where the issuing agency allows pay-by-plate toll payment, as defined in subdivision (e) of Section 23302, the officer or person authorized to issue a notice of toll evasion violation shall not be required to participate in an administrative review. The issuing agency shall not be required to produce any evidence other than the notice of toll evasion violation or copy thereof, information received from the department identifying the registered owner of the vehicle, and a statement from the officer or person authorized to issue a notice of toll evasion that the tolls or other charges and any applicable fee was not paid in accordance with the issuing agency’s policies for pay-by-plate toll payment. An action for a civil penalty may be brought by any public prosecutor in the name of the people of the State of California. The documentation in proper form shall be considered prima facie evidence of the violation.

(6) The review shall be conducted in accordance with the written procedure established by the processing agency which shall ensure fair and impartial review of contested toll evasion violations. The agency’s final decision may be delivered personally or by first-class mail.

Toll Evasion Penalty: Appeal of Administrative Review to Court

40256. (a) Within 20 days after the mailing of the final decision described in subdivision (b) of Section 40255, the contestant may seek review by filing an appeal to the court, where the same shall be heard de novo, except that the contents of the processing agency’s file in the case on appeal shall be received in evidence. A copy of the notice of toll evasion violation shall be admitted into evidence as prima facie evidence of the facts stated therein. A copy of the notice of appeal shall be served in person or by first-class mail upon the processing agency by the contestant. (c) The conduct of the hearing on appeal under this section is a subordinate judicial duty which may be performed by commissioners and other subordinate judicial officials at the direction of the presiding judge of the court.
(d) If no notice of appeal of the processing agency’s decision is filed within the period set forth in subdivision (a), the decision shall be deemed final.

(e) If the toll evasion penalty has not been deposited and the decision is adverse to the contestant, the processing agency may, promptly after the decision becomes final, proceed to collect the penalty under Section 40267.

(3) Upon receipt of the issuing agency’s or prosecuting attorney’s response, the court may make a finding of factual innocence pursuant to Section 530.6 of the Penal Code if the court determines that there is insufficient evidence that the person cited is the person charged and shall immediately notify the Department of Motor Vehicles of its determination. If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person’s driving privilege, the department shall immediately set aside the action.

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6 of the Penal Code, unless the court finds that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

(a) Whenever a nonresident is arrested for violating any section of this code while driving a motor vehicle and does not furnish satisfactory evidence of identity and an address within this state at which he or she can be located, he or she may, in the discretion of the arresting officer, be taken immediately before a magistrate within the county where the offense charged is alleged to have been committed, and who has jurisdiction over the offense and is nearest or most accessible with reference to the place where the arrest is made. A local law enforcement agency providing this service may charge the requester no more than the actual costs. The issuing court may refer the thumbprint submitted and the notice to appear to the prosecuting attorney for comparison of the thumbprints. When there is no thumbprint or fingerprint on the notice to appear, or when the comparison of thumbprints is inconclusive, the court shall refer the notice to appear or copy thereof back to the issuing agency for further investigation, unless the court finds that referral is not in the interest of justice.

(2) Upon initiation of the investigation or comparison process by referral of the court, the court shall continue the case and the speedy trial period shall be tolled for 45 days.

If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person's driving privilege, the department shall immediately set aside the action.

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6 of the Penal Code, unless the court determines that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

Any court in this state may assess against the surety the amount of covered fines or bail that the issuer of a guaranteed traffic arrest bail bond certificate fails to pay.

(g) (1) A person contesting a charge by claiming under penalty of perjury not to be the person issued the notice to appear may choose to submit a right thumbprint, or a left thumbprint if the person has a missing or disfigured right thumb, to the issuing court through his or her local law enforcement agency for comparison with the one placed on the notice to appear. A local law enforcement agency providing this service may charge the requester no more than the actual costs. The issuing court may refer the thumbprint submitted and the notice to appear to the prosecuting attorney for comparison of the thumbprints. If there is no thumbprint or fingerprint on the notice to appear or the comparison of thumbprints is inconclusive, the court shall refer the notice to appear or copy of the notice to appear back to the issuing agency for further investigation, unless the court finds that referral is not in the interest of justice.

(2) Upon initiation of the investigation or comparison process by referral of the court, the court shall continue the case and the speedy trial period shall be tolled for 45 days.

(3) Upon receipt of the issuing agency’s or prosecuting attorney’s response, the court may make a finding of factual innocence pursuant to Section 530.6 of the Penal Code if the court determines that there is insufficient evidence that the person cited is the person charged and shall immediately notify the Department of Motor Vehicles of its determination. If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person’s driving privilege, the department shall immediately set aside the action.

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6 of the Penal Code, unless the court determines that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

Section 40512 is applicable to a parking penalty posted pursuant to this section.

Uniform Traffic Penalty Schedule

40310. The Judicial Council shall annually adopt a uniform traffic penalty schedule which shall be applicable to all nonparking infractions specified in this code, unless in a particular case before the court the judge or authorized hearing officer specifies a different penalty. In case a traffic penalty is not paid within 20 days following mailing of a notice that the penalty has been assessed, a late charge shall be due in the amount of 50 percent of total initial penalty. In establishing a uniform traffic penalty schedule, the Judicial Council shall classify the offenses into four or fewer penalty categories, according to the severity of

40311. Whenever a person is arrested under authority of a warrant, the court to which such person is taken shall, with his consent, have jurisdiction to arraign him at that time for any other alleged violation of this code or an ordinance relating to traffic offenses for which he has been issued a written notice to appear in court, notwithstanding the fact that the time for appearance specified in such notice has not yet arrived.

Arrest Prohibition: Receipt for Fine

40312. A peace officer shall not arrest, on the basis of an outstanding warrant arising from a violation of this code, any person who presents to the peace officer a receipt, from a proper official of the court, indicating that the person has paid the fine for the violation that caused the warrant to be issued. 40313. If a notice of reexamination was issued pursuant to Section 21061, the record of arrest for the traffic violation, or any notice to appear issued under this article, or both, shall include a notation indicating that the notice of reexamination was issued to the arrested person and the driver's license record maintained by the department shall contain a record of the notice of reexamination. The record of the notice of reexamination shall be considered confidential by the department pursuant to Section 1808.5.

Article 2. Release Upon Promise to Appear

Notice to Appear

40500. (a) Whenever a person is arrested for any violation of this code not declared to be a felony, or for a violation of an ordinance of a city or county relating to traffic offenses and he or she is not immediately taken before a magistrate, as provided in this chapter, the arresting officer shall prepare in triplicate a written notice to appear in court or before a person authorized to receive a deposit of bail, containing the name and address of the person, the license number of his or her vehicle, if any, the name and address, when available, of the registered owner or lessee of the vehicle, the offense charged and the time and place when and where he or she shall appear. If the arrestee does not have a driver's license or other satisfactory evidence of identity in his or her possession, the officer may require the arrestee to place a right thumbprint, or a left thumbprint or fingerprint if the person has a missing or disfigured right thumb, on the notice to appear. Except for law enforcement purposes relating to the identity of the arrestee, no person or entity may sell, give away, allow the distribution of, include in a database, or create a database with, this print.

(b) The Judicial Council shall prescribe the form of the notice to appear.

(c) Nothing in this section requires the law enforcement agency or the arresting officer issuing the notice to appear to inform any person arrested pursuant to this section of the amount of bail required to be deposited for the offense charged.

(d) Once the arresting officer has prepared the written notice to appear, and has delivered a copy to the arrested person, the officer shall deliver the remaining original and all copies of the notice to appear as provided by Section 40506.

Any person, including the arresting officer and any member of the officer's department or agency, or any peace officer, who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed, the face side of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the magistrate or with a person authorized by the magistrate or judge to receive a deposit of bail, is guilty of a misdemeanor.

If, after an arrested person has signed and received a copy of a notice to appear, the arresting officer or other officer of the issuing agency, determines that the interest of justice, the citation or notice should be dismissed, the arresting agency may recommend, in writing, to the magistrate or judge that the case be dismissed. The recommendation shall cite the reasons for the recommendation and be filed with the court.

If the magistrate or judge makes a finding that there are grounds for dismissal, the finding shall be entered on the record and the infraction or misdemeanor dismissed.

Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal.

(e) (1) A person contesting a charge by claiming under penalty of perjury not to be the person issued the notice to appear may choose to submit a right thumbprint, or a left thumbprint if the person has a missing or disfigured right thumb, to the issuing court through his or her local law enforcement agency for comparison with the one placed on the notice to appear. A local law enforcement agency providing this service may charge the requester no more than the actual costs. The issuing court may refer the thumbprint submitted and the notice to appear to the prosecuting attorney for comparison of the thumbprints. When there is no thumbprint or fingerprint on the notice to appear, or when the comparison of thumbprints is inconclusive, the court shall refer the notice to appear or copy thereof to the issuing agency for further investigation, unless the court determines that referral is not in the interest of justice.

(2) Upon initiation of the investigation or comparison process by referral of the court, the court shall continue the case and the speedy trial period shall be tolled for 45 days.

(3) Upon receipt of the issuing agency’s or prosecuting attorney’s response, the court may make a finding of factual innocence pursuant to Section 530.6 of the Penal Code if the court determines that there is insufficient evidence that the person cited is the person charged and shall immediately notify the Department of Motor Vehicles of its determination. If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person’s driver’s privilege, the department shall immediately set aside the action.
§40501 —712—

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6 of the Penal Code, unless the court determines that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

Time to Appear

40501. (a) The time specified in the notice to appear shall be a specific date which is at least 21 days after the arrest, except that the court having jurisdiction over the offense charged may authorize the arresting officer to specify on the notice that an appearance may be made before the time specified.

(b) In the case of juveniles, the court having jurisdiction over the offense charged may require the arresting officer to indicate on the notice “to be notified” rather than specifying a specific date pursuant to subdivision (a).

Place to Appear

40502. The place specified in the notice to appear shall be any of the following:

(a) Before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made.

(b) Upon demand of the person arrested, before a judge or other magistrate having jurisdiction of the offense at the county seat of the county in which the offense is alleged to have been committed. This subdivision applies only if the person arrested resides, or the person’s principal place of employment is located, closer to the county seat than to the magistrate nearest or most accessible to the place where the arrest is made.

(c) Before a person authorized to receive a deposit of bail.

The clerk and deputy clerks of the superior court are persons authorized to receive bail in accordance with a schedule of bail approved by the judges of that court.

(d) Before the juvenile court, a juvenile court referee, or a juvenile hearing officer within the county in which the offense charged is alleged to have been committed, if the person arrested appears to be under the age of 18 years. The juvenile court shall by order designate the proper person before whom the appearance is to be made.

In a county that has implemented the provisions of Section 603.5 of the Welfare and Institutions Code, if the offense alleged to have been committed by a minor is classified as an infraction under this code, or is a violation of a local ordinance involving the driving, parking, or operation of a motor vehicle, the citation shall be issued as provided in subdivision (a), (b), or (c); provided, however, that if the citation combines an infraction and a misdemeanor, the place specified shall be as provided in subdivision (d).

If the place specified in the notice to appear is within a county where a department of the superior court is to hold a night session within a period of not more than 10 days after the arrest, the notice to appear shall contain, in addition to the above, a statement notifying the person arrested that the person may appear before such a night session of the court.

Speed Charge

40503. Every notice to appear or notice of violation and every complaint or information charging a violation of any provision of this code regulating the speed of vehicles upon a highway shall specify the approximate speed at which the defendant is alleged to have driven and exactly the prima facie or maximum speed limit applicable to the highway at the time and place of the alleged offense and shall state any other speed limit alleged to have been exceeded if applicable to the particular type of vehicle or combination of vehicles operated by the defendant.

Delivery of Notice

40504. (a) The officer shall deliver one copy of the notice to appear to the arrested person and the arrested person in order to secure release must give his or her written promise to appear in court or before a person authorized to receive a deposit of bail by signing two copies of the notice which shall be retained by the officer, and the officer may require the arrested person, if this person has no satisfactory identification, to place a right thumbprint, or a left thumbprint or fingerprint if the person has a missing or disfigured right thumb, on the notice to appear. Thereupon, the arresting officer shall forthwith release the person arrested from custody. Except for law enforcement purposes relating to the identity of the arrestee, no person or entity may sell, give away, allow the distribution of, include in a database, or create a database with, this print.

(b) Any person who signs a written promise to appear with a false or fictitious name is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested.

(c) (1) A person contesting a charge by claiming under penalty of perjury not to be the person issued the notice to appear may choose to submit a right thumbprint, or a left thumbprint if the person has a missing or disfigured right thumb, to the issuing court through his or her local law enforcement agency for comparison with the one placed on the notice to appear. A local law enforcement agency providing this service may charge the requester no more than the actual costs. The issuing court may refer the thumbprint submitted and the notice to appear to the prosecuting attorney for comparison of the thumbprints. When there is no thumbprint or fingerprint on the notice to appear, or when the comparison of thumbprints is inconclusive, the court shall refer the notice to appear or copy thereof back to the issuing agency for further investigation, unless the court finds that referral is not in the interest of justice.

(2) Upon initiation of the investigation or comparison process by referral of the court, the court shall continue the case and the speedy trial period shall be tolled for 45 days.

(3) Upon receipt of the issuing agency’s or prosecuting attorney’s response, the court may make a finding of factual innocence pursuant to Section 530.6 of the Penal Code if the court determines that there is insufficient evidence that the
person cited is the person charged and shall immediately notify the Department of Motor Vehicles of its determination. If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person’s driving privilege, the department shall immediately set aside the action.

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6 of the Penal Code, unless the court finds that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

Copy of Notice

40505. Whenever any traffic or police officer delivers a notice to appear or notice of violation charging an offense under this code to any person, it shall include all information set forth upon the copy of the notice filed with a magistrate and no traffic or police officer shall set forth on any notice filed with a magistrate or attach thereto or accompany the notice with any written statement giving information or containing allegations which have not been delivered to the person receiving the notice to appear or notice of violation.

Filing Copies

40506. The officer shall, as soon as practicable, file a copy of the notice with the magistrate or before a person authorized by the magistrate or judge to receive a deposit of bail specified therein, and a copy with the commissioner, chief of police, sheriff or other superior officer of the arresting officer.

Continuance

40506.5. Prior to the date upon which the defendant promised to appear and without depositing bail, the defendant may request a continuance of the written promise to appear. A judge of the superior court may authorize the clerk to grant the continuance.

Appearance by Counsel

40507. A written promise to appear in court may be complied with by an appearance by counsel.

Violation of Promise to Appear or Pay Fine

40508. (a) A person willfully violating his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before a person authorized to receive a deposit of bail is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested.

(b) A person willfully failing to pay bail in installments as agreed to under Section 40510.5 or a lawfully imposed fine for a violation of a provision of this code or a local ordinance adopted pursuant to this code within the time authorized by the court and without lawful excuse having been presented to the court on or before the date the bail or fine is due is guilty of a misdemeanor regardless of the full payment of the bail or fine after that time.

(c) A person willfully failing to comply with a condition of a court order for a violation of this code, other than for failure to appear or failure to pay a fine, is guilty of a misdemeanor, regardless of his or her subsequent compliance with the order.

(d) If a person convicted of an infraction fails to pay bail in installments as agreed to under Section 40510.5, or a fine or an installment thereof, within the time authorized by the court, the court may, except as otherwise provided in this subdivision, impound the person’s driver’s license and order the person not to drive for a period not to exceed 30 days. Before returning the license to the person, the court shall endorse on the reverse side of the license that the person was ordered not to drive, the period for which that order was made, and the name of the court making the order. If a defendant with a class C or M driver’s license satisfies the court that impounding his or her driver’s license and ordering the defendant not to drive will affect his or her livelihood, the court shall order that the person limit his or her driving for a period not to exceed 30 days to driving that is essential in the court’s determination to the person’s employment, including the person’s driving to and from his or her place of employment if other means of transportation are not reasonably available. The court shall provide for the endorsement of the limitation on the person’s license. The impounding of the license and ordering the person not to drive or the order limiting the person’s driving does not constitute a suspension of the license, but a violation of the order constitutes contempt of court.

Amended Sec. 45, Ch. 738, Stats. 2007. Effective January 1, 2008.

Automated County Warrant System: Assessment

40508.5. (a) In addition to the fees authorized or required by any other provision of law, a county may, by resolution of the board of supervisors, require the courts of that county to impose an assessment of fifteen dollars ($15) upon every person who violates his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before a person authorized to receive a deposit of bail, or who otherwise fails to comply with any valid court order for a violation of any provision of this code or local ordinance adopted pursuant to this code. This assessment shall apply whether or not a violation of Section 40508 is concurrently charged or a warrant of arrest is issued pursuant to Section 40515.

(b) The courts subject to subdivision (a) shall increase the bail schedule amounts to reflect the amount of the assessment imposed by this section.

(c) If bail is returned, the amount of the assessment shall also be returned, but only if the person did not violate his or her promise to appear or citation following a lawfully granted continuance.

(d) The clerk of the court shall deposit the amounts collected under this section in the county treasury. All money so deposited shall be used first for the development and operation of an automated county warrant system. If sufficient funds are available after appropriate expenditures to develop, modernize, and maintain the automated warrant system, a county may use the balance to fund a warrant service task force for the purpose of serving all bench warrants within the county.

Administrative Assessments

40508.6. The superior court in any county may establish administrative assessments, not to exceed ten dollars ($10), for clerical and administrative costs incurred for the following activities:

(a) An assessment for the cost of recording and maintaining a record of the defendant’s prior convictions for violations of this code. The assessment shall be payable at the time of payment of a fine or when bail is forfeited for any subsequent violations of this code other than parking, pedestrian, or bicycle violations.

(b) An assessment for all defendants whose driver’s license or automobile registration is attached or restricted pursuant to Section 40509 or 40509.5, to cover the cost of notifying the Department of Motor Vehicles of the attachment or restriction.

Notice to Department: Failure to Appear, Pay Fine, or Obey Court Order

40509. (a) Except as required under subdivision (c) of Section 40509.5, if any person has violated a written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before the person authorized to receive a deposit of bail, or violated an order to appear in court, including, but not limited to, a written notice to appear issued in accordance with Section 40518, the magistrate or clerk of the court may give notice of the failure to appear to the department for any violation of this code, or any violation that can be heard by a juvenile traffic hearing referee pursuant to Section 256 of the Welfare and Institutions Code, or any violation of any statute relating to the safe operation of a vehicle, except violations not required to be reported pursuant to paragraphs (1), (2), (3), (6), and (7) of subdivision (b) of Section 1803. If thereafter the case in which the promise was given is adjudicated or the person who has violated the court order appears in court or otherwise satisfies the order of the court, the magistrate or clerk of the court hearing the case shall sign and file with the department a certificate to that effect.

(b) If any person willfully failed to pay a lawfully imposed fine within the time authorized by the court or to pay a fine pursuant to subdivision (a) of Section 42003, the magistrate or clerk of the court may give notice of the fact to the department for any violation, except violations not required to be reported pursuant to paragraphs (1), (2), (3), (6), and (7) of subdivision (b) of Section 1803. If thereafter the fine is fully paid, the magistrate or clerk of the court shall issue and file with the department a certificate showing that the fine has been paid.

(c) (1) Notwithstanding subdivisions (a) and (b), the court may notify the department of the total amount of bail, fines, assessments, and fees authorized or required by this code, including Section 40508.5, which are unpaid by any person.

(2) Once a court has established the amount of bail, fines, assessments, and fees, and notified the department, the court shall not further enhance or modify that amount.

(3) This subdivision applies only to violations of this code that do not require a mandatory court appearance, are not contested by the defendant, and do not require proof of correction certified by the court.

(d) With respect to a violation of this code, this section is applicable to any court which has not elected to be subject to the notice requirements of subdivision (b) of Section 40509.5.

(e) Any violation subject to Section 40001, which is the responsibility of the owner of the vehicle, shall not be reported under this section.

Amended Sec. 46, Ch. 738, Stats. 2007. Effective January 1, 2008.

Failure to Comply with a Court Order: Notice to Department

40509.1. If any person has willfully failed to comply with a court order, except a failure to appear, to pay a fine, or to attend traffic violator school, which was issued for a violation of this code, the magistrate or clerk of the court may give notice of the fact to the department.

Notice to Department: Failure to Appear

40509.5. (a) Except as required under subdivision (c), if, with respect to an offense described in subdivision (e), a person has violated his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before the person authorized to receive a deposit of bail, or violated an order to appear in court, including, but not limited to, a written notice to appear issued in accordance with Section 40518, the magistrate or clerk of the court may give notice of the failure to appear to the department for a violation of this code, a violation that can be heard by a juvenile traffic hearing referee pursuant to Section 256 of the Welfare and Institutions Code, or a violation of any other statute relating to the safe operation of a vehicle, except violations not required to be reported pursuant to paragraphs (1), (2), (3), (6), and (7) of subdivision (b) of Section 1803. If thereafter the case in which the promise was given is adjudicated or the person who has violated the court order appears in court and satisfies the order of the court, the magistrate or clerk of the court hearing the case shall sign and file with the department a certificate to that effect.

(b) If, with respect to an offense described in subdivision (e), a person has willfully failed to pay a lawfully imposed fine or bail in installments as agreed to under Section 40510.5, within the time authorized by the court or to pay a fine pursuant to subdivision (a) of Section 42003, the magistrate or clerk of the court may give notice of the fact to the department for a violation, except violations not required to be reported pursuant to paragraphs (1), (2), (3), (6), and (7) of subdivision (b) of Section 1803. If thereafter the fine or bail is fully paid, the magistrate or clerk of the court shall issue and file with the department a certificate showing that the fine or bail has been paid.

(c) If a person charged with a violation of Section 23152 or 23153, or Section 191.5 of the Penal Code, or subdivision (a) of Section 192.5 of that code has violated a lawfully granted continuance of his or her promise to appear in court or is released from custody on his or her own recognizance and fails to appear in court or before the person authorized to receive a deposit of bail, or violated an order to appear in court, the magistrate or clerk of the court shall give notice to the department of the failure to appear. If thereafter the case in which the notice was given is adjudicated or the person who has violated the court order appears in court or otherwise satisfies the order of the court, the magistrate or clerk of the
court hearing the case shall prepare and forward to the department a certificate to that effect.

(d) Except as required under subdivision (c), the court shall mail a courtesy warning notice to the defendant by first-class mail at the address shown on the notice to appear, at least 10 days before sending a notice to the department under this section.

(e) If the court notifies the department of a failure to appear or pay a fine or bail pursuant to subdivision (a) or (b), no arrest warrant shall be issued for an alleged violation of subdivision (a) or (b) of Section 40508, unless one of the following criteria is met:

1. The alleged underlying offense is a misdemeanor or felony.
2. The alleged underlying offense is a violation of any provision of Division 12 (commencing with Section 24000), Division 13 (commencing with Section 29000), or Division 15 (commencing with Section 35000), required to be reported pursuant to Section 1803.
3. The driver’s record does not show that the defendant has a valid California driver’s license.
4. The driver’s record shows an unresolved charge that the defendant is in violation of his or her written promise to appear for one or more other alleged violations of the law.
5. Except as required under subdivision (c), in addition to the proceedings described in this section, the court may elect to notify the department pursuant to subdivision (c) of Section 40509.
6. This section is applicable to courts that have elected to provide notice pursuant to subdivision (b). The method of commencing or terminating an election to proceed under this section shall be prescribed by the department.
7. A violation subject to Section 40001, that is the responsibility of the owner of the vehicle, shall not be reported under this section.

Amended Sec. 40.5, Ch. 747, Stats. 2007. Effective January 1, 2008.

Deposit of Bail or Parking Penalty

40510. (a) Prior to the date upon which a defendant promised to appear, or prior to the expiration of any lawful continuance of that date, or upon receipt of information that an action has been filed and prior to the scheduled court date, the defendant may deposit bail with the magistrate or the person authorized to receive a deposit of bail.

(b) For any offense which is not declared to be a felony, a deposit of bail or a penalty may be by a personal check meeting the criteria established in accordance with subdivision (c).

(c) Each court, sheriff, or other agency which regularly accepts deposits of bail or penalties, shall adopt a written policy governing the acceptance of personal checks in payment of bail or penalty deposits. The policy shall permit clerks and other appropriate officers to accept personal checks under conditions which tend to assure the validity of the checks.

(d) The written policy governing the acceptance of personal checks adopted pursuant to subdivision (c) shall provide that the payee of the deposit made by personal check shall be the agency accepting the deposit.

Bail: Installment Payments

40510.5. (a) The clerk of the court may accept a payment and forfeiture of at least 10 percent of the total bail amount for each infraction violation of this code prior to the date on which the defendant promised to appear, or prior to the expiration of any lawful continuance of that date, or upon receipt of information that an action has been filed and prior to the scheduled court date, if all of the following circumstances exist:

1. The defendant is charged with an infraction violation of this code or an infraction violation of an ordinance adopted pursuant to this code.
2. The defendant submits proof of correction, when proof of correction is mandatory for a correctable offense.
3. The offense does not require an appearance in court.
4. The defendant signs a written agreement to pay and forfeit the remainder of the required bail according to an installment schedule as agreed upon with the court. The Judicial Council shall prescribe the form of the agreement for payment and forfeiture of bail in installments for infraction violations.

(b) When a clerk accepts an agreement for payment and forfeiture of bail in installments, the clerk shall continue the appearance date of the defendant to the date to complete payment and forfeiture of bail in the agreement.

(c) Except for subdivisions (b) and (c) of Section 1269b and Section 1305.1, the provisions of Chapter 1 (commencing with Section 1268) of Title 10 of Part 2 of the Penal Code do not apply to an agreement to pay and forfeit bail in installments under this section.

(d) For the purposes of reporting violations of this code to the department under Section 1803, the date that the defendant signs an agreement to pay and forfeit bail in installments shall be reported as the date of conviction.

(e) When the defendant fails to make an installment payment according to an agreement under subdivision (a) above, the court may charge a failure to appear or pay under Section 40508 and impose a civil assessment as provided in Section 1214.1 of the Penal Code or issue an arrest warrant for a failure to appear.

(f) Payment of a bail amount under this section is forfeited when collected and shall be distributed by the court in the same manner as other fines, penalties, and forfeitures collected for infractions.

(g) The defendant shall pay to the clerk of the court or the collecting agency a fee for the processing of installment accounts. This fee shall equal the administrative and clerical costs, as determined by the board of supervisors or by the court, except that the fee shall not exceed thirty-five dollars ($35).

Fixing Bail

40511. If bail has not been previously fixed and approved by the judges of the court in accordance with a schedule of bail, the magistrate shall fix the amount of bail which in his judgment, in accordance with Section 1275 of the Penal Code, will be reasonable and sufficient for the appearance of the defendant and shall endorse upon the notice a statement signed by him in the form set forth in Section 815a of the Penal Code.
Forfeiture of Bail

§40512. (a) (1) Except as specified in paragraph (2) and subdivision (b), if at the time the case is called for arraignment before the magistrate the defendant does not appear, either in person or by counsel, the magistrate may declare the bail forfeited and may, in his or her discretion, order that no further proceedings be had in the case, unless the defendant has been charged with a violation of Section 23111 or 23112, or subdivision (a) of Section 23113, and he or she has been previously convicted of the same offense, except if the magistrate finds that undue hardship will be imposed upon the defendant by requiring him or her to appear, the magistrate may declare the bail forfeited and order that no further proceedings shall be had in the case.

(2) If the defendant has posted surety bail and the magistrate has ordered the bail forfeited and that no further proceedings shall be had in the case, the bail retains the right to obtain relief from the forfeiture as provided in Section 1305 of the Penal Code if the amount of the bond, money, or property deposited exceeds seven hundred dollars ($700).

(b) (1) If, at the time the case is called for a compliance appearance before the magistrate, the defendant has entered into a bail installment agreement pursuant to Section 40510.5 but has not made an installment payment as agreed and does not appear, either in person or by counsel, the court may continue the arraignment to a date beyond the last agreed upon installment payment, issue a warrant of arrest, or impose a civil assessment as provided in Section 1214.1 of the Penal Code for the failure to appear.

(2) If, at the time the case is called for a compliance appearance before the magistrate, the defendant has paid all required bail funds and the defendant does not appear, either in person or by counsel, the court may order that no further proceedings shall be had in the case, unless the defendant has been charged with a violation of Section 23111 or 23112, or subdivision (a) of Section 23113, and he or she has been previously convicted of the same offense, except that if the magistrate finds that undue hardship will be imposed upon the defendant by requiring him or her to appear, the magistrate may order that no further proceedings shall be had in the case.

(c) Upon the making of the order that no further proceedings shall be had, all sums deposited as bail shall be paid into the city or county treasury, as the case may be.

(d) If a guaranteed traffic arrest bail bond certificate has been filed, the clerk of the court shall bill the issuer for the amount of bail fixed by the uniform countywide schedule of bail required under subdivision (c) of Section 1269b of the Penal Code.

(e) Upon presentation by a court of the bill for a fine or bail, the issuer shall pay to the court the amount guaranteed by the terms of the certificate.

(f) The court shall return the guaranteed traffic arrest bail bond certificate to the issuer upon receipt of payment in accordance with subdivision (d).

Optional Bail Forfeiture

§40512.5. (a) Except as specified in subdivision (b), if at the time the case is called for trial the defendant does not appear, either in person or by counsel, and has not requested in writing that the trial proceed in his or her absence, the court may declare the bail forfeited and may, in its discretion, order that no further proceedings be had in the case, or the court may act pursuant to Section 1043 of the Penal Code. However, if the defendant has been charged with a violation of Section 23111 or 23112, or subdivision (a) of Section 23113, and he or she has been previously convicted of a violation of the same section, the court may declare the bail forfeited, but shall issue a bench warrant for the arrest of the person charged, except if the magistrate finds that undue hardship will be imposed upon the defendant by requiring him or her to appear, the magistrate may declare the bail forfeited and order that no further proceedings shall be had in the case.

(b) If the defendant has posted surety bail and the magistrate has ordered the bail forfeited and that no further proceedings shall be had in the case, the bail retains the right to obtain relief from the forfeiture as provided in Section 1305 of the Penal Code if the amount of the bond, money, or property deposited exceeds seven hundred dollars ($700).

Traffic Violator School: Failure to Complete Program

§40512.6. (a) If a defendant who elects or is ordered to attend a traffic violator school in accordance with Section 42005 and has paid the full traffic violator school bail amount required under Section 42007 fails to successfully complete the program within the time ordered by the court or any extension thereof, the court may, following notice to the defendant, order that the fee paid by the defendant be converted to bail and declare the bail forfeited. The bail forfeiture under this section shall be distributed as provided by Section 42007. Upon forfeiture of the bail, the court may order that no further proceedings shall be had in the case.

(b) This section shall become operative on July 1, 2011.

Filing of Complaint

§40513. (a) Whenever written notice to appear has been prepared, delivered, and filed with the court, an exact and legible duplicate copy of the notice when filed with the magistrate, in lieu of a verified complaint, shall constitute a complaint to which the defendant may plead “guilty” or “nolo contendere.”

If, however, the defendant violates his or her promise to appear in court or does not deposit lawful bail, or pleads other than “guilty” or “nolo contendere” to the offense charged, a complaint shall be filed that shall conform to Chapter 2 (commencing with Section 948) of Title 5 of Part 2 of the Penal Code, which shall be deemed to be an original complaint, and thereafter proceedings shall be had as provided by law, except that a defendant may, by an agreement in writing, subscribed by him or her and filed with the court, waive the filing of a verified complaint and elect that the prosecution may proceed upon a written notice to appear.

(b) Notwithstanding subdivision (a), whenever the written notice to appear has been prepared on a form approved by the Judicial Council, an exact and legible duplicate copy of the notice when filed with the magistrate shall constitute a
complaint to which the defendant may enter a plea and, if the notice to appear is verified, upon which a warrant may be issued. If the notice to appear is not verified, the defendant may, at the time of arraignment, request that a verified complaint be filed. In the case of an infraction violation in which the defendant is a minor, the defendant may enter a plea at the arraignment upon a written notice to appear. Notwithstanding any other provision of law, in the case of an infraction violation, no consent of the minor is required prior to conducting the hearing upon a written notice to appear.

Amended Sec. 1, Ch. 830, Stats. 2001. Effective January 1, 2002.

Issuance of Warrant

40514. No warrant shall issue on the charge for the arrest of a person who has given his written promise to appear in court or before a person authorized to receive a deposit of bail, unless he has violated the promise, the lawfully granted continuance of his promise, or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

Issuance of Warrant for Violation of Promise to Appear

40515. (a) When a person signs a written promise to appear or is granted a continuance of his or her promise to appear at the time and place specified in the written promise to appear or the continuance thereof, and has not posted full bail or has failed to pay an installment of bail as agreed to under Section 40510.5, the magistrate may issue and have delivered for execution a warrant for his or her arrest within 20 days after his or her failure to appear before the magistrate or pay an installment of bail as agreed, or if the person promises to appear before an officer authorized to accept bail other than a magistrate and fails to do so on or before the date on which he or she promised to appear, then, within 20 days after the delivery of the written promise to appear by the officer to a magistrate having jurisdiction over the offense.

(b) When the person violates his or her promise to appear before an officer authorized to receive bail other than a magistrate, the officer shall immediately deliver to a magistrate having jurisdiction over the offense charged the written promise to appear and the complaint, if any, filed by the arresting officer.

Amended Sec. 51, Ch. 738, Stats. 2007. Effective January 1, 2008.

Expense to Departments

40516. (a) The expenses incurred by the Department of the California Highway Patrol and the Department of Motor Vehicles in executing any warrant issued as a result of a notice to appear issued by a member of the California Highway Patrol shall be a legal charge against the city or county in which jurisdiction the warrant was issued except where the commissioner authorizes the acceptance of a warrant for execution within 30 days of the date of its issuance.

(b) The commissioner or director shall certify to the Controller the cost of executing warrants on behalf of each city or county under this section. The departments shall be reimbursed for costs as provided in Section 11004.5 of the Revenue and Taxation Code.

(c) The peace officer to whom a warrant has been delivered for execution, upon demand, shall transfer the warrant, if it has not been executed within 30 days of the date of its issuance, to any member of the California Highway Patrol or to the Department of Motor Vehicles for execution.

Automated Traffic Enforcement Systems: Notice to Appear

40518. (a) Whenever a written notice to appear has been issued by a peace officer or by a qualified employee of a law enforcement agency on a form approved by the Judicial Council for an alleged violation of Section 22451, or, based on an alleged violation of Section 21453, 21455, or 22101 recorded by an automated traffic enforcement system pursuant to Section 21455.5 or 22451, and delivered by mail within 15 days of the alleged violation to the current address of the registered owner of the vehicle on file with the department, with a certificate of mailing obtained as evidence of service, an exact and legible duplicate copy of the notice when filed with the magistrate shall constitute a complaint to which the defendant may enter a plea. Preparation and delivery of a notice to appear pursuant to this section is not an arrest.

(b) (1) A notice to appear shall contain the name and address of the person, the license plate number of the person’s vehicle, the violation charged, including a description of the offense, and the time and place when, and where, the person may appear in court or before a person authorized to receive a deposit of bail. The time specified shall be at least 10 days after the notice to appear is delivered. If, after the notice to appear has been issued, the citing peace officer or qualified employee of a law enforcement agency determines that, in the interest of justice, the citation or notice should be dismissed, the citing agency may recommend, in writing, to the magistrate or the judge that the case be dismissed. The recommendation shall cite the reasons for the recommendation and be filed with the court. If the magistrate or judge makes a finding that there are grounds for dismissal, the finding shall be entered on the record and the infraction dismissed.

(2) A notice to appear shall also contain all of the following information:

(A) The methods by which the registered owner of the vehicle or the alleged violator may view and discuss with the issuing agency, both by telephone and in person, the evidence used to substantiate the violation.

(B) The contact information of the issuing agency.

(c) (1) This section and Section 40520 do not preclude the issuing agency or the manufacturer or supplier of the automated traffic enforcement system from mailing a notice of nonliability to the registered owner of the vehicle or the alleged violator prior to issuing a notice to appear. The notice of nonliability shall be substantively identical to the following form: PRINTER PLEASE NOTE: TIP-IN MATERIAL TO BE INSERTED

(a) The methods by which the registered owner of the vehicle may view and discuss with the issuing agency, both by telephone and in person, the evidence used to substantiate the violation.

(b) The contact information of the issuing agency.

(d) The form specified in paragraph (1) may be translated to other languages.

Amended Sec. 4, Ch. 735, Stats. 2012. Effective January 1, 2013.
Trial Scheduling; Written Not Guilty Plea

40519. (a) Any person who has received a written notice to appear for an infraction may, prior to the time at which the person is required to appear, make a deposit and declare the intention to plead not guilty to the clerk of the court named in the notice to appear. The deposit shall be in the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of the Penal Code, for the offense charged, and shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place scheduled by the clerk for arraignment and trial, and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. The case shall thereupon be set for arraignment and trial on the same date, unless the defendant requests separate arraignment. A deposit of bail under this section does not constitute entry of a plea or a court appearance. A plea of not guilty under this section must be made in court at the arraignment.

(b) Any person who has received a written notice to appear may, prior to the time at which the person is required to appear, plead not guilty in writing in lieu of appearing in person. The written plea shall be directed to the court named in the notice to appear and, if mailed, shall be sent by certified or registered mail postmarked not later than five days prior to the day upon which appearance is required. The written plea and request to the court or city agency shall be accompanied by a deposit consisting of the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of the Penal Code, for that offense, which amount shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place set by the court for trial and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. Upon receipt of the plea and deposit, the case shall be set for arraignment and trial on the same date, unless the defendant requests separate arraignment. Thereafter, the case shall be conducted in the same manner as if the defendant had appeared in person, had made his or her plea in open court, and had deposited that sum as bail. The court or the clerk of the court shall notify the accused of the time and place of trial by first-class mail postmarked at least 10 days prior to the time set for the trial.

Any person using this procedure shall be deemed to have waived the right to be tried within the statutory period.

(c) Any person using the procedure set forth in subdivision (a) or (b) shall be deemed to have given a written promise to appear at the time designated by the court for trial, and failure to appear at the trial shall constitute a misdemeanor.

Notice to Appear; Affidavit of Non-Liability

40520. (a) A notice to appear issued pursuant to Section 40518 for an alleged violation recorded by an automatic enforcement system shall contain, or be accompanied by, an affidavit of nonliability and information as to what constitutes nonliability, information as to the effect of executing the affidavit, and instructions for returning the affidavit to the issuing agency.

(b) (1) If a notice to appear is sent to a car rental or leasing company, as the registered owner of the vehicle, the company may return the notice of nonliability pursuant to paragraph (2), if the violation occurred when the vehicle was either leased or rented and operated by a person other than an employee of the rental or leasing company.

(2) If the affidavit of nonliability is returned to the issuing agency by the registered owner within 30 days of the mailing of the notice to appear together with the proof of a written rental agreement or lease between a bona fide renting or leasing company and its customer and that agreement identifies the renter or lessee and provides the driver’s license number, name, and address of the renter or lessee, the agency shall cancel the notice for the registered owner to appear and shall, instead, issue a notice to appear to the renter or lessee identified in the affidavit of nonliability.

(c) Nothing in this section precludes an issuing agency from establishing a procedure whereby registered owners, other than bona fide renting and leasing companies, may execute an affidavit of nonliability if the registered owner identifies the person who was the driver of the vehicle at the time of the alleged violation and whereby the issuing agency issues a notice to appear to that person.

Forfeited Bail and Penalty Assessment: Deposit by Mail

40521. (a) Except when personal appearance is required by the bail schedule established under Section 1269b of the Penal Code, a person to whom a notice to appear has been issued under Section 40500, who intends to forfeit bail and to pay any assessment may forward by United States mail the full amount fixed as bail, together with the appropriate amount of any assessment, to the person authorized to receive a deposit of bail. The amounts may be paid in the form of a personal check which meets the criteria established pursuant to subdivision (c) of Section 40510, or a bank cashier’s check or a money order. Bail and any assessment shall be paid not later than the day of appearance set forth in the notice to appear prior to the expiration of any lawful continuance of that date.

(b) Bail forwarded by mail is effective only when the funds are actually received.

(c) Paragraph (1) of subdivision (a) of Section 40512 is applicable to bail paid pursuant to this section. Upon the making of the order pursuant to Section 40512 that no further proceedings be had, the amount paid as bail shall be paid into the city or county treasury, as the case may be, and the assessment shall be transmitted to the State Treasury in the manner provided in Section 1464 of the Penal Code.

Amended Sec. 52, Ch. 738, Stats. 2007. Effective January 1, 2008.

Proof of Correction: Dismissal of Charge

40522. Whenever a person is arrested for violations specified in Section 40303.5 and none of the disqualifying conditions set forth in subdivision (b) of Section 40610 exist, and the officer issues a notice to appear, the notice shall specify the offense charged and note in a form approved by the Judicial Council that the charge shall be dismissed on proof of correction. If the arrested person presents, by mail or in person, proof of correction, as prescribed in Section 40616, on or before the date on which the person promised to appear, the court shall dismiss the violation or violations charged pursuant to Section 40303.5.

Article 3. Notice of Violation

Notice to Appear: Reasonable Cause for Issuance

40600. (a) Notwithstanding any other provision of law, a peace officer who has successfully completed a course or courses of instruction, approved by the Commission on Peace Officer Standards and Training, in the investigation of traffic accidents may prepare, in triplicate, on a form approved by the Judicial Council, a written notice to appear when the peace officer has reasonable cause to believe that any person involved in a traffic accident has violated a provision of this code not declared to be a felony or a local ordinance and the violation was a factor in the occurrence of the traffic accident.

(b) A notice to appear shall contain the name and address of the person, the license number of the person’s vehicle, if any, the name and address, when available, of the registered owner or lessee of the vehicle, the offense charged, and the time and place when and where the person may appear in court or before a person authorized to receive a deposit of bail. The time specified shall be at least 10 days after the notice to appear is delivered.

(c) The preparation and delivery of a notice to appear pursuant to this section is not an arrest.

(d) For purposes of this article, a peace officer has reasonable cause to issue a written notice to appear if, as a result of the officer’s investigation, the officer has evidence, either testimonial or real, or a combination of testimonial and real, that would be sufficient to issue a written notice to appear if the officer had personally witnessed the events investigated.

(e) As used in this section, “peace officer” means any person specified under Section 830.1 or 830.2 of the Penal Code, or any reserve police officer or reserve deputy sheriff listed in Section 830.6 of the Penal Code, with the exception of members of the California National Guard.

(f) A written notice to appear prepared on a form approved by the Judicial Council and issued pursuant to this section shall be accepted by any court.

Issuance of Warrant

40604. (a) If the person charged with the offense has not signed a promise to appear, no warrant for arrest may be issued following the filing of the written notice to appear issued pursuant to Section 40600, until 15 days after the notice of the filing has been served upon the person by personal delivery or by mail, addressed to the person at the address shown in the accident report.

(b) The notice shall contain the name and address of the person, the license number of the vehicle involved, the name and address, when available, of the registered owner or lessee of the vehicle, the offense shown on the written notice to appear, and the approximate time of the commission of the offense. The notice shall inform the person that, unless he or she appears in the court designated in the notice within 10 days after the service of the notice and answers the charges, a warrant will be issued for his or her arrest.

(c) Proof of service shall be made by the affidavit of any person over 18 years of age making the service showing the time, place, and manner of service and facts showing that the service was made in accordance with this section. If service is made by mail, no warrant for arrest may be issued until 14 days after the deposit of the notice of filing in the mail.

Article 4. Notice to Correct Violation

(Added Ch. 1350, Stats. 1978. Operative July 1, 1979.)

Notice to Correct Violation

40610. (a) (1) Except as provided in paragraph (2), if, after an arrest, accident investigation, or other law enforcement action, it appears that a violation has occurred involving a registration, license, all-terrain vehicle safety certificate, or mechanical requirement of this code, and none of the disqualifying conditions set forth in subdivision (b) exist and the investigating officer decides to take enforcement action, the officer shall prepare, in triplicate, and the violator shall sign, a written notice containing the violator’s promise to correct the alleged violation and to deliver proof of correction of the violation to the issuing agency.

In lieu of issuing a notice to correct violation pursuant to this section, the officer may issue a notice to appear, as specified in Section 40522.

(b) Pursuant to subdivision (a), a notice to correct violation shall be issued as provided in this section or a notice to appear shall be issued as provided in Section 40522, unless the officer finds any of the following:

(1) Evidence of fraud or persistent neglect.

(2) The violation presents an immediate safety hazard.

(3) The violator does not agree to, or cannot, promptly correct the violation.

(c) If any of the conditions set forth in subdivision (b) exist, the procedures specified in this section or Section 40522 are inapplicable, and the officer may take other appropriate enforcement action.

(d) Except as otherwise provided in subdivision (a), the notice to correct violation shall be on a form approved by the Judicial Council and, in addition to the owner’s or operator’s address and identifying information, shall contain an estimate of the reasonable time required for correction and proof of correction of the particular defect, not to exceed 30 days, or 90 days for the all-terrain vehicle safety certificate.

Amended Sec. 27, Ch. 908, Stats. 2004. Effective January 1, 2005.

(a) Upon proof of correction of an alleged violation of Section 12500 or 12951, or any violation cited pursuant to Section 40610, or upon submission of evidence of financial responsibility pursuant to subdivision (e) of Section 16028, the clerk shall collect a twenty-five-dollar ($25) transaction fee for each violation. The fees shall be deposited by the clerk in accordance with Section 68084 of the Government Code.

(b) (1) For each citation, ten dollars ($10) shall be allocated monthly as follows:

(2) The remainder of the fees collected on each citation shall be deposited in the Immediate and Critical Needs Account of the State Court Facilities Construction Fund, established in Section 70371.5 of the Government Code.

(c) No fee shall be imposed pursuant to this section if the violation notice is processed only by the issuing agency and no record of the action is transmitted to the court.

Copy of Notice

40612. An exact, legible copy of the notice to correct shall be delivered to the alleged violator at the time he or she signs such notice.

Misdemeanor to Sign with False or Fictitious Name

40614. Any person who signs a notice to correct or a certificate of correction with a false or fictitious name is guilty of a misdemeanor.

Misdemeanor to Willfully Fail to Correct or Deliver Proof

40616. Any person willfully violating a written promise to correct or willfully failing to deliver proof of correction of violation is guilty of a misdemeanor. Proof of correction may consist of a certification by an authorized representative of one of the following agencies that the alleged violation has been corrected:

(a) Brake, lamp, smog device, or muffler violations may be certified as corrected by any station licensed to inspect and certify for the violation pursuant to Article 8 (commencing with Section 9889.15) of Chapter 20.3 of Division 3 of the Business and Professions Code and Section 27150.2.

If prepared on a form approved by the Judicial Council, the promise under Section 40610, together with the certification under this section, shall constitute a complaint to which the defendant may enter a plea, and upon which a warrant may be issued if the complaint is verified.

CHAPTER 3. ILLEGAL EVIDENCE

Article 1. Prosecutions Under Code

Vehicle and Uniform Used by Officers

40800. (a) A traffic officer on duty for the exclusive or main purpose of enforcing the provisions of Division 10 (commencing with Section 20000) or 11 (commencing with Section 21000) shall wear a full distinctive uniform, and if the officer while on duty uses a motor vehicle, it must be painted a distinctive color specified by the commissioner.

(b) This section does not apply to an officer assigned exclusively to the duty of investigating and securing evidence in reference to the theft of a vehicle or failure of a person to stop in the event of an accident or violation of Section 23109 or 23109.1 or in reference to a felony charge, or to an officer engaged in serving a warrant when the officer is not engaged in patrolling the highways for the purpose of enforcing the traffic laws.

Amended Sec. 18, Ch. 682, Stats. 2007. Effective January 1, 2008.

Speed Trap Prohibition

40801. No peace officer or other person shall use a speed trap in arresting, or participating or assisting in the arrest of, any person for any alleged violation of this code nor shall any speed trap be used in securing evidence as to the speed of any vehicle for the purpose of an arrest or prosecution under this code.

Speed Traps

40802. (a) A “speed trap” is either of the following:

(1) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(2) A particular section of a highway with a prima facie speed limit that is provided by this code or by local ordinance under subparagraph (A) of paragraph (2) of subdivision (a) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects. This paragraph does not apply to a local street, road, or school zone.

(b) (1) For purposes of this section, a local street or road is one that is functionally classified as “local” on the “California Road System Maps,” that are approved by the Federal Highway Administration and maintained by the Department of Transportation. When a street or road does not appear on the “California Road System Maps,” it may be defined as a “local street or road” if it primarily provides access to abutting residential property and meets the following three conditions:

(A) Roadway width of not more than 40 feet.

(B) Not more than one-half of a mile of uninterrupted length. Interruptions shall include official traffic control signals as defined in Section 445.

(C) Not more than one traffic lane in each direction.

(2) For purposes of this section, “school zone” means that area approaching or passing a school building or the grounds
thereof that is contiguous to a highway and on which is posted a standard “SCHOOL” warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. “School zone” also includes the area approaching or passing any school grounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children if that highway is posted with a standard “SCHOOL” warning sign.

(c) (1) When all of the following criteria are met, paragraph (2) of this subdivision shall be applicable and subdivision (a) shall not be applicable:

(A) When radar is used, the arresting officer has successfully completed a radar operator course of not less than 24 hours on the use of police traffic radar, and the course was approved and certified by the Commission on Peace Officer Standards and Training.

(B) When laser or any other electronic device is used to measure the speed of moving objects, the arresting officer has successfully completed the training required in subparagraph (A) and an additional training course of not less than two hours approved and certified by the Commission on Peace Officer Standards and Training.

(C) (i) The prosecution proved that the arresting officer complied with subparagraphs (A) and (B) and that an engineering and traffic survey has been conducted in accordance with subparagraph (B) of paragraph (2). The prosecution proved that, prior to the officer issuing the notice to appear, the arresting officer established that the radar, laser, or other electronic device conformed to the requirements of subparagraph (D).

(ii) The prosecution proved the speed of the accused was unsafe for the conditions present at the time of alleged violation unless the citation was for a violation of Section 22349, 22356, or 22406.

(D) The radar, laser, or other electronic device used to measure the speed of the accused meets or exceeds the minimal operational standards of the National Traffic Highway Safety Administration, and has been calibrated within the three years prior to the date of the alleged violation by an independent certified laser or radar repair and testing or calibration facility.

(2) A “speed trap” is either of the following:

(A) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(B) (i) A particular section of a highway or state highway with a prima facie speed limit that is provided by this code or by local ordinance under subparagraph (A) of paragraph (2) of subdivision (a) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within one of the following time periods, prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects:

(I) Except as specified in subclause (II), seven years.

(II) If an engineering and traffic survey was conducted more than seven years prior to the date of the alleged violation, and a registered engineer evaluates the section of the highway and determines that no significant changes in roadway or traffic conditions have occurred, including, but not limited to, changes in adjoining property or land use, roadway width, or traffic volume, 10 years.

(ii) This subparagraph does not apply to a local street, road, or school zone.

Amended Sec. 49, Ch. 491, Stats. 2010. Effective January 1, 2011.

§40805

Testimony Based on Speed Trap

40803. (a) No evidence as to the speed of a vehicle upon a highway shall be admitted in any court upon the trial of any person in any prosecution under this code upon a charge involving the speed of a vehicle when the evidence is based upon or obtained from or by the maintenance or use of a speedtrap.

(b) In any prosecution under this code of a charge involving the speed of a vehicle, where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects, the prosecution shall establish, as part of its prima facie case, that the evidence or testimony presented is not based upon a speedtrap as defined in paragraph (2) of subdivision (a) of Section 40802.

(c) When a traffic and engineering survey is required pursuant to paragraph (2) of subdivision (a) of Section 40802, evidence that a traffic and engineering survey has been conducted within five years of the date of the alleged violation or evidence that the offense was committed on a local street or road as defined in paragraph (2) of subdivision (a) of Section 40802 shall constitute a prima facie case that the evidence or testimony is not based upon a speedtrap as defined in paragraph (2) of subdivision (a) of Section 40802.

Amended Sec. 147, Ch. 124, Stats. 1996. Effective January 1, 1997.

Admission of Speed Trap Evidence

40804. (a) In any prosecution under this code upon a charge involving the speed of a vehicle, an officer or other person shall be incompetent as a witness if the testimony is based upon or obtained from or by the maintenance or use of a speed trap.

(b) An officer arresting, or participating or assisting in the arrest of, a person so charged while on duty for the exclusive or main purpose of enforcing the provisions of Divisions 10 (commencing with Section 20000) and 11 (commencing with Section 21000) is incompetent as a witness if at the time of that arrest he was not wearing a distinctive uniform, or was using a motor vehicle not painted the distinctive color specified by the commissioner.

(c) This section does not apply to an officer assigned exclusively to the duty of investigating and securing evidence in reference to the theft of a vehicle or failure of a person to stop in the event of an accident or violation of Section 23109 or 23109.1 or in reference to a felony charge or to an officer engaged in serving a warrant when the officer is not engaged in patrolling the highways for the purpose of enforcing the traffic laws.

Amended Sec. 19, Ch. 682, Stats. 2007. Effective January 1, 2008.
court admits any evidence or testimony secured in violation of, or which is inadmissible under this article.

**Police Reports**

40806. In the event a defendant charged with an offense under this code pleads guilty, the trial court shall not at any time prior to pronouncing sentence receive or consider any report, verbal or written, of any police or traffic officer or witness of the offense without fully informing the defendant of all statements in the report or statement of witnesses, or without giving the defendant an opportunity to make answer thereto or to produce witnesses in rebuttal, and for such purpose the court shall grant a continuance before pronouncing sentence if requested by the defendant.

**Use of Evidence Regarding Departmental Action**

40807. No record of any action taken by the department against a person’s privilege to operate a motor vehicle, nor any testimony regarding the proceedings at, or concerning, or produced at, any hearing held in connection with such action, shall be admissible as evidence in any court in any criminal action.

No provision of this section shall in any way limit the admissibility of such records or testimony as is necessary to enforce the provisions of this code relating to operating a motor vehicle without a valid driver’s license or when the driving privilege is suspended or revoked, the admissibility of such records or testimony in any prosecution for failure to disclose any matter at such a hearing when required by law to do so, or the admissibility of such records and testimony when introduced solely for the purpose of impeaching the credibility of a witness.

**Speed Trap Evidence**

40808. Subdivision (d) of Section 28 of Article I of the California Constitution shall not be construed as abrogating the evidentiary provisions of this article.

**Effect of Convictions**

40830. In either of the following circumstances a violation of any provision of this code does not establish negligence as a matter of law, but in any civil action under either of the circumstances negligence must be proved as a fact without regard to the violation. The circumstances under which this section applies are either:

(a) Where violation of the provision was required by a law of the federal government or by any rule, regulation, directive or order of any agency of the federal government, the violation of which is subject to penalty under an act of Congress or by any valid order of military authority.

(b) Where violation of the provision was required in order to comply with any regulation, directive, or order of the Governor promulgated under the California Emergency Services Act.

**Effect of Speed Conviction**

40831. In any civil action proof of speed in excess of any prima facie limit declared in Section 22352 at a particular time and place does not establish negligence as a matter of law but in all such actions it shall be necessary to establish as a fact that the operation of a vehicle at the excess speed constituted negligence.

**Suspension or Revocation of Driving Privilege**

40832. No record of the suspension or revocation of the privilege to operate a motor vehicle by the department, nor any testimony of or concerning or produced at the hearing terminating in the suspension or revocation, shall be admissible as evidence in any court in any civil action.

**Report or Action of Department as Evidence**

40833. Neither the report required by Sections 16000, 16001, 16002, or 16003, the action taken by the department pursuant to Chapter 1 of Division 7 (commencing at Section 16000), the findings, if any, of the department upon which action is based, nor the security filed as provided in that Chapter shall be referred to in any way, or be any evidence of the negligence or due care of any party, at the trial of any action at law to recover damages.

**Effect of Conviction**

40834. A judgment of conviction for any violation of this code or of any local ordinance relating to the operation of a motor vehicle or a finding reported under Section 1816 shall not be res judicata or constitute a collateral estoppel of any issue determined therein in any subsequent civil action.

**Electronic Verification of Vehicle Ownership**

40900. Notwithstanding any other provision of law, a verification by telegraph, teletype, facsimile transmission, or any other electronic device, from the department, of ownership of a vehicle registered pursuant to this code, is admissible in evidence as proof of ownership of the vehicle in any proceeding involving a parking violation of this code, or any local parking ordinance adopted pursuant to this code.

**Trials: Infractions: Documentary Evidence**

40901. (a) A court, pursuant to this section, may by rule provide for the trial of any alleged infraction involving a violation of this code or any local ordinance adopted pursuant to this code.

(b) The rules governing the trials may provide for testimony and other relevant evidence to be introduced in the form of a notice to appear issued pursuant to Section 40500 and, notwithstanding Division 10 (commencing with Section 1200) of the Evidence Code, a business record or receipt.

(c) Prior to the entry of a waiver of constitutional right pursuant to any rules adopted under this section, the court shall inform the defendant in writing of the nature of the proceedings and of his or her right to confront and cross-examine witnesses, to subpoena witnesses on his or her behalf, and to hire counsel at his or her own expense. The court shall ascertain that the defendant knowingly and voluntarily waives his or her right to be confronted by the witnesses against him or her, to subpoena witnesses in his or her behalf, and to hire counsel on his or her behalf before proceeding.
(d) In any jurisdiction with a non-English speaking population exceeding 5 percent of the total population of the jurisdiction in any one language, a written explanation of the procedures and rights under this section shall be available in that language.

(e) Except as set forth above, nothing contained herein shall be interpreted to permit the submission of evidence other than in accordance with the law, nor to prevent courts from adopting other rules to provide for trials in accordance with the law.

**Chapter 4. Presumptions**

**Speed Restriction Signs**

41100. In any action involving the question of unlawful speed of a vehicle upon a highway which has been signposted with speed restriction signs of a type complying with the requirements of this code, it shall be presumed that existing facts authorize the erection of the signs and that the prima facie speed limit on the highway is the limit stated on the signs. This presumption may be rebutted.

**Official Signs and Traffic Control Devices**

41101. (a) Whenever a traffic sign or traffic control device is placed in a position approximately conforming to the requirements of this code, it shall be presumed to have been placed by the official act or direction of lawful authority, unless the contrary is established by competent evidence.

(b) Any sign or traffic control device placed pursuant to this code and purporting to conform to the lawful requirements pertaining to it shall be presumed to comply with the requirements of this code unless the contrary is established by competent evidence.

**Train of Vehicles**

41104. In any case, involving an accident or otherwise, where any rear component of a train of vehicles fails to follow substantially in the path of the towing vehicle while moving upon a highway, the vehicle shall be presumed to have been operated in violation of Section 21711.

Amended Ch. 44, Stats. 1959. Effective September 18, 1959.

**Chapter 5. Defenses**

**Prior Conviction or Acquittal**

41400. Whenever any person is charged with a violation of this code, it is a sufficient defense to such charge if it appears that in a criminal prosecution in another state or by the Federal Government, founded upon the act or omission in respect to which he is on trial, he has been convicted or acquitted.

**Federal Law**

41401. No person shall be prosecuted for a violation of any provision of this code if the violation was required by a law of the federal government, by any rule, regulation, directive or order of any agency of the federal government, the violation of which is subject to penalty under an act of Congress, or by any valid order of military authority.

**Emergency Services Act**

41402. No person shall be prosecuted for a violation of any provision of this code when violation of such provision is required in order to comply with any regulation, directive, or order of the Governor promulgated under the California Emergency Services Act.

**Prior Conviction: Constitutional Validity**

41403. (a) In any proceedings to have a judgment of conviction of a violation of Section 14601, 14601.1, 14601.2, 23152, or 23153, or Section 23103 as specified in Section 23103.5, which was entered in a separate proceeding, declared invalid on constitutional grounds, the defendant shall state in
writing and with specificity wherein the defendant was deprived of the defendant’s constitutional rights, which statement shall be filed with the clerk of the court and a copy served on the court that rendered that judgment and on the prosecuting attorney in the present proceedings at least five court days prior to the hearing thereon.

(b) Except as provided in subdivision (c), the court shall, prior to the trial of any pending criminal action against the defendant wherein the separate conviction is charged as such, hold a hearing, outside of the presence of the jury, in order to determine the constitutional validity of the charged separate conviction issue. At the hearing the procedure, the burden of proof, and the burden of producing evidence shall be as follows:

(1) The prosecution shall initially have the burden of providing evidence of the separate conviction sufficient to justify a finding that the defendant has suffered that separate conviction.

(2) After the production of evidence required by paragraph (1), the defendant then has the burden of proof by a preponderance of the evidence that the defendant’s constitutional rights were infringed in the separate proceeding at issue. If the separate conviction sought to be invalidated is based upon a plea of guilty or nolo contendere, the defendant shall provide the court with evidence of the prior plea, including the court docket, written waivers of constitutional rights executed by the defendant, and transcripts of the relevant court proceedings at the time of the entry of the defendant’s plea. These records shall be provided to the defendant without cost to him or her, when the defendant is represented by the public defender or counsel appointed pursuant to Section 987.2 of the Penal Code.

(3) If the defendant bears this burden successfully, the prosecution shall have the right to produce evidence in rebuttal.

(4) The court shall make a finding on the basis of the evidence thus produced and shall strike from the accusatory pleading any separate conviction found to be constitutionally invalid.

(c) If the defendant fails to comply with the notice requirement of subdivision (a) or fails to produce the evidence required by paragraph (2) of subdivision (b), the court shall hear the motion at the time of sentencing in lieu of continuing the trial, unless good cause is shown for failure to provide notice pursuant to subdivision (a) or produce the evidence required by paragraph (2) of subdivision (b), in which case the court shall grant a continuance of the trial for a reasonable period. The procedure, burden of proof, and burden of producing evidence as provided in subdivision (b) shall apply regardless of when the motion is heard.

CHAPTER 6. NONPROSECUTION OF VIOLATIONS

Nonfelony Offenses of Persons in Custody

41500. (a) No person shall be subject to prosecution for any nonfelony offense arising out of the operation of a motor vehicle or violation of this code as a pedestrian which is pending against him at the time of his commitment to the custody of the Director of Corrections or the Department of the Youth Authority.

(b) Notwithstanding any other provisions of law to the contrary, no driver’s license shall be suspended or revoked, nor shall the issuance or renewal of a license be refused as a result of a pending nonfelony offense occurring prior to the time a person was committed to the custody of the Director of Corrections or the Department of the Youth Authority or as a result of a notice received by the department pursuant to subdivision (a) of Section 40509 when the offense which gave rise to the notice occurred prior to the time a person was committed to the custody of the Director of Corrections or the Department of the Youth Authority.

(c) The department shall remove from its records any notice received by it pursuant to subdivision (a) of Section 40509 upon receipt of satisfactory evidence that a person was committed to the custody of the Director of Corrections or the Department of the Youth Authority after the offense which gave rise to the notice occurred.

(d) The provisions of this section shall not apply to any nonfelony offense wherein the department is required by this code to immediately revoke or suspend the privilege of any person to drive a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of that nonfelony offense.

(e) The provisions of subdivisions (a), (b), and (c) do not apply to any offense committed by a person while he is temporarily released from custody pursuant to law while he is on parole.

(f) The provisions of subdivisions (a), (b), and (c) do not apply if the pending offense is a violation of Section 23103, 23152, or 23153.

Traffic Violator School Completion

41501. (a) After a deposit of bail and bail forfeiture, a plea of guilty or no contest, or a conviction, the court may order a continuance of the trial for a reasonable period. The procedure, burden of proof, and burden of producing evidence as provided in subdivision (b) shall apply regardless of when the motion is heard.

(c) This section shall become operative on July 1, 2011.

CHAPTER 7. ARREST QUOTAS

Arrest Quota Defined

41600. For purposes of this chapter, “arrest quota” means any requirement regarding the number of arrests made, or the number of citations issued, by a peace officer, or parking enforcement employee, or the proportion of those arrests made and citations issued by a peace officer or parking
enforcement employee, relative to the arrests made and citations issued by another peace officer or parking enforcement employee, or group of officers or employees.

**Citation Defined**

41601. For purposes of this chapter, “citation” means a notice to appear, notice of violation, or notice of parking violation.

**Regents of the University of California**

41601.5. For purposes of this chapter, “agency” includes the Regents of the University of California.

**Arrest Quota Prohibited**

41602. No state or local agency employing peace officers or parking enforcement employees engaged in the enforcement of this code or any local ordinance adopted pursuant to this code, may establish any policy requiring any peace officer or parking enforcement employees to meet an arrest quota.

**Evaluation of Peace Officers Performance**

41603. No state or local agency employing peace officers or parking enforcement employees engaged in the enforcement of this code shall use the number of arrests or citations issued by a peace officer or parking enforcement employees as the sole criterion for promotion, demotion, dismissal, or the earning of any benefit provided by the agency. Those arrests or citations, and their ultimate dispositions, may only be considered in evaluating the overall performance of a peace officer or parking enforcement employees. An evaluation may include, but shall not be limited to, criteria such as attendance, punctuality, work safety, complaints by citizens, commendations, demeanor, formal training, and professional judgment.

**Chapter 8. Consolidated Disposition**

**Consolidated Disposition of Offenses**

41610. (a) Whenever a person who is in custody enters a guilty plea to an infraction or misdemeanor under this code and there is outstanding any warrant of arrest for a violation of this code or a local ordinance adopted pursuant to this code that is filed in any court within the same county, the defendant may elect to enter a guilty plea to any of these charged offenses of which the court has a record, except offenses specified in subdivision (b). The court shall sentence the defendant for each of the offenses for which a guilty plea has been entered pursuant to this section, and shall notify the appropriate court or department in each affected judicial district of the disposition. After receiving that notice of disposition, the court in which each complaint was filed shall prepare and transmit to the department any certification required by applicable provisions of Section 40509 as if the court had heard the case.

(b) Subdivision (a) does not authorize entry of a guilty plea as specified in that subdivision to an offense for which a notice of parking violation has been issued, nor to any offense specified in Section 14601.2, 14601.3, 20002, 23103, 23104, 23105, 23152, or 23153, subdivision (a) of Section 14601, or subdivision (a) of Section 14601.1.
Amended Sec. 20, Ch. 682, Stats. 2007. Effective January 1, 2008.

A judgment granting a defendant time to pay the fine shall order that if the defendant fails to pay the fine or any installment thereof on the date that it is due, he or she shall appear in court on that date for further proceedings. Willful violation of the order is punishable as contempt.

(b) A judgment that a person convicted of any other violation of this code be punished by a fine may also order, adjudge, and decree that the person be imprisoned until the fine is satisfied. In all of these cases, the judgment shall specify the extent of the imprisonment which shall not exceed one day for every thirty dollars ($30) of the fine, nor extend in this case beyond the term for which the defendant might be sentenced to imprisonment for the offense of which he or she was convicted.

(c) In any case when a person appears before a traffic referee or judge of the superior court for adjudication of a violation of this code, the court, upon request of the defendant, shall consider the defendant’s ability to pay. Consideration of a defendant’s ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. The reasonable cost of these services and of probation shall not exceed the amount determined to be the actual average cost thereof. The court shall order the defendant to appear before a county officer designated by the court to make an inquiry into the ability of the defendant to pay all or a portion of those costs or the court or traffic referee may make this determination at a hearing. At that hearing, the defendant shall be entitled to have, but not be limited to, the opportunity to be heard in person, to present witnesses and other documentary evidence, to confront and cross-examine adverse witnesses, to disclosure of the evidence against him or her, and to a written statement of the findings of the court or the county officer. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

The court may hold additional hearings during the probationary period. If practicable, the court or the probation officer shall order payments to be made on a monthly basis. Execution may be issued on the order in the same manner as a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

A payment schedule for reimbursement of the costs of presentence investigation based on income shall be developed by the probation department of each county and approved by the presiding judge of the superior court.

(d) The term “ability to pay” means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of conducting the presentence investigation, preparing the presentence report, and probation, and includes, but is not limited to, all of the following regarding the defendant:

1. Present financial position.
2. Reasonably discernible future financial position. In no event shall the court consider a period of more than six months from the date of the hearing for purposes of determining reasonably discernible future financial position.
3. Likelihood that the defendant will be able to obtain employment within the six-month period from the date of the hearing.
4. Any other factors that may bear upon the defendant’s financial capability to reimburse the county for the costs.

(e) At any time during the pendency of the judgment rendered according to the terms of this section, a defendant against whom a judgment has been rendered may petition the rendering court to modify or vacate its previous judgment on the grounds of a change of circumstances with regard to the defendant’s ability to pay the judgment. The court shall advise the defendant of this right at the time of rendering of the judgment.

Determination of Penalty

42004. For the purpose of determining the penalty to be imposed pursuant to this code, the court may consider a written report from the Department of Motor Vehicles containing information from its records showing prior convictions; and the communication is prima facie evidence of such convictions, if the defendant admits them, regardless of whether or not the complaint commencing the proceedings has alleged prior convictions.

For the purpose of this Chapter a prior bail forfeiture shall be deemed to be a conviction of the offense charged.

24-Hour Suspension of Sentence

42004.5. Upon conviction of any violation of any provision of this code, other than a felony violation and except this section, execution of sentence of imprisonment in the county jail shall be suspended, at the request of the convicted person, for a period of 24 hours, unless the judge determines that the person would not return. If, prior to the end of such period, the person does not deliver himself into custody for commencement of the execution of such sentence, his failure to appear shall constitute a misdemeanor.

order that the record of conviction be kept confidential.
However, the conviction shall not be added to a violation point
count for purposes of determining whether a driver is presumed
to be a negligent operator under Section 12810.5.

(c) The court shall not order that a conviction of an offense be
kept confidential according to Section 1808.7, order or
permit avoidance of consideration of violation point counts
under subdivision (b), or permit a person, regardless of
the driver’s license class, to complete a program at a licensed

in Section 23103.5.

(3) It is a violation described in subdivision (d) or (e) of
Section 12810.

(d) A person ordered to attend a traffic violator school
pursuant to subdivision (a) or (b) may choose the traffic violator
school the person will attend. The court shall provide to each
person subject to that order or referral the department’s
current list of licensed traffic violator schools.

to attend traffic violator school is guilty of a misdemeanor.

not be included in computing the average daily attendance of

As used in this subdivision, “total bail” means the amount established pursuant to Section 1269b of the Penal Code in accordance with the Uniform Bail and Penalty Schedule adopted by the Judicial Council, including all assessments, surcharges, and penalty amounts. Where multiple offenses are charged in a single notice to appear, the “total bail” is the amount applicable for the greater of the qualifying offenses. However, the court may determine a lesser fee under this subdivision upon a showing that the defendant is unable to pay the full amount.

The fee shall not include the cost, or any part thereof, of traffic safety instruction offered by a traffic violator school.

(2) The clerk may accept from a defendant who is ordered or permitted to attend traffic violator school a payment of at least 10 percent of the fee required by paragraph (1) upon filing a written agreement by the defendant to pay the remainder of the fee according to an installment payment schedule of no more than 90 days as agreed upon with the court. The Judicial Council shall prescribe the form of the agreement for payment of the fee in installments. When the defendant signs the Judicial Council form for payment of the fee in installments, the court shall continue the case to the date in the agreement to complete payment of the fee and submit the certificate of completion of traffic violator school to the court. The clerk shall collect a fee of up to thirty-five dollars ($35) to cover administrative and clerical costs for processing an installment payment of the traffic violator school fee under this paragraph.

(3) If a defendant fails to make an installment payment of the fee according to an installment agreement, the court may convert the fee to bail, declare it forfeited, and report the forfeiture as a conviction under Section 1803. The court may also charge a failure to pay under Section 40508 and impose a civil assessment as provided in Section 1214.1 of the Penal Code or issue an arrest warrant for a failure to pay. For the purposes of reporting a conviction under this subdivision to the department under Section 1803, the date that the court declares the bail forfeited shall be reported as the date of conviction.

(b) Revenues derived from the fee collected under this section shall be deposited in accordance with Section 68084 of the Government Code in the general fund of the county and, as may be applicable, distributed as follows:

(1) In any county in which a fund is established pursuant to Section 76100 or 76101 of the Government Code, the sum of one dollar ($1) for each fund so established shall be deposited with the county treasurer and placed in that fund.

(2) In any county that has established a Maddy Emergency Medical Services Fund pursuant to Section 1797.98a of the Health and Safety Code, an amount equal to the sum of each two dollars ($2) for every seven dollars ($7) that would have been collected pursuant to Section 76000 of the Government Code and, commencing January 1, 2009, an amount equal to the sum of each two dollars ($2) for every ten dollars ($10) that would have been collected pursuant to Section 76000.5 of the Government Code with respect to those counties to which that section is applicable shall be deposited in that fund. Nothing in the act that added this paragraph shall be interpreted in a manner that would result in either of the following:

(A) The utilization of penalty assessment funds that had been set aside, on or before January 1, 2000, to finance debt service on a capital facility that existed before January 1, 2000.

(B) The reduction of the availability of penalty assessment revenues that had been pledged, on or before January 1, 2000, as a means of financing a facility which was approved by a county board of supervisors, but on January 1, 2000, is not under construction.

(3) The amount of the fee that is attributable to Section 70372 of the Government Code shall be transferred pursuant to subdivision (f) of that section.

(c) For fees resulting from city arrests, an amount equal to the amount of base fines that would have been deposited in the treasury of the appropriate city pursuant to paragraph (3) of subdivision (b) of Section 1463.001 of the Penal Code shall be deposited in the treasury of the appropriate city.

(d) The clerk of the court, in a county that offers traffic school shall include in any courtesy notice mailed to a defendant for an offense that qualifies for traffic school attendance the following statement:
NOTICE: If you are eligible and decide not to attend traffic school your automobile insurance may be adversely affected. For drivers with a noncommercial driver’s license, one conviction in any 18-month period will be held confidential and not show on your driving record if you complete a traffic violator school program. For drivers with a commercial driver’s license, one conviction in any 18-month period will show on your driving record without a violation point if you complete a traffic violator school program.

(e) Notwithstanding any other provision of law, a county that has established a Maddy Emergency Medical Services Fund pursuant to Section 1797.98a of the Health and Safety Code shall not be held liable for having deposited into the fund, prior to January 1, 2009, an amount equal to two dollars ($2) for every ten dollars ($10) that would have been collected pursuant to Section 76000.5 of the Government Code from revenues derived from traffic violator fees collected pursuant to this section.

Infrctions: One-time Amnesty Program

(2) Provide increased revenue at a time when revenue is scarce by encouraging payment of old fines that have remained unpaid.

(3) Allow courts and counties to resolve older delinquent cases and focus limited resources on collecting on more recent cases.

(b) A one-time amnesty program for fines and bail meeting the eligibility requirements set forth in subdivision (e) shall be established in each county. Unless agreed otherwise by the court and the county in writing, the government entities that are responsible for the collection of delinquent court-ordered debt shall be responsible for implementation of the amnesty program as to that debt, maintaining the same division of responsibility in place with respect to the collection of court-ordered debt under subdivision (b) of Section 1463.010 of the Penal Code.

(c) As used in this section, the term “fine” or “bail” refers to the total amounts due in connection with a specific violation, which include, but are not limited to, the following:

(4) State surcharge imposed pursuant to Section 1465.7 of the Penal Code.

(5) Court security fee imposed pursuant to Section 1465.8 of the Penal Code.

(d) In addition to and at the same time as the mandatory one-time amnesty program is established pursuant to subdivision (b), the court and the county may jointly agree to extend that amnesty program to fines and bail imposed for a misdemeanor violation of this code and a violation of Section 853.7 of the Penal Code added to the misdemeanor case otherwise subject to the amnesty. The amnesty program authorized pursuant to this subdivision shall not apply to parking violations and violations of Section 23103, 23104, 23105, 23152, or 23153 of this code.

(e) Violations are only eligible for amnesty if paragraph (1), (2), or (3) applies and the requirements of paragraphs (4), (5), and (6) are met:

(1) The violation is an infraction violation filed with the court.

(3) The violation is a misdemeanor violation filed with the court to which subdivision (d) applies.

(5) The defendant does not owe victim restitution on any case within the county.

(6) There are no outstanding misdemeanor or felony warrants for the defendant within the county, except for misdemeanor warrants for misdemeanor violations authorized by the court and the county pursuant to subdivision (d).

(f) Each amnesty program shall accept, in full satisfaction of any eligible fine or bail, 50 percent of the fine or bail amount, as defined in subdivision (c) of this section. Payment of a fine or bail under an amnesty program implemented pursuant to this section shall be accepted beginning January 1, 2012, and ending June 30, 2012. The Judicial Council shall adopt guidelines for the amnesty program no later than November 1, 2011, and each program shall be conducted in accordance with Judicial Council guidelines.

(g) No criminal action shall be brought against a person for a delinquent fine or bail paid under the amnesty program.

(h) The total amount of funds collected under the amnesty program shall as soon as practical after receipt thereof be deposited in the county treasury or the account established under Section 77009 of the Government Code. Any unreimbursed costs of operating the amnesty program, excluding capital expenditures, may be deducted from the revenues collected under the amnesty program by the court or the county that incurred the expense of operating the program. Notwithstanding Section 1203.1d of the Penal Code, the remaining revenues collected under the amnesty program shall be distributed on a pro rata basis in the same manner as a partial payment distributed pursuant to Section 1462.5 of the Penal Code.

(i) Each court or county implementing an amnesty program shall file, not later than September 30, 2012, a written report with the Judicial Council, on a form approved by the Judicial Council. The report shall include information about the number of cases resolved, the amount of money collected, and the operating costs of the amnesty program. Notwithstanding Section 10231.5 of the Government Code, on or before December 31, 2012, the Judicial Council shall submit a report to the Legislature summarizing the information provided by each court or county.

(e) The board of supervisors may adopt standards for the provision of school crossing guards. The board has final authority over the total cost of the school crossing guard program of any agency to be paid or reimbursed from amounts deposited in the road fund pursuant to this section. The board of supervisors may specify that a designated county officer, employee, or commissioner is to hire school crossing guards, or, in the alternative, the board may specify that any school district crossing guard program in unincorporated areas shall be maintained by the school districts desiring the program.

Amended Sec. 15 Ch. 35 Stats. 2013. Effective June 27, 2013.

Article 2. Refund of Fees and Penalties

Return After Rejection of Application

42230. Whenever any application made under this code is accompanied by any fee, except an application for an occupational license accompanied by a fee as specified in Section 9262, 9262.5, 11309, or 11820, or an application for a duplicate driver’s license, as required by law, and the application is refused or rejected, the fees shall be returned to the applicant, except that, whenever any application is made for the first set of special plates under subdivision (a) of Section 9262 and the application is refused or rejected, the fee for the special plates only shall be returned to the applicant or, when application is made for the first set of special plates under subdivision (1) of Section 9264 and the application is refused or rejected, the fee for the special plates shall be returned to the applicant.

Amended Sec. 150, Ch. 124, Stats. 1996. Effective January 1, 1997.

Erroneous Collection of Fees

42231. Whenever any application is made under this code and the application is accompanied by any fee which is excessive or not legally due, or whenever the department in consequence of any error either of fact or of law as to the proper amount of any fee or any penalty thereon or as to the necessity of obtaining any privilege under this code collects any fee or penalty which is excessive, erroneous, or not legally due, the person who has paid the erroneous or excessive fee or penalty, or his agent on his behalf, may apply for and receive a refund of the amount thereof as provided in this article, or the department may refund the same within three years after the date of the payment or collection.

Application for Refund

42232. The application for refund shall be presented to the department in a format prescribed by the department within three years from the date of payment of the erroneous or excessive fee or penalty and shall identify the payment made and state the grounds upon which it is claimed that the payment was excessive or erroneous.

Refund Procedures

42233. (a) Whenever any fee or penalty subject to refund under Section 42231 after application therefor has not been paid into the State Treasury, the department shall refund the fee or penalty.

(b) Whenever any fee or penalty subject to refund under Section 42231 after application therefor or Section 10901 of the Revenue and Taxation Code has been paid into the State Treasury to the credit, in whole or in part, of the Motor Vehicle License Fee Account in the Transportation Tax Fund (hereafter referred to in this section as the Motor Vehicle License Fee Account), or to the credit, in whole or in part, of the Motor Vehicle Account in the State Transportation Fund (hereafter referred to in this section as the Motor Vehicle Account) the department shall prepare a claim setting forth the facts pertaining to the fee or penalty sought to be refunded, and the State Controller shall draw his warrant upon the account or accounts to which the fee or penalty was credited. In lieu of filing claims for refund against both the Motor Vehicle Account and the Motor Vehicle License Fee Account when an amount has been determined to be due from both accounts, the director may file a single claim with the State Controller, drawn against the Motor Vehicle Account covering the amount of both refunds, and the State Controller shall thereupon draw his warrant on the Motor Vehicle Account. At least quarterly, the director shall certify to the State Controller the amounts paid from the Motor Vehicle Account which are properly chargeable to the Motor Vehicle License Fee Account supported by such detail as the State Controller may require. Upon order of the State Controller, the amounts so required shall be transferred from the Motor Vehicle License Fee Account to the credit of the Motor Vehicle Account.

(c) This section is an appropriation of any and all amounts necessary to refund and repay any excessive or erroneous fees and penalties collected under this code, and the procedure prescribed in this Article for refunds shall be deemed a compliance with the requirements of the Government Code relating to the refund of excessive or erroneous fees or penalties.

Late Application for Refund

42235. Whenever the department collects any fee which is excessive or not legally due and application for the refund of the fee is not filed within the time prescribed by law because the applicant failed to receive from the department a certificate of registration for the vehicle upon which the refund of fee is sought, the director shall have the power to authorize the payment of a refund in such a case upon a proper showing by the applicant that the delay in applying for the refund was due to the failure to receive the certificate of registration within the statutory period allowed for making application for refund of fees.

Chapter 3. Motor Vehicle Account

Report and Deposit of Money

42270. (a) The Department of Motor Vehicles and the Department of the California Highway Patrol shall file, at least monthly with the Controller, a report of money received by the department covering all fees for applications accepted by the department and all other moneys received by the department under this code and, at the same time, shall remit all money so reported to the Treasurer. On order of the Controller, the Treasurer shall deposit in the Motor Vehicle Account in the State Transportation Fund, into which is merged the Motor Vehicle Account in the Transportation Tax Fund, all moneys so reported and remitted.

Any reference in any law or regulation to the Motor Vehicle Fund, or to the Motor Vehicle Account in the Transportation Fund, may be appropriated to the Department of Transportation, the Department of the California Highway Patrol, and the Department of Motor Vehicles for the purposes authorized under Section 3 of Article XIX of the California Constitution.

(b) The amount of any penalties collected by the department pursuant to Sections 9553 and 9554 of this code and Sections 10770 and 10854 of the Revenue and Taxation Code shall, for purposes of subdivision (a), be deemed to be a percentage of the weight fee, registration fee, and vehicle license fee obtained when applying the total of these fees collected, excluding use tax, against the individual weight fees, registration fees, and vehicle license fees collected on each application. Penalties which cannot be allocated in accordance with this subdivision shall be allocated according to subdivision (c).

(c) The amount of any penalties collected by the department, as provided in Sections 9553 and 9554 of this code and Sections 10770 and 10854 of the Revenue and Taxation Code which cannot be allocated in accordance with subdivision (b), shall, for the purposes of subdivision (a), be deemed to be a percentage of the total fees allocated under this section and under Section 11001 of the Revenue and Taxation Code equal to that percentage of the ratio based on the fees previously allocated under this section and under Section 11001 of the Revenue and Taxation Code in the fiscal year preceding the calendar year for which the penalties are to be allocated. That ratio shall be reevaluated periodically and shall be adjusted to reflect any change in the fee structure that may be provided in this code or in Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code.

(d) Whenever any fee paid to the department has not been allocated within one year of the date of collection, the fee shall be allocated to the Motor Vehicle License Fee Account in the Transportation Tax Fund, and the Motor Vehicle Account and the State Highway Account in the State Transportation Fund, in proportion to the revenue allocated to those accounts by the department in the previous fiscal year.

Support and Operation of Departments

42271. (a) The Motor Vehicle Account in the State Transportation Fund is hereby created.

(b) The moneys deposited to the credit of the Motor Vehicle Account in the State Transportation Fund which are appropriated in the Budget Act or any other appropriation act for the support of or expenditure by the Department of Motor Vehicles shall be expended by the department in carrying out the provisions of this code and in enforcing any other laws relating to vehicles or the use of highways.

Regularly employed peace officers of the department may, when authorized by the director, expend such sums as authorized for the purchase of counterfeit, false, forged, or fictitious certificates of ownership, registration card, certificate, license or special plate or permit, or driver’s license provided for by this code as evidence, or for expenditures related to the procurement of such evidence, or for expenditures made to investigate other violations of laws administered by the department. When approved by the director, the identity of a peace officer who submits a claim need not be disclosed if the disclosure might materially prejudice the investigation.

The sums so expended shall be repaid to the peace officer making the expenditure upon claims approved by the director. The claims, when approved, shall be paid out of funds appropriated or made available by law for the support of the department.

(c) The moneys deposited to the credit of the Motor Vehicle Account in the State Transportation Fund which are appropriated in the Budget Act or any other appropriation act for the support of or expenditure by the Department of the California Highway Patrol shall be expended by the department in carrying out the provisions of this code and in enforcing any other laws relating to vehicles or the use of highways. The Department of California Highway Patrol may draw, without at the time furnishing vouchers and itemized statements, sums not to exceed in the aggregate one hundred thousand dollars ($100,000), the sums so drawn to be used as a Revolving Fund where cash advances are necessary. At the close of each fiscal year, the moneys so drawn shall be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the State Controller.

Transfer of Balance: General Fund

42272. For the 2012–13 fiscal year, upon order of the Director of Finance, the Controller shall transfer four hundred thirty-two million two hundred thousand dollars ($432,200,000) from the Motor Vehicle Account to the General Fund as a loan, provided that the loan shall be repaid. The Director of Finance shall order the repayment by the Controller of that four hundred thirty-two million two hundred thousand dollars ($432,200,000) to the Motor Vehicle Account no later than June 30, 2016.

Amended Sec. 8, Ch. 22, Stats. 2012. Effective June 27, 2012.

Transfer of Balance

42273. By the 10th day of each calendar month, the balance remaining to the credit of the Motor Vehicle Account in the State Transportation Fund at the close of business on the last day of the preceding calendar month, after payments of refunds and administration and enforcement, that is not needed for immediate use from the Motor Vehicle Account shall, on order of the State Controller, be transferred to the credit of the State Highway Account in the State Transportation Fund.

Retransfer to Motor Vehicle Account

42275. Notwithstanding Section 42273, the State Controller may, after at least 15 days’ prior notice, transfer back to the Motor Vehicle Account in the State Transportation Fund amounts transferred to the State Highway Account in the State Transportation Fund pursuant to that section to pay costs incurred against other appropriations from the Motor Vehicle Account.

Report to Legislature

42276. Not later than January 10, 1985, and not later than January 10th of each four-year period thereafter, the Secretary of the Business, Transportation and Housing Agency shall submit a report to the Legislature on a study of the fees imposed under this code, including any finding or recommendation on changes in the fees necessary to generate sufficient revenues for the Motor Vehicle Account in the State
Transportation Fund to finance those operations of state government to be financed from those revenues.
Added Ch. 541, Stats. 1981. Effective September 17, 1981.

**Driver Training Funding: Prohibition**

(a) Establish procedures to assist owners or lessees of new motor vehicles who have complaints regarding the operation of a qualified third-party dispute resolution process.
(b) Establish methods for measuring customer satisfaction and to identify violations of this chapter, which shall include an annual random postcard or telephone survey by the department of the customers of each qualified third-party dispute resolution process.
(c) Monitor and inspect, on a regular basis, qualified third-party dispute resolution processes to determine whether they continue to meet the standards for certification. Monitoring and inspection shall include, but not be limited to, all of the following:
(i) Onsite inspections of each qualified third-party dispute resolution process not less frequently than twice annually.
(ii) Investigation of complaints from consumers regarding the operation of qualified third-party dispute resolution processes and analyses of representative samples of complaints against each process.
(iii) Analyses of the annual surveys required by subdivision (b).
(d) Notify the Department of Motor Vehicles of the failure of a manufacturer to honor a decision of a qualified third-party dispute resolution process to enable the Department of Motor Vehicles to take appropriate enforcement action against the manufacturer pursuant to Section 11705.4 of the Vehicle Code.
(e) Submit a biennial report to the Legislature evaluating the effectiveness of this chapter, make available to the public summaries of the statistics and other information supplied by each qualified third-party dispute resolution process, and publish educational materials regarding the purposes of this chapter.
(f) Adopt regulations as necessary and appropriate to implement this chapter and subdivision (d) of Section 1793.22 of the Civil Code.

472.5. The New Motor Vehicle Board in the Department of Motor Vehicles shall, in accordance with the procedures prescribed in this section, administer the collection of fees for the purposes of fully funding the administration of this chapter.
(a) Fees collected pursuant to this section shall be deposited in the Certification Account in the Consumer Affairs Fund and shall be available, upon appropriation by the Legislature, exclusively to pay the expenses incurred by the department in administering this chapter and to pay the New Motor Vehicle Board as provided in Section 3016 of the Vehicle Code. If, at the conclusion of any fiscal year, the amount of fees collected exceeds the amount of expenditures for that purpose during that fiscal year, the surplus in the Certification Account shall be carried over into the succeeding fiscal year.
(b) Beginning July 1, 1988, and on or before May 1 of each calendar year thereafter, every manufacturer shall file with the New Motor Vehicle Board a statement of the number of motor vehicles sold, leased, or otherwise distributed by or for the manufacturer in this state during the preceding calendar year, and shall, upon written notice delivered to the manufacturer by certified mail, return receipt requested, pay to the New Motor Vehicle Board a fee, not to exceed one dollar ($1) for each motor vehicle sold, leased, or distributed by or for the manufacturer in this state during the preceding calendar year. The total fee paid by each manufacturer shall be rounded to the nearest dollar in the manner described in Section 9559 of the Vehicle Code. Not more than one dollar ($1) shall be charged, collected, or received from any one or more manufacturers pursuant to this subdivision with respect to the same motor vehicle.
(c) (1) The fee required by subdivision (b) is due and payable not later than 30 days after the manufacturer has received notice of the amount due and is delinquent after that time. A penalty of 10 percent of the amount delinquent shall be added to that amount, if the delinquency continues for more than 30 days.
(2) If a manufacturer fails to file the statement required by subdivision (b) by the date specified, the New Motor Vehicle Board shall assess the amount due from the manufacturer by using as the number of motor vehicles sold, leased, or otherwise distributed by or for the manufacturer in this state during the preceding calendar year the total number of new registrations of all motor vehicles sold, leased, or otherwise distributed by or for the manufacturer during the preceding calendar year.
(d) On or before February 1 of each year, the department shall notify the New Motor Vehicle Board of the dollar amount necessary to fully fund the program established by this chapter during the following fiscal year. The New Motor Vehicle Board shall use this information in calculating the amounts of the fees to be collected from manufacturers pursuant to this section.
(e) For purposes of this section, “motor vehicle” means a new passenger or commercial motor vehicle of a kind that is required to be registered under the Vehicle Code, but the term does not include a motorcycle, a motor home, or any vehicle whose gross weight exceeds 10,000 pounds.
(f) The New Motor Vehicle Board may adopt regulations to implement this section. The regulations shall include, at a minimum, a formula for calculating the fee, established pursuant to subdivision (b), for each motor vehicle and the total amount of fees to be collected from each manufacturer.
(g) Any revenues already received by the Arbitration Certification Program and deposited in the Vehicle Inspection and Repair Fund for the 1991–92 fiscal year that have not yet been spent shall be deposited into the Certification Account in the Consumer Affairs Fund.

(e) The 90-day time period for a temporary license shall not be extended. Only one temporary license shall be issued during a regular license term and the term of the temporary license shall coincide with the first 90 days of the regular license term. A license for the full term or the remainder of the license term may be issued or renewed only upon compliance with this section.

(f) A license or the issuance of a temporary license pursuant to this section. (2) Notwithstanding any other law, if a board, bureau, or commission listed in Section 101, other than the Contractors' State License Board, fails to take action in accordance with this section, the Department of Consumer Affairs shall issue a temporary license or suspend or refuse to issue, reactivate, reinstate, or renew a license, as appropriate.

(g) Notices shall be developed by each state governmental licensing entity. For an applicant or licensee on the State Board of Equalization's certified list, the notice shall include the address and telephone number of the State Board of Equalization, and shall emphasize the necessity of obtaining a release from the State Board of Equalization as a condition for the issuance, renewal, or continued valid status of a license or licenses. For an applicant or licensee on the Franchise Tax Board's certified list, the notice shall include the address and telephone number of the Franchise Tax Board, and shall emphasize the necessity of obtaining a release from the Franchise Tax Board as a condition for the issuance, renewal, or continued valid status of a license or licenses.

(h) If an applicant or licensee wishes to challenge the submission of his or her name on a certified list, the applicant or licensee shall make a timely written request for release to the State Board of Equalization or the Franchise Tax Board, whichever is applicable.

(i) The notice shall inform the applicant or licensee that any license suspended under this section will remain suspended until the state governmental licensing entity receives a release along with applications and fees, if applicable, to reinstate the license.

A copy of this form shall be included with every notice sent pursuant to this section.

(k) If the notice shall inform the applicant or licensee that any license suspended under this section will remain suspended until the state governmental licensing entity receives a release along with applications and fees, if applicable, to reinstate the license.

(3) The notice shall inform the applicant or licensee that it is a condition for the issuance, renewal, or continued valid status of a license or licenses. For an applicant or licensee on the State Board of Equalization's certified list, the notice shall include the address and telephone number of the State Board of Equalization, and shall emphasize the necessity of obtaining a release from the State Board of Equalization as a condition for the issuance, renewal, or continued valid status of a license or licenses. In order to establish the existence of a financial hardship, the applicant or licensee shall submit any information, including information related to reasonable business and personal expenses, requested by the State Board of Equalization or the Franchise Tax Board, whichever is applicable, for purposes of making that determination.

(i) An applicant or licensee is required to act with diligence in responding to notices from the state governmental licensing entity and the State Board of Equalization or the Franchise Tax Board with the recognition that the temporary license will lapse or the license suspension will go into effect after 90 days and that the State Board of Equalization or the Franchise Tax Board must have time to act within that period. An applicant’s or licensee’s delay in acting, without good cause, which directly results in the inability of the State Board of Equalization or the Franchise Tax Board, whichever is applicable, to complete a review of the applicant’s or licensee’s request for release shall not constitute the diligence required under this section which would justify the issuance of a release. An applicant or licensee shall have the burden of establishing that he or she diligently responded to notices from the state governmental licensing entity or the State Board of Equalization or the Franchise Tax Board and that any delay was not without good cause.

(j) The State Board of Equalization or the Franchise Tax Board shall create release forms for use pursuant to this section. When the applicant or licensee has complied with the tax obligation by payment of the unpaid taxes, or entry into an installment payment agreement, or establishing the existence of a current financial hardship as defined in paragraph (3) of subdivision (h), the State Board of Equalization or the Franchise Tax Board, whichever is applicable, shall mail a release form to the applicant or licensee and provide a release to the appropriate state governmental licensing entity. Any state governmental licensing entity that has received a release from the State Board of Equalization and the Franchise Tax Board pursuant to this subdivision shall process the release within five business days of its receipt. If the State Board of Equalization or the Franchise Tax Board determines subsequent to the issuance of a release that the licensee has not complied with their installment payment agreement, the State Board of Equalization or the Franchise Tax Board, whichever is applicable, shall notify the state governmental licensing entity and the licensee in a format prescribed by the State Board of Equalization or the Franchise Tax Board, whichever is applicable, that the licensee is not in compliance and the release shall be rescinded. The State Board of Equalization and the Franchise Tax Board may, when it is economically feasible for the state governmental licensing entity to develop an automated process for complying with this subdivision, notify the state governmental licensing entity in a manner prescribed by the State Board of Equalization or the Franchise Tax Board, whichever is applicable, that the licensee has not complied with the installment payment agreement. Upon receipt of this notice, the state governmental licensing entity shall immediately notify the licensee on a form prescribed by the state governmental licensing entity that the licensee’s license will be suspended on a specific date, and this date shall be no longer than 30 days from the date the form is mailed. The licensee shall be further notified that the license will remain suspended until a new release is issued in accordance with this subdivision.

(k) The State Board of Equalization and the Franchise Tax Board may enter into interagency agreements with the state governmental licensing entities necessary to implement this section.

(l) Notwithstanding any other law, a state governmental licensing entity, with the approval of the appropriate department director or governing body, may impose a fee on a licensee whose license has been suspended pursuant to this section. The fee shall not exceed the amount necessary for the state governmental licensing entity to cover its costs in carrying out the provisions of this section. Fees imposed pursuant to this section shall be deposited in the fund in which other fees imposed by the state governmental licensing entity are deposited and shall be available to that entity upon appropriation in the annual Budget Act.

(m) The process described in subdivision (h) shall constitute the sole administrative remedy for contesting the issuance of a temporary license or the denial or suspension of a license under this section.

(n) Any state governmental licensing entity receiving an inquiry as to the licensed status of an applicant or licensee who has had a license denied or suspended under this section or who has been granted a temporary license under this section shall respond that the license was denied or suspended or the temporary license was issued only because the licensee appeared on a list of the 500 largest tax delinquents pursuant to Section 7063 or 19195 of the Revenue and Taxation Code. Information collected pursuant to this section by any state agency, board, or department shall be subject to the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code). Any state governmental licensing entity that discloses on its Internet Web site or other publication that the licensee has had a license denied or suspended under this section or has been granted a temporary license under this section shall prominently disclose, in bold and adjacent to the information regarding the status of the license, that the only reason the license was denied, suspended, or temporarily issued is because the licensee failed to pay taxes.

(o) Any rules and regulations issued pursuant to this section by any state agency, board, or department may be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of these regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare. The regulations shall become effective immediately upon filing with the Secretary of State.

(p) The State Board of Equalization, the Franchise Tax Board, and state governmental licensing entities, as appropriate, shall adopt regulations as necessary to implement this section.

(q) (1) Neither the state governmental licensing entity, nor any officer, employee, or agent, or former officer, employee, or agent of a state governmental licensing entity, may disclose or use any information obtained from the State Board of Equalization or the Franchise Tax Board, pursuant to this section, except to inform the public of the denial, refusal to renew, or suspension of a license or the issuance of a temporary license pursuant to this section. The release or other use of information received by a state governmental licensing entity pursuant to this section, except as authorized by this section, is punishable as a misdemeanor. This subdivision may not be interpreted to prevent the State Bar of California from filing a request with the Supreme Court of California to suspend a member of the bar pursuant to this section.

(2) A suspension of, or refusal to renew, a license or issuance of a temporary license pursuant to this section does not constitute denial or discipline of a licensee for purposes of any reporting requirements to the National Practitioner Data Bank or the Healthcare Integrity and Protection Data Bank.

(3) Upon release from the certified list, the suspension or revocation of the applicant’s or licensee’s license shall be purged from the state governmental licensing entity’s Internet Web site or other publication within three business days. This paragraph shall not apply to the State Bar of California.

(Added Ch. 342, Stats. 1951.)

21701.1. (a) The owner or operator of a self-service storage facility or a household goods carrier, may, for a fee, transport individual storage containers to and from a self-service storage facility that he or she owns or operates. This transportation activity, whether performed by an owner, operator, or carrier, shall not be deemed transportation for compensation or hire as a business of used household goods and is not subject to regulation under Chapter 7 (commencing with Section 5101) of Division 2 of the Public Utilities Code, provided that all of the following requirements are met:

(1) The fee charged (A) to deliver an empty individual storage container to a customer and to transport the loaded container to a self-service storage facility or (B) to return a loaded individual storage container from a self-service storage facility to the customer does not exceed one hundred dollars ($100).

(2) The owner, operator, or carrier, or any affiliate of the owner, operator, or carrier, does not load, pack, or otherwise handle the contents of the container.

(3) The owner, operator, or carrier is registered under Chapter 2 (commencing with Section 34620) of Division 14.85 of the Vehicle Code or holds a permit under Chapter 7 (commencing with Section 5101) of Division 2 of the Public Utilities Code.

(4) The owner, operator, or carrier has procured and maintained cargo insurance in the amount of at least twenty thousand dollars ($20,000) per shipment. Proof of cargo insurance coverage shall be maintained on file and presented to the Department of Motor Vehicles or Public Utilities Commission upon written request.

(5) The owner, operator, or carrier shall disclose to the customer in advance the following information regarding the container transfer service offered, in a written document separate from others furnished at the time of disclosure:

(A) A detailed description of the transfer service, including a commitment to use its best efforts to place the container in an appropriate location designated by the customer.

(B) The dimensions and construction of the individual storage containers used.

(C) The unit charge, if any, for the container transfer service that is in addition to the storage charge or any other fees under the rental agreement.

(D) The availability of delivery or pickup by the customer of his or her goods at the self-service storage facility.

(E) The maximum allowable distance, measured from the self-service storage facility, for the initial pickup and final delivery of the loaded container.

(F) The precise terms of the company’s right to move a container from the initial storage location at its own discretion and a statement that the customer will not be required to pay additional charges with respect to that transfer.

(G) Conspicuous disclosure in bold text of the allocation of responsibility for the risk of loss or damage to the customer’s goods, including any disclaimer of the company’s liability, and the procedure for presenting any claim regarding loss or damage to the company.

The disclosure of terms and conditions required by this subdivision, and the rental agreement, shall be received by the customer a minimum of 72 hours prior to delivery of the empty individual storage container; however, the customer may, in writing, knowingly and voluntarily waive that receipt. The company shall record in writing, and retain for a period of at least six months after the end of the rental, the time and method of delivery of the information, any waiver made by the customer, and the times and dates of initial pickup and redelivery of the containerized goods.

(6) No later than the time the empty individual storage container is delivered to the customer, the company shall provide the customer with an informational brochure containing the following information about loading the container:

(A) Packing and loading tips to minimize damage in transit.

(B) A suggestion that the customer make an inventory of the items as they are loaded and keep any other record (for example, photographs or video recording) that may assist in any subsequent claims processing.

(C) A list of items that are impermissible to pack in the container (for example, flammable items).

(D) A list of items that are not recommended to be packed in light of foreseeable hazards inherent in the company’s handling of the containers and in light of any limitation of liability contained in the rental agreement.

(b) Pick-up and delivery of the individual storage containers shall be on a date agreed upon between the customer and the company. If the company requires the customer to be physically present at the time of pickup, the company shall in fact be at the customer’s premises prepared to perform the service not more than four hours later than the agreed time agreed to by the customer and company, and in the event of a preventable breach of that obligation by the company, the customer shall be entitled to receive a penalty of fifty dollars ($50) from the company and to elect rescission of the rental agreement without liability.

(c) No charge shall be assessed with respect to any movement of the container between self-service storage facilities by the company at its own discretion, nor for the delivery of a container to a customer’s premises if the customer advises the company, at least 24 hours before the agreed time of container dropoff, orally or in writing, that he or she is rescinding the request for service.

(1) It shall be fully enclosed and locked.

(2) It contains not less than 100 cubic feet and not more than 1,100 cubic feet.

(3) It is constructed out of a durable material appropriate for repeated use. A box constructed out of cardboard or a similar material shall not constitute an individual storage container for purposes of this section.

(e) Nothing in this section shall be construed to limit the authority of the Public Utilities Commission to investigate and commence an appropriate enforcement action pursuant to Chapter 7 (commencing with Section 5101) of Division 2 of the Public Utilities Code against any person transporting household goods in individual storage containers in a manner other than that described in this section.

(Added Sec. 10, Ch. 88, Stats. 2009. Effective January 1, 2010.)

(b) Any lien created pursuant to this chapter on a vehicle or vessel subject to registration or identification under the Vehicle Code shall be enforced in accordance with Section 3071 of the Civil Code, in the case of a vehicle, or Section 503 of the Harbors and Navigation Code, in the case of a vessel, and not as prescribed in Sections 21705 to 21711, inclusive.

(d) Any proceeds from a lien sale shall be disposed of pursuant to Section 3073 of the Civil Code, in the case of a vehicle, or Section 507.5 of the Harbors and Navigation Code, in the case of a vessel.

(e) In addition to the right to foreclose on the vehicle, watercraft, or trailer, the owner may have the vehicle, watercraft, or trailer towed from the premises if rent and other charges have not been paid for 60 days and the notice required in Section 21703 has been sent. Not less than 10 days before having the vehicle towed, the owner shall send notice by first-class mail with certificate of mailing to the occupant's last known address stating the name, address, and telephone number of the towing company and the street address of the location where the towed property can be redeemed. 25661. (a) Any person under the age of 21 years who presents or offers to any licensee, his or her agent or employee, any written, printed, or photostatic evidence of age and identity which is false, fraudulent or not actually his or her own for the purpose of ordering, purchasing, attempting to purchase or otherwise procuring or attempting to procure, the serving of any alcoholic beverage, or who has in his or her possession any false or fraudulent written, printed, or photostatic evidence of age and identity, is guilty of a misdemeanor and shall be punished by a fine of at least two hundred fifty dollars ($250), no part of which shall be suspended; or the person shall be required to perform not less than 24 hours nor more than 32 hours of community service during hours when the person is not employed and is not attending school, or a combination of fine and community service as determined by the court. It is the intent of the Legislature that the community service requirements prescribed in this section require service at an alcohol or drug treatment program or facility or at a county coroner's office, if available, in the area where the violation occurred or where the person resides.

Where a peace officer has seized alcoholic beverages pursuant to this subdivision, the officer may destroy any alcoholic beverage contained in an opened container and in the possession of, or provided to, a person under 21 years of age, and, with respect to alcoholic beverages in unopened containers, the officer shall impound those beverages for a period not to exceed seven working days pending a request for the release of those beverages by a person 21 years of age or older who is the lawful owner or resident of the property upon which the alcoholic beverages were seized. If no one requests release of the seized alcoholic beverages within that period, those beverages may be destroyed.

(c) The penalties imposed by this section do not preclude prosecution or the imposition of penalties under any other provision of law, including, but not limited to, Section 13202.5 of the Vehicle Code.

(Amended Sec. 2, Ch. 162, Stats. 2014. Effective January 1, 2015.)

(Amended Sec. 1, Ch. 118, Stats. 1998. Effective January 1, 1999. Operative July 1, 1999.)

(Amended Sec. 2, Ch. 162, Stats. 2014. Effective January 1, 2015.)

25662. (a) Except as provided in Section 25667 or 25668, any person under 21 years of age who has any alcoholic beverage in his or her possession on any street or highway or in any public place or in any place open to the public is guilty of a misdemeanor and shall be punished by a fine of two hundred fifty dollars ($250) or the person shall be required to perform not less than 24 hours or more than 32 hours of community service during hours when the person is not employed or is not attending school. A second or subsequent violation shall be punishable as a misdemeanor and the person shall be fined not more than five hundred dollars ($500), or required to perform not less than 36 hours or more than 48 hours of community service during hours when the person is not employed or is not attending school, or a combination of fine and community service as the court deems just. If a person is convicted of a violation of subdivision (b) of Section 25658, or Section 25658.5, 25661, or 25662 and is granted probation, the court may order, with the consent of the defendant, as a term and condition of probation, in addition to any other term and condition required or authorized by law, that the defendant participate in the program prescribed in Article 3 (commencing with Section 23509) of Chapter 12 of Division 11.5 of the Vehicle Code.

(Amended Sec. 1, Ch. 118, Stats. 1998. Effective January 1, 1999. Operative July 1, 1999.)

25667. (a) Any person under the age of 21 years shall be immune from criminal prosecution under subdivision (a) of Section 25662 and subdivision (b) of Section 25658, where the person establishes all of the following:

(b) The penalties imposed by this section do not preclude prosecution or the imposition of penalties under any other provision of law, including, but not limited to, Section 13202.5 of the Vehicle Code.

(Amended Sec. 2, Ch. 162, Stats. 2014. Effective January 1, 2015.)

(Added Sec. 3, Ch. 245, Stats. 2010. Effective January 1, 2011.)
§1710.1

A deceit, withing the meaning of the last section, is either:
1. The suggestion, as a fact, of that which is not true, by one who does not believe it to be true;
2. The assertion, as a fact, of that which is not true, by one who has no reasonable ground for believing it to be true;
3. The suppression of a fact, by one who is bound to disclose it, or who gives information of other facts which are likely to mislead for want of communication of that fact; or,
4. A promise, made without any intention of performing it.

Sale of Merchandise with Identification Number Defaced

1710.1. Any person who, with intent to defraud, sells or disposes of a radio, piano, phonograph, sewing machine, washing machine, typewriter, adding machine, comptometer, bicycle, firearm, safe, vacuum cleaner, dictaphone, watch, watch movement, suitcase, or any other mechanical or electrical appliance, contrivance, material, piece of apparatus or equipment, from which the manufacturer’s nameplate, serial number, or any other distinguishing number or identification mark has been removed, defaced, covered, altered, or destroyed, is civilly liable to the manufacturer in the sum of five hundred dollars ($500) per transaction and civilly liable to the purchaser for treble the actual damages sustained by the purchaser.
This section does not apply to those cases or instances where any of the changes or alterations enumerated in this section have been customarily made or done as an established practice in the ordinary and regular conduct of business by the original manufacturer or his duly appointed direct representative or under specific authorization from the original manufacturer.

(Added Ch. 1713, Stats. 1971. Effective March 4, 1971.)

Responsibility for Willful Acts and Negligence

1714. (a) Everyone is responsible, not only for the result of his or her willful acts, but also for an injury occasioned to another by his or her want of ordinary care or skill in the management of his or her property or person, except so far as the latter has, wilfully or by want of ordinary care, brought the injury upon himself or herself. The design, distribution, or marketing of firearms and ammunition is not exempt from the duty to use ordinary care and skill that is required by this section. The extent of liability in these cases is defined by the Title on Compensatory Relief.

(b) It is the intent of the Legislature to abrogate the holdings in cases such as Vesely v. Sager (1971) 5 Cal.3d 153, Bernhard v. Harrah’s Club (1976) 16 Cal.3d 313, and Coulter v. Superior Court (1978) 21 Cal.3d 144 and to restate the prior judicial interpretation of this section as it relates to proximate cause for injuries incurred as a result of furnishing alcoholic beverages to an intoxicated person, namely that the furnishing of alcoholic beverages is not the proximate cause of injuries resulting from intoxication, but rather the consumption of alcoholic beverages is the proximate cause of injuries inflicted upon another by an intoxicated person.

(c) Except as provided in subdivision (d), no social host who furnishes alcoholic beverages to any person may be held legally accountable for damages suffered by that person, or for injury to the person or property of, or death of, any third person, resulting from the consumption of those beverages.

(d) Nothing in subdivision (c) shall preclude a claim against a parent, guardian, or another adult who knowingly furnishes alcoholic beverages at his or her residence to a person under 21 years of age, in which case, notwithstanding subdivision (b), the furnishing of the alcoholic beverage may be found to be the proximate cause of resulting injuries or death.

(As amended Sec. 1, Ch. 154, Stats. 2010. Effective January 1, 2011.)

1785.15. (a) A consumer credit reporting agency shall supply files and information required under Section 1785.10 during normal business hours and on reasonable notice. In addition to the disclosure provided by this chapter and any disclosures received by the consumer, the consumer has the right to request and receive all of the following:

(1) Either a decoded written version of the file or a written copy of the file, including all information in the file at the time of the request, with an explanation of any code used.

(2) A credit score for the consumer, the key factors, and the related information, as defined in and required by Section 1785.15.1.

(3) A record of all inquiries, by recipient, that result in the provision of information concerning the consumer in connection with a credit transaction not initiated by the consumer and that were received by the consumer credit reporting agency in the 12-month period immediately preceding the request for disclosure under this section.

(4) The recipients, including end users specified in Section 1785.22, of any consumer credit report on the consumer which the consumer credit reporting agency has furnished:

(A) For employment purposes within the two-year period preceding the request.

(B) For any other purpose within the 12-month period preceding the request.

Identification for purposes of this paragraph shall include the name of the recipient or, if applicable, the fictitious business name under which the recipient does business disclosed in full. If requested by the consumer, the identification shall also include the address of the recipient.

(b) Files maintained on a consumer shall be disclosed promptly as follows:

(1) In person, at the location where the consumer credit reporting agency maintains the trained personnel required by subdivision (d), if he or she appears in person and furnishes proper identification.

(2) By mail, if the consumer makes a written request with proper identification for a copy of the file or a decoded written version of that file to be sent to the consumer at a specified address. A disclosure pursuant to this paragraph shall be deposited in the United States mail, postage prepaid, within five business days after the consumer’s written request for the disclosure is received by the consumer credit reporting agency. Consumer credit reporting agencies complying with requests for mailings under this section shall not be liable for disclosures to third parties caused by mishandling of mail after the mailings leave the consumer credit reporting agencies.

(3) A summary of all information contained in files on a consumer and required to be provided by Section 1785.10 shall be provided by telephone, if the consumer has made a written request, with proper identification for telephone disclosure.

(4) Information in a consumer’s file required to be provided in writing under this section may also be disclosed in another form if authorized by the consumer and if available from the consumer credit reporting agency. For this purpose, a consumer may request disclosure in person pursuant to Section 1785.10, by telephone upon disclosure of proper identification by the consumer, by electronic means if available from the consumer credit reporting agency, or by any other reasonable means that is available from the consumer credit reporting agency.

(c) “Proper identification,” as used in subdivision (b) means that information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above may a consumer credit reporting agency require additional information concerning the consumer’s employment and personal or family history in order to verify his or her identity.

(d) The consumer credit reporting agency shall provide trained personnel to explain to the consumer any information furnished him or her pursuant to Section 1785.10.

(e) The consumer shall be permitted to be accompanied by one other person of his or her choosing, who shall furnish reasonable identification. A consumer credit reporting agency may require the consumer to furnish a written statement granting permission to the consumer credit reporting agency to discuss the consumer’s file in that person’s presence.

(f) Any written disclosure by a consumer credit reporting agency to any consumer pursuant to this section shall include a written summary of all rights the consumer has under this title and, in the case of a consumer credit reporting agency that compiles and maintains consumer credit reports on a nationwide basis, a toll-free telephone number that the consumer can use to communicate with the consumer credit reporting agency. The written summary of rights required under this subdivision is sufficient if in substantially the following form:

“You have a right to obtain a copy of your credit file from a consumer credit reporting agency. You may be charged a reasonable fee not exceeding eight dollars ($8). There is no fee, however, if you have been turned down for credit, employment, insurance, or a rental dwelling because of information in your credit report within the preceding 60 days. The consumer credit reporting agency must provide someone to help you interpret the information in your credit file.

You have a right to dispute inaccurate information by contacting the consumer credit reporting agency directly. However, neither you nor any credit repair company or credit service organization has the right to have accurate, current, and verifiable information removed from your credit report. Under the Federal Fair Credit Reporting Act, the
consumer credit reporting agency must remove accurate, negative information from your report only if it is over seven years old. Bankruptcy information can be reported for 10 years.

If you have notified a consumer credit reporting agency in writing that you dispute the accuracy of information in your file, the consumer credit reporting agency must then, within 30 business days, reinvestigate and modify or remove inaccurate information. The consumer credit reporting agency may not charge a fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the consumer credit reporting agency.

If reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the consumer credit reporting agency to keep in your file, explaining why you think the record is inaccurate. The consumer credit reporting agency must include your statement about disputed information in a report it issues about you.

You have a right to receive a record of all inquiries relating to a credit transaction initiated in 12 months preceding your request. This record shall include the recipients of any consumer credit report.

You may request in writing that the information contained in your file not be provided to a third party for marketing purposes.

You have a right to place a “security alert” in your credit report, which will warn anyone who receives information in your credit report that your identity may have been used without your consent. Recipients of your credit report are required to take reasonable steps, including contacting you at the telephone number you may provide, to verify your identity prior to lending money, extending credit, or completing the purchase, lease, or rental of goods or services. The security alert may prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that taking advantage of this right may delay or interfere with the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or cellular phone or other new account, including an extension of credit at point of sale. If you place a security alert on your credit report, you have a right to obtain a free copy of your credit report at the time the 90-day security alert period expires. A security alert may be requested by calling the following toll-free telephone number: (Insert applicable toll-free telephone number). California consumers also have the right to obtain a “security freeze.”

You have a right to place a “security freeze” on your credit report, which will prohibit a consumer credit reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by mail. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or cellular phone or other new account, including an extension of credit at point of sale. When you place a security freeze on your credit report, you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a specific party or period of time after the freeze is in place.

To provide that authorization you must contact the consumer credit reporting agency and provide all of the following:

(1) The personal identification number or password.
(2) Proper identification to verify your identity.
(3) The proper information regarding the third party who is to receive the credit report or the period of time for which the report shall be available to users of the credit report.

A consumer credit reporting agency must authorize the release of your credit report no later than three business days after receiving the above information.

A security freeze does not apply when you have an existing account and a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control, or similar activities.

If you are actively seeking credit, you should understand that the procedures involved in lifting a security freeze may slow your application for credit. You should plan ahead and lift a freeze, either completely if you are shopping around, or specifically for a certain creditor, before applying for new credit.

A consumer credit reporting agency may not charge a fee to a consumer for placing or removing a security freeze if the consumer is a victim of identity theft and submits a copy of a valid police report or valid Department of Motor Vehicles investigative report. A person 65 years of age or older with proper identification shall not be charged a fee for placing an initial security freeze, but may be charged a fee of no more than five dollars ($5) for lifting, removing, or replacing a security freeze. All other consumers may be charged a fee of no more than ten dollars ($10) for each of these steps.

You have a right to bring civil action against anyone, including a consumer credit reporting agency, who improperly obtains access to a file, knowingly or willfully misuses file data, or fails to correct inaccurate file data.

If you are a victim of identity theft and provide to a consumer credit reporting agency a copy of a valid police report or a valid investigative report made by a Department of Motor Vehicles investigator with peace officer status describing your circumstances, the following shall apply:

(1) You have a right to have any information you list on the report as allegedly fraudulent promptly blocked so that the information cannot be reported. The information will be unblocked only if (A) the information you provide is a material misrepresentation of the facts, (B) you agree that the information is blocked in error, or (C) you knowingly obtained possession of goods, services, or moneys as a result of the blocked transactions. If blocked information is unblocked, you will be promptly notified.

(2) You have a right to receive, free of charge and upon request, one copy of your credit report each month for up to 12 consecutive months.” (Amended Sec. 2, Ch. 845, Stats. 2012. Effective January 1, 2013.)

1785.15.3. (a) In addition to any other rights the consumer may have under this title, every consumer credit reporting agency, after being contacted by telephone, mail, or in person by any consumer who has reason to believe he or she may be a victim of identity theft, shall promptly provide to that consumer a statement, written in a clear and conspicuous manner, describing the statutory rights of victims of identity theft under this title.

(b) Every consumer credit reporting agency shall, upon the receipt from a victim of identity theft of a police report prepared pursuant to Section 530.6 of the Penal Code, or a valid investigative report made by a Department of Motor Vehicles investigator with peace officer status regarding the public offenses described in Section 530.5 of the Penal Code, provide the victim, free of charge and upon request, with up to 12 copies of his or her file during a consecutive 12-month period, not to exceed one copy per month, following the date of the police report. Notwithstanding any other provision of this title, the maximum number of free reports a victim of identity theft is entitled to obtain under this title is 12 per year, as provided by this subdivision.

(c) Subdivision (a) does not apply to a consumer reporting agency that acts only as a reseller of credit information by assembling and merging information contained in the database of another consumer reporting agency or agencies and that does not maintain a permanent database of credit information from which new credit reports are produced.

§1785.16. (a) If the completeness or accuracy of any item of information contained in his or her file is disputed by a consumer, and the dispute is conveyed directly to the consumer credit reporting agency by the consumer or user on behalf of the consumer, the consumer credit reporting agency shall within a reasonable period of time and without charge, reinvestigate and record the current status of the disputed information before the end of the 30-business-day period beginning on the date the agency receives notice of the dispute from the consumer or user, unless the consumer credit reporting agency has reasonable grounds to believe and determines that the dispute by the consumer is frivolous or irrelevant, including by reason of a failure of the consumer to provide sufficient information, as requested by the consumer credit reporting agency, to investigate the dispute. Unless the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, before the end of the five-business-day period beginning on the date the consumer credit reporting agency receives notice of dispute under this section, the agency shall notify any person who provided information in dispute at the address and in the manner specified by the person. A consumer credit reporting agency may require that disputes by consumers be in writing.

(b) In conducting that reinvestigation the consumer credit reporting agency shall review and consider all relevant information submitted by the consumer with respect to the disputed item of information. If the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, it shall notify the consumer by mail or, if authorized by the consumer for that purpose, by any other means available to the consumer credit reporting agency, within five business days after that determination is made that it is terminating its reinvestigation of the item of information. In this notification, the consumer credit reporting agency shall state the specific reasons why it has determined that the consumer’s dispute is frivolous or irrelevant. If the disputed item of information is found to be inaccurate, missing, or can no longer be verified by the evidence submitted, the consumer credit reporting agency shall promptly add, correct, or delete that information from the consumer’s file.

(c) No information may be reinserted in a consumer’s file after having been deleted pursuant to this section unless the person who furnished the information certifies that the information is accurate. If any information deleted from a consumer’s file is reinserted in the file, the consumer credit reporting agency shall promptly notify the consumer of the reinsertion in writing or, if authorized by the consumer for that purpose, by any other means available to the consumer credit reporting agency. As part of, or in addition to, this notice the consumer credit reporting agency shall, within five business days of reinserting the information, provide the consumer in writing (1) a statement that the disputed information has been reinserted, (2) a notice that the agency will provide to the consumer, within 15 days following a request, the name, address, and telephone number of any furnisher of information contacted or which contacted the consumer credit reporting agency in connection with the reinsertion, (3) the toll-free telephone number of the consumer credit reporting agency that the consumer can use to obtain this name, address, and telephone number, and (4) a notice that the consumer has the right to a reinvestigation of the information reinserted by the consumer credit reporting agency and to add a statement to his or her file disputing the accuracy or completeness of the information.

(d) A consumer credit reporting agency shall provide written notice to the consumer of the results of any reinvestigation under this subdivision, within five days of completion of the reinvestigation. The notice shall include (1) a statement that the reinvestigation is completed, (2) a consumer credit report that is based on the consumer’s file as that file is revised as a result of the reinvestigation, (3) a description or indication of any changes made in the consumer credit report as a result of those revisions to the consumer’s file and a description of any changes made or sought by the consumer that were not made and an explanation why they were not made, (4) a notice that, if requested by the consumer, a description of the procedure used to determine the accuracy and completeness of the information shall be provided to the consumer by the consumer credit reporting agency, including the name, business address, and telephone number of any furnisher of information contacted in connection with that information, (5) a notice that the consumer has the right to add a statement to the consumer’s file disputing the accuracy or completeness of the information, (6) a notice that the consumer has the right to request that the consumer credit reporting agency furnish notifications under subdivision (h), (7) a notice that the dispute will remain on file with the agency as long as the credit information is used, and (8) a statement about the details of the dispute will be furnished to any recipient as long as the credit information is retained in the agency’s data base. A consumer credit reporting agency shall provide the notice pursuant to this subdivision respecting the procedure used to determine the accuracy and completeness of information, not later than 15 days after receiving a request from the consumer.

(e) The presence of information in the consumer’s file that contradicts the contention of the consumer shall not, in and of itself, constitute reasonable grounds for believing the dispute is frivolous or irrelevant.

(f) If the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, or if the reinvestigation does not resolve the dispute, or if the information is reinserted into the consumer's file pursuant to subdivision (c), the consumer may file a brief statement setting forth the nature of the dispute. The consumer credit reporting agency may limit these statements to not more than 100 words if it provides the consumer with assistance in writing a clear summary of the dispute.

(g) Whenever a statement of dispute is filed, the consumer credit reporting agency shall, in any subsequent consumer credit report containing the information in question, clearly note that the information is disputed by the consumer and shall include in the report either the consumer’s statement or a clear and accurate summary thereof.

(h) Following the deletion of information from a consumer’s file pursuant to this section, or following the filing of a statement of dispute pursuant to subdivision (f), the consumer credit reporting agency, at the request of the consumer, shall furnish notification that the item of information has been deleted or that the item of information is disputed. In the case of disputed information, the notification shall include the statement or summary of the dispute filed pursuant to subdivision (f). This notification shall be furnished to any person designated by the consumer who has, within two years prior to the deletion or the filing of the dispute, received a consumer credit report concerning the consumer for employment purposes, or who has, within 12 months of the deletion or the filing of the dispute, received a consumer credit report concerning the consumer for any other purpose, if these consumer credit reports contained the deleted or disputed information. The consumer credit reporting agency shall clearly and conspicuously disclose to the consumer his or her rights to make a request for this notification. The disclosure shall be made at or prior to the time the information is deleted pursuant to this section or the consumer’s statement regarding the disputed information is received pursuant to subdivision (f).

(i) A consumer credit reporting agency shall maintain reasonable procedures to prevent the reappearance in a consumer’s file and in consumer credit reports of information that has been deleted pursuant to this section and not reinserted pursuant to subdivision (c).

(j) If the consumer’s dispute is resolved by deletion of the disputed information within three business days, beginning with the day the consumer credit reporting agency receives notice of the dispute in accordance with subdivision (a), and provided that verification thereof is provided to the consumer in writing within five business days following the deletion, then the consumer credit reporting agency
shall be exempt from requirements for further action under subdivisions (d), (f), and (g).

(k) If a consumer submits to a credit reporting agency a copy of a valid police report, or a valid investigative report made by a Department of Motor Vehicles investigator with peace officer status, filed pursuant to Section 530.5 of the Penal Code, the consumer credit reporting agency shall promptly and permanently block reporting any information that the consumer alleges appears on his or her credit report as a result of a violation of Section 530.5 of the Penal Code so that the information cannot be reported. The consumer credit reporting agency shall promptly notify the furnisher of the information that the information has been so blocked. Furnishers of information and consumer credit reporting agencies shall ensure that information is unblocked only upon a preponderance of the evidence establishing the facts required under paragraph (1), (2), or (3). The permanently blocked information shall be unblocked only if: (1) the information was blocked due to a material misrepresentation of fact by the consumer or fraud, or (2) the consumer agrees that the blocked information, or portions of the blocked information, were blocked in error, or (3) the consumer knowingly obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions or the consumer should have known that he or she obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions. If blocked information is unblocked pursuant to this subdivision, the consumer shall be promptly notified in the same manner as consumers are notified of the reinstatement of information pursuant to subdivision (c). The prior presence of the blocked information in the consumer credit reporting agency’s file or file the consumer is not evidence of whether the consumer knew or should have known that he or she obtained possession of any goods, services, or moneys. For the purposes of this subdivision, fraud may be demonstrated by circumstantial evidence. In unblocking information pursuant to this subdivision, furnishers and consumer credit reporting agencies shall be subject to their respective requirements pursuant to this title regarding the completeness and accuracy of information.

(l) In unblocking information as described in subdivision (k), a consumer reporting agency shall comply with all requirements of this division and Section 4834 relating to reinvestigating disputed information. In addition, a consumer reporting agency shall accept the consumer’s version of the disputed information and correct or delete the disputed item when the consumer submits to the consumer reporting agency documentation obtained from the source of the item in dispute or from public records confirming that the report was inaccurate or incomplete, unless the consumer reporting agency, in the exercise of good faith and reasonable judgment, has substantial reason based on specific, verifiable facts to doubt the authenticity of the documentation submitted and notifies the consumer in writing of that decision, explaining its reasons for unblocking the information and setting forth the specific, verifiable facts on which the decision was based.

(m) Any provision in a contract that prohibits the disclosure of a credit score by a person who makes or arranges loans or a consumer credit reporting agency is void. A lender shall not have liability under any contractual provision for disclosure of a credit score.

(Added Ch. 1333, Stats. 1970.)

1790. This chapter may be cited as the “Song-Beverly Consumer Warranty Act.”

(Added Ch. 1333, Stats. 1970.)

1790.1. Any waiver by the buyer of consumer goods of the provisions of this chapter, except as expressly provided in this chapter, shall be deemed contrary to public policy and shall be unenforceable and void.

(Added Ch. 1333, Stats. 1970.)

1790.3. The provisions of this chapter shall not affect the rights and obligations of parties determined by reference to the Commercial Code except that, where the provisions of the Commercial Code conflict with the rights guaranteed to buyers of consumer goods under the provisions of this chapter, the provisions of this chapter shall prevail.

(Added Ch. 1333, Stats. 1970.)

1790.4. The remedies provided by this chapter are cumulative and shall not be construed as restricting any remedy that is otherwise available, and, in particular, shall not be construed to supplant the provisions of the Unfair Practices Act.

(Amended Ch. 416, Stats. 1976.)

(n) “Sale” means either of the following:
   (1) The passing of title from the seller to the buyer for a price.
   (2) A consignment for sale.

(o) “Service contract” means a contract in writing to perform, over a fixed period of time or for a specified duration, services relating to the maintenance or repair of a consumer product, except that this term does not include a policy of automobile insurance, as defined in Section 116 of the Insurance Code.

(Amended Sec. 1, Ch. 151, Stats. 2007. Effective January 1, 2008.)

1791.2. (a) “Express warranty” means:
   (1) A written statement arising out of a sale to the consumer of a consumer good pursuant to which the manufacturer, distributor, or retailer undertakes to preserve or maintain the utility or performance of the consumer good or provide compensation if there is a failure in utility or performance; or
   (2) In the event of any sample or model, that the whole of the goods conforms to such sample or model.

(b) It is not necessary to the creation of an express warranty that formal words such as “warrant” or “guarantee” be used, but if such words are used then an express warranty is created. An affirmation merely of the value of the goods or a statement purporting to be merely an opinion or commendation of the goods does not create a warranty.

(c) Statements or representations such as expressions of general policy concerning customer satisfaction which are not subject to any limitation do not create an express warranty.

(Amended Ch. 991, Stats. 1978. Effective January 1, 1979.)

1791.3. As used in this chapter, a sale “as is” or “with all faults” means that the manufacturer, distributor, and retailer disclaim all implied warranties that would otherwise attach to the sale of consumer goods under the provisions of this chapter.

(Added Ch. 1333, Stats. 1970.)

1792. Unless disclaimed in the manner prescribed by this chapter, every sale of consumer goods that are sold at retail in this state shall be accompanied by the manufacturer’s and the retail seller’s implied warranty that the goods are merchantable. The retail seller shall have a right of indemnity against the manufacturer in the amount of any liability under this section.

(Amended Ch. 991, Stats. 1978. Effective January 1, 1979.)

1792.1. Every sale of consumer goods that are sold at retail in this state by a manufacturer who has reason to know at the time of the retail sale that the goods are required for a particular purpose and that the buyer is relying on the manufacturer’s skill or judgment to select
or furnish suitable goods shall be accompanied by such manufacturer's implied warranty of fitness.

1792.2. (a) Every sale of consumer goods that are sold at retail in this state by a retailer or distributor who has reason to know at the time of the retail sale that the goods are required for a particular purpose, and that the buyer is relying on the retailer's or distributor's skill or judgment to select or furnish suitable goods shall be accompanied by such retailer's or distributor's implied warranty that the goods are fit for that purpose.

(b) Every sale of an assistive device sold at retail in this state shall be accompanied by the retail seller's implied warranty that the device is specifically fit for the particular needs of the buyer.

1792.3. No implied warranty of merchantability and, where applicable, no implied warranty of fitness shall be waived, except in the case of a sale of consumer goods on an "as is" or "with all faults" basis where the provisions of this chapter affecting "as is" or "with all faults" sales are strictly complied with.

(Amended Ch. 1333, Stats. 1970.

1792.4. (a) No sale of goods, governed by the provisions of this chapter, on a "as is" or "with all faults" basis, shall be effective to disclaim the implied warranty of merchantability or, where applicable, the implied warranty of fitness, unless a conspicuous writing is attached to the goods which clearly informs the buyer, prior to the sale, in simple and concise language of each of the following:

(1) The goods are being sold on an "as is" or "with all faults" basis.

(2) The entire risk as to the quality and performance of the goods is with the buyer.

(3) Should the goods prove defective following their purchase, the buyer, manufacturer, distributor, or retailer assumes the entire cost of all necessary servicing or repair.

(b) In the event of sale of consumer goods by means of a mail order catalog, the catalog offering such goods shall contain the required writing as to each item so offered in lieu of the requirement of notification prior to the sale.

1792.5. Every sale of goods that are governed by the provisions of this chapter, on an "as is" or "with all faults" basis, made in compliance with the provisions of this chapter, shall constitute a waiver by the buyer of the implied warranty of merchantability and, where applicable, of the implied warranty of fitness.

1793. Except as provided in Section 1793.02, nothing in this chapter shall affect the right of the manufacturer, distributor, or retailer to make express warranties and with respect to consumer goods. However, a manufacturer, distributor, or retailer, in transacting a sale in which express warranties are given, may not limit, modify, or disclaim the implied warranties guaranteed by this chapter to the sale of consumer goods.

1793.05. Vehicle manufacturers who alter new vehicles into housecars shall, in addition to any new product warranty, assume any warranty responsibility of the original vehicle manufacturer for any and all components of the finished product which are, by virtue of any act of the alterer, no longer covered by the warranty issued by the original vehicle manufacturer.

1793.1. (a) (1) Every manufacturer, distributor, or retailer making express warranties with respect to consumer goods shall fully set forth those warranties in simple and readily understood language, which shall clearly identify the party making the express warranties, and which shall conform to the federal standards for disclosure of warranty terms and conditions set forth in the federal Magnuson-Moss Warranty-Federal Trade Commission Improvement Act (15 U.S.C. Sec. 2301 et seq.), and in the regulations of the Federal Trade Commission adopted pursuant to the provisions of that act. If the manufacturer, distributor, or retailer provides a warranty or product registration card or form, or an electronic online warranty or product registration form, to be completed and returned by the consumer, the card or form shall contain statements, each displayed in a clear and conspicuous manner, that do all of the following:

(A) Inform the consumer that the card or form is for product registration.

(B) Inform the consumer that failure to complete and return the card or form does not diminish his or her warranty rights.

(2) Every work order or repair invoice for warranty repairs or service shall clearly and conspicuously incorporate in 10-point boldface type the following statement either on the face of the work order or repair invoice, or on the reverse side, or on an attachment to the work order or repair invoice: “A buyer of this product in California has the right to have this product serviced or repaired during the warranty period. The warranty period will be extended for the number of whole days that the product has been out of the buyer’s hands for warranty repairs. If a defect exists within the warranty period, the warranty will not expire until the defect has been fixed. The warranty period will also be extended if the warranty repairs have not been performed due to delays caused by circumstances beyond the control of the buyer, or if the warranty repairs did not remedy the defect and the buyer notifies the manufacturer or seller of the failure of the repairs within 60 days after they were completed. If, after a reasonable number of attempts, the defect has not been fixed, the buyer may return this product for a replacement or a refund subject, in either case, to deduction of a reasonable charge for usage. This time extension does not affect the protections or remedies the buyer has under other laws.”

If the required notice is placed on the reverse side of the work order or repair invoice, the face of the work order or repair invoice shall include the following notice in 10-point boldface type: “Notice to Consumer: Please read important information on back.”

A copy of the work order or repair invoice and any attachment shall be presented to the buyer at the time that warranty service or repairs are made.

(b) No warranty or product registration card or form, or an electronic online warranty or product registration form, may be labeled as a warranty registration or a warranty confirmation.

(c) The requirements imposed by this section on the distribution of any warranty or product registration card or form, or an electronic online warranty or product registration form, shall become effective on January 1, 2004.

(d) This section does not apply to any warranty or product registration card or form that was printed prior to January 1, 2004, and was shipped or included with a product that was placed in the stream of commerce prior to January 1, 2004.

(e) Every manufacturer, distributor, or retailer making express warranties and who elects to maintain service and repair facilities within this state pursuant to this chapter shall perform one or more of the following:

(1) At the time of sale, provide the buyer with the name and address of each service and repair facility within this state.

(2) At the time of the sale, provide the buyer with the name and address and telephone number of a service and repair facility central directory within this state, or the toll-free telephone number of a service and repair facility central directory outside this state. It shall be the duty of the central directory to provide, upon inquiry, the name
§1793.2 CIVIL CODE

and address of the authorized service and repair facility nearest the buyer.

(3) Maintain at the premises of retail sellers of the warrantor's consumer goods a current listing of the warrantor's authorized service and repair facilities, or retail sellers to whom the consumer goods are to be returned for service and repair, whichever is applicable, within this state. It shall be the duty of every retail seller provided with that listing to provide, on inquiry, the name, address, and telephone number of the nearest authorized service and repair facility, or the retail seller to whom the consumer goods are to be returned for service and repair, whichever is applicable.

(Amended Sec. 1, Ch. 306, Stats. 2002. Effective January 1, 2003.)

1793.2. (a) Every manufacturer of consumer goods sold in this state and for which the manufacturer has made an express warranty shall:

(1) (A) Maintain in this state sufficient service and repair facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of those warranties or designate and authorize in this state as service and repair facilities independent repair or service facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of the warranties.

(B) As a means of complying with this paragraph, a manufacturer may enter into warranty service contracts with independent service and repair facilities. The warranty service contracts may provide for a fixed schedule of rates to be charged for warranty service or warranty repair work. However, the rates fixed by those contracts shall be in conformity with the requirements of subdivision (c) of Section 1793.3. The rates established pursuant to subdivision (c) of Section 1793.3, between the manufacturer and the independent service and repair facility, do not preclude a good faith discount that is reasonably related to reduced credit and general overhead cost factors arising from the manufacturer's payment of warranty charges direct to the independent service and repair facility. The warranty service contracts authorized by this paragraph may not be executed to cover a period of time in excess of one year, and may be renewed only by a separate, new contract or letter of agreement between the manufacturer and the independent service and repair facility.

(2) In the event of a failure to comply with paragraph (1) of this subdivision, be subject to Section 1793.5.

(3) Make available to authorized service and repair facilities sufficient service literature and replacement parts to effect repairs during the express warranty period.

(b) Where those service and repair facilities are maintained in this state and service or repair of the goods is necessary because they do not conform with the applicable express warranties, service and repair shall be commenced within a reasonable time by the manufacturer or its representative in this state. Unless the buyer agrees in writing to the contrary, the goods shall be serviced or repaired so as to conform to the applicable warranties within 30 days. Delay caused by conditions beyond the control of the manufacturer or its representatives shall serve to extend this 30-day requirement. Where delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

(c) The buyer shall deliver nonconforming goods to the manufacturer's service and repair facility within this state, unless, due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, delivery cannot reasonably be accomplished. If the buyer cannot return the nonconforming goods for any of these reasons, he or she shall notify the manufacturer or its nearest service and repair facility within the state. Written notice of nonconformity to the manufacturer or its service and repair facility shall constitute return of the goods for purposes of this section. Upon receipt of that notice of nonconformity, the manufacturer shall, at its option, service or repair the goods at the buyer's residence, or pick up the goods for service and repair, or arrange for transporting the goods to its service and repair facility. All reasonable costs of transporting the goods when a buyer cannot return them for any of the above reasons shall be at the manufacturer's expense. The reasonable costs of transporting nonconforming goods after delivery to the service and repair facility until return of the goods to the buyer shall be at the manufacturer's expense.

(d) (1) Except as provided in paragraph (2), if the manufacturer or its representative in this state does not service or repair the goods to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either replace the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(2) If the manufacturer or its representative in this state is unable to service or repair a new motor vehicle, as that term is defined in paragraph (2) of subdivision (e) of Section 1793.22, to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either promptly replace the new motor vehicle in accordance with subparagraph (A) or promptly make restitution to the buyer in accordance with subparagraph (B). However, the buyer shall be free to elect restitution in lieu of replacement, and in no event shall the buyer be required by the manufacturer to accept a replacement vehicle.

(A) In the case of replacement, the manufacturer shall replace the buyer's vehicle with a new motor vehicle substantially identical to the vehicle replaced. The replacement vehicle shall be accompanied by all express and implied warranties that normally accompany new motor vehicles of that specific kind. The manufacturer also shall pay for, or to, the buyer the amount of any sales or use tax, license fees, registration fees, and other official fees which the buyer is obligated to pay in connection with the replacement, plus any incidental damages to which the buyer is entitled under Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(B) In the case of restitution, the manufacturer shall make restitution in an amount equal to the actual price paid or payable by the buyer, including any charges for transportation and manufacturer-installed options, but excluding nonmanufacturer items installed by a dealer or the buyer, and including any other charges such as sales taxa, license fees, registration fees, and other official fees, plus any incidental damages to which the buyer is entitled under Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(C) When the manufacturer replaces the new motor vehicle pursuant to subparagraph (A), the buyer shall only be liable to pay the manufacturer an amount directly attributable to use by the buyer of the replaced vehicle prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. When restitution is made pursuant to subparagraph (B), the amount to be paid by the manufacturer to the buyer may be reduced by the manufacturer by that amount directly attributable to use by the buyer prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. The amount directly attributable to use by the buyer shall be determined by multiplying the actual price of the new motor vehicle paid or payable by the buyer, including any charges for transportation and manufacturer-installed options, by a fraction having as its denominator 120,000 and having as its numerator the number of miles traveled by the new motor vehicle prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. Nothing in this paragraph shall in any way limit the rights or remedies available to the buyer under any other law.
(e) (1) If the goods cannot practicably be serviced or repaired by the manufacturer or its representative to conform to the applicable express warranties because of the method of installation or because the goods have become so affixed to real property as to become a part thereof, the manufacturer shall either replace and install the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, including installation costs, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(2) With respect to claims arising out of deficiencies in the construction of a new residential dwelling, paragraph (1) shall not apply to either of the following:

(A) A product that is not a manufactured product, as defined in subdivision (g) of Section 896.

(B) A claim against a person or entity that is not the manufacturer that originally made the express warranty for that manufactured product.

(111x533) (Amended Sec. 1, Ch. 331, Stats. 2004. Effective January 1, 2005.)

1793.22. (a) This section shall be known and may be cited as the Tanner Consumer Protection Act.

(b) It shall be presumed that a reasonable number of attempts have been made to conform a new motor vehicle to the applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the odometer of the vehicle, whichever occurs first, one or more of the following occurs:

(1) The same nonconformity results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven and the nonconformity has been subject to repair two or more times by the manufacturer or its agents, and the buyer or lessee has at least once directly notified the manufacturer of the need for the repair of the nonconformity.

(2) The same nonconformity has been subject to repair four or more times by the manufacturer or its agents and the buyer has at least once directly notified the manufacturer of the need for the repair of the nonconformity.

(3) The vehicle is out of service by reason of repair of nonconformities by the manufacturer or its agents for a cumulative total of more than 30 calendar days since delivery of the vehicle to the buyer. The 30-day limit shall be extended only if repairs cannot be performed due to conditions beyond the control of the manufacturer or its agents. The buyer shall be required to directly notify the manufacturer pursuant to paragraphs (1) and (2) only if the manufacturer has clearly and conspicuously disclosed to the buyer, with the warranty or the owner’s manual, the provisions of this section and that of subdivision (d) of Section 1793.2, including the requirement that the buyer must notify the manufacturer directly pursuant to paragraphs (1) and (2). The notification, if required, shall be sent to the address, if any, specified clearly and conspicuously by the manufacturer in the warranty or owner’s manual. This presumption shall be a rebuttable presumption affecting the burden of proof, and it may be asserted by the buyer in any civil action, including an action in small claims court, or other formal or informal proceeding.

(c) If a qualified third-party dispute resolution process exists, and the buyer receives timely notification in writing of the availability of that qualified third-party dispute resolution process with a description of its operation and effect, the presumption in subdivision (b) may not be asserted by the buyer until after the buyer has initially resorted to the qualified third-party dispute resolution process as required in subdivision (d). Notification of the availability of the qualified third-party dispute resolution process is not timely if the buyer suffers any prejudice resulting from any delay in giving the notification. If a qualified third-party dispute resolution process does not exist, or if the buyer is dissatisfied with that third-party decision, or if the manufacturer or its agent neglects to promptly fulfill the terms of the qualified third-party dispute resolution process decision after the decision is accepted by the buyer, the buyer may assert the presumption provided in subdivision (b) in an action to enforce the buyer’s rights under subdivision (d) of Section 1793.2. The findings and decision of a qualified third-party dispute resolution process shall be admissible in evidence in the action without further foundation. Any period of limitation of actions under any federal or California laws with respect to any person shall be extended for a period equal to the number of days between the date a complaint is filed with a third-party dispute resolution process and the date of its decision or the date before which the manufacturer or its agent is required by the decision to fulfill its terms if the decision is accepted by the buyer, whichever occurs later.

(d) A qualified third-party dispute resolution process shall be one that does all of the following:

(2) Renders decisions which are binding on the manufacturer if the buyer elects to accept the decision.

(3) Prescribes a reasonable time, not to exceed 30 days after the decision is accepted by the buyer, within which the manufacturer or its agent must fulfill the terms of its decisions.

(4) Provides arbitrators who are assigned to decide disputes with copies of, and instruction in, the provisions of the Federal Trade Commission’s regulations in Part 703 of Title 16 of the Code of Federal Regulations as those regulations read on January 1, 1987, Division 2 (commencing with Section 2101) of the Commercial Code, and this chapter.

(5) Requires the manufacturer, when the process orders, under the terms of this chapter, either that the nonconforming motor vehicle be replaced if the buyer consents to this remedy or that restitution be made to the buyer, to replace the motor vehicle or make restitution in accordance with paragraph (2) of subdivision (d) of Section 1793.2.

(6) Provides, at the request of the arbitrator or a majority of the arbitration panel, for an inspection and written report on the condition of a nonconforming motor vehicle, at no cost to the buyer, by an automobile expert who is independent of the manufacturer.

(7) Takes into account, in rendering decisions, all legal and equitable factors, including, but not limited to, the written warranty, the rights and remedies conferred in regulations of the Federal Trade Commission contained in Part 703 of Title 16 of the Code of Federal Regulations as those regulations read on January 1, 1987, Division 2 (commencing with Section 2101) of the Commercial Code, this chapter, and any other equitable considerations appropriate in the circumstances. Nothing in this chapter requires that, to be certified as a qualified third-party dispute resolution process pursuant to this section, decisions of the process must consider or provide remedies in the form of awards of punitive damages or multiple damages, under subdivision (c) of Section 1794, or of attorneys’ fees under subdivision (d) of Section 1794, or of consequential damages other than as provided in subdivisions (a) and (b) of Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(8) Requires that no arbitrator deciding a dispute may be a party to the dispute and that no other person, including an employee, agent, or dealer for the manufacturer, may be allowed to participate substantively in the merits of any dispute with the arbitrator unless the buyer is allowed to participate also. Nothing in this subdivision prohibits any member of an arbitration board from deciding a dispute.

(9) Obtains and maintains certification by the Department of Consumer Affairs pursuant to Chapter 9 (commencing with Section 472) of Division 1 of the Business and Professions Code.

(e) For the purposes of subdivision (d) of Section 1793.2 and this section, the following terms have the following meanings:
(1) “Nonconformity” means a nonconformity which substantially impairs the use, value, or safety of the new motor vehicle to the buyer or lessee.

(2) “New motor vehicle” means a new motor vehicle that is bought or used primarily for personal, family, or household purposes. “New motor vehicle” also means a new motor vehicle with a gross vehicle weight under 10,000 pounds that is bought or used primarily for business purposes by a person, including a partnership, limited liability company, corporation, association, or any other legal entity, to which not more than five motor vehicles are registered in this state.

“New motor vehicle” includes the chassis, chassis cab, and that portion of a motor home devoted to its propulsion, but does not include any portion designed, used, or maintained primarily for human habitation, a dealer-owned vehicle and a “demonstrator” or other motor vehicle sold with a manufacturer’s new car warranty but does not include a motorcycle or a motor vehicle which is not registered under the Vehicle Code because it is to be operated or used exclusively off the highways. A demonstrator is a vehicle assigned by a dealer for the purpose of demonstrating qualities and characteristics common to vehicles of the same or similar model and type.

(3) “Motor home” means a vehicular unit built on, or permanently attached to, a self-propelled motor vehicle chassis, chassis cab, or van, which becomes an integral part of the completed vehicle, designed for human habitation for recreational or emergency occupancy.

(4) Except as provided in paragraph (2), no person shall sell, either at wholesale or retail, lease, or transfer a motor vehicle transferred by a buyer or lessee to a manufacturer pursuant to paragraph (2) of subdivision (d) of Section 1793.2 or a similar statute of any other state, unless the nature of the nonconformity experienced by the original buyer or lessee is clearly and conspicuously disclosed to the prospective buyer, lessee, or transferee, the nonconformity is corrected, and the manufacturer warrants to the new buyer, lessee, or transferee in writing for a period of one year that the motor vehicle is free of that nonconformity.

(2) Except for the requirement that the nature of the nonconformity be disclosed to the transferee, paragraph (1) does not apply to the transfer of a motor vehicle to an educational institution if the purpose of the transfer is to repair or maintain the motor vehicle available for use in automotive repair courses.

(Amended Sec. 1, Ch. 679, Stats. 2000. Effective January 1, 2001.)

1793.23. (a) The Legislature finds and declares all of the following:

1. That the expansion of state warranty laws covering new and used cars has given important and valuable protection to consumers.

2. That, in states without this valuable warranty protection, used and irreparable motor vehicles are being resold in the marketplace without notice to the subsequent purchaser.

3. That other states have addressed this problem by requiring notices on the title of these vehicles or other notice procedures to warn consumers that the motor vehicles were reacquired by a dealer or manufacturer because the vehicle could not be repaired in a reasonable length of time or a reasonable number of repair attempts or the dealer or manufacturer was not willing to repair the vehicle.

4. That these notices serve the interests of consumers who have a right to information relevant to their buying decisions.

5. That the disappearance of these notices upon the transfer of title from another state to this state encourages the transport of “lemons” to this state for sale to the drivers of this state.

(b) This section and Section 1793.24 shall be known, and may be cited as, the Automotive Consumer Notification Act.

(c) Any manufacturer who reacquires or assists a dealer or lienholder to reacquire a motor vehicle registered in this state, any other state, or a federally administered district shall, prior to any sale, lease, or transfer of the vehicle in this state, or prior to exporting the vehicle to another state for sale, lease, or transfer if the vehicle was registered in this state and reacquired pursuant to paragraph (2) of subdivision (d) of Section 1793.2, cause the vehicle to be retitled in the name of the manufacturer, request the Department of Motor Vehicles to inscribe the ownership certificate with the notation “Lemon Law Buyback,” and affix a decal to the vehicle in accordance with Section 11713.12 of the Vehicle Code if the manufacturer knew or should have known that the vehicle is required by law to be replaced, accepted for restitution due to the failure of the manufacturer to conform the vehicle to applicable warranties pursuant to paragraph (2) of subdivision (d) of Section 1793.2, or accepted for restitution by the manufacturer due to the failure of the manufacturer to conform the vehicle to warranties required by any other applicable law of the state, any other state, or federal law.

(d) Any manufacturer who reacquires or assists a dealer or lienholder to reacquire a motor vehicle in response to a request by the buyer or lessee that the vehicle be either replaced or accepted for restitution because the vehicle did not conform to express warranties shall, prior to the sale, lease, or other transfer of the vehicle, execute and deliver to the subsequent transferee a notice and obtain the transferee’s written acknowledgment of a notice, as prescribed by Section 1793.24.

(e) Any person, including any dealer, who acquires a motor vehicle for resale and knows or should have known that the vehicle was reacquired by the vehicle’s manufacturer in response to a request by the last retail owner or lessee of the vehicle that it be replaced or accepted for restitution because the vehicle did not conform to express warranties shall, prior to the sale, lease, or other transfer, execute and deliver to the subsequent transferee a notice and obtain the transferee’s written acknowledgment of a notice, as prescribed by Section 1793.24.

(f) Any person, including any manufacturer or dealer, who sells, leases, or transfers ownership of a motor vehicle when the vehicle’s ownership certificate is inscribed with the notation “Lemon Law Buyback” shall, prior to the sale, lease, or ownership transfer of the vehicle, provide the transferee with a disclosure statement signed by the transferee that states:

“THIS VEHICLE WAS REPURCHASED BY ITS MANUFACTURER DUE TO A DEFECT IN THE VEHICLE PURSUANT TO CONSUMER WARRANTY LAWS THE TITLE TO THIS VEHICLE HAS BEEN PERMANENTLY BRANDED WITH THE NOTATION ‘LEMON LAW BUYBACK’.”

(g) The disclosure requirements in subdivisions (d), (e), and (f) are cumulative with all other consumer notice requirements and do not relieve any person, including any dealer or manufacturer, from complying with any other applicable law, including any requirement of subdivision (f) of Section 1793.22.

(h) For purposes of this section, “dealer” means any person engaged in the business of selling, offering for sale, or negotiating the retail sale of, a used motor vehicle or selling motor vehicles as a broker or agent for another, including the officers, agents, and employees of the person and any combination or association of dealers.

(Amended Sec. 7, Ch. 932, Stats. 1998. Effective January 1, 1999.)

1793.24. (a) The notice required in subdivisions (d) and (e) of Section 1793.23 shall be prepared by the manufacturer of the reacquired vehicle and shall disclose all of the following:

1. Year, make, model, and vehicle identification number of the vehicle.

2. Whether the title to the vehicle has been inscribed with the notation “Lemon Law Buyback.”

3. The nature of each nonconformity reported by the original buyer or lessee of the vehicle.

4. Repairs, if any, made to the vehicle in an attempt to correct each nonconformity reported by the original buyer or lessee.

(b) The notice shall be on a form 8 1/2 x 11 inches in size and printed in no smaller than 10-point black type on a white background.
CIVIL CODE §1793.3

1793.3. If the manufacturer of consumer goods sold in this state for which the manufacturer has made an express warranty does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2 or does not make available to authorized service and repair facilities service literature and replacement parts sufficient to effect repair during the express warranty period, the buyer of such manufacturer’s nonconforming goods may follow the course of action prescribed in either subdivision (a), (b), or (c), below, as follows:

(a) Return the nonconforming consumer goods to the retail seller thereof. The retail seller shall do one of the following:

(1) Service or repair the nonconforming goods to conform to the applicable warranty.

(2) Direct the buyer to a reasonably close independent repair or service facility willing to accept service or repair of the nonconforming goods.

(3) Replace the nonconforming goods with goods that are identical or reasonably equivalent to the warranted goods.

(4) Refund to the buyer the original purchase price less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(b) Return the nonconforming consumer goods to any retail seller of like goods of the same manufacturer within this state who may do one of the following:

(1) Service or repair the nonconforming goods to conform to the applicable warranty.

(2) Direct the buyer to a reasonably close independent repair or service facility willing to accept service or repair of the nonconforming goods.

(3) Replace the nonconforming goods with goods that are identical or reasonably equivalent to the warranted goods.

(4) Refund to the buyer the original purchase price less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(c) The manufacturer shall provide an executed copy of the notice to the manufacturer’s transferee. Each transferee, including a dealer, to whom the motor vehicle is transferred prior to its sale to a retail buyer or lessee shall be provided an executed copy of the notice by the previous transferee.

(Added Sec. 2, Ch. 503, Stats. 1995. Effective January 1, 1996.)
§1793.4 CIVIL CODE

1793.4. Where an option is exercised in favor of service and repair under Section 1793.3, such service and repair must be commenced within a reasonable time, and, unless the buyer agrees in writing to the contrary, goods conforming to the applicable express warranty shall be returned to the retailer of the goods within 30 days. Delay caused by conditions beyond the control of the retail seller or his representative shall serve to extend this 30-day requirement. Where such a delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

(Amended Ch. 991, Stats. 1978. Effective January 1, 1979.)

1793.5. Every manufacturer making express warranties who does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2 shall be liable as prescribed in this section to every retail seller of such manufacturer’s goods who incurs obligations in giving effect to the express warranties that accompany such manufacturer’s consumer goods. The amount of such liability shall be determined as follows:

(a) In the event of replacement, in an amount equal to the actual cost to the retail seller of the replaced goods, and cost of transporting the goods, if such costs are incurred plus a reasonable handling charge.

(b) In the event of service and repair, in an amount equal to the actual cost to the retail seller for like service rendered to retail consumers who are not entitled to warranty protection, including actual and reasonable costs of the service and repair and the cost of transporting the goods, if such costs are incurred plus a reasonable profit.

(c) In the event of reimbursement under subdivision (a) of Section 1793.3, in an amount equal to that reimbursed to the buyer, plus a reasonable handling charge.

(Amended Ch. 1523, Stats. 1971. Operative January 1, 1972.)

1793.6. Except as otherwise provided in the terms of a warranty service contract, as specified in subdivision (a) of Section 1793.2, entered into between a manufacturer and an independent service and repair facility, every manufacturer making express warranties whose consumer goods are sold in this state shall be liable as prescribed in this section to every independent serviceman who performs services or incurs obligations in giving effect to the express warranties that accompany such manufacturer’s consumer goods. Whether the independent serviceman is acting as an authorized service and repair facility designated by the manufacturer pursuant to paragraph (1) of subdivision (a) of Section 1793.2 or is acting as an independent serviceman pursuant to subdivisions (c) and (d) of Section 1793.3, the amount of such liability shall be an amount equal to the actual and reasonable costs of the service and repair, including any cost for parts and any reasonable costs of transporting the goods or parts, plus a reasonable profit. It shall be a rebuttable presumption affecting the burden of producing evidence that the reasonable cost of service or repair is an amount equal to that which is charged by the independent serviceman for like services or repairs rendered to service or repair customers who are not entitled to warranty protection. Any waiver of the liability of a manufacturer shall be void and unenforceable.

(Added Ch. 416, Stats. 1976.)

1794. (a) Any buyer of consumer goods who is damaged by a failure to comply with any obligation under this chapter or under an implied or express warranty or service contract may bring an action for the recovery of damages and other legal and equitable relief.

(b) The measure of the buyer’s damages in an action under this section shall include the rights of replacement or reimbursement as set forth in subdivision (d) of Section 1793.2, and the following:

(1) Where the buyer has rightfully rejected or justifiably revoked acceptance of the goods or has exercised any right to cancel the sale, Sections 2711, 2712, and 2713 of the Commercial Code shall apply.

(2) Where the buyer has accepted the goods, Sections 2714 and 2715 of the Commercial Code shall apply, and the measure of damages shall include the cost of repairs necessary to make the goods conform.

(c) If the buyer establishes that the failure to comply was willful, the measure of damages may include, in addition to the amount recovered under subdivision (a), a civil penalty which shall not exceed two times the amount of actual damages. This subdivision shall not apply in any class action under Section 382 of the Code of Civil Procedure or under Section 1781, or with respect to a claim based solely on a breach of an implied warranty.

(d) If the buyer prevails in an action under this section, the buyer shall be allowed by the court to recover as part of the judgment a sum equal to the aggregate amount of costs and expenses, including attorney’s fees based on actual time expended, determined by the court to have been reasonably incurred by the buyer in connection with the commencement and prosecution of such action.

(e) (1) Except as otherwise provided in this subdivision, if the buyer establishes a violation of paragraph (2) of subdivision (d) of Section 1793.2, the buyer shall recover damages and reasonable attorney’s fees and costs, and may recover a civil penalty of up to two times the amount of damages.

(2) If the manufacturer maintains a qualified third-party dispute resolution process which substantially complies with Section 1793.22, the manufacturer shall not be liable for any civil penalty pursuant to this subdivision.

(3) After the occurrence of the events giving rise to the presumption established in subdivision (b) of Section 1793.22, the buyer may serve upon the manufacturer a written notice requesting that the manufacturer comply with paragraph (2) of subdivision (d) of Section 1793.2. If the buyer fails to serve the notice, the manufacturer shall not be liable for a civil penalty pursuant to this subdivision.

(4) If the buyer serves the notice described in paragraph (3) and the manufacturer complies with paragraph (2) of subdivision (d) of Section
§1794.41  (a) No service contract covering any motor vehicle, home appliance, or home electronic product purchased for use in this state may be offered for sale or sold unless all of the following elements exist:

1. The contract shall contain the disclosures specified in Section 1794.4 and shall disclose in the manner described in that section the buyer’s cancellation and refund rights provided by this section.

2. The contract shall be available for inspection by the buyer prior to purchase and either the contract, or a brochure which specifically describes the terms, conditions, and exclusions of the contract, and the provisions of this section relating to contract delivery, cancellation, and refund, shall be delivered to the buyer at or before the time of purchase of the contract. Within 60 days after the date of purchase, the contract itself shall be delivered to the buyer. If a service contract for a home appliance or a home electronic product is sold by means of a telephone solicitation, the seller may elect to satisfy the requirements of this paragraph by mailing or delivering the contract to the buyer not later than 30 days after the date of the sale of the contract.

3. The contract is applicable only to items, costs, and time periods not covered by the express warranty. However, a service contract may run concurrently with or overlap an express warranty if (A) the contract covers items or costs not covered by the express warranty or (B) the contract provides relief to the purchaser not available under the express warranty, such as automatic replacement of a product where the express warranty only provides for repair.

4. The contract shall be cancelable by the purchaser under the following conditions:
(A) Unless the contract provides for a longer period, within the first 60 days after receipt of the contract, or with respect to a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, within the first 30 days after receipt of the contract, the full amount paid shall be refunded by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract, and if no claims have been made against the contract. If a claim has been made against the contract either within the first 60 days after receipt of the contract, or with respect to a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, within the first 30 days after receipt of the contract, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage or the retail value of any service performed, at the seller's option as indicated in the contract, or for a vehicle service contract at the obligor's option as determined at the time of cancellation, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract.

(B) Unless the contract provides for a longer period for obtaining a full refund, after the first 60 days after receipt of the contract, or with respect to a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, after the first 30 days after the receipt of the contract, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage or the retail value of any service performed, at the seller's option as indicated in the contract, or for a vehicle service contract at the obligor's option as determined at the time of cancellation, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract. In addition, the seller may assess a cancellation or administrative fee, not to exceed 10 percent of the price of the service contract or twenty-five dollars ($25), whichever is less.

(C) If the purchase of the service contract was financed, the seller may make the refund payable to the purchaser, the assignee, or lender of record, or both.

(b) Nothing in this section shall apply to a home protection plan that is issued by a home protection company which is subject to Part 7 (commencing with Section 12740) of Division 2 of the Insurance Code. The provision of the Insurance Code shall apply instead of this section.

(c) If any provision of this section conflicts with any provision of Part 8 (commencing with Section 12800) of Division 2 of the Insurance Code, the provision of the Insurance Code shall apply instead of this section.

(Amended Sec. 7, Ch. 543, Stats. 2010. Effective January 1, 2011.)

1794.5. The provisions of this chapter shall not preclude a manufacturer making express warranties from suggesting methods of effecting service and repair, in accordance with the terms and conditions of the express warranties, other than those required by this chapter.

(Added Ch. 1333, Stats. 1970.)

1795. If express warranties are made by persons other than the manufacturer of the goods, the obligation of the person making such warranties shall be the same as that imposed on the manufacturer under this chapter.

(Added Ch. 1333, Stats. 1970.)

1795.1. This chapter shall apply to any equipment or mechanical, electrical, or thermal component of a system designed to heat, cool, or otherwise condition air, but, with that exception, shall not apply to the system as a whole where such a system becomes a fixed part of a structure.

(Amended Ch. 728, Stats. 1983. Effective January 1, 1984.)

1795.4. For the purposes of this chapter only, the following rules apply to leases of both new and used consumer goods:

(a) If express warranties are regularly furnished to purchasers of substantially the same kind of goods, (1) those warranties will be deemed to apply to the leased goods and (2) the lessor and lessee shall each be deemed to be the first purchaser of the goods for the purpose of any warranty provision limiting warranty benefits to the original purchaser.

(b) The lessee of goods has the same rights under this chapter against the manufacturer and any person making express warranties that the lessee would have had under this chapter if the goods had been purchased by the lessee, and the manufacturer and any person making express warranties have the same duties and obligations under this chapter with respect to the goods that such manufacturer and other person would have had under this chapter if the goods had been sold to the lessee.

(c) If a lessee leases goods to a lessee from the lessor's inventory, the lessee has the same rights under this chapter against the lessor that the lessee would have had if the goods had been purchased by the lessee, and the lessee has the same duties and obligations under this chapter with respect to the goods that the lessor would have had under this chapter if the goods had been sold to the lessee. For purposes of this section, "inventory" shall include both goods in the lessor's possession prior to negotiation of the lease and goods ordered from another party in order to lease those goods to the lessee where the lessor is a dealer in goods of that type.

(d) If a lessor leases goods to a lessee which the lessor acquires other than from the lessor's inventory, the lessee has the same rights under this chapter against the lessor that the lessee would have had if the goods had been purchased by the lessee from the seller, and the seller of the goods to the lessor has the same duties and obligations under this chapter with respect to the goods that the seller would have had under this chapter if the goods had been purchased by the lessee from the seller.

(e) A lessor who re-leases goods to a new lessee and does not retake possession of the goods prior to consummation of the re-lease may, notwithstanding the provisions of Section 1793, disclaim as to that lessee any and all warranties created by this chapter by conspicuously disclosing in the lease that these warranties are disclaimed.

(f) A lessor shall have the same obligations to the lessee with relation to warranties in connection with a lease of goods and the seller of goods to a lessee shall have the same rights and remedies against the manufacturer and any person making express warranties that a seller of the goods would have had if the seller had sold the goods to the lessee.

(Added Ch. 1169, Stats. 1984. Effective January 1, 1985.)

1795.5. Notwithstanding the provisions of subdivision (a) of Section 1791 defining consumer goods to mean "new" goods, the obligation of a distributor or retail seller of used consumer goods in a sale in which an express warranty is given shall be the same as that imposed on manufacturers under this chapter except:

(a) It shall be the obligation of the distributor or retail seller making express warranties with respect to used consumer goods (and not the original manufacturer, distributor, or retail seller making express warranties with respect to such goods when new) to maintain sufficient service and repair facilities within this state to carry out the terms of such express warranties.

(b) The provisions of Section 1793.5 shall not apply to the sale of used consumer goods sold in this state.

(c) The duration of the implied warranty of merchantability and where present the implied warranty of fitness with respect to used consumer goods sold in this state, where the sale is accompanied by an express warranty, shall be coextensive in duration with an express warranty which accompanies the consumer goods, provided the duration of the express warranty is reasonable, but in no event shall such implied warranties have a duration of less than 30 days nor more than three months following the sale of used consumer goods to a retail buyer. Where no duration for an express warranty is stated with
respect to such goods, or parts thereof, the duration of the implied warranties shall be the maximum period prescribed above.

(d) The obligation of the distributor or retail seller who makes express warranties with respect to used goods that are sold in this state, shall extend to the sale of all such used goods, regardless of when such goods may have been manufactured.

(Added Ch. 728, Stats. 1983. Effective January 1, 1984.)

In such event, the manufacturer shall be liable in accordance with the provisions of Section 1793.5 for the period that an express warranty has been extended by virtue of Section 1795.6 to every retail seller who incurs obligations in giving effect to such express warranty. The manufacturer shall also be liable to every retail seller for the period that an implied warranty has been extended by virtue of Section 1795.6, in the same manner as he would be liable under Section 1793.5 for an express warranty. If a manufacturer provides for warranty repairs and service through its own service and repair facilities and through independent repair facilities in the state, its exclusive liability pursuant to this section shall be to such facilities.

Motor Vehicle Sales and Finance Act

2981. As used in this chapter, unless the context otherwise requires:

(a) “Conditional sale contract” means:

(1) A contract for the sale of a motor vehicle between a buyer and a seller, with or without accessories, under which possession is delivered to the buyer and either of the following:

(A) The title vests in the buyer thereafter only upon the payment of all or a part of the price, or the performance of any other condition.

(B) A lien on the property is to vest in the seller as security for the payment of part or all of the price, or for the performance of any other condition.

(2) A contract for the bailment of a motor vehicle between a buyer and a seller, with or without accessories, by which the bailee or lessee agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the vehicle and its accessories, if any, at the time the contract is executed, and by which it is agreed that the bailee or lessee will become, or for no other or for a nominal consideration has the option of becoming, the owner of the vehicle upon full compliance with the terms of the contract.

(b) “Seller” means a person engaged in the business of selling or leasing motor vehicles under conditional sale contracts.

(c) “Buyer” means the person who buys or hires a motor vehicle under a conditional sale contract.

(d) “Person” includes an individual, company, firm, association, partnership, trust, corporation, limited liability company, or other legal entity.

(e) “Cash price” means the amount for which the seller would sell and transfer to the buyer unqualified title to the motor vehicle described in the conditional sale contract, if the property were sold for cash at the seller’s place of business on the date the contract is executed, and shall include taxes to the extent imposed on the cash sale and the cash price of accessories or services related to the sale, including, but not limited to, delivery, installation, alterations, modifications, improvements, document preparation fees, a service contract, a vehicle contract cancellation option agreement, and payment of a prior credit or lease balance remaining on property being traded in.

(f) “Downpayment” means a payment that the buyer pays or agrees to pay to the seller in cash or property value or money’s worth at or prior to delivery by the seller to the buyer of the motor vehicle described in the conditional sale contract. The term shall also include the amount of any portion of the downpayment the payment of which is deferred until not later than the due date of the second otherwise scheduled payment, if the amount of the deferred downpayment is not subject to a finance charge. The term does not include any administrative finance charge charged, received or collected by the seller as provided in this chapter.

(g) “Amount financed” means the amount required to be disclosed pursuant to paragraph (8) of subdivision (a) of Section 2982.

(h) “Unpaid balance” means the difference between subdivision (e) and subdivision (f), plus all insurance premiums (except for credit life or disability insurance when the amount thereof is included in the finance charge), which are included in the contract balance, and the total amount paid or to be paid as follows:

(1) To a public officer in connection with the transaction.

(2) For license, certificate of title, and registration fees imposed by law, and the amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9880.56 of the Business and Professions Code.

(i) “Finance charge” has the meaning set forth for that term in Section 226.4 of Regulation Z. The term shall not include delinquency charges or collection costs and fees as provided by subdivision (k) of Section 2982, extension or deferral agreement charges as provided by Section 2982.3, or amounts for insurance, repairs to or preservation of the motor vehicle, or preservation of the security interest therein advanced by the holder under the terms of the contract.

(j) “Total of payments” means the amount required to be disclosed pursuant to subdivision (h) of Section 226.18 of Regulation Z. The term includes any portion of the downpayment that is deferred until not later than the second otherwise scheduled payment and that is not subject to a finance charge. The term shall not include amounts for which the buyer may later become obligated under the terms of the contract in connection with insurance, repairs to or preservation of the motor vehicle, preservation of the security interest therein, or otherwise.

(k) “Motor vehicle” means a vehicle required to be registered under the Vehicle Code that is bought for use primarily for personal or family purposes, and does not mean any vehicle that is bought for use primarily for business or commercial purposes or a mobilehome, as defined in Section 18008 of the Health and Safety Code that is sold on or after July 1, 1981. “Motor vehicle” does not include any trailer that is sold in conjunction with a vessel and that comes within the definition of “goods” under Section 1802.1.

(l) “Purchase order” means a sales order, car reservation, statement of transaction or any other such instrument used in the conditional sale of a motor vehicle pending execution of a conditional sale contract. The purchase order shall conform to the disclosure requirements of subdivision (a) of Section 2982 and Section 2984.1, and subdivision (m) of Section 2982 shall apply.

(m) “Regulation Z” means a rule, regulation or interpretation promulgated by the Board of Governors of the Federal Reserve System (“Board”) under the federal Truth in Lending Act, as amended (15 U.S.C. 1601, et seq.), and an interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by...
the board under the Truth in Lending Act, as amended, to issue the interpretations or approvals.

(n) “Simple-interest basis” means the determination of a finance charge, other than an administrative finance charge, by applying a constant rate to the unpaid balance as it changes from time to time during the term of the contract.

(1) Calculated on the basis of a 365-day year and actual days elapsed (although the seller may, but need not, adjust its calculations to account for leap years); reference in this chapter to the “365-day basis” shall mean this method of determining the finance charge, or

(2) For contracts entered into prior to January 1, 1988, calculated on the basis of a 360-day year consisting of 12 months of 30 days each and on the assumption that all payments will be received by the seller on their respective due dates; reference in this chapter to the “360-day basis” shall mean this method of determining the finance charge.

(1) “Precomputed basis” means the determination of a finance charge by multiplying the original unpaid balance of the contract by a rate and multiplying that product by the number of payment periods elapsing between the date of the contract and the date of the last scheduled payment.

(p) “Service contract” means “vehicle service contract” as defined in subdivision (c) of Section 12800 of the Insurance Code.

(q) “Surface protection product” means the following products installed by the seller after the motor vehicle is sold:

(3) A body part marking product.
(4) A steering lock.
(5) A pedal or ignition lock.
(6) A fuel or ignition kill switch.

2981.5. A contract for the bailment or leasing of a motor vehicle, with or without accessories, which establishes the maximum for which a bailee or lessee could be held liable at the end of the lease or bailment period, or upon an earlier termination, by reference to the value of the vehicle at such time, is not a contract by which the bailee or lessee will become or for no other or for a nominal consideration has the option of becoming the owner of the vehicle, for the purposes of paragraph (2) of subdivision (a) of Section 2981 or any other provision of this chapter.

(Added Ch. 696, Stats. 1973. Effective January 1, 1974.)

2981.7. All contracts entered into between a buyer and a seller on or after January 1, 1983, shall provide for the calculation of the finance charge contemplated by item (A) of paragraph (1) of subdivision (c) of Section 2982 on the simple-interest basis, if the date on which the final installment is due, according to the original terms of the contract, is more than 62 months after the date of the contract.

(Added Ch. 805, Stats. 1979. Effective January 1, 1980.)

2981.8. No contract shall provide for a finance charge which is determined in part by the precomputed basis and in part by the simple-interest basis except for any finance charge permitted by subdivisions (a) and (c) of Section 2982.8.

(Added Ch. 1380, Stats. 1980. Effective October 1, 1980. Supersedes Ch. 1149.)

2981.9. Every conditional sale contract subject to this chapter shall be in writing and, if printed, shall be printed in type no smaller than 6-point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his or her authorized representative and by the seller or its authorized representative. An exact copy of the contract or purchase order shall be furnished to the buyer by the seller at the time the buyer and the seller have signed it. No motor vehicle shall be delivered pursuant to a contract subject to this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign and which he or she has signed during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed.

(Added Ch. 1075, Stats. 1981. Operative April 1, 1982.)

2982. A conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z, whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled “itemization of the amount financed”:

(1) (A) The cash price, exclusive of document processing charges, charges to electronically register or transfer the vehicle, taxes imposed on the sale, pollution control certification fees, prior credit or lease balance on property being traded in, the amount charged for a service contract, the amount charged for a theft deterrent system, the amount charged for a surface protection product, the amount charged for an optional debt cancellation agreement, and the amount charged for a contract cancellation option agreement.

(H) The charge to electronically register or transfer the vehicle authorized pursuant to Section 4456.5 of the Vehicle Code.

(I) The amount charged for a service contract.

(K) Any charge for an optional debt cancellation agreement.

(L) Any charge for a used vehicle contract cancellation option agreement.

(M) The total cash price, which is the sum of subparagraphs (A) to (L), inclusive.

(N) The disclosures described in subparagraphs (A) to (L) are not required on contracts involving the sale of a motorcycle, as defined in Section 400 of the Vehicle Code, or on contracts involving the sale of
an off-highway motor vehicle that is subject to identification under Section 38010 of the Vehicle Code, and the amounts of those charges, if any, are not required to be reflected in the total price under subparagraph (M).

(2) Amounts paid to public officials for the following:
(A) Vehicle license fees.
(B) Registration, transfer, and titling fees.
(C) California tire fees imposed pursuant to Section 42885 of the Public Resources Code.

(A) The agreed value of the property being traded in.
(B) The prior credit or lease balance, if any, owing on the property being traded in.
(C) The net agreed value of the property being traded in, which is the difference between the amounts disclosed in subparagraphs (A) and (B). If the prior credit or lease balance of the property being traded in exceeds the agreed value of the property, a negative number shall be stated.
(D) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and that is not subject to a finance charge.
(E) The amount of any manufacturer’s rebate applied to or to be applied to the downpayment.
(F) The remaining amount paid or to be paid by the buyer as a downpayment.
(G) The total downpayment. If the sum of subparagraphs (C) to (F), inclusive, is zero or more, that sum shall be stated as the total downpayment, and no amount shall be stated as the prior credit or lease balance under subparagraph (I) of paragraph (1). If the sum of subparagraphs (C) to (F), inclusive, is less than zero, then that sum, expressed as a positive number, shall be stated as the prior credit or lease balance under subparagraph (I) of paragraph (1), and zero shall be stated as the total downpayment. The disclosure required by this subparagraph shall be labeled “total downpayment” and shall contain a descriptor indicating that if the total downpayment is a negative number, a zero shall be disclosed as the total downpayment and a reference made that the remainder shall be included in the disclosure required pursuant to subparagraph (I) of paragraph (1).

(7) The amount of any administrative finance charge, labeled “prepaid finance charge.”

(8) The difference between the amount described in paragraph (5) and the sum of the amounts described in paragraphs (6) and (7), labeled “amount financed.”

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required pursuant to Section 2983.2 and permitted pursuant to Sections 2983.5 and 2984 is to be sent.

(f) (1) If the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer’s obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78’s, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) If the contract includes a finance charge that is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) If the contract includes a finance charge that is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(2) If the contract includes a finance charge that is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(h) The contract shall contain a notice in at least 8-point boldface type if the contract is printed, reading as follows: “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(i) If the contract includes a finance charge that is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(j) The contract shall contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows: “If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not
have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

Buyer’s Signature"

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance, other than for credit life or disability, is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) Except for contracts in which the finance charge or a portion of the finance charge is determined by the simple-interest basis and the amount financed disclosed pursuant to paragraph (8) of subdivision (a) is more than two thousand five hundred dollars ($2,500), the dollar amount of the disclosed finance charge may not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), 11/6 percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900) and five-sixths of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed two thousand five hundred dollars ($2,500).

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment.

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25).

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000).

(ii) Fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000).

(iii) Seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract shall not charge, collect, or receive a finance charge that exceeds the disclosed finance charge, except to the extent (A) caused by the holder’s receipt of one or more payments under a contract that provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of the administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge that is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) If a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement may not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(l) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. If the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion of the finance charge was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges that are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments received under the contract shall be assumed to have been received on their respective due dates regardless of the actual dates on which the payments were received.

(3) If the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) This subdivision shall not impair the right of the seller or the seller’s assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, if the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2). Notwithstanding, the buyer’s outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer’s indebtedness, as of the date the holder takes possession of the motor vehicle.
(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, all of the requirements and limitations set forth in subdivision (a) are satisfied. This chapter does not prohibit the disclosure in that contract of additional information required or permitted under Regulation Z, as in effect at the time that disclosure is made.

(n) If the seller imposes a charge for document processing or to electronically register or transfer the vehicle, the contract shall contain a disclosure that the charge is not a governmental fee.

(o) A seller shall not impose an application fee for a transaction governed by this chapter.

(p) The seller or holder may charge and collect a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract if the contract so provides or if the contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract.

(q) The contract shall disclose on its face, by printing the word “new” or “used” within a box outlined in red, that is not smaller than one-half inch high and one-half inch wide, whether the vehicle is sold as a new vehicle, as defined in Section 430 of the Vehicle Code, or as a used vehicle, as defined in Section 665 of the Vehicle Code.

(r) The contract shall contain a notice with a heading in at least 12-point bold type and the text in at least 10-point bold type, circumscribed by a line, immediately above the contract signature line, that reads as follows:

**THE THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION**

California law does not provide for a “cooling-off” or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud. However, California law does require a seller to offer a two-day contract cancellation option on used vehicles with a purchase price of less than forty thousand dollars ($40,000), subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a recreational vehicle, a motorcycle, or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

(s) This section shall become operative on July 1, 2013.

Operative July 1, 2013.)

### §2982.3

**2982.3.** (a) The holder of a conditional sale contract may, upon agreement with the buyer, extend the scheduled due date or defer the scheduled payment of all or any part of any installment or installments payable thereunder. No charge shall be made for any such extension or deferment unless the agreement for such extension or deferment is in writing and signed by the parties thereto. However, the seller or holder may, as an adjunct to or to assist in efforts to collect one or more delinquent installments on the contract, advise one or more obligors on the contract, either in writing or orally, that the due date for one or more installments under the contract shall be extended, with no charge being made for such extension other than any applicable late charge provided for in the contract.

(b) Where the contract includes a finance charge determined on the precomputed basis, the holder may charge and contract for the payment of an extension or deferral agreement charge by the buyer and collect and receive the same, but such charge may not exceed an amount equal to 1 percent per month simple interest on the amount of the installment or installments, or part thereof, extended or deferred for the period of extension or deferral. Such period shall not exceed the period from the date when such extended or deferred installment or installments, or part thereof, would have been payable in the absence of such extension or deferral to the date when such installment or installments, or part thereof, are made payable under the agreement of extension or deferment; except that a minimum charge of one dollar ($1) for the period of extension or deferral may be made in any case where the extension or deferral agreement charge, when computed at such rate, amounts to less than one dollar ($1).

(c) Where the contract includes a finance charge determined on the simple-interest basis, the holder may charge and contract for the payment of an extension or deferral agreement charge by the buyer and collect and receive the same, but the charge for the extension or deferral agreement may not exceed the lesser of twenty-five dollars ($25) or 10 percent of the then outstanding principal balance of the contract. Such charge shall be in addition to any finance charges which accrue because such extended or deferred payments are received at a time other than as originally scheduled.

(Added Ch. 448, Stats. 1987. Effective January 1, 1988.)

### §2982.1

**2982.1.** It shall be unlawful for any seller to induce or attempt to induce any person to enter into a contract subject to this chapter by offering a rebate, discount, commission, or other consideration, contingent upon the happening of a future event, on the condition that the buyer either sells, or gives information or assistance for the purpose of leading to a sale by the seller of, the same or related goods.

(Added Ch. 452, Stats. 1968. Effective November 13, 1968.)

### §2982.2

**2982.2.** (a) Prior to the execution of a conditional sale contract, the seller shall provide to a buyer, and obtain the buyer’s signature on, a written disclosure that sets forth the following information:

1. (A) A description and the price of each item sold if the contract includes a charge for the item.
§2982.5. (a) This chapter may not be deemed to affect a loan, or the security therefor, between a purchaser of a motor vehicle and a supervised financial organization, other than the seller of the motor vehicle, all or a portion of which loan is used in connection with the purchase of a motor vehicle. As used in this chapter, “supervised financial organization” means a person organized, chartered, or holding a license or authorization certificate under a law of this state or the United States to make loans and subject to supervision by an official or agency of this state or the United States.

(b) This chapter may not be deemed to prohibit the seller’s assisting the buyer in obtaining a loan upon any security from any third party to be used as a part or all of the downpayment or any other payment on a conditional sale contract or purchase order; provided that the conditional sale contract sets forth on its face the amount of the loan, the finance charge, the total thereof, the number of installments scheduled to repay the loan and the amount of each installment, that the buyer may be required to pledge security for the loan, which security shall be mutually agreed to by the buyer and the lender and notice to the buyer in at least 8-point type that he or she is obligated for the installment payments on both the conditional sale contract and the loan. The seller may not provide any security or other guarantee of payment on the loan, nor shall the seller receive any commission or other remuneration for assisting the buyer to obtain the loan. If the buyer obligates himself or herself to purchase, or receives possession of, the motor vehicle prior to securing the loan, the security therefor shall be mutually agreed to by the buyer and the lender and notice to the buyer in at least 8-point type that he or she is obligated for the installment payments on both the conditional sale contract and the loan. The proceeds of any loan payable to the seller after the date of the contract but prior to the due date of the second payment otherwise scheduled thereunder may not be subject to a finance charge and the amount thereof shall be disclosed pursuant to subparagraph (D) of paragraph (6) of subdivision (a) of Section 2982.

(c) This chapter may not be deemed to prohibit the seller’s assisting the buyer in obtaining a loan from any third party to be used for the full purchase price, or any part thereof, of a motor vehicle, if each of the following provisions applies:

1. The loan may be upon any security, but except as provided in paragraph (2), the loan may not be secured in whole or in part by a lien on real property. Any lien on real property taken in violation of this section shall be void and unenforceable.

2. A lien on real property may be taken to secure a loan of seven thousand five hundred dollars ($7,500) or more used to pay the full purchase price, or any part thereof, of a recreational vehicle, as defined in Section 19010 of the Health and Safety Code, which is not less than 20 feet in length.

3. The provisions of Sections 2983.2, 2983.3, and 2984.4 shall apply to the loan, but may not authorize the lender or the lender’s successor in interest to charge for any costs, fees, or expenses or to obtain any other benefit which the lender is prohibited from charging or obtaining under any regulatory law applicable to the lender. Notwithstanding this paragraph, the provisions of Sections 2983.2 and 2983.3 may not apply to a loan made by a lender licensed under Division 9 (commencing with Section 22000) or Division 10 (commencing with Section 24000) of the Financial Code.

4. The lender or the lender’s successor in interest shall be subject to all claims and defenses which the buyer could assert against the seller, but liability may not exceed the amount of the loan.

5. If the buyer becomes obligated to purchase, or receives possession of, the motor vehicle prior to obtaining the loan, the agreement between the buyer and the seller shall set forth on its face the amount of the loan, the finance charge, the total thereof, the number of installments scheduled to repay the loan and the amount of each installment, that the buyer may be required to pledge security for the loan, which security must be mutually agreed to by the buyer and the lender, and notice to the buyer in at least 8-point type that the buyer is obligated for the installment payments on the loan and for any payments which may be due on the agreement between the buyer and the seller. The seller may not provide any security or other guarantee of payment on the loan, and the seller may not receive any commission or other remuneration for assisting the buyer to obtain the loan. If the buyer upon proper application for the loan is unable to obtain the loan, on the condition stated in the agreement between the buyer and the seller, the agreement shall be deemed rescinded and all consideration thereupon shall be returned by the respective parties without demand.

(6) Any waiver by the buyer of the provisions of this section shall be void and unenforceable.

This subdivision does not apply to state or federally chartered banks and savings and loan associations and may not be construed to affect existing law regarding a seller’s assisting a buyer to obtain a loan from a bank or savings and loan association or any loan obtained by the buyer from those lenders.

(Amended Sec. 2, Ch. 37, Stats. 2003. Effective January 1, 2004.)

§2982.7. (a) Any payment made by a buyer to a seller pending execution of a conditional sale contract shall be refunded to the buyer in the event the conditional sale contract is not executed.

(b) In the event of breach by the seller of a conditional sale contract or purchase order where the buyer leaves his motor vehicle with the seller as downpayment and such motor vehicle is not returned by the seller to the buyer for whatever reason, the buyer may recover from the seller either the fair market value of the motor vehicle left as a downpayment or its value as stated in the contract or purchase order, whichever is greater. The recovery shall be tendered to the buyer within five business days after the breach.

(c) The remedies of the buyer provided for in subdivision (b) are nonexclusive and cumulative and shall not preclude the buyer from pursuing any other remedy which he may have under any other provision of law.

(-Amended Ch. 1285, Stats. 1976. Effective January 1, 1977.)

§2982.8. (a) If a buyer is obligated under the terms of the conditional sale contract to maintain insurance on the vehicle and subsequently to the execution of the contract the buyer either fails to maintain or requests the holder to procure the insurance, any amounts advanced by the holder to procure the insurance may be the subject of finance charges from the date of advance as provided in subdivision (e).

(b) These amounts shall be secured as provided in the contract and permitted by Section 2984.2 if the holder notifies the buyer in writing of his or her option to repay those amounts in any one of the following ways:

1. Full payment within 10 days from the date of giving or mailing the notice.

2. Full amortization during the term of the insurance.

3. If offered by the holder, full amortization after the term of the conditional sale contract, to be payable in installments which do not exceed the average payment allocable to a monthly period under the contract.

4. If offered by the holder, a combination of the methods described in paragraphs (2) and (3), so that there is some amortization during the term of the insurance, with the remainder of the amortization being accomplished after the term of the conditional sale contract, to be payable in installments which do not exceed the average payment allocable to a monthly period under the original terms of the contract.

5. If offered by the holder, any other amortization plan.

If the buyer neither pays in full the amounts advanced nor notifies the holder in writing of his or her choice regarding amortization options before the expiration of 10 days from the date of giving or mailing the notice by the holder, the holder may amortize the amounts
advanced on a secured basis pursuant to paragraph (2) or, if offered by
the holder as an option to the buyer, paragraph (3) or (4).
(c) The written notification described in subdivision (b) shall also
set forth the amounts advanced by the holder and, with respect to each
amortization plan the amount of the additional finance charge, the
sum of the amounts advanced and the additional finance charge, the
number of installments required, the amount of each installment and
the date for payment of the installments.

In addition, the notice shall contain a statement in contrasting red
print in at least 8-point bold type, which reads as follows: “WARNING—
IT IS YOUR RESPONSIBILITY UNDER CALIFORNIA LAW TO
OBTAIN LIABILITY INSURANCE OR BE SUBJECT TO
PENALTIES FOR VIOLATING SECTION 16020 OF THE VEHICLE
CODE, WHICH MAY INCLUDE LOSS OF LICENSE OR A FINE.
The insurance acquired by the lienholder does not
provide liability coverage and does not satisfy
your responsibility under California law.”

(d) If subsequent to the execution of the contract the holder advances
amounts for repairs to or preservation of the motor vehicle or
preservation of the holder’s security interest therein and such
advances are occasioned by the buyer’s default under the contract,
such advances may be the subject of finance charges from the date of
advance as provided in subdivision (e) and shall be secured as provided
in the contract and permitted by Section 2984.2.

(e) The maximum rate of finance charge which may be imposed on
amounts advanced by the holder subsequent to the execution of
the contract for insurance, repairs to or preservation of the motor vehicle,
or preservation of the holder’s security interest therein, shall not
exceed the annual percentage rate disclosed pursuant to Section 2982.
(Amended Ch. 1092, Stats. 1988. Effective January 1, 1989.)

2982.10. (a) In consideration of the assignment of a conditional
sale contract, the seller shall not receive or accept from the assignee
any payment or credit based upon any amount collected or received, or
to be collected or received, under the contract as a finance charge
except to the extent the payment or credit does not exceed the amount
that would be calculated in accordance with Regulation Z, whether or
not Regulation Z applies to the contract, as the contract’s finance
charge using, for the purposes of the calculation, an annual percentage
rate equal to 2.5 percent for a contract having an original scheduled
term of 60 monthly payments or less or 2 percent for a contract having
an original scheduled term of more than 60 monthly payments.

(b) Subdivision (a) does not apply in the following circumstances:
(1) An assignment that is with full recourse or under other terms
requiring the seller to bear the entire risk of financial performance of
the buyer.
(2) An assignment that is more than six months following the date
of the conditional sale contract.
(3) Isolated instances resulting from bona fide errors that would
otherwise constitute a violation of subdivision (a) if the seller maintains
reasonable procedures to guard against any errors and promptly, upon
notice of the error, remits to the assignee any consideration received
in excess of that permitted by subdivision (a).
(4) The assignment of a conditional sale contract involving the sale
of a motorcycle, as defined in Section 400 of the Vehicle Code.

(5) The assignment of a conditional sale contract involving the sale
of an off-highway motor vehicle that is subject to identification under
Section 38010 of the Vehicle Code.
Operative July 1, 2006)

2983. (a) Except as provided in subdivision (b), if the seller,
except as the result of an accidental or bona fide error in computation,
violates any provision of Section 2981.9, or of subdivision (a), (j), or (k)
of Section 2982, the conditional sale contract shall not be enforceable,
except by a bona fide purchaser, assignee, or pledger for value, or until
after the violation is corrected as provided in Section 2984, and, if the
violation is not corrected, the buyer may recover from the seller the
total amount paid, pursuant to the terms of the contract, by the buyer
to the seller or his or her assignee. The amount recoverable for property
traded in as all or part of the downpayment shall be equal to the agreed
cash value of the property as the value appears on the conditional sale
contract or the fair market value of the property as of the time the
contract is made, whichever is greater.

(b) A conditional sale contract executed or entered into on or after
January 1, 2012, shall not be made unenforceable solely because of a
violation by the seller of paragraph (2) or (5) of subdivision (a) of
Section 2982. In addition to any other remedies that may be available,
the buyer is entitled to any actual damages sustained as a result of a
violation of those provisions. Nothing in this subdivision affects any
legal rights, claims, or remedies otherwise available under law.
(Amended Sec. 11, Ch. 162, Stats. 2012. Effective January 1, 2013.)

2983.1. If the seller or holder of a conditional sale contract,
extcept as the result of an accidental or bona fide error of computation,
violates any provision of subdivision (l) of Section 2982, the buyer may
recover from such person three times the amount of any finance charge
paid to that person.

If a holder acquires a conditional sale contract without actual
knowledge of the violation by the seller of Section 2981.9 or of
subdivision (a), (j), or (k) of Section 2982, the contract shall be valid
and enforceable by such holder except (unless the violation is corrected
as provided in Section 2984) the buyer is excused from payment of the
unpaid finance charge.

If a holder acquires a conditional sale contract with knowledge of
such violation of Section 2981.9 or of subdivision (a), (j), or (k) of
Section 2982, the conditional sale contract shall not be enforceable
except by a bona fide purchaser, assignee or pledger for value or unless
the violation is corrected as provided in Section 2984, and if the
violation is not corrected the buyer may recover from the person to
whom payment was made the amounts specified in Section 2983.

When a conditional sale contract is not enforceable under Section
2983 or 2983.1, the buyer may elect to retain the motor vehicle and
continue the contract in force or may, with reasonable diligence, elect
to rescind the contract and return the motor vehicle. The value of the
motor vehicle so returned shall be credited as restitution by the buyer
without any decrease which results from the passage of time in the
cash price of the motor vehicle as such price appears on the conditional
sale contract.
(Amended Ch. 1075, Stats. 1981. Operative April 1, 1982.)

2983.3. (a) Except where the motor vehicle has been seized as
described in paragraph (6) of subdivision (b) of Section 2983.3, any
provision in any conditional sale contract for the sale of a motor vehicle
to the contrary notwithstanding, at least 15 days’ written notice of
intent to dispose of a repossessed or surrendered motor vehicle shall
be given to all persons liable on the contract. The notice shall be
personally served or shall be sent by certified mail, return receipt
requested, or first-class mail, postage prepaid, directed to the last
known address of the persons liable on the contract. If those persons
are married to each other, and, according to the most recent records of
the seller or holder of the contract, reside at the same address, one notice addressed to both persons at that address is sufficient. Except as otherwise provided in Section 2983.8, those persons shall be liable for any deficiency after disposition of the repossessed or surrendered motor vehicle only if the notice prescribed by this section is given within 60 days of repossession or surrender and does all of the following:

(1) Sets forth that those persons shall have a right to redeem the motor vehicle by paying in full the indebtedness evidenced by the contract until the expiration of 15 days from the date of giving or mailing the notice and provides an itemization of the contract balance and of any delinquency, collection or repossession costs and fees and sets forth the computation or estimate of the amount of any credit for unearned finance charges or canceled insurance as of the date of the notice.

(2) States either that there is a conditional right to reinstate the contract until the expiration of 15 days from the date of giving or mailing the notice and all the conditions precedent thereto or that there is no right of reinstatement and provides a statement of reasons therefor.

(3) States that, upon written request, the seller or holder shall extend for an additional 10 days the redemption period or, if entitled to the conditional right of reinstatement, both the redemption and reinstatement periods. The seller or holder shall provide the proper form for applying for the extensions with the substance of the form being limited to the extension request, spaces for the requesting party to sign and date the form, and instructions that it must be personally served or sent by certified or registered mail, return receipt requested, to a person or office and address designated by the seller or holder and received before the expiration of the initial redemption and reinstatement periods.

(4) Discloses the place at which the motor vehicle will be returned to those persons upon redemption or reinstatement.

(5) Designates the name and address of the person or office to whom payment shall be made.

(6) States the seller’s or holder’s intent to dispose of the motor vehicle upon the expiration of 15 days from the date of giving or mailing the notice, or if by mail and either the place of deposit in the mail or the place of address is outside of this state, the period shall be 20 days instead of 15 days, and further, that upon written request to extend the redemption period and any applicable reinstatement period for 10 days, the seller or holder shall without further notice extend the period accordingly.

(7) Informs those persons that upon written request, the seller or holder will furnish a written accounting regarding the disposition of the motor vehicle as provided for in subdivision (b). The seller or holder shall advise them that this request must be personally served or sent by certified or registered mail, return receipt requested, to a person or office and address designated by the seller or holder and received before the expiration of the initial redemption and reinstatement periods.

(8) Includes notice, in at least 10-point bold type if the notice is printed, reading as follows: “NOTICE. YOU MAY BE SUBJECT TO SUIT AND LIABILITY IF THE AMOUNT OBTAINED UPON DISPOSITION OF THE VEHICLE IS INSUFFICIENT TO PAY THE CONTRACT BALANCE AND ANY OTHER AMOUNTS DUE.”

(9) Informs those persons that upon the disposition of the motor vehicle, they will be liable for the deficiency balance plus interest at the contract rate, or at the legal rate of interest pursuant to Section 3289 if there is no contract rate of interest, from the date of disposition of the motor vehicle to the date of entry of judgment.

The notice prescribed by this section shall not affect the discretion of the court to strike out an unconscionable interest rate in the contract for which the notice is required, nor affect the court in its determination of whether the rate is unconscionable.

(b) Unless automatically provided to the buyer within 45 days after the disposition of the motor vehicle, the seller or holder shall provide to any person liable on the contract within 45 days after their written request, if the request is made within one year after the disposition, a written accounting regarding the disposition. The accounting shall itemize:

1. The gross proceeds of the disposition.
2. The reasonable and necessary expenses incurred for retaking, holding, preparing for and conducting the sale and to the extent provided for in the agreement and not prohibited by law, reasonable attorney fees and legal expenses incurred by the seller or holder in retaking the motor vehicle from any person not a party to the contract.
3. The satisfaction of indebtedness secured by any subordinate lien or encumbrance on the motor vehicle if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the seller or holder, the holder of a subordinate lien or encumbrance must reasonably furnish proof of its interest, and unless it does so, the seller or holder need not comply with its demand.

(c) In all sales which result in a surplus, the seller or holder shall furnish an accounting as provided in subdivision (b) whether or not requested by the buyer. Any surplus shall be returned to the buyer within 45 days after the sale is conducted.

(d) This section shall not apply to a loan made by a lender licensed under Division 9 (commencing with Section 22000) or Division 10 (commencing with Section 24000) of the Financial Code.

(Amended Ch. 1, Sec. 313, Stats. 1996. Effective January 1, 1997.)

§2983.3. (a) In the absence of default in the performance of any of the buyer’s obligations under the contract, the seller or holder may not accelerate the maturity of any part or all of the amount due thereunder or repossess the motor vehicle.

(b) If after default by the buyer, the seller or holder repossesses or voluntarily accepts surrender of the motor vehicle, any person liable on the contract shall have a right to reinstate the contract and the seller or holder shall not accelerate the maturity of any part or all of the contract prior to expiration of the right to reinstatement, unless the seller or holder reasonably and in good faith determines that any of the following has occurred:

(1) The buyer or any other person liable on the contract by omission or commission intentionally provided false or misleading information of material importance on his or her credit application.

(2) The buyer, any other person liable on the contract, or any permissive user in possession of the motor vehicle, in order to avoid repossession has concealed the motor vehicle or removed it from the state.

(3) The buyer, any other person liable on the contract, or any permissive user in possession of the motor vehicle, has committed or threatens to commit acts of destruction, or has failed to take care of the motor vehicle in a reasonable manner, so that the motor vehicle has become substantially impaired in value, or the buyer, any other person liable on the contract, or any nonoccasional permissive user in possession of the motor vehicle has failed to take care of the motor vehicle in a reasonable manner, so that the motor vehicle may become substantially impaired in value.

(4) The buyer or any other person liable on the contract has committed, attempted to commit, or threatened to commit criminal acts of violence or bodily harm against an agent, employee, or officer of the seller or holder in connection with the seller’s or holder’s repossession of or attempt to repossess the motor vehicle.

(5) The buyer has knowingly used the motor vehicle, or has knowingly permitted it to be used, in connection with the commission of a criminal offense, other than an infraction, as a consequence of which the motor vehicle has been seized by a federal, state, or local agency or authority pursuant to federal, state, or local law.

(6) The motor vehicle has been seized by a federal, state, or local public agency or authority pursuant to (A) Section 1324 of Title 8 of the United States Code or Part 274 of Title 8 of the Code of Federal
Sections 2983.35.

(a) If a creditor has requested a cosigner as a condition of granting credit to any person for the purpose of acquisition of a motor vehicle, the creditor or holder shall give the cosigner a written notice of delinquency prior to the repossession of the motor vehicle if the motor vehicle is to be repossessed pursuant to the motor vehicle credit agreement. The written notice of delinquency shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of the cosigner. If the last known address of the buyer and the cosigner are the same, a single written notice of delinquency given to both the borrower and cosigner prior to repossession satisfies the cosigner notice requirement of this section.

(b) A creditor or holder who fails to comply with this section may not recover any costs associated with the repossession of the vehicle from the cosigner.

(c) This section applies to any motor vehicle credit agreement, notwithstanding Section 2982.5.

(d) The following definitions govern the construction of this section.

(1) “Cosigner” means a buyer who executes a motor vehicle credit agreement but does not in fact receive possession of the motor vehicle that is the subject of the agreement.

(2) “Creditor” means a seller or lender described in paragraph (4).

(3) “Holder” means any other person who is entitled to enforce the motor vehicle credit agreement.

(4) “Motor vehicle credit agreement” means any conditional sales contract as defined in Section 2981 and any contract or agreement in which a lender gives value to enable a purchaser to acquire a motor vehicle and in which the lender obtains a security interest in the motor vehicle.

(Added Sec. 2, Ch. 313, Stats. 1996. Effective January 1, 1997.)

2983.4. Reasonable attorney’s fees and costs shall be awarded to the prevailing party in any action on a contract or purchase order subject to the provisions of this chapter regardless of whether the action is instituted by the seller, holder or buyer. Where the defendant alleges in his answer that he tendered to the plaintiff the full amount to which he was entitled, and thereupon deposits in court, for the plaintiff, the amount so tendered, and the allegation is found to be true, then the defendant is deemed to be a prevailing party within the meaning of this section.

(Amended Ch. 1285, Stats. 1976. Effective January 1, 1977.)

2983.5. An assignee of the seller’s rights is subject to all equities and defenses of the buyer against the seller, notwithstanding an agreement to the contrary, but the assignee’s liability may not exceed the amount of the debt owing to the assignee at the time of the assignment.

(b) The assignee shall have recourse against the seller to the extent of any liability incurred by the assignee pursuant to this section regardless of whether the assignment was with or without recourse.

(Amended Ch. 66, Stats. 1975. Effective January 1, 1976.)

2983.6. Any person who shall willfully violate any provision of this chapter shall be guilty of a misdemeanor.

(Added Ch. 1338, Stats. 1968. Effective November 13, 1968.)

2983.7. No conditional sale contract shall contain any provision by which:

(a) The buyer agrees not to assert against the seller a claim or defense arising out of the sale or agrees not to assert against an assignee such a claim or defense.

(b) A power of attorney is given to confess judgment in this state, or an assignment of wages is given; provided, that nothing herein contained shall prohibit the giving of an assignment of wages contained in a separate instrument pursuant to Section 300 of the Labor Code.

(c) The buyer waives any right of action against the seller or holder of the contract or other person acting on his behalf, for any illegal act committed in the collection of payments under the contract or in the repossession of the motor vehicle.

§2984 CIVIL CODE

The buyer’s agent in the collection of payments under the contract or in the repossession of the motor vehicle.

The buyer relieves the seller from liability for any legal remedies which the buyer may have against the seller under the contract or any separate instruments executed in connection therewith.

The seller or holder of the contract is given the right to commence action on a contract under the provisions of this chapter in a county other than the county in which the contract was in fact signed by the buyer, the county in which the buyer resides at the commencement of the action, the county in which the buyer resided at the time the contract was entered into, or in the county in which the motor vehicle purchased pursuant to such contract is permanently garaged.

(Added Ch. 1288, Stats. 1968. Effective November 13, 1968.)

2984. Any failure to comply with any provision of this chapter (commencing with Section 2981) may be corrected by the holder, provided, however, that a wilful violation may not be corrected unless it is a violation appearing on the face of the contract and is corrected within 30 days of the execution of the contract or within 20 days of its sale, assignment or pledge, whichever is later, provided that the 20-day period shall commence with the initial sale, assignment or pledge of the contract, and provided that any other violation appearing on the face of the contract may be corrected only within such time periods. A correction which will increase the amount of the contract balance or the amount of any installment as such amounts appear on the conditional sale contract shall not be effective unless the buyer concurs in writing to the correction. If notified in writing by the buyer of such a failure to comply with any provision of this chapter, the correction shall be made within 10 days of notice. Where any provision of a conditional sale contract fails to comply with any provision of this chapter, the correction shall be made by mailing or delivering a corrected copy of the contract to the buyer. Any amount improperly collected by the holder from the buyer shall be credited against the indebtedness evidenced by the contract or returned to the buyer. A violation corrected as provided in this section shall not be the basis of any recovery by the buyer or affect the enforceability of the contract by the holder and shall not be deemed to be a substantive change in the agreement of the parties.

(Added Ch. 838, Stats. 1963.)

2984.1. Every conditional sale contract shall contain a statement in contrasting red print in at least 8-point bold type which shall satisfy the requirements of Section 5604 of the Vehicle Code and be signed or initialed by the buyer, as follows:

FOR ADVICE ON FULL COVERAGE THAT WILL PROTECT YOU IN THE EVENT OF LOSS OR DAMAGE TO YOUR VEHICLE, YOU SHOULD CONTACT YOUR INSURANCE AGENT.

THE BUYER SHALL SIGN TO ACKNOWLEDGE THAT HE/SHE UNDERSTANDS THESE PUBLIC LIABILITY TERMS AND CONDITIONS.

s/s ____________________

No person shall print for use as a sales contract form, any form which does not comply with this section.

(Amended Ch. 177, Stats. 1988. Effective January 1, 1989.)

2984.2. (a) No conditional sale contract, and no agreement between a seller and a buyer made in connection with a conditional sale contract, may provide for the inclusion of title to or a lien upon any property other than the following:

(1) The motor vehicle which is the subject matter of the sale, including any replacement of that motor vehicle, or accessories, accessions, or replacement of those accessories or accessions, or proceeds thereof.

(2) The proceeds of any insurance policies covering the motor vehicle which are required by the seller or the returned premiums of any such policies if the premiums for such policies are included in the amount financed.

(3) The proceeds of any credit insurance policies which the buyer purchases in connection with the motor vehicle, conditional sale contract or the contract premiums of any such policies if the premiums for such policies are included in the amount financed.

(b) Subdivision (a) shall not apply to any agreement which meets the requirements of subdivision (b) of Section 2982.5 and otherwise complies with this chapter, nor, with respect to a mobilehome sold prior to July 1, 1981, to any agreement whereby a security interest is taken in real property on which the mobilehome is installed on a foundation system pursuant to Section 18551 of the Health and Safety Code.

(c) A provision in violation of this section shall be void.

(Added Ch. 1043, Stats. 1987. Effective January 1, 1988.)

2984.3. Any acknowledgment by the buyer of delivery of a copy of a conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement that the seller has required or requested the buyer to sign, and that he or she has signed, during the contract negotiations, shall be printed or written in size equal to at least 10-point boldface type and, if contained in the contract, shall appear directly above the space reserved for the buyer’s signature or adjacent to any other notices required by law to be placed immediately above the signature space. The buyer’s written acknowledgment, conforming to the requirements of this section, of delivery of a completely filled-in copy of the contract, and a copy of the other documents shall be a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when he or she acquired his or her interest in the contract. If the third party furnishes the buyer a copy of the documents, or a notice containing the disclosures identified in subdivision (a) of Section 2982, and stating that the buyer shall notify the third party in writing within 30 days if a copy of the documents was not furnished, and that notification is not given, it shall be conclusively presumed in favor of the third party that copies of the documents were furnished as required by this chapter.

(Added Ch. 146, Stats. 1994. Effective January 1, 1995.)

2984.4. (a) An action on a contract or purchase order under this chapter shall be tried in the superior court in the county where the contract or purchase order was in fact signed by the buyer, where the
buyer resided at the time the contract or purchase order was entered into, where the buyer resides at the commencement of the action, or where the motor vehicle purchased pursuant to the contract or purchase order is permanently garaged.

In any action involving multiple claims, or causes of action, venue shall lie in those courts if there is at least one claim or cause of action arising from a contract subject to this chapter.

(b) In the superior court designated as the proper court in subdivision (a), the proper court location for trial of an action under this chapter is the location where the court tries that type of action that is nearest or most accessible to where the contract, conditional sale contract, or purchase order was in fact signed by the buyer, where the buyer resided at the time the contract, conditional sale contract, or purchase order was entered into, where the buyer resides at the commencement of the action, or where the motor vehicle purchased pursuant to the contract is permanently garaged. Otherwise, any location of the superior court designated as the proper superior court in subdivision (a) is the proper court location for the trial of the action. The court may specify by local rule the nearest or most accessible court location where the court tries that type of case.

(c) In any action subject to this section, concurrently with the filing of the complaint, the plaintiff shall file an affidavit stating facts showing that the action has been commenced in a superior court and court location described in this section as a proper place for the trial of the action. Those facts may be stated in a verified complaint and shall not be stated on information or belief. When that affidavit is filed with the complaint, a copy shall be served with the summons. If a plaintiff fails to file the affidavit or state facts in a verified complaint required by this section, no further proceedings may occur, but the court shall, upon its own motion or upon motion of any party, dismiss the action without prejudice. The court may, on terms that are just, permit the plaintiff upon its own motion or upon motion of any party, dismiss the action. Those facts may be stated in a verified complaint and shall not be stated on information or belief. When that affidavit is filed with the complaint, a copy shall be served with the summons. If a plaintiff fails to file the affidavit or state facts in a verified complaint required by this section, no further proceedings may occur, but the court shall, upon its own motion or upon motion of any party, dismiss the action without prejudice. The court may, on terms that are just, permit the plaintiff upon its own motion or upon motion of any party, dismiss the action.

(Amended Sec. 2, Ch. 806, Stats. 2002. Effective January 1, 2003.)

§2984.5. (a) A seller shall maintain the following documents for at least seven years or the length of the conditional sales contract, whichever is longer:

(1) A copy of each buyer’s conditional sales contract.
(2) Any documents relied upon by the seller to determine a buyer’s creditworthiness, including, but not limited to, any consumer credit report, as defined in Section 1785.3, or any other document containing a buyer’s credit score, as defined in Section 1785.151.
(3) If the conditional sales contract is sold, assigned, or otherwise transferred, a copy of the terms of that sale, assignment, or transfer.

(b) A seller that unlawfully fails to comply with a court order to produce the documents described in subdivision (a) shall be liable in an action brought by the Attorney General for a civil penalty of five thousand dollars ($5,000) per violation. The penalties provided by this section are in addition to all rights and remedies that are otherwise available under law.

(Amended Sec. 1, Ch. 59, Stats. 2003. Effective January 1, 2004.)

Moscone Vehicle Leasing Act

§2985.7. (a) “Motor vehicle” means any vehicle required to be registered under the Vehicle Code. Motor vehicle does not include any trailer which is sold in conjunction with a vessel.

(b) “Lessee” includes “bailee” and is a person who is engaged in the business of leasing, offering to lease or arranging the lease of a motor vehicle under a lease contract.

For the purpose of this subdivision, “person” means an individual, partnership, corporation, limited liability company, estate, trust, cooperative, association or any other legal entity.

(c) “Lessee” includes “bailee” and is a natural person who leases, offers to lease or is offered the lease of a motor vehicle under a lease contract.

(d) “Lease contract” means any contract for or in contemplation of the lease or bailment for the use of a motor vehicle, and the purchase of services incidental thereto, by a natural person for a term exceeding four months, primarily for personal, family or household purposes, whether or not it is agreed that the lessee bear the risk of the motor vehicle’s depreciation. Lease contract does not include a lease for agricultural, business or commercial purposes, or to a government or governmental agency or instrumentality.

(e) “Regulation M” means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the federal Consumer Leasing Act (15 U.S.C. Secs. 1667-1667e), and any interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board to issue such interpretations or approvals.

(f) “Constant yield method” means the following:

(1) In the case of a periodic payment lease, the method of determining the rent charge portion of each base payment in which the rent charge for each computational period is earned in advance by multiplying the constant rate implicit in the lease contract times the balance subject to rent charge as it declines during the scheduled lease term. At any time during the scheduled term of a periodic payment lease, the balance subject to rent charge is the difference between the adjusted capitalized cost and the sum of (A) all depreciation and other amortized amounts accrued during the preceding computational periods and (B) the first base periodic payment.

(2) In the case of a single payment lease, the method of determining the periodic earning of rent charges in which the rent charge for each computational period is earned in advance by multiplying the constant rate implicit in the lease contract times the balance subject to rent charge as it increases during the scheduled lease term. At any time during the scheduled term of a single payment lease, the balance subject to rent charge is determined by subtracting from the residual value the total rent charge scheduled to be earned over the term of the lease contract and adding to the difference all rent charges accrued during the preceding computational periods.

(3) Periodic rent charge calculations are based on the assumption that the lessor will receive the lease payments on their exact due dates and that the lease does not end before its scheduled termination date.

(2) The mileage limit after which mileage charges may accrue and the charge per mile for mileage in excess of the stated mileage limit.
(3) The statement “Plus tax and license” or a substantially similar statement, if amounts due for use tax, license fees, and registration fees are not included in the payments.
§2985.8 CIVIL CODE

(c) No solicitation to aid, promote, or assist directly or indirectly any lease contract may state that a specific lease of any motor vehicle at specific amounts or terms is available unless the lessor usually and customarily leases or will lease that motor vehicle at those amounts or terms.

(d) A failure to comply with the provisions of this section shall not affect the validity of the leasing contract. No owner or employee of any entity, other than the lessor, that serves as a medium in which a lease solicitation appears or through which a lease solicitation is disseminated, shall be liable under this section.

(Repealed Sec. 4 and Added Sec. 5, Ch. 800, Stats. 1997. Effective January 1, 1998.)

The Itemization of Gross Capitalized Cost shall include all of the following and shall be circumscribed by a line:

“THERE IS NO COOLING OFF PERIOD
California law does not provide for a “cooling off” or other cancellation period for vehicle leases. Therefore, you cannot later cancel this lease simply because you change your mind, decided the vehicle costs too much, or wish you had acquired a different vehicle. You may cancel this lease only with the agreement of the lessor or for legal cause, such as fraud.”

(f) Every lease contract shall contain, in at least 8-point boldface type, the following notice: “You have the right to return the vehicle, and receive a refund of any payments made if the credit application is not approved, unless nonapproval results from an incomplete application or from incorrect information provided by you.”

(g) The lease contract shall be signed by the lessor and lessee, or their authorized representatives, and an exact copy of the fully executed lease contract shall be provided to the lessee at the time of signing.

(h) No motor vehicle shall be delivered under a lease contract subject to this chapter until the lessor provides to the lessee a fully executed copy of the lease contract.

(i) The lessor may not obtain the signature of the lessee to a contract when it contains blank spaces to be filled in after it has been signed.

(j) If the lease contract contains a provision that holds the lessee liable for the difference between (1) the adjusted capitalized cost disclosed in the lease contract reduced by the amounts described in subparagraph (A) of paragraph (5) of subdivision (b) of Section 2987 and (2) the settlement proceeds of the lessee’s required insurance and deductible in the event of theft or damage to the vehicle that results in a total loss, the lease contract shall contain the following notice in at least 8-point boldface type on the first page of the contract:

“GAP LIABILITY NOTICE
In the event of theft or damage to the vehicle that results in a total loss, there may be a GAP between the amount due upon early termination and the proceeds of your insurance settlement and deductible. (Added Sec. 1, Ch. 615, Stats. 2004. Effective January 1, 2005.)

2985.9. The following documents and agreements are not required to be contained in a lease contract:

(c) Insurance policies, service contracts, and optional debt cancellation agreements.

(Added Sec. 3, Ch. 287, Stats. 2001. Effective January 1, 2002.)

2986.3. No lease contract shall contain any provision by which:

The lessee's written acknowledgment, conforming to the requirements of this section, of delivery of a completely filled copy in the contract, and a copy of such other documents shall be a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when he or she acquired his or her interest in the contract. If such third party furnishes the lessee a copy of such documents, or a notice containing items set forth in subdivision (c) of Section 2985.8, and stating that the lessee shall notify such third party in writing within 30 days if he or she was not furnished a copy of such documents, and no such notification is given, it shall be conclusively presumed in favor of such a third party that copies of the documents were furnished as required by this chapter.

(Added Sec. 10, Ch. 800, Stats. 1997. Effective January 1, 1998.)

§2986.5. (b) If a lessee of a vehicle pays to the lessor an amount for the licensing or transfer of title of the vehicle which amount is in excess of the actual fees due for such licensing or transfer, or which amount is in excess of the amount which has been paid, prior to the sale, by the lessor to the state in order to avoid penalties that would have accrued because of late payment of such fees, the lessor shall return such excess amount to the lessee, whether or not such lessee requests the return of the excess amount.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2986.6. No agreement in connection with a lease contract which provides for the inclusion of title to or a lien upon any personal or real property, other than the motor vehicle which is the subject matter of the lease contract, or accessories therefor, or special and auxiliary equipment used in connection therewith, as security for the payment of the contract obligations, shall be enforceable. This section does not apply to a security deposit, advance payment of rent or other cash prepayment.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2986.10. (a) An assignee of the lessor's rights is subject to all equities and defenses of the lessee against the lessor, notwithstanding an agreement to the contrary, but the assignee's liability may not exceed the amount of the obligation owing to the assignee at the time of the assignment.

(b) The assignee shall have recourse against the lessor to the extent of any liability incurred by the assignee pursuant to this section regardless of whether the assignee was with or without recourse.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2986.12. It shall be unlawful for any lessor to induce or attempt to induce any person to enter into a contract subject to this chapter by offering a rebate, discount, commission or other consideration, on the condition that the lessee gives information or assistance for the purpose of enabling a lessor to either lease or sell a motor vehicle to another.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2986.13. (a) Any payment made by a lessee to a lessor pending the execution of a lease contract shall be refunded to the lessee in the event the lease contract is not executed.

(b) In the event of breach by the lessor of a lease contract where the lessee leaves his or her motor vehicle with the lessor as a trade-in downpayment and the motor vehicle is not returned by the lessor to the lessee for whatever reason, the lessee may recover from the lessor either the fair market value of the motor vehicle left as a downpayment or its value as stated in the lease contract, whichever is greater. The recovery shall be tendered to the lessee within five business days after the breach.

(c) The remedies of the buyer provided for in subdivision (b) are nonexclusive and cumulative and shall not preclude the lessee from pursuing any other remedy which he or she may have under any other provision of law.

(Added Sec. 11, Ch. 800, Stats. 1997. Effective January 1, 1998.)

§2987. (a) A lessee has the right to terminate a lease contract at any time prior to the scheduled expiration date specified in the lease contract. Except as provided in subdivision (f), all of the following subdivisions of this section apply in the event of an early termination.

(b) The lessee's liability shall not exceed the sum of the following:

(1) All unpaid periodic lease payments that have accrued up to the date of termination.

(2) All other amounts due and unpaid by the lessee under the lease contract, other than excess wear and mileage charges and unpaid periodic lease payments.

(3) Any charges, however denominated, that the lessor or holder of the lease contract may assess in connection with termination not to exceed in the aggregate the amount of a reasonable disposition fee, if any, disclosed in the lease contract and assessed upon termination of the lease contract.

(4) In the event of the lessee's default, reasonable fees paid by the lessor or holder for reconditioning of the leased vehicle and reasonable and necessary fees paid by the lessor or holder, if any, in connection with the repossession and storage of the leased vehicle.

(5) The difference, if any, between the adjusted capitalized cost disclosed in the lease contract and the sum of (A) all depreciation and other amortized amounts accrued through the date of early termination, calculated in accordance with the constant yield or other generally accepted actuarial method, and (B) the realized value of the vehicle as provided in subdivision (c).

(c) Subject to subdivision (d), the realized value of the vehicle used to calculate the lessee's liability under paragraph (5) of subdivision (b) shall be (1) if the lessee maintains insurance on the leased vehicle as required in the lease contract and the vehicle is a total loss as a result of theft or damage, the amount of any applicable insurance deductible owed by the lessee and the proceeds of the settlement of the insurance claim, unless a higher amount is agreed to by the holder of the lease contract, (2) if the lessee elects to have an appraisal conducted as provided in Regulation M, the value determined on appraisal, (3) if the holder of the lease contract or lessor elects to retain ownership of the vehicle for use or to lease to a subsequent lessee, the wholesale value
of the vehicle as specified in the current edition of a recognized used vehicle value guide customarily used by California motor vehicle dealers to value vehicles in this state, including, but not limited to, the Kelley Blue Book Auto Market Report and the N.A.D.A. Official Used Car Guide, or (4) under all other circumstances, the higher of (A) the price paid for the vehicle upon disposition, or (B) any other amount established by the lessor or the lease contract.

(d) (1) The lessor or holder of the lease contract shall act in good faith and in a commercially reasonable manner in connection with the disposition of the vehicle.

(2) In addition to the requirements of paragraph (1), any disposition of the vehicle shall be preceded by a notice complying with both of the following:

(A) The notice shall be in writing and given by the holder of the contract to each lessee and guarantor at least 10 days in advance of any disposition or the date by which the value of the vehicle will be determined pursuant to paragraph (3) of subdivision (c). The notice shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of each lessee and guarantor. One notice is sufficient if those persons are married to each other and the most recent records of the holder of the lease contract indicate that they reside at the same address. The last known address of each lessee and guarantor shall be presumed to be the address stated in the lease contract or guaranty for each lessee and guarantor unless the lessee or guarantor notifies the holder of the lease contract of a change of address.

(B) The notice shall set forth (i) the time and place of any public sale, the time on or after which a private sale or other intended disposition is to be made, or the date by which the value of the vehicle will be determined pursuant to paragraph (3) of subdivision (c), (ii) an itemization of all amounts claimed under paragraphs (1) to (4), inclusive, of subdivision (b), (iii) the amount of the difference between the adjusted capitalized cost and the sum of all depreciation and other amortized amounts paid through the date of early termination as provided in paragraph (3) of subdivision (b), (iv) the total of these amounts identified as the “Gross Early Termination Amount,” and (v) one of the following statements, whichever is applicable:

[To be inserted when the realized value will be determined pursuant to paragraph (3) of subdivision (c)]

“The amount you owe for early termination will be no more than the difference between the Gross Early Termination Amount stated above and (1) the appraised value of the vehicle or (2) if there is no appraisal, the wholesale value specified in a recognized used vehicle value guide. You have the right to get a professional appraisal to establish the value of the vehicle for the purpose of figuring how much you owe on the lease. If you want an appraisal, you will have to arrange for it to be completed at least three days before the scheduled valuation date. The appraiser has to be an independent person acceptable to the holder of the lease. You will have to pay for the appraiser. The appraised value will be considered final and binding on you and the holder of the lease."

[To be inserted in all other circumstances]

“The amount you owe for early termination will be no more than the difference between the Gross Early Termination Amount stated above and (1) the appraised value of the vehicle or (2) if there is no appraisal, either the price paid for the vehicle upon disposition or a greater amount established by the lessor or the lease contract. You have the right to get a professional appraisal to establish the value of the vehicle for the purpose of figuring how much you owe on the lease. If you want an appraisal, you will have to arrange for it to be completed at least three days before the scheduled sale date of the vehicle. The appraiser has to be an independent person acceptable to the holder of the lease. You will have to pay for the appraiser. The appraised value will be considered final and binding on you and the holder of the lease.”

(3) The lessee shall have no liability under subdivision (b) if the lessor or holder of the lease contract does not comply with this subdivision. This paragraph does not apply under all the following conditions:

(A) Noncompliance was the result of a bona fide error in stating an amount required to be disclosed pursuant to clause (ii), (iii), or (iv) of subparagraph (B) of paragraph (2).

(B) The holder of the lease gives the lessee written notice of the error within 30 days after discovering the error and before (i) an action is filed to recover the amount claimed to be owed or (ii) written notice of the error is received by the holder of the lease from the lessee.

(C) The lessee is liable for the lesser of the originally claimed amount or the correct amount.

(D) The holder of the lease refunds any amount collected in excess of the amount described in subparagraph (C) within 10 days after notice of the error is given. “Bona fide error,” as used in this paragraph, means an error that was not intentional and occurred notwithstanding the maintenance of procedures reasonably adapted to avoid that error. Examples of a bona fide error include clerical errors, calculation errors, errors due to unintentionally improper computer programming or data entry, and printing errors, but does not include an error of legal judgment with respect to a lessor’s or lease contract holder’s obligations under this section.

(4) This subdivision does not apply when the lessee maintains insurance on the leased vehicle as required in the lease contract and the vehicle is declared a total loss by the insurer as a result of theft or damage.

(e) The lessee or holder of the lease contract shall credit any security deposit or advance rental payment held by the lessor or holder of the lease contract against the lessee’s liability under the lease contract as limited by this section. The portion of a security deposit or advance rental payment, if any, remaining after the lessee’s liability under the lease contract as limited by this section has been satisfied shall be returned to the lessee within 30 days of the satisfaction of the obligation.

(f) Subdivisions (b) to (d), inclusive, do not apply if, prior to the scheduled expiration date specified in the lease contract, the lessee terminates the lease and purchases the vehicle or trades in the vehicle in connection with the purchase or lease of another vehicle. In such an event, the selling price of the leased vehicle, exclusive of taxes and other charges incidental to the sale, shall not exceed the sum of the following and shall relieve the lessee of any further liability under the lease contract:

(1) All unpaid periodic lease payments that have accrued up to the date of termination.

(2) All other amounts due and unpaid by the lessee under the lease contract, other than excess wear and mileage charges and unpaid periodic lease payments.

(3) Any charges, however denominated, that the lessor or holder of the lease contract may assess in connection with termination of the lease contract and the acquisition of the vehicle, not to exceed in the aggregate the amount of a reasonable purchase option fee, if any, disclosed in the lease contract and assessed upon the scheduled termination of the lease contract.

(4) The adjusted capitalized cost disclosed in the lease contract less all depreciation and other amortized amounts accrued through the date of early termination, calculated in accordance with the constant yield or other generally accepted actuarial method.

(g) If the lessee terminates a lease contract, voluntarily returns the vehicle to the lessor, or trades in the vehicle for another vehicle, the lessee is entitled to any security deposit or advance rental payment held by the lessor or holder of the lease contract.

(h) The Rule of 78 shall not be used to calculate accrued rent charges.
(i) This section shall only apply to lease contracts entered into on and after January 1, 1998.
(Amended Sec. 12, Ch. 800, Stats. 1997. Effective January 1, 1998.)

2988. (a) The Legislature finds that it is necessary to provide some protection for consumers who enter into lease contracts in which the lessee will bear the risk of the motor vehicle's depreciation. This section is intended to provide relief to the consumer when an ostensibly inexpensive lease contract establishes an excessively low level of periodic payment which results, conversely, in an excessively high liability being imposed on the lessee at the expiration of the lease term because the lessor has failed to act in good faith in either estimating a residual value of the motor vehicle or establishing a level of periodic payment which bears no reasonable relation to the motor vehicle's reasonably expected depreciation during the lease term. Therefore, the lessor will have the obligation to act in good faith and to come forward with competent evidence showing that the estimated residual value was so determined given the circumstances existing at the inception of the lease contract.

(b) Where the lessee is to bear the risk of the motor vehicle's depreciation and the lessee's liability on expiration of a consumer lease is based on the estimated residual value of the motor vehicle such estimated residual value shall be a reasonable approximation of the anticipated actual fair market value of the motor vehicle on lease expiration. There shall be a rebuttable presumption that the estimated residual value is unreasonable to the extent that the estimated residual value exceeds the actual residual value by more than three times the average payment allocable to a monthly period under the lease. The presumption stated in the preceding sentence shall not apply to the extent the excess of estimated over actual residual value is due to physical damage to the motor vehicle beyond reasonable wear and use, or to excessive use, and the lease may set standards for such wear and use if such standards are not unreasonable.

(c) For the purposes of this chapter, "fair market value" means the value the motor vehicle would have when sold in a commercially reasonable manner in the customary market for such motor vehicle.
(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

2988.5. (a) Except as otherwise provided by this section, any lessor who fails to comply with any requirement imposed under Section 2985.8 or 2988 for which no specific relief is provided with respect to any person shall be liable to such person in an amount equal to the sum of:
(1) Any actual damages sustained by such person as a result of the failure.
(2) In the case of an individual action, 25 percent of the total amount of monthly payments under the lease except that liability under this subparagraph shall not be less than one hundred dollars ($100) nor greater than one thousand dollars ($1,000); or in the case of a class action, such amount as the court may allow, except that as to each member of the class no minimum recovery shall be applicable, and the total recovery in such action shall not be more than the lesser of five hundred thousand dollars ($500,000) or 1 percent of the net worth of the lessor.
(3) The costs of the action, together with a reasonable attorney's fee as determined by the court.
(b) In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages sustained, the frequency and persistence of failure of compliance by the lessor, the resources of the lessor, the number of persons adversely affected, and the extent to which the lessor's failure of compliance was intentional.
(c) A lessor shall not be liable under this section if within 15 days after discovery of an error, and prior to the institution of an action under this section or the receipt of written notice of the error, the lessor notifies the person concerned of the error and makes whatever adjustments in the appropriate account are necessary to insure that the person will not be required to pay any amount in excess of the amount that should correctly have been disclosed.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

2988.7. If the lessor fails to comply with Section 2985.8, as an alternative to an action under Section 2988.5, the lessee may rescind the contract if the failure to comply was willful, or if correction will increase the amount of the contract balance, unless the lessor waives the collection of the increased amount.
(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

2988.9. Reasonable attorney's fees and costs shall be awarded to the prevailing party in any action on a lease contract subject to the provisions of this chapter regardless of whether the action is instituted by the lessor, assignee, or lessee. Where the defendant alleges in his or her answer that he or she tendered to the plaintiff the full amount to which he or she was entitled, and thereupon deposits in court, for the plaintiff, the amount so tendered, and the allegation is found to be true, then the defendant is deemed to be the prevailing party within the meaning of this section.
(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

2989. No civil action shall be filed against a lessor under the authority of this chapter if a federal civil action has previously been filed based on facts that give rise to a similar cause of action under this chapter.
(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

2989.2. Where the lessee is to bear the risk of the motor vehicle's depreciation upon the scheduled expiration of the lease contract, the following applies:
(a) When disposing of a vehicle or obtaining cash bids for the purpose of setting the fair market value of a vehicle, the lessor shall act in a commercially reasonable manner in the customary market for such vehicle.

(b) Any provision in a lease contract to the contrary notwithstanding, at least 30 days written notice of intent to sell such motor vehicle shall be given by the holder of the contract to each lessee and guarantor, unless the lessor and lessee have agreed in writing to the amount of the lessee’s liability under the lease contract after the lessee returns the motor vehicle to the lessor, or the lessee has satisfied the lease contract obligations by payment to the lessor. The notice shall be personally served or shall be sent by certified mail, return receipt requested, directed to the address of the lessee shown on the contract, unless the lessee has notified the holder in writing of a different address. The notice shall set forth separately any charges or sums due and state that the lessee will be liable for the difference between the amount of liability imposed on the lessee at the expiration of the lease term and the actual cash value of the motor vehicle when it is sold. The notice shall also state that the lessee has the right to submit a cash bid for the purchase of the vehicle.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2989.4. (a) A lessor shall not:

(1) Fail to register the leased vehicle pursuant to the lease contract.

(2) Advertise any specific vehicle in the inventory of the lessor for lease without identifying such vehicle by either its vehicle identification number or license number.

(3) Refuse to lease a vehicle to any creditworthy person at the advertised total price, exclusive of sales tax, vehicle registration fees and finance charges.

(b) Notwithstanding Section 2988.5, a lessor shall not suffer civil liability for a violation of this section.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2989.5. (a) Except as provided in subdivision (c), a lessor shall make available to investigators of the Department of Motor Vehicles, upon presentation of an affidavit that the department has a consumer complaint within its jurisdiction alleging the receipt of a consumer complaint or to any commercial coach, as defined in Section 18001.8 of the Health and Safety Code.

(b) Except as provided in subdivision (c), on petition of the department alleging the receipt of a consumer complaint within its jurisdiction and alleging that the lessor refuses to make available his records as required, the court shall order the lessor to make available such records or show cause why such records should not be produced. The department shall be awarded reasonable attorney’s fees and costs if it prevails in such action.

(c) (1) In the case of a financial institution, or a subsidiary or affiliated corporation of such institution, the Director of Motor Vehicles shall report in writing an apparent violation, or failure to comply with this chapter, evidenced by a consumer complaint, to the agency or department of the state or federal government responsible for supervising the leasing activities of such institution.

(2) Within 20 days, such agency or department shall advise the director of the action taken with respect to such report.

(3) If such agency or department fails to so advise the director, the director may commence an action to compel the agency or department to cause the production of the records relevant to the consumer complaint.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2989.6. The Director of Motor Vehicles may adopt and enforce rules and regulations as may be necessary to carry out or implement the provisions of this chapter.

Rules and regulations shall be adopted, amended or repealed in accordance with Chapter 4.5 (commencing with Section 11370) of Part 1 of Division 3 of Title 2 of the Government Code.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2989.8. Any person who shall knowingly and willfully violate any provision of this chapter shall be guilty of a misdemeanor.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2990. This chapter shall not apply to any transaction which is regulated by Chapter 2b (commencing with Section 2981) of this title.

(Added Ch. 1284, Stats. 1976. Operative March 23, 1977.)

§2991. Any prospective assignee that provides a lessor under a lease contract with any preprinted form for use as a lease contract shall, upon the request of a lessor, provide the lessor with a Spanish language translation of the preprinted form.

§2992. A prospective assignee that provides a lessor under a lease contract with a preprinted form for use as a lease contract shall design the form in such a manner so as to provide on its face sufficient space for the lessor to include all disclosures and itemizations required pursuant to Section 2985.8 and shall also contain on its face a separate blank space no smaller than seven and one-half square inches for the lessor and lessee to memorialize trade-in, turn-in, and other individualized agreements.

(Added Sec. 4, Ch. 287, Stats. 2001. Effective January 1, 2002.)

Lien's on Vehicles

§3067. Words used in this chapter which are defined in Division 1 of the Vehicle Code shall have the same meaning as in the Vehicle Code.

§3067.1. All forms required pursuant to the provisions of this chapter shall be prescribed by the Department of Motor Vehicles. The language used in the notices and declarations shall be simple and nontechnical.

(Added Ch. 1111, Stats. 1980. Effective January 1, 1981.)

§3067.2. This chapter shall not apply to any manufactured home, as defined in Section 18007 of the Health and Safety Code, to any mobilehome, as defined in Section 18008 of the Health and Safety Code, or to any commercial coach, as defined in Section 18001.8 of the Health and Safety Code, whether or not the manufactured home, mobilehome, or commercial coach is subject to registration under the Health and Safety Code.

(Added Ch. 1124, Stats. 1983. Effective January 1, 1984.)

§3068. (a) Every person has a lien dependent upon possession for the compensation to which the person is legally entitled for making repairs or performing labor upon, and furnishing supplies or materials for, and for the storage, repair, or safekeeping of, and for the rental of parking space for, any vehicle of a type subject to registration under the Vehicle Code, subject to the limitations set forth in this chapter. The lien shall be deemed to arise at the time a written statement of charges for completed work or services is presented to the registered owner or 15 days after the work or services are completed, whichever occurs first. Upon completion of the work or services, the lienholder
shall not dismantle, disengage, remove, or strip from the vehicle the parts used to complete the work or services.

(b) (1) Any lien under this section that arises because work or services have been performed on a vehicle with the consent of the registered owner shall be extinguished and no lien sale shall be conducted unless either of the following occurs:

(A) The lienholder applies for an authorization to conduct a lien sale within 30 days after the lien has arisen.

(B) An action in court is filed within 30 days after the lien has arisen.

(2) A person whose lien for work or services on a vehicle has been extinguished shall turn over possession of the vehicle, at the place where the work or services were performed, to the legal owner or the lessor upon demand of the legal owner or lessor, and upon tender by the legal owner or lessor, by cashier’s check or in cash, of only the amount for storage, safekeeping, or parking space rental for the vehicle to which the person is entitled by subdivision (c).

(3) Any lien under this section that arises because work or services have been performed on a vehicle with the consent of the registered owner shall be extinguished, and no lien sale shall be conducted, if the lienholder, after written demand made by either personal service or certified mail with return receipt requested by the legal owner or the lessor to inspect the vehicle, fails to permit that inspection by the legal owner or lessor, or his or her agent, within a period of time not sooner than 24 hours nor later than 72 hours after the receipt of that written demand, during the normal business hours of the lienholder.

(4) Any lien under this section that arises because work or services have been performed on a vehicle with the consent of the registered owner shall be extinguished, and no lien sale shall be conducted, if the lienholder, after written demand made by either personal service or certified mail with return receipt requested by the legal owner or the lessor to receive a written copy of the work order or invoice reflecting the services or repairs performed on the vehicle and the authorization from the registered owner requesting the lienholder to perform the services or repairs, fails to provide that copy to the legal owner or lessor, or his or her agent, within 10 days after the receipt of that written demand.

(c) The lienholder shall not charge the legal owner or lessor any amount for release of the vehicle in excess of the amounts authorized by this subdivision.

(1) That portion of the lien in excess of one thousand five hundred dollars ($1,500) for any work or services, or that amount, subject to the limitations contained in Section 10652.5 of the Vehicle Code, in excess of one thousand two hundred fifty dollars ($1,250) for any storage or safekeeping, rendered or performed at the request of any person other than the legal owner or lessor, is invalid, unless prior to commencing any work, services, storage, safekeeping, or rental of parking space, the person claiming the lien gives actual notice in writing either by personal service or by registered letter addressed to the legal owner named in the registration certificate, and the written consent of that legal owner is obtained before any work, services, storage, safekeeping, or rental of parking space are performed.

(2) Subject to the limitations contained in Section 10652.5 of the Vehicle Code, if any portion of a lien includes charges for the care, storage, or safekeeping of, or for the rental of parking space for, a vehicle for a period in excess of 60 days, the portion of the lien that accrued after the expiration of that period is invalid unless Sections 10650 and 10652 of the Vehicle Code have been complied with by the holder of the lien.

(3) The charge for the care, storage, or safekeeping of a vehicle which may be charged to the legal owner or lessor shall not exceed that for one day of storage if, 24 hours or less after the vehicle is placed in storage, a request is made for the release of the vehicle. If the request is made more than 24 hours after the vehicle is placed in storage, charges may be imposed on a full, calendar-day basis for each day, or part thereof, that the vehicle is in storage.

(d) In any action brought by or on behalf of the legal owner or lessor to recover a vehicle alleged to be wrongfully withheld by the person claiming a lien pursuant to this section, the prevailing party shall be entitled to reasonable attorney’s fees and costs, not to exceed one thousand seven hundred fifty dollars ($1,750).

3068.1. (a) (1) Every person has a lien dependent upon possession for the compensation to which the person is legally entitled for towing, storage, or labor associated with recovery or load salvage of any vehicle subject to registration that has been authorized to be removed by a public agency, a private property owner pursuant to Section 22658 of the Vehicle Code, or a lessee, operator, or registered owner of the vehicle. The lien is deemed to arise on the date of possession of the vehicle. Possession is deemed to arise when the vehicle is removed and is in transit, or when vehicle recovery operations or load salvage operations have begun. A person seeking to enforce a lien for the storage and safekeeping of a vehicle shall impose no charge exceeding that for one day of storage if, 24 hours or less after the vehicle is placed in storage, the vehicle is released. If the release is made more than 24 hours after the vehicle is placed in storage, charges may be imposed on a full-calendar-day basis for each day, or part thereof, that the vehicle is in storage. If a request to release the vehicle is made and the appropriate fees are tendered and documentation establishing that the person requesting release is entitled to possession of the vehicle, or is the owner’s insurance representative, is presented within the initial 24 hours of storage, and the storage facility fails to comply with the request to release the vehicle or is not open for business during normal business hours, then only one day’s charge may be required to be paid until after the first business day. A “business day” is any day in which the lienholder is open for business for at least eight hours. If the request is made more than 24 hours after the vehicle is placed in storage, storage may be imposed on a full-calendar-day basis for each day, or part thereof, that the vehicle is in storage.

(2) “Documentation” that would entitle a person to possession of the vehicle includes, but is not limited to, a certificate of ownership, vehicle registration, information in the possession of the lienholder including ownership information obtained from the Department of Motor Vehicles or a facially valid registration found within the vehicle, or a notarized letter or statement from the legal or registered owner providing authorization to release to a particular person with a government-issued photographic identification card. Documentation that establishes that a person is the owner’s insurance representative includes, but is not limited to, a faxed letter or other letter from the owner’s insurance company. A lienholder is not responsible for determining the authenticity of documentation specifically described in this subdivision that establishes either a person’s entitlement to possession or that a person is the owner’s insurance representative.

(b) If the vehicle has been determined to have a value not exceeding four thousand dollars ($4,000), the lien shall be satisfied pursuant to Section 3072. Lien sale proceedings pursuant to Section 3072 shall commence within 15 days of the date the lien arises. No storage shall accrue beyond the 15-day period unless lien sale proceedings pursuant to Section 3072 have commenced. The storage lien may be for a period not exceeding 60 days if a completed notice of a pending lien sale form has been filed pursuant to Section 3072 within 15 days after the lien arises. Notwithstanding this 60-day limitation, the storage lien may be for a period not exceeding 120 days if any one of the following occurs:

1. A Declaration of Opposition form is filed with the department pursuant to Section 3072.
2. The vehicle has an out-of-state registration.
(3) The vehicle identification number was altered or removed.

(4) A person who has an interest in the vehicle becomes known to the lienholder after the lienholder has complied with subdivision (b) of Section 3072.

(e) If the vehicle has been determined to have a value exceeding four thousand dollars ($4,000) pursuant to Section 22670 of the Vehicle Code, the lien shall be satisfied pursuant to Section 3071. The storage lien may be for a period not exceeding 120 days if an application for an authorization to conduct a lien sale has been filed pursuant to Section 3071.

(d) (1) Any lien under this section shall be extinguished, and a lien sale shall not be conducted, if any one of the following occurs:

(A) The lienholder, after written demand to inspect the vehicle made by either personal service or certified mail with return receipt requested by the legal owner or the lessor, fails to permit the inspection by the legal owner or lessor, or his or her agent, within a period of time of at least 24 hours, but not to exceed 72 hours, after the receipt of that written demand, during the normal business hours of the lienholder. The legal owner or lessor shall comply with inspection and vehicle release policies of the impounding public agency.

(B) The amount claimed for storage exceeds the posted rates.

(2) “Agent” includes, but is not limited to, any person designated to inspect the vehicle by the request of the legal owner or lessor, in writing or by telephone, to the lienholder. A lienholder is not responsible for determining the authenticity of documentation establishing a person’s agency for the purposes of inspection of a vehicle.

(e) A lienholder shall not be liable for any claim or dispute directly arising out of the reliance on documentation specifically described in paragraph (2) of subdivision (a) for purposes of releasing a vehicle.

(Amended Sec. 1, Ch. 566, Stats. 2010. Effective January 1, 2011.)

3068.2. (a) A tow truck operator who has a lien on a vehicle pursuant to Section 3068, I has a deficiency claim against the registered owner of the vehicle if the vehicle is not leased or leased with a driver for an amount equal to the towing and storage charges, not to exceed 120 days of storage, and the lien sale processing fee pursuant to Section 3074, less the amount received from the sale of the vehicle. (b) A tow truck operator who has a lien on a vehicle pursuant to Section 3068.1 has a deficiency claim against the lessee of the vehicle if the vehicle is leased without a driver for an amount equal to the towing and storage charge, not to exceed 120 days of storage, and the lien sale processing fee described in Section 3074, less the amount received from the sale of the vehicle. (c) Storage costs incurred after the sale shall not be included in calculating the amount received from the sale of the vehicle. (d) A registered owner who has sold or transferred his or her vehicle prior to the vehicle’s removal and who was not responsible for creating the circumstances leading to the removal of the vehicle is not liable for any deficiency under this section if that registered owner executes a notice pursuant to Section 5900 of the Vehicle Code and submits the notice to the Department of Motor Vehicles. The person identified as the transferee in the notice submitted to the Department of Motor Vehicles shall be liable for the amount of any deficiency only for the privilege of towing or removing the vehicle.

(3) The amount claimed for storage exceeds the posted rates.

(2) “Agent” includes, but is not limited to, any person designated to inspect the vehicle by the request of the legal owner or lessor, in writing or by telephone, to the lienholder. A lienholder is not responsible for determining the authenticity of documentation establishing a person’s agency for the purposes of inspection of a vehicle.

(e) A lienholder shall not be liable for any claim or dispute directly arising out of the reliance on documentation specifically described in paragraph (2) of subdivision (a) for purposes of releasing a vehicle.

(Amended Sec. 1, Ch. 566, Stats. 2010. Effective January 1, 2011.)

(c) Storage costs incurred after the sale shall not be included in calculating the amount received from the sale of the vehicle. (d) A registered owner who has sold or transferred his or her vehicle prior to the vehicle’s removal and who was not responsible for creating the circumstances leading to the removal of the vehicle is not liable for any deficiency under this section if that registered owner executes a notice pursuant to Section 5900 of the Vehicle Code and submits the notice to the Department of Motor Vehicles. The person identified as the transferee in the notice submitted to the Department of Motor Vehicles shall be liable for the amount of any deficiency only for the privilege of towing or removing the vehicle.

(3) The amount claimed for storage exceeds the posted rates.

(2) “Agent” includes, but is not limited to, any person designated to inspect the vehicle by the request of the legal owner or lessor, in writing or by telephone, to the lienholder. A lienholder is not responsible for determining the authenticity of documentation establishing a person’s agency for the purposes of inspection of a vehicle.

(e) A lienholder shall not be liable for any claim or dispute directly arising out of the reliance on documentation specifically described in paragraph (2) of subdivision (a) for purposes of releasing a vehicle.

(Amended Sec. 1, Ch. 451, Stats. 2003. Effective January 1, 2004.)

116.880. (a) A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor with no instructional limitations shall conduct at least 20 hours of instruction each 12 months that includes at least 10 hours of behind-the-wheel and 10 hours of classroom training, which need not be given in a single session. A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor limited to either classroom or behind-the-wheel training only shall conduct at least 10 hours of in-service training each 12 months.

(b) A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor may be limited to classroom instruction, behind-the-wheel training or in-service training only, and prohibited from recording, documenting, or signing for any training required by this article, as determined by the department.

Upon renewal of the instructor driver's license, endorsement, or certificate, the completed instructor training record, recorded on the State Department of Education Training Certificate, shall be submitted to the department in Sacramento.

(41904. The Superintendent of Public Instruction may promote and direct the establishment and maintenance of courses of instruction in automobile driver education and driver training in the public schools. For this purpose, the superintendent may employ professional and other personnel as necessary to give full effect to this article. There is hereby established within the State Department of Education a unit for driver instruction to be comprised of three consultants and necessary support staff. All necessary costs and expenses incurred for purposes of this section shall be provided for from funds that may be appropriated by the Legislature from the Driver Training Penalty Assessment Fund.

(41912. (a) The Legislature finds and declares all of the following:

1. To assist in reducing the number of fatalities involving youthful drivers, a minimum standard of six hours of behind-the-wheel driver training conducted by a public or private secondary school, or by a qualified instructor of a licensed private driving school, shall be established.

2. According to the National Highway Traffic Safety Administration, traffic crashes are the number one killer of teenagers. Per mile driven, teenage drivers are involved in accidents four times as often as adults.

3. According to the Center for Disease Control and Prevention, motor vehicle crashes are the leading cause of death among youths 16 to 20 years of age. Nationwide, about 6,000 youths 16 to 20 years of age, die each year in traffic accidents. Teenage drivers represent about 7 percent of the country’s population, but account for about 17 percent of the victims of fatal crashes.

4. According to the Department of Motor Vehicles, during 1993, 4,163 people were killed and 315,184 were injured in traffic accidents across the state.

5. According to the National Safety Council, driver error causes 69 percent of all automobile collisions. Annually, 11,900,000 accidents occur nationwide resulting in 2,000,000 injuries and 42,000 fatalities. Automobile accidents cost one hundred sixty-seven billion dollars ($167,000,000,000) annually.

6. The Department of Motor Vehicles has introduced the first major revision of the driver's license test since 1933, in recognition of a need to require first-time drivers to pass an examination representative of the complex driving conditions confronting motorists throughout the state. A minimum of six hours of behind-the-wheel driver training conducted by a public or private secondary school, or by a qualified instructor of a licensed private driving school, is required to prepare the first-time driver under 18 years of age to pass this examination.

7. The expressed purpose of the Legislature is that highway accidents can and must be reduced through the education and training of drivers prior to licensing, and that this instruction properly belongs in the high school curriculum on a basis of having comparable standards of instruction, quality, teacher-pupil ratio and class scheduling in driver education as in other courses in the regular academic program. Only through a high quality program of driver

instruction can the greatest potential in traffic accident prevention be realized. Further, the state has a responsibility to share in the reasonable costs of providing those courses.

(Amended Sec. 3, Ch. 1045, Stats. 1996. Effective September 30, 1996.)

(1) Competency-based driver training which means a program in which each student receives a minimum of three hours of on-street behind-the-wheel practice driving instruction, a minimum of one hour of behind-the-wheel posttesting, and a minimum of one hour of behind-the-wheel posttesting. The pretest and posttest for public school programs shall include basic skill evaluation by the instructor, as adopted by the Superintendent of Public Instruction pursuant to paragraph (2). The one hour posttest shall be conducted by an instructor other than the instructor who conducted the three hours of behind-the-wheel practice driving instruction or the pretest. Each student shall receive at least one additional hour of either behind-the-wheel practice driving instruction or observation time.

(2) The Superintendent of Public Instruction shall adopt rules, regulations, and basic skill requirements for public school programs pursuant to this subdivision.

(3) Local district superintendents offering this program shall annually report to the Superintendent of Public Instruction, on student completion of instruction pursuant to paragraph (1).

(f) For purposes of this section, one hour means 60 minutes including passing time.

(g) Any deviation from the standard use of a simulator or off-street multiple-car driving range, or both, shall have prior approval by the Department of Education before the school district, county superintendent of schools, the California Youth Authority, or the Department of Education can be reimbursed for the students trained.

(h) Nothing in this section shall be construed to require the use of credentialed or certified instructors in the laboratory phase of driver education offered by private elementary and secondary schools or to require the use of credentialed or certified instructors in the laboratory phase of driver education offered by private elementary and secondary schools, except that each student enrolled in a course shall satisfactorily complete a minimum of six hours of on-street behind-the-wheel driving instruction. This section shall not be construed to limit eligibility for a provisional driver's license for pupils who have completed driver education or driver training courses offered in private elementary or secondary schools.

(i) For the purposes of this section, private elementary or secondary schools are those subject to the provisions of Sections 33190 and 48222.

§297

FAMILY CODE

297. (a) Domestic partners are two adults who have chosen to share one another’s lives in an intimate and committed relationship of mutual caring.

(b) A domestic partnership shall be established in California when both persons file a Declaration of Domestic Partnership with the Secretary of State pursuant to this division, and, at the time of filing, all of the following requirements are met:

1. Both persons have a common residence.

2. Neither person is married to someone else or is a member of another domestic partnership with someone else that has not been terminated, dissolved, or adjudged a nullity.

3. The two persons are not related by blood in a way that would prevent them from being married to each other in this state.

4. Both persons are at least 18 years of age.

5. Either of the following:
   (A) Both persons are members of the same sex.
   (B) One or both of the persons meet the eligibility criteria under Title II of the Social Security Act as defined in 42 U.S.C. Section 402(a) for old-age insurance benefits or Title XVI of the Social Security Act as defined in 42 U.S.C. Section 1381 for aged individuals. Notwithstanding any other provision of this section, persons of opposite sexes may not constitute a domestic partnership unless one or both of the persons are over the age of 62.

6. Both persons are capable of consenting to the domestic partnership.

(c) “Have a common residence” means that both domestic partners share the same residence. It is not necessary that the legal right to possess the common residence be in both of their names. Two people have a common residence even if one or both have additional residences. Domestic partners do not cease to have a common residence if one leaves the common residence but intends to return.

298.5. (a) Two persons desiring to become domestic partners may complete and file a Declaration of Domestic Partnership with the Secretary of State.

(b) The Secretary of State shall register the Declaration of Domestic Partnership in a registry for those partnerships, and shall return a copy of the registered form and a Certificate of Registered Domestic Partnership and, except for those opposite sex domestic partners who meet the qualifications described in subparagraph (B) of paragraph (5) of subdivision (b) of Section 297, a copy of the brochure that is made available to county clerks and the Secretary of State by the State Department of Public Health pursuant to Section 298.5 and distributed to individuals receiving a confidential marriage license pursuant to Section 299.6.

(c) Nothing in this section shall be construed to prohibit the Department of Motor Vehicles from accepting as identification other documents establishing a true, full name for purposes of Section 12800.7 of the Vehicle Code. Those documents may include, without limitation, a certified copy of a document that is substantially equivalent to a Certificate of Registered Domestic Partnership that records either of the following:

1. A legal union of two persons that was validly formed in another jurisdiction and is recognized as a valid domestic partnership in this state pursuant to Section 299.2.

2. A legal union of domestic partners as defined by a local jurisdiction pursuant to Section 299.6.

3. This section shall be applied in a manner consistent with the requirements of Sections 1653.5 and 12801 of the Vehicle Code.

(b) A person may adopt any of the following middle or last names pursuant to paragraph (1):

(A) The current last name of the other domestic partner.

(B) The last name of either domestic partner given at birth.

(C) A name combining into a single last name all or a segment of the current last name or the last name of either domestic partner given at birth.

(D) A hyphenated combination of last names.

4. (A) An election by a person to change his or her name pursuant to paragraph (1) shall serve as a record of the name change. A certified copy of the Certificate of Registered Domestic Partnership containing the new name, or retaining the former name, shall constitute proof that the use of the new name or retention of the former name is lawful.

(B) A certified copy of a Certificate of Registered Domestic Partnership shall be accepted as identification establishing a true, full name for purposes of Section 12800.7 of the Vehicle Code.

(C) Nothing in this section shall be construed to prohibit the Secretary of State pursuant to paragraph (1) shall not abrogate the right of either party to adopt a different name through usage at a future date, or to petition the superior court for a change of name pursuant to Title 8 (commencing with Section 1275) of the Code of Civil Procedure.

5. (A) A legal union of domestic partners shall cease to exist if the parties have not entered into a valid marriage, whether or not the marriage has been dissolved.

(b) Nothing in this section shall be construed to prevent the common law right of any person to change his or her name, or the right of any person to petition the superior court for a change of name pursuant to Title 8 (commencing with Section 1275) of Part 3 of the Code of Civil Procedure.

Emancipated Minor

7002. A person under the age of 18 years is an emancipated minor if any of the following conditions is satisfied:

(a) The person has entered into a valid marriage, whether or not the marriage has been dissolved.

(b) The person is on active duty with the armed forces of the United States.

(c) The person has received a declaration of emancipation pursuant to Section 7122.

17520. (a) As used in this section:

1. “Applicant” means a person applying for issuance or renewal of a license.

2. “Board” means an entity specified in Section 101 of the Business and Professions Code, the entities referred to in Sections 1000 and
3600 of the Business and Professions Code, the State Bar, the Bureau of Real Estate, the Department of Motor Vehicles, the Secretary of State, the Department of Fish and Wildlife, and any other state commission, department, committee, examiner, or agency that issues a license, certificate, credential, permit, registration, or any other authorization to engage in a business, occupation, or profession, or to the extent required by federal law or regulations, for recreational purposes. This term includes all boards, commissions, departments, committees, examiners, entities, and agencies that issue a license, certificate, credential, permit, registration, or any other authorization to engage in a business, occupation, or profession. The failure to specifically name a particular board, commission, department, committee, examiner, entity, or agency that issues a license, certificate, credential, permit, registration, or any other authorization to engage in a business, occupation, or profession does not exclude that board, commission, department, committee, examiner, entity, or agency from this term.

(3) “Certified list” means a list provided by the local child support agency to the Department of Child Support Services in which the local child support agency verifies, under penalty of perjury, that the names contained therein are support obligors found to be out of compliance with a judgment or order for support in a case being enforced under Title IV-D of the federal Social Security Act.

(4) “Compliance with a judgment or order for support” means that, as set forth in a judgment or order for child or family support, the obligor is no more than 30 calendar days in arrears in making payments in full for current support, in making periodic payments in full, whether court ordered or by agreement with the local child support agency, on a support arrearage, or in making periodic payments in full, whether court ordered or by agreement with the local child support agency, on a judgment for reimbursement for public assistance, or has obtained a judicial finding that equitable estoppel as provided in statute or case law precludes enforcement of the order. The local child support agency is authorized to use this section to enforce orders for spousal support only when the local child support agency is also enforcing a related child support obligation owed to the obligee parent by the same obligor, pursuant to Sections 17400 and 17604.

(5) “License” includes membership in the State Bar, and a certificate, credential, permit, registration, or any other authorization issued by a board that allows a person to engage in a business, occupation, or profession, or to operate a commercial motor vehicle, including appointment and commission by the Secretary of State as a notary public. “License” also includes any driver’s license issued by the Department of Motor Vehicles, any commercial fishing license issued by the Department of Fish and Wildlife, and to the extent required by federal law or regulations, any license used for recreational purposes. This term includes all licenses, certificates, credentials, permits, registrations, or any other authorization issued by a board that allows a person to engage in a business, occupation, or profession. The failure to specifically name a particular type of license, certificate, credential, permit, registration, or any other authorization issued by a board that allows a person to engage in a business, occupation, or profession does not exclude that license, certificate, credential, permit, registration, or any other authorization from this term.

(6) “Licensee” means a person holding a license, certificate, credential, permit, registration, or any other authorization issued by a board, to engage in a business, occupation, or profession, or a commercial driver’s license as defined in Section 15210 of the Vehicle Code, including an appointment and commission by the Secretary of State as a notary public. “Licensee” also means a person holding a driver’s license issued by the Department of Motor Vehicles, a person holding a commercial fishing license issued by the Department of Fish and Game, and to the extent required by federal law or regulations, a person holding a license used for recreational purposes. This term includes all persons holding a license, certificate, credential, permit, registration, or any other authorization to engage in a business, occupation, or profession, and the failure to specifically name a particular type of license, certificate, credential, permit, registration, or any other authorization issued by a board does not preclude that person from this term. For licenses issued to an entity that is not an individual person, “licensee” includes an individual who is either listed on the license or who qualifies for the license.

(b) The local child support agency shall maintain a list of those persons included in a case being enforced under Title IV-D of the federal Social Security Act against whom a support order or judgment has been rendered by, or registered in, a court of this state, and who are not in compliance with that order or judgment. The local child support agency shall submit a certified list with the names, social security numbers, and last known addresses of these persons and the name, address, and telephone number of the local child support agency who certified the list to the department. The local child support agency shall verify, under penalty of perjury, that the persons listed are subject to an order or judgment for the payment of support and that these persons are not in compliance with the order or judgment. The local child support agency shall submit to the department an updated certified list on a monthly basis.

(c) The department shall consolidate the certified lists received from the local child support agencies and, within 30 calendar days of receipt, shall provide a copy of the consolidated list to each board that is responsible for the regulation of licenses, as specified in this section.

(d) On or before November 1, 1992, or as soon thereafter as economically feasible, as determined by the department, all boards subject to this section shall implement procedures to accept and process the list provided by the department, in accordance with this section. Notwithstanding any other law, all boards shall collect social security numbers or individual taxpayer identification numbers from all applicants for the purposes of matching the names of the certified list provided by the department to applicants and licensees and of responding to requests for this information made by child support agencies.

(e) (1) Promptly after receiving the certified consolidated list from the department, and prior to the issuance or renewal of a license, each board shall determine whether the applicant is on the most recent certified consolidated list provided by the department. The board shall have the authority to withhold issuance or renewal of the license of an applicant on the list.

(2) If an applicant is on the list, the board shall immediately serve notice as specified in subdivision (f) on the applicant of the board’s intent to withhold issuance or renewal of the license. The notice shall be made personally or by mail to the applicant’s last known mailing address on file with the board. Service by mail shall be complete in accordance with Section 1013 of the Code of Civil Procedure.

(A) The board shall issue a temporary license valid for a period of 150 days to any applicant whose name is on the certified list if the applicant is otherwise eligible for a license.

(B) Except as provided in subparagraph (D), the 150-day time period for a temporary license shall not be extended. Except as provided in subparagraph (D), only one temporary license shall be issued during a regular license term and it shall coincide with the first 150 days of that license term. As this paragraph applies to commercial driver’s licenses, “license term” shall be deemed to be 12 months from the date the application fee is received by the Department of Motor Vehicles. A license for the full or remainder of the license term shall be issued or renewed only upon compliance with this section.

(C) In the event that a license or application for a license or the renewal of a license is denied pursuant to this section, any funds paid by the applicant or licensee shall not be refunded by the board.

(D) This paragraph shall apply only in the case of a driver’s license, other than a commercial driver’s license. Upon the request of the local child support agency or by order of the court upon a showing of good cause, the board shall extend a 150-day temporary license for a period not to exceed 150 extra days.
(3) (A) The department may, when it is economically feasible for the department and the boards to do so as determined by the department, in cases where the department is aware that certain child support obligors listed on the certified lists have been out of compliance with a judgment or order for support for more than four months, provide a supplemental list of these obligors to each board with which the department has an interagency agreement to implement this paragraph. Upon request by the department, the licenses of these obligors shall be subject to suspension, provided that the licenses would not otherwise be eligible for renewal within six months from the date of the request by the department. The board shall have the authority to suspend the license of any licensee on this supplemental list.

(B) If a licensee is on a supplemental list, the board shall immediately serve notice as specified in subdivision (f) on the licensee that his or her license will be automatically suspended 150 days after notice is served, unless compliance with this section is achieved. The notice shall be made personally or by mail to the licensee’s last known mailing address on file with the board. Service by mail shall be complete in accordance with Section 1013 of the Code of Civil Procedure.

(C) The 150-day notice period shall not be extended.

(D) In the event that any license is suspended pursuant to this section, any funds paid by the licensee shall not be refunded by the board.

(E) This paragraph shall not apply to licenses subject to annual renewal or annual fee.

(f) Notices shall be developed by each board in accordance with guidelines provided by the department and subject to approval by the department. The notice shall include the address and telephone number of the local child support agency that submitted the name on the certified list, and shall emphasize the necessity of obtaining a release from that local child support agency as a condition for the issuance, renewal, or continued valid status of a license or licenses.

(1) In the case of applicants not subject to paragraph (3) of subdivision (d), the notice shall inform the applicant that the board shall issue a temporary license, as provided in paragraph (A) of paragraph (2) of subdivision (e), for 150 calendar days if the applicant is otherwise eligible and has paid all fees required to be paid to the local child support agency. The license will be denied unless the board has received a release from the local child support agency that submitted the name on the certified list.

(2) In the case of licensees named on a supplemental list, the notice shall inform the licensee that his or her license will continue in its existing status for no more than 150 calendar days from the date of mailing or service of the notice and thereafter will be suspended indefinitely unless, during the 150-day notice period, the board has received a release from the local child support agency that submitted the name on the certified list. Additionally, the notice shall inform the licensee that any license suspended under this section will remain so until the expiration of the remaining license term, unless the board receives a release along with applications and fees, if applicable, to reinstate the license during the license term.

(3) The notice shall also inform the applicant or licensee that if an application is denied or a license is suspended pursuant to this section, any funds paid by the applicant or licensee shall not be refunded by the board. The Department of Child Support Services shall also develop a form that the applicant shall use to request a review by the local child support agency. A copy of this form shall be included with every notice sent pursuant to this subdivision.

(g) (1) Each local child support agency shall maintain review procedures consistent with this section to allow an applicant to have the underlying arrearage and any relevant defenses investigated, to provide an applicant information on the process of obtaining a modification of a support order, or to provide an applicant assistance in the establishment of a payment schedule on arrearages if the circumstances so warrant.

(2) It is the intent of the Legislature that a court or local child support agency, when determining an appropriate payment schedule for arrearages, base its decision on the facts of the particular case and the priority of payment of child support over other debts. The payment schedule shall also recognize that certain expenses may be essential to enable an obligor to be employed. Therefore, in reaching its decision, the court or the local child support agency shall consider both of these goals in setting a payment schedule for arrearages.

(h) If the applicant wishes to challenge the submission of his or her name on the certified list, the applicant shall make a timely written request for review by the local child support agency who certified the applicant’s name. A request for review pursuant to this section shall be resolved in the same manner and timeframe provided for resolution of a complaint pursuant to Section 17800. The local child support agency shall immediately send a release to the appropriate board and the applicant, if any of the following conditions are met:

(1) The applicant is found to be in compliance or negotiates an agreement with the local child support agency for a payment schedule on arrearages or reimbursement.

(2) The applicant has submitted a request for review, but the local child support agency will be unable to complete the review and send notice of its findings to the applicant within the time specified in Section 17800.

(3) The applicant has filed and served a request for judicial review pursuant to this section, but a resolution of that review will not be made within 150 days of the date of service of notice pursuant to subdivision (f). This paragraph applies only if the delay in completing the judicial review process is not the result of the applicant’s failure to act in a reasonable, timely, and diligent manner upon receiving the local child support agency’s notice of findings.

(4) The applicant has obtained a judicial finding of compliance as defined in this section.

(i) An applicant is required to act with diligence in responding to notices from the board and the local child support agency with the recognition that the temporary license will lapse or the license suspension will go into effect after 150 days and that the local child support agency and, where appropriate, the court must have time to act within that period. The board shall have the authority to suspend the license of any licensee on this supplemental list of these obligors to each board with which the department has an interagency agreement to implement this paragraph. Upon request by the department, the licenses of these obligors shall be subject to suspension, provided that the licenses would not otherwise be eligible for renewal within six months from the date of the request by the department. The board shall have the authority to suspend the license of any licensee on this supplemental list.

(2) It is the intent of the Legislature that a court or local child support agency, when determining an appropriate payment schedule for arrearages, base its decision on the facts of the particular case and the priority of payment of child support over other debts. The payment schedule shall also recognize that certain expenses may be essential to enable an obligor to be employed. Therefore, in reaching its decision, the court or the local child support agency shall consider both of these goals in setting a payment schedule for arrearages.

(h) If the applicant wishes to challenge the submission of his or her name on the certified list, the applicant shall make a timely written request for review by the local child support agency who certified the applicant’s name. A request for review pursuant to this section shall be resolved in the same manner and timeframe provided for resolution of a complaint pursuant to Section 17800. The local child support agency shall immediately send a release to the appropriate board and the applicant, if any of the following conditions are met:

(1) The applicant is found to be in compliance or negotiates an agreement with the local child support agency for a payment schedule on arrearages or reimbursement.

(2) The applicant has submitted a request for review, but the local child support agency will be unable to complete the review and send notice of its findings to the applicant within the time specified in Section 17800.

(3) The applicant has filed and served a request for judicial review pursuant to this section, but a resolution of that review will not be made within 150 days of the date of service of notice pursuant to subdivision (f). This paragraph applies only if the delay in completing the judicial review process is not the result of the applicant’s failure to act in a reasonable, timely, and diligent manner upon receiving the local child support agency’s notice of findings.

(4) The applicant has obtained a judicial finding of compliance as defined in this section.

(i) An applicant is required to act with diligence in responding to notices from the board and the local child support agency with the recognition that the temporary license will lapse or the license suspension will go into effect after 150 days and that the local child support agency and, where appropriate, the court must have time to act within that period. The board shall have the authority to suspend the license of any licensee on this supplemental list of these obligors to each board with which the department has an interagency agreement to implement this paragraph. Upon request by the department, the licenses of these obligors shall be subject to suspension, provided that the licenses would not otherwise be eligible for renewal within six months from the date of the request by the department. The board shall have the authority to suspend the license of any licensee on this supplemental list.

(2) It is the intent of the Legislature that a court or local child support agency, when determining an appropriate payment schedule for arrearages, base its decision on the facts of the particular case and the priority of payment of child support over other debts. The payment schedule shall also recognize that certain expenses may be essential to enable an obligor to be employed. Therefore, in reaching its decision, the court or the local child support agency shall consider both of these goals in setting a payment schedule for arrearages.

(h) If the applicant wishes to challenge the submission of his or her name on the certified list, the applicant shall make a timely written request for review by the local child support agency who certified the applicant’s name. A request for review pursuant to this section shall be resolved in the same manner and timeframe provided for resolution of a complaint pursuant to Section 17800. The local child support agency shall immediately send a release to the appropriate board and the applicant, if any of the following conditions are met:

(1) The applicant is found to be in compliance or negotiates an agreement with the local child support agency for a payment schedule on arrearages or reimbursement.

(2) The applicant has submitted a request for review, but the local child support agency will be unable to complete the review and send notice of its findings to the applicant within the time specified in Section 17800.

(3) The applicant has filed and served a request for judicial review pursuant to this section, but a resolution of that review will not be made within 150 days of the date of service of notice pursuant to subdivision (f). This paragraph applies only if the delay in completing the judicial review process is not the result of the applicant’s failure to act in a reasonable, timely, and diligent manner upon receiving the local child support agency’s notice of findings.

(4) The applicant has obtained a judicial finding of compliance as defined in this section.

(i) An applicant is required to act with diligence in responding to notices from the board and the local child support agency with the recognition that the temporary license will lapse or the license suspension will go into effect after 150 days and that the local child support agency and, where appropriate, the court must have time to act within that period. The board shall have the authority to suspend the license of any licensee on this supplemental list of these obligors to each board with which the department has an interagency agreement to implement this paragraph. Upon request by the department, the licenses of these obligors shall be subject to suspension, provided that the licenses would not otherwise be eligible for renewal within six months from the date of the request by the department. The board shall have the authority to suspend the license of any licensee on this supplemental list.

(2) It is the intent of the Legislature that a court or local child support agency, when determining an appropriate payment schedule for arrearages, base its decision on the facts of the particular case and the priority of payment of child support over other debts. The payment schedule shall also recognize that certain expenses may be essential to enable an obligor to be employed. Therefore, in reaching its decision, the court or the local child support agency shall consider both of these goals in setting a payment schedule for arrearages.
judicial review shall be limited to those stated grounds. The court shall hold an evidentiary hearing within 20 calendar days of the filing of the request for review. Judicial review of the local child support agency's decision shall be limited to a determination of each of the following issues:

(1) Whether there is a support judgment, order, or payment schedule on arrearages or reimbursement.

(2) Whether the petitioner is the obligor covered by the support judgment or order.

(3) Whether the support obligor is or is not in compliance with the judgment or order of support.

(4) (A) The extent to which the needs of the obligor, taking into account the obligor’s payment history and the current circumstances of both the obligor and the obligee, warrant a conditional release as described in this subdivision.

(B) The request for judicial review shall be served by the applicant upon the local child support agency that submitted the applicant’s name on the certified list within seven calendar days of the filing of the petition. The court has the authority to uphold the action, unconditionally release the license, or conditionally release the license.

(C) If the judicial review results in a finding by the court that the obligor is in compliance with the judgment or order for support, the local child support agency shall immediately send a release in accordance with subdivision (l) to the appropriate board and the applicant. If the judicial review results in a finding by the court that the needs of the obligor warrant a conditional release, the court shall make findings of fact stating the basis for the release and the payment necessary to satisfy the unrestricted issuance or renewal of the license without prejudice to a later judicial determination of the amount of support arrearages, including interest, and shall specify payment terms, compliance with which are necessary to allow the release to remain in effect.

(l) The department shall prescribe release forms for use by local child support agencies. When the obligor is in compliance, the local child support agency shall mail to the applicant and the appropriate board a release stating that the applicant is in compliance. The receipt of a release shall serve to notify the applicant and the board that, for the purposes of this section, the applicant is in compliance with the judgment or order for support. Any board that has received a release from the local child support agency pursuant to this subdivision shall process the release within five business days of its receipt.

If the local child support agency determines subsequent to the issuance of a release that the applicant is once again not in compliance with a judgment or order for support, or with the terms of repayment as described in this subdivision, the local child support agency may notify the board, the obligor, and the department in a format prescribed by the department that the obligor is not in compliance.

The department may, when it is economically feasible for the department and the boards to develop an automated process for complying with this subdivision, notify the boards in a manner prescribed by the department, that the obligor is once again not in compliance. Upon receipt of this notice, the board shall immediately notify the obligor on a form prescribed by the department that the obligor’s license will be suspended on a specific date, and this date shall be no longer than 30 days from the date the form is mailed. The obligor shall be further notified that the license will remain suspended until a new release is issued in accordance with subdivision (h). Nothing in this section shall be deemed to limit the obligor from seeking judicial review of suspension pursuant to the procedures described in subdivision (k).

(m) The department may enter into interagency agreements with the state agencies that have responsibility for the administration of boards necessary to implement this section, to the extent that it is cost effective to implement this section. These agreements shall provide for the receipt by the other state agencies and boards of federal funds to cover that portion of costs allowable in federal law and regulation and incurred by the state agencies and boards in implementing this section. Notwithstanding any other provision of law, revenue generated by a board or state agency shall be used to fund the nonfederal share of costs incurred pursuant to this section. These agreements shall provide that boards shall reimburse the department for the nonfederal share of costs incurred by the department in implementing this section. The boards shall reimburse the department for the nonfederal share of costs incurred pursuant to this section from moneys collected from applicants and licensees.

(n) Notwithstanding any other law, in order for the boards subject to this section to be reimbursed for the costs incurred in administering its provisions, the boards may, with the approval of the appropriate department director, levy on all licensees and applicants a surcharge on any fee or fees collected pursuant to law, or, alternatively, with the approval of the appropriate department director, levy on the applicants or licensees named on a certified list or supplemental list, a special fee.

(o) The process described in subdivision (h) shall constitute the sole administrative remedy for contesting the issuance of a temporary license or the denial or suspension of a license under this section. The procedures specified in the administrative adjudication provisions of the Administrative Procedure Act (Chapter 4.5 (commencing with Section 11400) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code) shall not apply to the denial, suspension, or failure to issue or renew a license or the issuance of a temporary license pursuant to this section.

(p) In furtherance of the public policy of increasing child support enforcement and collections, on or before November 1, 1995, the State Department of Social Services shall make a report to the Legislature and the Governor based on data collected by the boards and the district attorneys in a format prescribed by the State Department of Social Services. The report shall contain all of the following:

(1) The number of delinquent obligors certified by district attorneys under this section.

§5341.5

FOOD AND AGRICULTURAL CODE

Certificate of Inspection

5341.5. (a) Every operator of a motor vehicle entering the state with a shipment of any agricultural commodity shall cause the vehicle and the shipment to be inspected, and shall obtain a certificate of inspection, at the plant quarantine inspection station nearest the point of entry into the state.

(b) Failure to obtain the required certificate of inspection shall subject the operator of the vehicle and the registered owner of the vehicle, if a different person or legal entity, to separate civil penalties of not more than two thousand five hundred dollars ($2,500) for each violation. In determining the severity of the penalty to be imposed, the court shall consider any prior violations of the same nature within the preceding 24 months, the commodity being transported, and any evidence, including deviation from normal and usual routes, that the operator of the vehicle intentionally avoided inspection.

(c) Inspection shall not be required when the operator of the vehicle would be required to travel a distance of 15 miles or more from normal and usual routes for the particular trip to obtain the required inspection and certification, or when weather conditions or road closures on normal and usual routes prevent travel to the nearest plant quarantine inspection station.

(d) Violation of this section is a separate offense from violation of any other provision of this code and proceedings under this section shall not be deemed to prevent separate proceedings for any other offense.

(e) Proceedings under this section may be brought by the secretary or, with the secretary's concurrence, by the district attorney of the county in which the violation occurred. The civil penalty shall be awarded to the agency which brings the enforcement action for use by that agency in enforcing the provisions of this code.

(f) The secretary may, by regulation or executive order, as the secretary deems advisable, permit exceptions for certain commodities, areas, and times consistent with the purposes of this division, patterns of local traffic near border areas, and availability of inspection stations.

(Added Sec. 2, Ch. 343, Stats. 2010. Effective January 1, 2011.)

Plant Quarantine and Pest Control

5344. (a) It is unlawful for the operator of any vehicle to fail to stop the vehicle at an inspection station or to willfully avoid an inspection station. It is also unlawful for the operator to fail to stop either upon demand of a clearly identified plant quarantine officer or upon demand of an officer of the California Highway Patrol, when the officer orders the operator to stop for the purpose of determining whether any quarantine which is established pursuant to any provision of this division is being violated.

(b) Notwithstanding Section 5309, a violation of this section is a misdemeanor and grounds for the vehicle to be stopped for inspection.

5345. It is unlawful for any person to operate upon any highway in this state any vehicle which, in violation of Section 5344, was not stopped as required by that section, if the person who is operating such vehicle knows of such violation of Section 5344. The violation of this section continues unless and until one of the following occurs:

(a) A period of 24 hours has elapsed following the violation of Section 5344.

(b) The operator who violated Section 5344 has been apprehended and the vehicle which is involved has been inspected and released from quarantine by any authorized state plant quarantine officer. An operator who is so apprehended does not violate this section by reason of operating the vehicle en route to the closest inspection station immediately following his apprehension for violation of Section 5344, nor does any other person, who operates the vehicle for such purpose, violate this section.

6303. (a) It is unlawful for any person, except under written permission from a plant quarantine officer or under his specific direction, to move any lot or shipment of plants or other things to which a warning tag or notice has been affixed pursuant to this division, or to remove, alter, destroy, deface, or mutilate any such warning tag or notice.

(b) If any shipment of plants or things is allowed to transit the state or transit to a given destination county under a quarantine warning hold notice, the shipment of plants or things shall not be diverted to another destination without the written permission of the director or the commissioner of the destination county.

(Added Ch. 1056, Stats. 1988. Effective January 1, 1989.)

6306. Unless otherwise permitted by law, any person who willfully and knowingly imports into, or who willfully and knowingly transports or ships within, this state, a Mediterranean fruit fly is guilty of a felony.

(Added Ch. 167, Stats. 1990. Effective June 22, 1990.)

Animals at Large

16902. A person that owns or controls the possession of any livestock shall not willfully or negligently permit any of the livestock to stray upon, or remain unaccompanied by a person in charge or control of the livestock upon, a public highway, if both sides of the highway are adjoined by property which is separated from the highway by a fence, wall, hedge, sidewalk, curb, lawn, or building.

16903. It is unlawful for any person to drive any livestock upon, over, or across any public highway between the hours of sunset and sunrise unless he keeps a sufficient number of herders on continual duty to open the road so as to permit the passage of vehicles.

16904. In any civil action which is brought by the owner, driver, or occupant of a motor vehicle, or by their personal representatives or assignees, or by the owner of livestock, for damages which are caused by collision between any motor vehicle and any domestic animal on a highway, there is no presumption or inference that the collision was due to negligence on behalf of the owner or the person in possession of the animal.

1. The payment for the deposit of bail for any offense not declared to be a felony or for any court-ordered fee, fine, forfeiture, penalty, assessment, or restitution. the approval of the Judicial Council. A city desiring to authorize the use of a credit card, debit card, or electronic funds transfer pursuant to subdivision (b) shall obtain the approval of its city council. Any other public agency desiring to authorize the use of a credit card, debit card, or electronic funds transfer pursuant to subdivision (b) shall obtain the approval of the governing body that has fiscal responsibility for that agency. (d) After approval is obtained, a contract may be executed with one or more credit card issuers, debit card issuers, electronic funds transfer processors, or draft purchasers. The contract shall provide for the following matters: 

1. The respective rights and duties of the court, city, county, city and county, or other public agency and card issuer, funds processor, or draft purchaser regarding the presentment, acceptability, and payment of credit and debit card drafts and electronic funds transfer requests.

If any electronic funds transfer request is not completed with transfer to the agency requesting the transfer or is charged back to the agency for any reason, any record of payment made by the agency processing the electronic funds transfer shall be void. Any receipt issued in acknowledgment of the payment shall also be void. The obligation of the cardholder or accountholder shall continue as an outstanding obligation as if no payment had been attempted. (g) If a credit card, debit card draft, electronic funds transfer, or other payment offered in payment is returned without payment, for any reason, a reasonable charge for the charge back or return, not to exceed the actual costs incurred by the public agency, may be imposed to recover the public agency’s processing and collection costs. This charge may be added to, and become part of, any underlying obligation other than an obligation which constitutes a lien on real property, and a different method of payment for that payment and future payments by this person may be prescribed.

(h) Notwithstanding Title 1.3 (commencing with Section 1747) of Part 4 of Division 3 of the Civil Code, a court, city, county, city and county, or any other public agency may impose a fee for the use of a credit or debit card or electronic funds transfer, not to exceed the costs incurred by the agency in providing for payment by credit or debit card or electronic funds transfer. (j) The Judicial Council may enter into a master agreement with one or more credit or debit card issuers, funds processors, or draft purchasers for the acceptance and payment of credit or debit card drafts and electronic funds transfer requests received by the courts. Any court may join in any of these master agreements or may enter into a separate agreement with a credit or debit card issuer, funds processor, or draft purchaser.

CHAPTER 2.6. STATE PAYMENT CARD ACT

(Amended Sec. 1, Ch. 926, Stats. 1995. Effective January 1, 1996.)

6160. The Legislature finds and declares that there are costs associated with all forms of payment, including cash and checks. The Legislature further finds and declares that by accepting payment by credit card or other payment devices, state agencies will be able to take advantage of new technologies that will improve their efficiency and will increase consumer convenience and choice by providing state consumers with an alternative method of payment.

(Amended Sec. 1, Ch. 926, Stats. 1995. Effective January 1, 1996.)

6161. For the purposes of this chapter:

(a) “Cardholder” means a person making a payment to a state agency by credit card or payment device.

(b) “Credit card” shall have the same meaning as provided in subsection (k) of Section 1602 of Title 15 of the United States Code (Section 1602(k) of the federal Truth in Lending Act, and regulations promulgated thereunder).

(c) “Director” means the Director of General Services.

(d) “In person” means from one natural person to another who, as an employee or other representative of a state agency, accepts payment and processes the payment according to the procedures of the agency.

(e) “Payment device” shall have the same meaning as the definition of “accepted card or other means of access” set forth in paragraph (1) of Section 1693a of Title 15 of the United States Code (Section 1602(k) of the federal Electronic Fund Transfer Act), and for purposes of this chapter shall also include a card that enables a person to pay for transactions through the use of value stored on the card itself.

(f) “Person” means a natural person or an organization, including a corporation, partnership, limited liability company, proprietorship, association, cooperative, estate, trust, or government unit.

(g) “State agency” shall have the same meaning as set forth in Section 11000.

(Amended Sec. 1, Ch. 926, Stats. 1995. Effective January 1, 1996.)

6162. (a) Except as provided in Section 6159, the Director of General Services, or his or her designee, may negotiate and enter into any contracts necessary to implement or facilitate the acceptance of credit cards or other payment devices by state agencies. The authority granted to the director pursuant to this section shall include the discretion to negotiate and agree to specific terms applicable to each state agency, including, but not limited to, the terms regarding any payment of fees to third parties for the acceptance of credit cards or other payment devices, types of payments, any limitations on amounts and limits of liabilities that would be eligible for payment by credit card or other payment device, and operational requirements.

(b) The director may negotiate master contracts or other contracts that allow the cost-effective acceptance of payment by credit card or other payment device. Additionally, the director or any state agency negotiating these contracts shall use its best efforts to minimize the
6163. (a) (1) Except as provided in paragraphs (2) and (3), all state agencies shall accept payment made by means of a credit card or other payment device.

(2) (A) A state agency may request that the director grant an exemption from paragraph (1) if the agency determines that its acceptance of payments by credit card or other payment device would have any of the following results:
   (i) It would not be cost-effective.
   (ii) It would result in a net additional unfunded cost to the agency.
   (iii) It would result in a shortfall of revenues to the State of California.

(B) A request made pursuant to this paragraph shall state the reasons for the agency’s determination. The director may request additional information from the requesting agency, and shall approve or deny the exemption request within 60 days of the receipt of all relevant information from the agency. The director also may request that the exemption be renewed on a periodic basis, and that the agency provide a plan for implementing paragraph (1).

(C) In determining cost-effectiveness, an agency may consider more than one year. In determining the cost-effectiveness of accepting payment by credit card and other payment devices, the state agency shall consider all factors relating to costs and savings associated with accepting credit cards and other payment devices. However, an agency may accept payment by credit card or other payment device notwithstanding the cost-effectiveness, if, upon the agency’s analysis, the additional level of customer service offered by these payment methods outweighs cost considerations.

(D) “Costs” for the purposes of this subdivision shall include, but not be limited to, the following:
   (i) Amounts paid to a third party for accepting the credit card or other payment device.
   (ii) Equipment costs, including telephone and maintenance expenses.

(E) “Savings” for the purposes of this subdivision shall include, but not be limited to, the following:
   (i) The use of the float by the applicable state agency.
   (ii) Reduction in bank fees that would be charged for payments made by cash and checks.
   (iii) The costs of handling cash, labor savings, theft or pilferage, reduced storage, and security and transit of handling and holding cash.
   (iv) The costs of handling checks.
   (v) Dishonored check costs.
   (vi) Decreased facility needs.
   (vii) Increased collection of mandated payments.
   (viii) Increased sales of discretionary goods and services.
   (ix) Reduced paperwork.
   (x) Fewer in-person transactions, especially with the use of voice response units and kiosks.

(3) Notwithstanding paragraph (1), a state agency shall not accept payment by credit card or other payment device if the state agency is unable to enter into the contracts on terms that are acceptable to the agency, or if the director acting on behalf of the agency is unable to enter into contracts on terms that are acceptable to the director and the agency, as are necessary to enable the agency to accept payment by credit card or other payment device.

(b) The director may establish procedures to delegate the authority granted under this chapter to other state agencies so that these agencies may enter into contracts for accepting credit cards or other payment devices on behalf of the respective agency.

(c) For entities established under Article VI of the California Constitution, the authority of the director under this chapter shall rest with the administrative director of those entities.

(d) Any agency that intends to accept payment by credit card or other payment device pursuant to a master contract entered into by the director shall transmit a letter of intent so stating to the director.

6164. No officer or employee of a state agency, or other individual, who in the course of his or her employment or duty has or had access to credit card or payment device information provided to the state agency under this chapter shall disclose or make known in any manner information provided under this chapter or use the information for any unauthorized purpose. Any violation of this section shall be a misdemeanor.

(Amended Sec. 2, Ch. 427, Stats. 2001. Effective January 1, 2002.)

6165. The Department of General Services and state agencies shall enter into interagency agreements to reimburse the Department of General Services for its costs in entering into contracts pursuant to this chapter.

(Added Sec. 1, Ch. 926, Stats. 1995. Effective January 1, 1996.)

ARTICLE 1. GENERAL PROVISIONS

Inspection of Public Records

6250. In enacting this chapter, the Legislature, mindful of the right of individuals to privacy, finds and declares that access to information concerning the conduct of the people’s business is a fundamental and necessary right of every person in this state.

Definitions

6252. As used in this chapter:

(a) “Local agency” includes a county; city, whether general law or chartered; city and county; school district; municipal corporation; district; political subdivision; or any board, commission or agency thereof; other local public agency; or entities that are legislative bodies of a local agency pursuant to subdivisions (c) and (d) of Section 54952.

(b) “Member of the public” means any person, except a member, agent, officer, or employee of a federal, state, or local agency acting within the scope of his or her membership, agency, office, or employment.

(c) “Person” includes any natural person, corporation, partnership, limited liability company, firm, or association.

(d) “Public agency” means any state or local agency.

(e) “Public records” includes any writing containing information relating to the conduct of the public’s business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics. “Public records” in the custody of, or maintained by, the Governor’s office means any writing prepared on or after January 6, 1975.
§6252.5 GOVERNMENT CODE

(i) “State agency” means every state office, officer, department, division, bureau, board, and commission or other state body or agency, except those agencies provided for in Article IV (except Section 20 thereof) or Article VI of the California Constitution.

(g) “Writing” means any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

(Amended Sec. 1, Ch. 937, Stats. 2004. Effective January 1, 2005.)

6252.5. Notwithstanding the definition of “member of the public” in Section 6252, an elected member or officer of any state or local agency is entitled to access to public records of that agency on the same basis as any other person. Nothing in this section shall limit the ability of the elected members or officers to access public records permitted by law in the administration of their duties.

This section does not constitute a change in, but is declaratory of, existing law.

(Amended Sec. 3, Ch. 620, Stats. 1998. Effective January 1, 1999.)

Public Records Open to Inspection

6253. (a) Public records are open to inspection at all times during the office hours of the state or local agency and every person has a right to inspect any public record, except as hereafter provided. Any reasonably segregable portion of a record shall be available for inspection by any person requesting the record after deletion of the portions that are exempted by law.

(b) Except with respect to public records exempt from disclosure by express provisions of law, each state or local agency, upon a request for a copy of records that reasonably describes an identifiable record or records, shall make the records promptly available to any person upon payment of fees covering direct costs of duplication, or a statutory fee if applicable. Upon request, an exact copy shall be provided unless impracticable to do so.

(c) Each agency, upon a request for a copy of records, shall, within 10 days from receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefor. In unusual circumstances, the time limit prescribed in this section may be extended by written notice by the head of the agency or his or her designee to the person making the request, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched. No notice shall specify a date that would result in an extension for more than 14 days. When the agency dispatches the determination, and if the agency determines that the request seeks disclosable public records, the agency shall state the estimated date and time when the records will be made available. As used in this section, “unusual circumstances” means the following, but only to the extent reasonably necessary to the proper processing of the particular request:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request.

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.

(4) The need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

(d) Nothing in this chapter shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The notification of denial of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial.

(e) Except as otherwise prohibited by law, a state or local agency may adopt requirements for itself that allow for faster, more efficient, or greater access to records than prescribed by the minimum standards set forth in this chapter.

(Amended Sec. 2, Ch. 355, Stats. 2001. Effective January 1, 2002.)

6253.1. (a) When a member of the public requests to inspect a public record or obtain a copy of a public record, the public agency, in order to assist the member of the public make a focused and effective request that reasonably describes an identifiable record or records, shall do all of the following, to the extent reasonable under the circumstances:

(1) Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated.

(2) Describe the information technology and physical location in which the records exist.

(3) Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

(b) The requirements of paragraph (1) of subdivision (a) shall be deemed to have been satisfied if the public agency is unable to identify the requested information after making a reasonable effort to elicit additional clarifying information from the requester that will help identify the record or records.

(c) The requirements of subdivision (a) are in addition to any action required of a public agency by Section 6253.

(d) This section shall not apply to a request for public records if any of the following applies:

(1) The public agency makes available the requested records pursuant to Section 6253.

(2) The public agency determines that the request should be denied and bases that determination solely on an exemption listed in Section 6254.

(3) The public agency makes available an index of its records.

(Amended Sec. 3, Ch. 355, Stats. 2001. Effective January 1, 2002.)

6253.3. A state or local agency may not allow another party to control the disclosure of information that is otherwise subject to disclosure pursuant to this chapter.

(Amended Sec. 1, Ch. 62, Stats. 2008. Effective January 1, 2009.)

6253.31. Address information obtained pursuant to this paragraph may not be used directly or indirectly, or furnished to another, to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury. Nothing in this paragraph shall be construed to prohibit or limit a scholarly, journalistic, political, or government use of address information obtained pursuant to this paragraph.

(4) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination, except as provided for in Chapter 3 (commencing with Section 99150) of Part 65 of Division 14 of Title 3 of the Education Code.

Order of Court

6259. (a) Whenever it is made to appear by verified petition to the superior court of the county where the records or some part thereof are situated that certain public records are being improperly withheld from a member of the public, the court shall order the officer or person charged with withholding the records to disclose the public record or show cause why he or she should not do so. The court shall decide the case after examining the record in camera, if permitted by subdivision (b) of Section 915 of the Evidence Code, papers filed by the parties and any oral argument and additional evidence as the court may allow.

(b) If the court finds that the public official’s decision to refuse disclosure is not justified under Section 6254 or 6255, he or she shall order the public official to make the record public. If the judge determines that the public official was justified in refusing to make the record public, he or she shall return the item to the public official in the manner to affect the status of judicial records as it existed immediately prior to the effective date of this section, nor to affect the rights of litigants, including parties to administrative proceedings, under the laws of discovery of this state, nor to limit or impair any rights of discovery in a criminal case.

(Amended Ch. 314, Stats. 1976. Effective January 1, 1977.)

6260. The provisions of this chapter shall not be deemed in any manner to affect the status of judicial records as it existed immediately prior to the effective date of this section, nor to affect the rights of litigants, including parties to administrative proceedings, under the laws of discovery of this state, nor to limit or impair any rights of discovery in a criminal case.

(Amended Ch. 314, Stats. 1976. Effective January 1, 1977.)

6261. Notwithstanding Section 6252, an itemized statement of the total expenditures and disbursement of any agency provided for in Article VI of the California Constitution shall be open for inspection.

(Amended Ch. 1246, Stats. 1975. Effective January 1, 1976.)

6262. The exemption of records of complaints to, or investigations conducted by, any state or local agency for licensing purposes under subdivision (f) of Section 6254 shall not apply when a request for inspection of such records is made by a district attorney.

(Amended Ch. 601, Stats. 1979. Effective January 1, 1980.)

6263. A state or local agency shall allow an inspection or copying of any public record or class of public records not exempted by this chapter when requested by a district attorney.

(Amended Ch. 601, Stats. 1979. Effective January 1, 1980.)

6264. The district attorney may petition a court of competent jurisdiction to require a state or local agency to allow him to inspect or receive a copy of any public record or class of public records not exempted by this chapter when the agency fails or refuses to allow inspection or copying within 10 working days of a request. The court may require a public agency to permit inspection or copying by the district attorney unless the public interest or good cause in withholding such records clearly outweighs the public interest in disclosure.

(Amended Ch. 601, Stats. 1979. Effective January 1, 1980.)

6265. Disclosure of records to a district attorney under the provisions of this chapter shall affect no change in the status of the records under any other provision of law.

(Amended Ch. 601, Stats. 1979. Effective January 1, 1980.)

ARTICLE 2. OTHER EXEMPTIONS FROM DISCLOSURE

6275. It is the intent of the Legislature to assist members of the public and state and local agencies in identifying exemptions to the California Public Records Act. It is the intent of the Legislature that, after January 1, 1999, each addition or amendment to a statute that exempts any information contained in a public record from disclosure pursuant to subdivision (k) of Section 6254 shall be listed and described in this article pursuant to a bill authorized by a standing committee of the Legislature to be introduced during the first year of each session of the Legislature. The statutes and constitutional provisions listed in this article may operate to exempt certain records, or portions thereof, from disclosure. The statutes and constitutional provisions listed and described may not be inclusive of all exemptions. The listing of a statute or constitutional provision in this article does not itself create an exemption. Requesters of public records and public agencies are cautioned to review the applicable statute or constitutional provision to determine the extent to which it, in light of the circumstances surrounding the request, exempts public records from disclosure.

State Parking Facilities

14677. Any state agency, with the approval of the director, may permit motor vehicle parking by state officers and employees or other persons upon state property under the jurisdiction or control of such agency and may prescribe the terms and conditions of such parking including the payment of parking fees in such amounts and under such circumstances as may be determined by the state agency with the approval of the Director of General Services. Different rates of parking fees, based upon the number of riders in each vehicle, may be charged. No such parking shall be permitted by any state agency except pursuant to this section.

Varying rates of parking fees may be established for different localities or for different parking facilities. This section shall not apply to facilities constructed under the State College Revenue Bond Act of 1947, nor shall it apply to the parking of legislators’ motor vehicles in the State Capitol Garage. The Legislature hereby declares it to be the policy of the state to permit motor vehicle parking by state officers and employees or other persons on state-owned or controlled property to the extent reasonably possible and subject to the charging of parking fees under such circumstances and in such amounts as may be deemed appropriate. The Legislature by this section does not intend to authorize the institution of a public parking program unrelated to state purposes and in competition with private industry.

(Amended Ch. 882, Stats. 1980. Effective September 11, 1980.)

14679. (a) A parking facility under the jurisdiction or control of a state agency, that is available to private persons who desire to conduct business with the state agency, shall reserve for the exclusive use of any vehicle that displays either a special identification license plate issued pursuant to Section 5007 of the Vehicle Code or a distinguishing placard issued pursuant to Section 22511.55 or 22511.59 of the Vehicle Code a minimum of one parking space for up to 25 spaces, and additional parking spaces pursuant to Section 1129B of Part 2 of Title 24 of the California Code of Regulations.

(b) If no parking facility under the jurisdiction and control of a state agency is available to private persons who desire to conduct business with the state agency, the state agency shall request the local authority thousand dollars ($50,000) conditioned upon the faithful performance of his duties.

having jurisdiction over streets immediately adjacent to the property of the state agency to provide parking spaces for the use of disabled persons and disabled veterans pursuant to Section 22511.7 of the Vehicle Code.

(c) The Department of General Services under the Division of the State Architect shall develop pursuant to Section 4450, as appropriate, conforming regulations to ensure compliance with subparagraph (B) of paragraph (1) of subdivision (a) and paragraph (2) of subdivision (a). Initial regulations to implement these provisions shall be adopted as emergency regulations. The adoption of these regulations shall be considered by the Department of General Services to be an emergency necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(Added Sec. 2, Ch. 200, Stats. 2009. Effective January 1, 2010.)

14679.5. (b) If no parking facility under the jurisdiction and control of a state agency is available to state officers and employees or to private persons who desire to conduct business with a state agency, the state agency shall request the local authority having jurisdiction over streets and sidewalks immediately adjacent to the property of the state agency to provide parking spaces upon which parking facilities for use by bicycle and moped riders shall be constructed, operated, and maintained by such agency.

(Added Ch. 934, Stats. 1980. Effective January 1, 1981.)

16302.1. (a) Whenever any person pays to any state agency pursuant to law an amount covering taxes, penalties, interest, license, or other fees, or any other payment, and it is subsequently determined by the state agency responsible for the collection thereof that this amount includes an overpayment of ten dollars ($10) or less of the amount due the state pursuant to the assessment, levy, or charge to which the payment is applicable, the amount of the overpayment may be disposed of in either of the following ways:

(1) The state agency responsible for the collection to which the overpayment relates may apply the amount of the overpayment as a payment by the person on any other taxes, penalties, interest, license, or other fees, or any other amount due the state from that person if the state agency is responsible by law for the collection to which the overpayment is to be applied as a payment.

(2) Upon written request of the state agency responsible for the collection to which the overpayment relates, the amount of the overpayment shall, on order of the Controller, be deposited as revenue in the fund in the State Treasury into which the collection, exclusive of overpayments, is required by law to be deposited.

(b) The California Victim Compensation and Government Claims Board may adopt rules and regulations to permit state agencies to retain these overpayments where a demand for refund permitted by law is not made within six months after the refund becomes due, and the retained overpayments shall belong to the state.

(Added Sec. 2, Ch. 110, Stats. 2006. Effective January 1, 2007.)

19602.5. (a) Notwithstanding Section 18900, 18901, 18930, 18930.5, 18931, 18933, 18936, 18937, 18938.5, 18939, 18950, 19052, 19054, 19054.1, 19057, 19057.1, 19057.2, 19057.4, 19081, or 19101, or any other provision of law, but consistent with the merit principles of subdivision (b) of Section 1 of Article VII of the California Constitution, the Department of Motor Vehicles appointing authority may conduct examinations and make appointments, as specified by this section. The purpose of this section is to provide the Department of Motor Vehicles with greater flexibility to match candidates and managerial or supervisory jobs, at the same time resulting in an expedited selection process and cost savings to the department.

(b) The Department of Motor Vehicles appointing authority may conduct competitive examinations on a position-by-position basis for specified managerial classifications and supervisory classifications as agreed by the board in the manner described in Article 7 (commencing with Section 549.80) of Subchapter 4 of Chapter 1 of Division 1 of Title 2 of the California Code of Regulations in effect on June 27, 2001, or in any other manner approved by the board. Except as provided herein, any person in possession of the vehicle shall not release it to the debtor without first obtaining proof of payment of the fee to the sheriff. At the request of the debtor, a person in possession of the vehicle, or the legal owner, may also release the vehicle to the debtor provided the debtor pays the fifteen dollar ($15) fee, plus an administrative fee not to exceed five dollars ($5), to the person in possession or the legal owner, who shall transmit the fifteen dollar ($15) fee to the sheriff within three business days. The failure to transmit the fee within the three business days shall subject the person in possession or legal owner receiving the fee from the debtor to a fine of fifty dollars ($50). The proof of payment, or a copy thereof, shall be retained by the party releasing possession to the debtor for the period required by law, and the party releasing possession shall provide a copy of the proof of payment to the debtor upon request of the debtor.

(Added Ch. 1114, Stats. 1994. Effective January 1, 1995. Supersedes Ch. 146.)

41612. §53086. Whenever a peace officer arrests any person for operating as a taxicab without a valid taxicab certificate, license, or permit required by any ordinance, and the offense occurred at a public airport, within 100 feet of a public airport, or within two miles of the California/Mexico international border, the peace officer may impound and retain possession of any vehicle used in a violation of the ordinance. If the vehicle is seized from a person who is not the owner of the vehicle, the impounding authority shall immediately give notice to the owner by first-class mail.

The vehicle shall immediately be returned to the owner without cost to the owner if the arrest, conviction, or dismissal is not prosecuted or is dismissed, the owner is found not guilty of the offense, or it is determined that the vehicle was used in violation of the ordinance without the knowledge and consent of the owner. Otherwise, the vehicle shall be returned to the owner upon payment of any fine imposed by the court. After the expiration of six weeks from the final disposition of the criminal case, the impounding authority may deal with the vehicle as lost or abandoned property under Section 1411 of the Penal Code.

At any time, a person may make a motion in municipal court for the immediate return of a vehicle on the ground that there was no probable cause to seize it or that there is some other good cause, as determined by the court, for the return of the vehicle.

No peace officer, however, shall impound any vehicle owned or operated by a nonprofit organization exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code which serves youth or senior citizens and provides transportation incidental to its programs or services.

Costs of Emergency Response

§53150. Any person who is under the influence of an alcoholic beverage or any drug, or the combined influence of an alcoholic beverage and any drug, whose negligent operation of a motor vehicle caused by that influence proximately causes any incident resulting in an appropriate emergency response, and any person whose intentionally wrongful conduct proximately causes any incident resulting in an appropriate emergency response, is liable for the expense of an emergency response by a public agency to the incident.

(Added Ch. 337, Stats. 1985. Effective January 1, 1986.)

§53151. Any person who is under the influence of an alcoholic beverage or any drug, or the combined influence of an alcoholic beverage and any drug, whose negligent operation of any boat or vessel caused by that influence proximately causes any incident resulting in an appropriate emergency response, and any person whose intentionally wrongful conduct proximately causes any incident resulting in an appropriate emergency response, is liable for the expense of an emergency response by a public agency to the incident.

(Added Ch. 337, Stats. 1985. Effective January 1, 1986.)

§53152. Any person who is under the influence of an alcoholic beverage or any drug, or the combined influence of an alcoholic beverage and any drug, whose negligent operation of a civil aircraft caused by that influence proximately causes any incident resulting in an appropriate emergency response, and any person whose intentionally wrongful conduct proximately causes an incident resulting in an appropriate emergency response, is liable for the expense of an emergency response by a public agency to the incident.

(Added Ch. 337, Stats. 1985. Effective January 1, 1986.)

§53153. For purposes of this article, a person is under the influence of an alcoholic beverage or any drug, or the combined influence of an alcoholic beverage and any drug, when as a result of drinking an alcoholic beverage or using a drug, or both, his or her physical or mental abilities are impaired to a degree that he or she no longer has the ability to operate a motor vehicle, boat or vessel, or aircraft with the caution characteristic of a sober person of ordinary prudence under the same or similar circumstances. For purposes of this article, the presumption described in Sections 23152 and 23155 of the Vehicle Code shall apply.

(Added Ch. 337, Stats. 1985. Effective January 1, 1986.)

§53154. The expense of an emergency response shall be a charge against the person liable for expenses under this article. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied, except that liability for the expenses provided for in this article shall not be insurable and no insurance policy shall provide or pay for the expenses.

(Added Ch. 337, Stats. 1985. Effective January 1, 1986.)

§53156. As used in this article:

(a) “Expense of an emergency response” means reasonable costs incurred by a public agency in reasonably making an appropriate emergency response to the incident, including the costs of providing police, firefighting, rescue, and emergency medical services at the scene of the incident, but shall only include those costs directly arising because of the response to the particular incident.

(b) “Public agency” means the state and any county, city, municipal corporation, district, or public authority located, in whole or in part, within this state which provides or may provide firefighting, police, ambulance, medical, or other emergency services.

(c) “Intentionally wrongful conduct” means conduct intended to injure another person or property.

(Added Ch. 337, Stats. 1985. Effective January 1, 1986.)

§53158. It is not the intent of the Legislature, in enacting this article, to occupy the field of recovery of the expense of an emergency response by a public agency, nor is it the intent of the Legislature to preempt local regulations or to otherwise limit the remedies available to any public agency to recover the expenses of an emergency response to any incident not involving persons who operate a motor vehicle, a boat or vessel, or a civil aircraft while under the influence of an alcoholic beverage or any drug, or the combined influence of an alcoholic beverage and any drug. It is the intent of the Legislature that the recovery of the expenses of an emergency response under this chapter shall supplement and shall not supplant any other provisions of law relating to the recovery of those expenses.

§53159. (a) As used in this section, the following terms have the following meanings:

(1) “Expenses of an emergency response” means those reasonable and necessary costs directly incurred by public agencies, for-profit entities, or not-for-profit entities that make an appropriate emergency response to an incident, and include the cost of providing police, firefighting, search and rescue, and emergency medical services at the scene of an incident, and salaries of the persons who respond to the incident, but does not include charges assessed by an ambulance service.

(2) “Public agency” means the state and any county, city, municipal corporation, or other public authority that is located in whole or in part in this state and that provides police, firefighting, medical, or other emergency services.

(b) Any person who intentionally, knowingly, and willfully enters into any area that is closed or has been closed to the public by competent authority for any reason, or an area that a reasonable person under the circumstances should have known was closed to the public, is liable for the expenses of an emergency response required to search for or rescue that person, or if the person was operating a vehicle, any of his or her passengers, plus the expenses for the removal of any inoperable vehicle. Posting a sign, placing a barricade, a restraining
or retaining wall, roping off an area, or any other device is sufficient indication that an area is closed to the public due to danger of injury, for the public’s safety, or for any other reason.

(c) A person who drives a vehicle on a public street or highway that is temporarily covered by a rise in water level, including groundwater or overflow of water, and that is barricaded by any of the means described in subdivision (b), because of flooding, is liable for the expenses of any emergency response that is required to remove from the public street or highway, the driver, or any passenger in the vehicle that has become inoperable on the public street or highway, or the vehicle that has become inoperable on the public street or highway.

(d) Unless otherwise provided by law, this section shall apply to all persons, regardless of whether the person is on foot, on skis or snowshoes, or is operating a motor vehicle, bicycle, vessel, watercraft, raft, snowmobile, all-terrain vehicle, or any other boat or vehicle of any description.

(e) This section shall not apply to any person who is authorized by the landowner, lessor, or manager of the closed area, to be in the closed area, and further shall have no application to any federal, state, or local government official who is in the closed area as part of his or her official duty, nor to any public utility performing services consistent with its public purpose, nor to any person acting in concert with a government authorized search or rescue. A person who was attempting to rescue another person or an animal shall not be liable for expenses of an emergency response under this section.

(f) Expenses of an emergency response are a charge against the person liable for those expenses pursuant to subdivision (b) or (c). The charge constitutes a debt of that person and may be collected proportionately as specified in subdivision (g). The debt shall apply only to the person who intentionally, knowingly, and willfully enters the closed area, and not to his or her family, heirs, or assigns. The parent or parents of a minor child who has violated subdivision (b) or (c) may be responsible for the debt.

(g) The debt may be collected proportionately by the public agencies, for-profit entities, and not-for-profit entities that incur the expenses. The liability imposed under this section shall be in addition to, and not in limitation of, any other liability, fines, or fees that are imposed by law.

(h) An insurance policy may exclude coverage for a person’s liability for expenses of an emergency response.

(Added Sec. 2, Ch. 51, Stats. 2004. Effective January 1, 2005.)

§65089.20. (a) A countywide transportation planning agency may place a majority vote ballot measure before the voters of the county to authorize an increase in the fees of motor vehicle registration in the county for transportation-related projects and programs described in this chapter. The agency may impose an additional fee of up to ten dollars ($10) on each motor vehicle registered within the county. The ballot measure resolution shall be adopted by a majority vote of the governing board of the countywide transportation planning agency at a noticed public hearing. The resolution shall also contain a finding of fact that the projects and programs to be funded by the fee increase have a relationship or benefit to the persons who will be paying the fee, and the projects and programs are consistent with the regional transportation plan adopted pursuant to Section 65080. The finding of fact shall require a majority vote of the governing board at a noticed public hearing.

(b) The ballot measure described in subdivision (a) shall be submitted to the voters of the county and if approved by the voters in the county, the increased fee shall apply to the original vehicle registration occurring on or after six months following the adoption of the measure by the voters and to a renewal of registration with an expiration date on or after that six-month period.

(c) (1) The governing board of the countywide transportation planning agency shall adopt an expenditure plan allocating the revenue to transportation-related programs and projects that have a relationship or benefit to the persons who pay the fee. The transportation-related programs and projects include, but are not limited to, programs and projects that have the following purposes:

(A) Providing matching funds for funding made available for transportation programs and projects from state general obligation bonds.

(B) Creating or sustaining congestion mitigation programs and projects.

(C) Creating or sustaining pollution mitigation programs and projects.

(2) For the purposes of paragraph (1), the following terms have the following meanings:

(A) “Congestion mitigation programs and projects” include, but are not limited to, programs and projects identified in an adopted congestion management program or county transportation plan; projects and programs to manage congestion, including, for example, high-occupancy vehicle or high-occupancy toll lanes; improved transit services through the use of technology and bicycle and pedestrian improvements; improved signal coordination, traveler information systems, highway operational improvements, and local street and road rehabilitation; and transit service expansion.

(B) “Pollution mitigation programs and projects” include, but are not limited to, programs and projects carried out by a congestion management agency, a regional water quality control board, an air pollution control district, an air quality management district, or another public agency that is carrying out the adopted plan of a congestion management agency, a regional water quality control board, an air pollution control district, or an air quality management district.

(d) Not more than 5 percent of the fees distributed to a countywide transportation planning agency shall be used for administrative costs associated with the programs and projects.

(e) For purposes of this section, “countywide transportation planning agency” means the congestion management agency created pursuant to Chapter 2.6 (commencing with Section 65088) or the agency designated pursuant to Section 66531 to submit the county transportation plan.

(Added Sec. 2, Ch. 554, Stats. 2009. Effective January 1, 2010.)
§68079. A court for which the necessary seal has not been provided, or the judges of that court, shall provide it. The expense shall be an item of court operations.

§68097. Witnesses in civil cases may demand the payment of their mileage and fees for one day, in advance, and when so demanded may not be compelled to attend until the allowances are paid except as hereinafter provided for employees of the Department of Justice who are peace officers or analysts in technical fields, peace officers of the Department of the California Highway Patrol, peace officer members of the State Fire Marshal’s Office, other state employees, trial court employees, sheriffs, deputy sheriffs, marshals, deputy marshals, district attorney inspectors, probation officers, building inspectors, firefighters, and city police officers. For the purposes of the section and Sections 68097.1 to 68097.10, inclusive, only, the term “peace officer of the California Highway Patrol” shall include those persons employed as vehicle inspection specialists by the Department of the California Highway Patrol, the term “firefighter” has the definition provided in Section 50924, and a volunteer firefighter shall be deemed to be employed by the public entity for which he or she volunteers as a firefighter.

(Amended Sec. 19, Ch. 449, Stats. 2003. Effective January 1, 2004.)

Peace Officer as Civil Witness

§68097.10. Whenever an employee of the Department of Justice who is a peace officer or an analyst in a technical field, peace officer of the Department of the California Highway Patrol, peace officer member of the State Fire Marshal’s office, sheriff, deputy sheriff, marshal, deputy marshal, firefighter, or city police officer appears as a witness pursuant to Section 68097.1 and reimbursement is not made as provided for in Section 68097.2, then the Department of Justice, the Department of the California Highway Patrol, the State Fire Marshal’s office, or the public entity employing the employee, sheriff, deputy sheriff, marshal, deputy marshal, firefighter, or city police officer shall have standing to bring an action in order to recover the funds.

(Amended Sec. 40, Ch. 305, Stats. 1996. Effective January 1, 1997.)

(c) “Vessel” means any vessel which is subject to registration with the Department of Motor Vehicles and which is manufactured or used for noncommercial purposes or is leased, rented, or chartered to another for noncommercial use.

412. Notwithstanding Section 502, a repairperson has no lien on a vessel under this article for compensation for services rendered to the vessel, unless the repairperson has complied with this article.

Possessory Liens on Vessels

500. This article shall be known and may be cited as the “Boaters Lien Law”

501. As used in this article:
(a) “Department” means the Department of Motor Vehicles or any successor agency thereto which registers vessels.
(b) “Mail” means first-class mail, postage prepaid, unless registered mail is specified. Registered mail includes certified mail.
(c) “Services” means the making of repairs or performing labor upon or to, and the furnishing of supplies or materials for, any vessel or any trailer used in connection with a vessel.
(d) “Storage” means the safekeeping, mooring, berthage, wharfage, or anchorage of a vessel and the providing of parking space for any trailer used in connection with the vessel.
(e) “Vessel” means every description of watercraft, other than a seaplane on the water or a floating home, used or capable of being used as a means of transportation on the water and required to be registered, excluding any vessel which has a valid marine document issued by the United States or any agency thereof. For the purposes of this article, “vessel” includes any trailer used in connection with the vessel which is in the possession of the lienholder at the time the lien arises.

501.3. The time a notice or statement is given or sent, unless otherwise expressly provided, means the time a written notice to a person is deposited in the United States mails; or the time any other written notice is personally delivered to the recipient.

501.5. The possessory vessel lien procedures described by the provisions of this article shall supersede any local ordinance and shall provide the exclusive means of enforcing these liens. Nothing in this article shall be construed as affecting any maritime lien cognizable under any federal law.

502. (a) Except as provided in Article 1.5 (commencing with Section 410) of Chapter 1 of Division 3, every person has a lien dependent upon possession of the vessel for the compensation to which he or she is legally entitled for services rendered to or storage of any vessel subject to registration with the Department of Motor Vehicles. The lien shall arise at the time a written statement of lien is sent to the registered owner of the vessel which specifies the charges for services or storage rendered and states that the vessel is subject to sale pursuant to the California Boater’s Lien Law.

(b) Notwithstanding subdivision (a), no lien provided by this section for storage or service provided upon the request of any person other than the legal owner as shown on the registration certificate of the vessel shall be valid against the interest of the legal owner to the extent that the lien exceeds one thousand five hundred dollars ($1,500) unless the person performing the storage or service obtains the consent of the legal owner to the amount of the excess. The legal owner may limit his or her consent to a specified dollar amount or period of time. The lien claimant shall give actual notice in writing, prior to exceeding that amount, either by personal service or by registered mail to the legal and registered owner or owners as named and at the addresses as shown on the registration certificate, on a standard form provided by the department, containing a description of the storage or services, or both, a description and registration number of the vessel, the name of the registered owner or owners, the dollar amount or rate of the charges for the storage or services, and a statement in boldface type that, with respect to storage charges, consent of the legal owner shall be presumed unless the legal owner notifies the lien claimant within 15 days of receipt of the request for consent that he or she declines to consent to the storage. The lien claimant shall notify the legal owner as shown on the registration certificate of the vessel, by certified mail, that the vessel is subject to sale pursuant to the California Boater’s Lien Law and that the lien claimant exceeds one thousand five hundred dollars ($1,500).

(c) Notwithstanding subdivision (b), any claim for the cost of services may exceed the estimate given therefor by an amount not in excess of 10 percent thereof and the lien of the lien claimant shall be valid against the legal owner to the full amount of such excess to the same extent as would be a lien for the original estimate.

(d) With respect to claims for storage charges, a legal owner shall be presumed to consent to storage charges if he or she fails to respond to the request for consent set forth in subdivision (b) within 15 days after receipt thereof, such response to be addressed to the lien claimant at the address stated in the request for consent. In addition, consent in all cases is presumed for the 30-day period immediately following the giving of the request for consent notice.

(e) The legal owner may, upon declining consent, remove the vessel from the lien claimant only upon satisfying the lien of the lien claimant.

(f) Any lien arising under this section shall be extinguished, and no lien sale shall be conducted unless, 60 days after the lien arises, the lienholder does either of the following:
(1) Applies to the department for an authorization to conduct a lien sale.
(2) Files an action on the claim in court.

(g) Nothing in this section shall impair any rights or remedies which are otherwise available to the lien claimant against the registered owner under any other provisions of law.

503. (a) A lienholder shall apply to the department for the issuance of an authorization to conduct a lien sale pursuant to the provisions of this section for any vessel with a value determined to be over one thousand five hundred dollars ($1,500). A fee shall be charged by the department and may be recovered by the lienholder if a lien sale is conducted or if the vessel is redeemed. The application shall be executed under penalty of perjury and shall include all of the following information:
(1) A description of the vessel, including make, hull identification number, and state of registration, to the extent available.
(2) The names and addresses of the registered and legal owners of the vessel, if ascertainable from the registration certificate within the vessel, and the name and address of any person whom the lienholder knows or reasonably should know claims a proprietary interest in the vessel.

(3) A statement of the amount of the lien and the facts which give rise to the lien. The statement shall include, as a separate item, an estimate of any additional storage costs accruing pending the lien sale.

(b) Upon receipt of an application made pursuant to subdivision (a), the department shall within 15 days thereafter do the following:

(1) Notify the vessel registry agency of a foreign state of the pending lien sale, if the vessel bears indicia of registration in that state.

(2) By mail, send a notice, a copy of the application, and a return envelope preaddressed to the department to the registered and legal owners at their addresses of record with the department, and to any other person whose name and address is listed in the application.

(3) A vessel registration stop order or title transfer stop order shall be applied by the department at the time the lien claimant requests authorization to conduct the sale.

(4) Notify the applicant of any outstanding property tax lien on the vessel of which the department has been notified pursuant to subdivision (b) of Section 3205 of the Revenue and Taxation Code. The notice required by this paragraph shall identify the county in which any outstanding lien is held.

(c) The notice required pursuant to subdivision (b) shall include all of the following statements:

(1) An application has been made with the department for authorization to conduct a lien sale and the department has placed a vessel registration stop order or title transfer stop order on the vessel.

(2) Each person to whom notice is sent pursuant to subdivision (b) is entitled to a hearing in court if that person so desires.

(3) If a hearing in court is desired, a declaration of opposition, signed under penalty of perjury, is required to be signed and returned to the department within 15 days of the date that the notice required pursuant to subdivision (b) was mailed.

(4) If the declaration of opposition is signed and returned to the department, the lienholder will be allowed to sell the vessel only if he or she obtains a court judgment or a subsequent release from the declarant.

(5) If a court action is filed, the declarant will be served by mail with legal process in the court proceedings at the address shown on the declaration of opposition and may appear to contest the claim.

(6) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(d) If the department receives the declaration of opposition in the time provided, the department shall notify the lienholder within 16 days of the receipt of the declaration of opposition that a lien sale shall not be conducted unless the lienholder files an action in court within 60 days of the notice. A lien sale of the vessel shall not be conducted unless judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his or her interest in the vessel.

(e) Service of legal process on the declarant, with return receipt requested signed by the declarant or an authorized agent of the declarant at the address shown on the declaration of opposition, shall be effective. Return of a declaration of opposition shall constitute consent by the declarant to service of legal process for the desired court hearing upon him or her in the foregoing manner. Notwithstanding subdivision (d) of Section 415.3 of the Code of Civil Procedure, if the lienholder has attempted service upon declarant by that method at the address shown on the declaration of opposition and the mail has been returned unclaimed, the department shall promptly authorize the sale.

(f) Upon receipt of authorization to conduct the lien sale, the lienholder shall do all of the following:

(1) At least 10 days, but not more than 30 days, prior to the lien sale, not counting the day of the sale, give notice of the sale by advertising once in a newspaper of general circulation published in the county in which the vessel is located. If there is no newspaper published in the county, notice shall be given by posting a notice of sale form in three of the most public places in the area in which the vessel is located and at the place where the vessel is to be sold for 10 consecutive days prior to and including the day of the sale.

(2) Send a notice of pending lien sale 20 days prior to the sale, but not counting the day of sale, by mail with return receipt requested, to each of the following:

(A) The registered and legal owners of the vessel, if registered in this state.

(B) All persons known to have an interest in the vessel.

(C) The department.

(g) Upon receipt of the notice, the department shall mark its records and thereafter notify any person having a proprietary interest in the vessel that there is a pending lien sale and that title will not be transferred until the lien is satisfied or released.

(h) All notices required by this section, including the notice forms prescribed by the department, shall specify the make, hull identification number, and state of registration, if available, and the specific date, exact time, and place of sale.

(An amended Ch. 940, Stats. 1994. Effective January 1, 1995.)

504. (a) For vessels with a value determined to be one thousand five hundred dollars ($1,500) or less, the department shall promptly furnish the lienholder with the names and addresses of the registered and legal owners of record.

(b) The lienholder shall, immediately upon receipt of the names and addresses, send by mail, with return receipt requested, a completed notice of pending lien sale form, a blank declaration of opposition form, and a return envelope preaddressed to the department, to the registered owner and legal owner at their addresses of record with the department, to any other person known to have a proprietary interest in the vessel, and to the department.

(c) Upon receipt of the notice, the department shall mark its records and a vessel registration stop order or title transfer stop order shall be imposed by the department as provided in section 503, and thereafter notify any person having a proprietary interest in the vessel that there is a pending lien sale and that title will not be transferred until the lien is satisfied or released.

(d) All notices shall be signed under penalty of perjury and shall include all of the following information and statements:

(1) A description of the vessel, including make, identification number, and state of registration, to the extent available.

(2) The specific date, exact time, and place of sale, which shall be set not less than 35 days, but not more than 60 days, from the date of mailing.

(3) The names and addresses of the registered and legal owners of the vessel and any other person known to have an interest in the vessel.

(4) All of the following statements:

(A) The amount of the lien and the facts that give rise to the lien.

(B) The person has a right to a hearing in court.

(C) If a court hearing is desired, a declaration of opposition signed under penalty of perjury is required to be signed and returned to the department within 15 days of the date the notice of pending lien sale was mailed.

(D) If the declaration of opposition is signed and returned, the lienholder will be allowed to sell the vessel only if he or she obtains a court judgment or if he or she obtains a subsequent release from the declarant.

(E) If a court action is filed, the declarant will be served by mail with legal process in the court proceedings at the address shown on the declaration of opposition and may appear to contest the claim.
(F) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(e) If the department receives the completed declaration of opposition within the time provided, the department shall notify the lienholder within 16 days that a lien sale shall not be conducted unless the lienholder files an action in court within 20 days of the notice and judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his or her interest in the vessel.

(f) Service on the declarant by mail with return receipt requested, signed by the declarant or an authorized agent of the declarant at the address shown on the declaration of opposition, shall be effective. Return of a declaration of opposition shall constitute consent by the declarant to service of legal process for the desired court hearing upon him or her in the foregoing manner. If the lienholder has attempted service upon the declarant by that method at the address shown on the declaration of opposition and the mail has been returned unclaimed, the lienholder may proceed with the sale.

(2) The names and addresses of the registered and legal owners of record with the department, to the extent available.

(Amended Sec. 344, Ch. 538, Stats. 2006. Effective January 1, 2007.)

505. (a) A registered or legal owner of a vessel may release any interest in the vessel after the lien has arisen. The release shall be dated when signed and a copy shall be given at the time the release is signed to the person releasing the interest.

(b) The release shall be in at least 12-point type and shall contain all of the following information in simple, nontechnical language:

1. A description of the vessel, including the make, the identification number, and the state of registration, to the extent available.

2. The names and addresses of the registered and legal owners of record with the department, to the extent available.

3. A statement of the amount of the lien and the facts which give rise to the lien.

4. A statement that the person releasing the interest understands that (i) he or she has a legal right to a hearing in court prior to any sale of the vessel to satisfy the lien and (ii) he or she is giving up the right to appear to contest the claim of the lienholder.

5. A statement that (i) the person releasing the interest gives up any interest he or she may have in the vessel and (ii) he or she is giving the lienholder permission to sell the vessel.

(c) The release required by this section shall be filed with the department in connection with any transfer of interest in a vessel following a lien sale.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)

505.5. (a) Whenever the lien upon any vessel is lost by reason of the loss of possession through trick, fraud, or device, the repossession of the vessel by the former lienholder claimant revives the lien, but a lien so revived is subordinate to any right, title, or interest of a person who acquired title or possession and the time of repossession.

(5) A statement that (i) the person releasing the interest gives up any interest he or she may have in the vessel and (ii) he or she is giving the lienholder permission to sell the vessel.

(b) The release shall be in at least 12-point type and shall contain all of the following information in simple, nontechnical language:

2. The names and addresses of the registered and legal owners of record with the department, to the extent available.

3. A statement of the amount of the lien and the facts which give rise to the lien.

4. A statement that the person releasing the interest understands that (i) he or she has a legal right to a hearing in court prior to any sale of the vessel to satisfy the lien and (ii) he or she is giving up the right to appear to contest the claim of the lienholder.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)

506. No lien sale shall be undertaken pursuant to Section 503 or 504 unless the vessel has been available for inspection at a location easily accessible to the public for at least one hour before the sale and is at the place of sale at the time and date specified on the notice of sale. Sealed bids shall not be accepted. The lienholder shall conduct the sale in a commercially reasonable manner.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)

506.5. Within 10 days after the sale of any vessel pursuant to the provisions of Section 503 or 504, the legal or registered owner may redeem the vessel upon the payment of the amount of the lien, all costs and expenses of the lien, together with interest on that sum at the legal rate from the due date thereof until the repayment. If the vessel is not redeemed, all lien sale documents required by the department to effect transfer of title shall then be completed and delivered to the buyer.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)

507. (a) Except as provided in subdivision (b), at the time a lienholder applies to the department to conduct a sale under Section 504, the lienholder shall submit with the application a declaration by a licensed yacht and ship broker of the fair market value of the described vessel at a specific date within 30 days of that submission. The opinion need not be based upon a marine survey, but shall be based on a physical inspection of the vessel. No cause of action shall lie against the declarant on account of the opinion given.

(b) The declaration specified in subdivision (a) is not required if a public agency removes an abandoned vessel, or arranges, by contract, for the removal of the vessel, from a highway or from public or private property.

(1) For lien sale purposes, the public agency which removed the vessel, or arranged for the removal, shall determine if the estimated value of the vessel that has been ordered removed or stored is one thousand five hundred dollars ($1,500) or less.

(2) If the public agency fails or refuses to determine the estimated value of the vessel within three days after the date of removal of the vessel, the lienholder or the lienholder’s agent shall determine, under penalty of perjury, if the estimated value of the vessel that has been ordered removed or stored is one thousand five hundred dollars ($1,500) or less.

(Amended Ch. 310, Stats. 1986. Effective January 1, 1987.)

507.5. The proceeds of a vessel lien sale shall be disposed of as follows:

(a) The amount necessary to discharge the lien and the actual cost of selling the vessel shall be paid to the lienholder. Actual cost of sale shall include any fees charged by the department, publication fees, postage and service of notices, whether incurred as a result of a sale or redemption by the registered or legal owner without a sale. The actual cost of sale shall not exceed one hundred dollars ($100) for a vessel without a trailer and one hundred twenty-five dollars ($125) for a vessel with a trailer, exclusive of the charges of the department.

(b) The balance, if any, shall be forwarded to the department within 15 days of any sale. Within 30 days thereafter, the department shall send notice of the receipt of the funds, if the amount thereof exceeds ten dollars ($10), to the legal and registered owners at the most current addresses shown in the department’s records.

(c) Any person claiming an interest in the vessel may file a claim with the department for any portion of the funds forwarded to the department pursuant to subdivision (b). Upon determination of the department that the claimant is entitled to a portion of those funds, the department shall pay any entitled amount which does not exceed the balance of the funds remaining on deposit with the department that pertain to the vessel. The department shall not honor any claim unless the claim has been filed within three years of the date the funds were received. At the end of each fiscal year the department shall deposit in the Harbors and Watercraft Revolving Fund all funds held by it for which no claim was filed within the three-year period.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)
§508  A lien provided for in this article for repairs, labor, supplies, or materials for, or for storage or safekeeping of, a vessel may be assigned by written instrument accompanied by delivery of possession of the vessel subject to the lien, and the assignee may exercise the rights of a lienholder as provided in this article. A lienholder assigning a lien as authorized in this section shall at the time of assigning the lien give written notice of the assignment either by personal delivery or by certified mail, to the registered and legal owners of the vessel, indicating the name and address of the person to whom the lien is assigned.

(Added Sec. 345, Ch. 538, Stats. 2006. Effective January 1, 2007.)

§508.5  All forms required pursuant to this article shall be prescribed by the department. Language used in the notices and declarations shall be simple and nontechnical.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)

§509  No lien shall attach to any personal property in or on the vessel except that which is carried on the vessel for lifesaving, safety, mooring, and operating purposes. Personal property not subject to lien shall be given to the registered owner or the owner’s authorized agent upon demand.

(Added Ch. 941, Stats. 1982. Effective January 1, 1983.)

§651.5  The Department of Motor Vehicles shall provide every person who originally registers, or who acquires the ownership certificate of, a vessel required to be numbered pursuant to Division 3.5 (commencing with Section 9840) of the Vehicle Code with a copy of guidelines for safe vessel operation prepared by the Department of Boating and Waterways.

(Amended Ch. 216, Stats. 1988. Effective January 1, 1989.)

§654.03  (a) A person may not manufacture for sale a motorized recreational vessel that is not equipped with a muffler or muffler system, as defined in subdivision (a) of Section 654, that brings the vessel into compliance with paragraph (2) of subdivision (a) of Section 654.05, except as authorized under subdivision (b).

(b) A person may manufacture for sale a motorized recreational vessel that is not equipped as required under subdivision (a) if the vessel is designed, manufactured, and sold for the sole purpose of competing in racing events.

(c) A person may not sell a vessel that is exempted under subdivision (b) unless there is compliance with both of the following:

(1) The sales agreement includes a statement that the vessel is designed, manufactured, and sold for the sole purpose of competing in racing events and may not be operated in or upon the inland waters, or in or upon ocean waters that are within one mile of the coastline of the state, except under the conditions described in subdivision (c) of Section 654.

(2) The statement described in paragraph (1) is signed by both the buyer and the seller.

(d) Both the buyer and the seller of a vessel exempted under subdivision (b) shall maintain copies of the sales agreement described in paragraph (1) of subdivision (c).

(e) A person may not operate a vessel that is exempted under subdivision (b) unless a copy of the sales agreement described in paragraph (1) of subdivision (c) is on board the vessel.

(f) A person may not operate a vessel that is exempted under subdivision (b) in or upon the inland waters, or in or upon ocean waters within one mile of the coastline of the state, except under the conditions described in subdivision (c) of Section 654.

(g) This section shall become operative on January 1, 2005.

§654.05  (a) The owner of a motorized recreational vessel that is numbered pursuant to Section 9850 of the Vehicle Code, or that is documented by an agency of the federal government, shall not operate, or authorize the operation of, the vessel in or upon the inland waters, or in or upon ocean waters that are within one mile of the coastline of the state, in a manner that exceeds the following noise levels:

(1) For engines manufactured before January 1, 1993, a noise level of 90 dB(A) when subjected to the Society of Automotive Engineers Recommended Practice SAE J2005 (Stationary Sound Level Measurement Procedure for Pleasure Motorboats).

(2) For engines manufactured on or after January 1, 1993, a noise level of 88 dB(A) when subjected to the Society of Automotive Engineers Recommended Practice SAE J2005 (Stationary Sound Level Measurement Procedure for Pleasure Motorboats).

(3) A noise level of 75 dB(A) measured as specified in the Society of Automotive Engineers Recommended Practice SAE J1970 (Shoreline Sound Level Measurement Procedure). However, a measurement of noise level that is in compliance with this paragraph does not preclude the conducting of a test of noise levels under paragraph (1) or (2).

(b) A law enforcement officer utilizing a decibel measuring device for the purposes of enforcing this section shall be knowledgeable and proficient in the use of that device.

(c) The department may, by regulation, revise the measurement procedure when deemed necessary to adjust to advances in technology.

(d) This section does not apply to motorized recreational vessels competing under a local public entity or United States Coast Guard permit in a regatta, in a boat race, while on trial runs, or while on official trials for speed records during the time and in the designated area authorized by the permit. In addition, this section does not apply to motorized recreational vessels preparing for a race or regatta if authorized by a permit issued by the local entity having jurisdiction over the area where these preparations occur.

(e) This section shall become operative on January 1, 2005.

(Added Sec. 1, Ch. 130, Stats. 2004. Effective January 1, 2005.)

§654.5  A person who maliciously throws, hurls, or projects an object by manual, mechanical, or other means at a vessel or an occupant of a vessel on any of the waters within or bordering on this state, which act does not constitute a violation of either Section 242 or 594 of the Penal Code, is guilty of a misdemeanor, and upon first conviction the punishment shall be a fine not to exceed one thousand dollars ($1,000) or imprisonment in the county jail not to exceed 30 days, or both that fine and imprisonment. Upon a second conviction, the punishment shall be a fine not to exceed five thousand dollars ($5,000) or imprisonment in the county jail not to exceed 90 days, or both that fine and imprisonment. Upon a third or subsequent conviction, the punishment shall be a fine not to exceed ten thousand dollars ($10,000) or imprisonment in the county jail not to exceed one year, or both that fine and imprisonment.

(Added Sec. 32, Ch. 610, Stats. 2009. Effective January 1, 2010.)

§655  (a) No person shall use any vessel or manipulate water skis, an aquaplane, or a similar device in a reckless or negligent manner so as to endanger the life, limb, or property of any person. The department shall adopt regulations for the use of vessels, water skis, aquaplanes, or similar devices in a manner that will minimize the danger to life, limb, or property consistent with reasonable use of the equipment for the purpose for which it was designed.

(b) No person shall operate any vessel or manipulate water skis, an aquaplane, or a similar device while under the influence of an alcoholic beverage, any drug, or the combined influence of an alcoholic beverage and any drug.

(c) No person shall operate any recreational vessel or manipulate any water skis, aquaplane, or similar device if the person has an alcohol concentration of 0.08 percent or more in his or her blood.
(d) No person shall operate any vessel other than a recreational vessel if the person has an alcohol concentration of 0.04 percent or more in his or her blood.

(e) No person shall operate any vessel, or manipulate water skis, an aquaplane, or a similar device who is addicted to the use of any drug.

This subdivision does not apply to a person who is participating in a narcotic treatment program approved pursuant to Article 3 (commencing with Section 11875) of Chapter 1 of Part 3 of Division 10.5 of the Health and Safety Code.

(f) No person shall operate any vessel or manipulate water skis, an aquaplane, or a similar device while under the influence of an alcoholic beverage, any drug, or under the combined influence of an alcoholic beverage and any drug, and while so operating, do any act forbidden by law, or neglect any duty imposed by law in the use of the vessel, water skis, aquaplane, or similar device, which act or neglect proximately causes bodily injury to any person other than himself or herself.

(g) Notwithstanding any other provision of law, information, verbal or otherwise, which is obtained from a commissioned, warrant, or petty officer of the United States Coast Guard who directly observed the offense may be used as the sole basis for establishing the necessary reasonable cause for a peace officer of this state to make an arrest pursuant to the United States Constitution, the California Constitution, and Section 836 of the Penal Code for violations of subdivisions (b), (c), (d), and (e) of this section.

(h) In any prosecution under subdivision (c), it is a rebuttable presumption that the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of operation of a recreational vessel if the person had an alcohol concentration of 0.08 percent or more in his or her blood at the time of the performance of a chemical test within three hours after the operation.

(i) In any prosecution under subdivision (d), it is a rebuttable presumption that the person had 0.04 percent or more, by weight, of alcohol in his or her blood at the time of operation of a vessel other than a recreational vessel if the person had an alcohol concentration of 0.04 percent or more in his or her blood at the time of the performance of a chemical test within three hours after the operation.

(j) Upon the trial of any criminal action, or preliminary proceeding in a criminal action, arising out of acts alleged to have been committed by any person who was operating a vessel or manipulating water skis, an aquaplane, or a similar device while under the influence of an alcoholic beverage in violation of subdivision (b) or (f), the amount of alcohol in the person’s blood at the time of the test, as shown by a chemical test of that person’s blood, breath, or urine, shall give rise to the following presumptions affecting the burden of proof:

(1) If there was at that time less than 0.05 percent, by weight, of alcohol in the person’s blood, it shall be presumed that the person was not under the influence of an alcoholic beverage at the time of the alleged offense.

(2) If there was at that time 0.05 percent or more, but less than 0.08 percent, by weight, of alcohol in the person’s blood, that fact shall not give rise to any presumption that the person was or was not under the influence of an alcoholic beverage, but the fact may be considered with other competent evidence in determining whether the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(3) If there was at that time 0.08 percent or more, by weight, of alcohol in the person’s blood, it shall be presumed that the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(k) This section does not limit the introduction of any other competent evidence bearing upon the question whether the person ingested any alcoholic beverage or was under the influence of an alcoholic beverage at the time of the alleged offense.

(l) This section applies to foreign vessels using waters subject to state jurisdiction.

(Amended Sec. 1, Ch. 23, Stats. 1997. Effective January 1, 1998.)

655.6. (a) It is an infraction for a person under the age of 21 years who has 0.01 percent or more, by weight, of alcohol in his or her blood to operate any motorized vessel or manipulate water skis, an aquaplane, or a similar device.

(b) A person may be found to be in violation of subdivision (a) if the person was, at the time of operating any motorized vessel or manipulating water skis, an aquaplane, or a similar device, under the age of 21 years and under the influence of, or affected by, an alcoholic beverage regardless of whether a chemical test was made to determine that person’s blood-alcohol concentration and if the trier of fact finds that the person had consumed an alcoholic beverage and was operating any motorized vessel or manipulating water skis, an aquaplane, or a similar device while having a concentration of 0.01 percent or more, by weight, of alcohol in his or her blood.

(c) Section 655.1 applies to violations of this section.

(d) A violation of this section is punishable by a fine not exceeding one hundred dollars ($100). A second violation occurring within one year of a prior violation which resulted in a conviction is punishable by a fine not exceeding two hundred dollars ($200). A third or any subsequent conviction within a period of one year of two or more prior infractions which resulted in convictions is punishable by a fine not exceeding two hundred fifty dollars ($250). A person found to have committed a violation of this section shall be required to participate in an alcohol education or community service program as provided in Section 23502 of the Vehicle Code.

(Amended Sec. 1.2, Ch. 118, Stats. 1998. Effective January 1, 1999. Operative July 1, 1999.)
§656.1 HARBORS AND NAVIGATION CODE

(d) The owner, operator, or other person who is on board a vessel involved in a casualty or accident shall report the casualty or accident in accordance with regulations adopted by the department. The department shall adopt regulations to maintain a uniform casualty and accident reporting system for vessels subject to this code in conformity with federal casualty and accident reporting regulations promulgated by the United States Coast Guard or any successor to those regulations. Consistent with Public Law 92-75 and the federal regulations contained in Part 173 of Title 33 of the Code of Federal Regulations, a peace officer or harbor police officer upon receiving an initial report of a casualty involving the death or disappearance of a person as a result of a boating accident, shall immediately forward the report, by quickest means available, to the department.

(1) A public agency that is under contract with the department to receive law enforcement grant funds from the department shall, pursuant to regulations adopted by the department, complete and submit to the department a report for any boating accident to which it responds or for which it receives a report.

(2) A public agency that has received any law enforcement grant funds from the department that does not submit an accident report as required under paragraph (1) shall be determined by the department to be ineligible to receive future grant funds for up to five fiscal years following the date of the failure to submit a report, except upon a showing of good cause by that public agency.

(3) The department shall use reasonable means to do both of the following:

(A) Obtain from a public agency any complete report required to be submitted pursuant to paragraph (1).

(B) Notify a public agency of the failure to submit a report required under paragraph (1) before taking action pursuant to paragraph (2).

(e) Neither the report required by this section nor any action taken by the department with regard to the report shall be referred to in any way, or be any evidence of negligence or due care of any party, at the trial of any action at law to recover damages.

(f) All required accident reports, and supplemental reports, shall be without prejudice to the individual so reporting and shall be for the confidential use of the department and any peace officer actually engaged in the enforcement of this chapter, except that the department shall disclose the names and addresses of persons involved in, or witnesses to, an accident, the registration numbers and descriptions of vessels involved, and the date, time, and location of an accident to any person who may have a proper interest in that information, including the operator involved or the legal guardian of that operator, the parent of a minor operator, the authorized representative of an operator, or any person injured, and the owners of vessels or property damaged, in the accident.

(g) This section applies to foreign vessels, military or public recreational-type vessels, vessels owned by a state or subdivision of a state, and ship’s lifeboats otherwise exempted from this chapter pursuant to Section 650.1.

(Amended Sec. 1, Ch. 165, Stats. 2013. Effective January 1, 2014.)

656.2. In addition to the requirements of Section 656.1, the operator of any vessel involved in an accident in the waters of this state who knows or has reason to know that the accident resulted in injury to any person shall furnish his or her name, address, and the registration number of the vessel, and the name of the owner, to the person injured, or occupant of any other vessel involved, or shall furnish that information to any peace officer at the scene of the accident, and shall render to any injured person reasonable assistance, including transportation for medical treatment if required or requested by the injured person, so far as the operator can do so without serious danger to the vessel or passengers.

(Added Ch. 877, Stats. 1986. Effective January 1, 1987.)

656.3. In addition to the requirements of Sections 656.1 and 656.2, the operator of any vessel involved in an accident in the waters of this state who knows or has reason to know that the accident resulted in the death or disappearance of any person shall, after fulfilling the requirements of this division, and if there is no peace officer at the scene of the accident to whom to furnish the information required by Section 656.2, without delay, report the accident to the law enforcement agency having jurisdiction over the waterway or, if unknown, the sheriff of the county in which the accident occurred.

(Added Ch. 877, Stats. 1986. Effective January 1, 1987.)

656.3. (a) A person shall not operate a motorboat, sailboat, or vessel that is 26 feet or less in length, unless every person on board who is under 13 years of age is wearing a type I, II, III, or V Coast Guard-approved personal flotation device while that motorboat, sailboat, or vessel is underway.

(b) Subdivision (a) does not apply to a person operating a sailboat on which a person who is under 13 years of age is restrained by a harness tethered to the vessel, or to a person operating a vessel on which a person who is under 13 years of age is in an enclosed cabin.

(c) A person on board a personal watercraft or a person being towed behind a vessel on water skis, an aquaplane, or similar device, except for an underwater maneuvering device intended for use by a submerged swimmer, shall wear a type I, II, III, or V Coast Guard-approved personal flotation device. An underwater maneuvering device is a towed or self-powered apparatus that a person can pilot through diving, turning, and surfacing maneuvers that is designed for underwater use.

(1) This subdivision does not apply to a person aboard a personal watercraft or a person being towed behind a vessel on water skis, if that person is a performer engaged in a professional exhibition, or preparing to participate or participating in an official regatta, marine parade, tournament, or exhibition.

(2) In lieu of wearing a Coast Guard-approved personal flotation device of a type described in this subdivision, a person engaged in slalom skiing on a marked course or a person engaged in barefoot, jump, or trick waterskiing may elect to wear a wetsuit designed for the activity and labeled by the manufacturer as a water ski wetsuit. A Coast Guard-approved personal flotation device of a type described in this subdivision shall be carried in the tow vessel for each skier electing to wear a water ski wetsuit pursuant to this paragraph.

(d) The requirements set forth in subdivisions (a) and (c) do not apply to a person operating a motorboat, sailboat, or vessel if the operator is reacting to an emergency rescue situation.

If probation is granted, the
court, as a condition of probation, may require the person to do either of the following, if available in the county of the person’s residence or employment:

In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person’s ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(2) Participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. A person ordered to treatment pursuant to this paragraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court’s order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person’s ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(g) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment pursuant to subdivision (b) of Section 1170 of the Penal Code, or in a county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If probation is granted, the court, as a condition of probation, may require the person to participate in, and successfully complete, a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the person’s county of residence or employment, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person’s ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(h) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in a county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, or of subdivision (a) or (b) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

(i) A person who flees the scene of the crime after committing a violation of subdivision (a), (b), or (c) of Section 192.5 of the Penal Code shall be subject to subdivision (c) of Section 20001 of the Vehicle Code.

(j) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), or (e) of Section 655 or of subdivision (a) or (b) of Section 192.5 of the Penal Code, or Section 23152 or 23153 of the Vehicle Code, or Section 191.5 or subdivision (a) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

(k) Any person who violates Section 654.3 is guilty of an infraction punishable by a fine of not more than five hundred dollars ($500) for each separate violation.

(Amended Sec. 3, Ch. 67, Stats. 2014. Effective January 1, 2015.)

If the person who has been required to complete and pass a boating safety course is under 18 years of age, the court may require that the person obtain parental consent to enroll in the course. If the person does not complete and pass the boating safety course, the court may extend the period for completion or impose another penalty as prescribed by statute.

(c) The department shall adopt regulations to carry out this section, including approval of boating safety education courses, as specified in Section 668.3, prescribing the forms for proof of completion and passage, approval of testing to indicate appropriate mastery of the

Services for Drinking Drivers

11837. (a) Pursuant to the provisions of law relating to suspension of a person’s privilege to operate a motor vehicle upon conviction for driving while under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and any drug, as set forth in paragraph (5) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the person convicted of that offense participates for at least 18 months in a driving-under-the-influence program that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 668 of the Harbors and Navigation Code, in a licensed alcohol and other drug education and counseling services program pursuant to Section 23538 of the Vehicle Code, or pursuant to Section 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code, in a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, that is permitted but not required under Section 23655 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person’s driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter.

When preparing a presentence report for the court, the probation department may consider the suitability of placing the defendant in a treatment program that includes the administration of nonaddicting medications to ameliorate an alcohol or controlled substance problem. If the probation department recommends that this type of program is a suitable option for the defendant, the defendant who would like the court to consider this option shall obtain from his or her physician a prescription for the medication, and a finding that the treatment is medically suitable for the defendant, prior to consideration of this alternative by the court.

(c) (1) The court shall, as a condition of probation pursuant to Section 23538 or 23556 of the Vehicle Code, refer a first offender whose concentration of alcohol in his or her blood was less than 0.20 percent, by weight, to participate for at least three months or longer, as ordered by the court, in a licensed program that consists of at least 30 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(2) Notwithstanding any other provision of law, in granting probation to a first offender described in this subdivision whose concentration of alcohol in the person’s blood was 0.20 percent or more, by weight, or the person refused to take a chemical test, the court shall order the person to participate, for at least nine months or longer, as ordered by the court, in a licensed program that consists of at least 60 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(d) (1) The State Department of Health Care Services may specify in regulations the activities required to be provided in the treatment of participants receiving nine months of licensed program services under Section 23538 or 23556 of the Vehicle Code.

(2) Any program licensed pursuant to this chapter may provide treatment services to participants receiving at least six months of licensed program services under Section 23538 or 23556 of the Vehicle Code.

(e) The court may, subject to Section 11837.2, and as a condition of probation, refer a person to a licensed program, even though the person’s privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23542 or 23562 of the Vehicle Code or a 30-month program described in Section 23548, 23552, or 23568 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in this chapter, if there is no increase in the costs of the program to the convicted person.

(f) The clerk of the court shall indicate the duration of the program in which the judge has ordered the person to participate in the abstract of the record of the court that is forwarded to the department.

(Amended Sec. 46, Ch. 22, Stats. 2013. Effective July 1, 2013.)

11837.1. (a) In utilizing any program described in Section 11837, the court may require periodic reports concerning the performance of each person referred to and participating in a program.

The program shall provide the court, the Department of Motor Vehicles, and the person participating in a program with an immediate report of any failure of the person to comply with the program’s rules and policies.

(b) If, at any time after entry into or while participating in a program, a participant who is referred to an 18-month program described in Section 23542 of the Vehicle Code or a 30-month program described in Section 23548, 23552, or 23568 of the Vehicle Code, fails to comply with the rules and policies of the program, and that fact is reported, the Department of Motor Vehicles shall suspend the privilege of that person to operate a motor vehicle for the period prescribed by
law in accordance with Section 13352.5 of the Vehicle Code, except as otherwise provided in this section. The Department of Motor Vehicles shall notify the person of its action.

(c) If the department withdraws the license of a program, the department shall immediately notify the Department of Motor Vehicles of those persons who do not commence participation in a licensed program within 21 days from the date of the withdrawal of the license of the program in which the persons were previously participating. The Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of each of those persons referred to an 18-month program pursuant to Section 23542 or 23562 of the Vehicle Code or to a 30-month program pursuant to Section 23548, 23552, or 23568 of the Vehicle Code.

(Amended Sec. 2, Ch. 22, Stats. 1999. Effective May 26, 1999. Operative July 1, 1999.)

11837.2. (a) (1) The court may refer persons only to licensed programs. Subject to these provisions, a person is eligible to participate in the program if the program is operating in any of the following:
   (A) The county where the person is convicted.
   (B) The county where the person resides.
   (C) A county that has an agreement with the person’s county of residence pursuant to Section 11838.
   (D) A county to which a person may request transfer pursuant to subdivision (d).

   (b) If a person has consented to participate in a licensed program and the county where the person is convicted is the county in which the person resides, the court may order the person to participate in a licensed program within that county, or, if that county does not have a licensed program, the court may order that person to participate in a licensed program within another county, pursuant to Section 11838.

   (c) If a person has consented to participate in a licensed program in the county in which that person resides or in a county in which the person's county of residence has an agreement pursuant to Section 11838, and the county where the person is convicted is not the county where the person resides, and if the court grants the person summary probation, the court may order the person to participate in a licensed program in that county. In lieu of summary probation, the court may utilize the probation officer to implement the orders of the court. If the county in which the person resides does not have a licensed program or an agreement with another county pursuant to Section 11836 and the person consents, the court may order the person to participate in a licensed program within the county where that person is convicted or in a county with which the county has an agreement pursuant to Section 11838.

   (d) Except as otherwise provided in subdivision (e), subsequent to a person's commencement of participation in a program, the person may request transfer to another licensed program (1) in the same county in which the person has commenced participation in the program, upon approval of that county's alcohol and drug program administrator, or (2) in a county other than the county in which the person has commenced participation in the program, upon approval of the alcohol and drug program administrator of the county in which the person is participating and the county to which the person is requesting transfer.

   (e) Subdivision (d) does not apply (1) if the court has ordered the person to participate in a specific licensed program, unless the court orders the transfer or, (2) if the person is under formal probation, unless the probation officer consents to the transfer. The department shall establish reporting forms and procedures to ensure that the court receives notice of any program transfer pursuant to this subdivision or subdivision (d).

   (f) Jurisdiction of all postconviction matters arising pursuant to this section may be retained by the court of conviction.

   (g) The department, in cooperation with the Department of Motor Vehicles and the county alcohol and drug program administrators, shall establish procedures to ensure the effective implementation of this section.

(Amended Sec. 106, Ch. 862, Stats. 2004. Effective January 1, 2005.)

14833. Fire company vehicles granted exempt California vehicle registration or displaying exempt California license plates shall be properly insured, marked, and identified as a fire company vehicle. The fire company shall not allow those vehicles to be loaned, rented, or used for personal pleasure or by for-profit businesses for private economic gain of a business or contractor. This limitation is not intended to prohibit or hinder the fire company’s legitimate use of fire company vehicles for emergency services, including contract arrangements or agreements to provide temporary emergency services or standby services to organizations or governmental agencies requesting those services.

(Added Sec. 6, Ch. 65, Stats. 2008. Effective January 1, 2009.)

(c) Except as provided in subdivision (f), persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the requirements of subdivision (a) and from the requirements of Section 25160 concerning possession of the manifest while transporting hazardous waste, upon meeting all of the following conditions:

(1) The hazardous wastes are transported in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the transporting.

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste or acutely hazardous waste, the extremely hazardous waste or acutely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces not more than 100 kilograms of hazardous waste in any month.

(5) The person transporting the hazardous waste does not accumulate more than a total of 1,000 kilograms of hazardous waste onsite at any one time.

(d) Any person registered as a hazardous waste transporter pursuant to subdivision (a) is not subject to the registration requirements of Chapter 6 (commencing with Section 25000), but shall comply with those terms, conditions, orders, and directions that the health officer or the health officer's authorized representative may determine to be necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city or county in which the registered hazardous waste transporter will be conducting the activities described in Section 25001.

(a) (1) If a hazardous waste transporter or the owner or operator of a hazardous waste facility discovers that a hazardous waste of concern is missing during transportation or storage, and the amount of waste missing equals or exceeds the reportable quantity specified in the regulations adopted pursuant to Section 25169.6, the hazardous waste transporter or the owner or operator shall immediately, as specified in the regulations adopted by the department, provide a verbal notification to the department and report the discrepancy to the department in writing by letter within five days after the discovery. The transporter or the owner or operator shall also comply with the applicable manifest discrepancy reporting requirements specified in the regulations adopted by the department pursuant to this chapter.

(2) Within 24 hours after receiving a notification of a missing hazardous waste of concern pursuant to paragraph (1), the department shall make a preliminary determination whether there is a potential risk to public safety. If, after making that preliminary determination, or at any time thereafter, the department determines the missing hazardous waste of concern presents a significant potential risk to public safety from its use in a terrorist or other criminal act, the

39016.5. “Bureau” means the Bureau of Automotive Repair in the Department of Consumer Affairs.

(Repealed Sec. 1 and added Sec. 2, Ch. 890, Stats. 2000. Effective January 1, 2001.)

Direct Import Vehicle

39024.6. “Direct import vehicle” means any light-duty motor vehicle manufactured outside of the United States which was not intended by the manufacturer for sale in the United States which was not certified by the state board pursuant to Article 1 (commencing with Section 43100) of Chapter 2 of Part 5.

(Added Ch. 859, Stats. 1989. Effective January 1, 1990.)

39032.5. “Gross polluter” means a vehicle with excess hydrocarbon, carbon monoxide, or oxides of nitrogen emissions as established by the department in consultation with the state board.

(Added Ch. 27, Stats. 1994. Effective March 30, 1994.)

41081. (a) Subject to Article 3.7 (commencing with Section 53720) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, or with the approval of the board of supervisors of each county included, in whole or in part, within the Sacramento district, the Sacramento district board may adopt a surcharge on the motor vehicle registration fees applicable to all motor vehicles registered in those counties within the Sacramento district whose boards of supervisors have adopted a resolution approving the surcharge. The surcharge shall be collected by the Department of Motor Vehicles and, after deducting the department’s administrative costs, the remaining funds shall be transferred to the Sacramento district. Prior to the adoption of any surcharge pursuant to this subdivision, the district board shall make a finding that any funds allocated to the district as a result of the adoption of a county transportation sales and use tax are insufficient to carry out the purposes of this chapter.

(b) The surcharge shall not exceed six dollars ($6).

(c) After consulting with the Department of Motor Vehicles on the feasibility thereof, the Sacramento district board may provide, in the surcharge adopted pursuant to subdivision (a), to exempt from all or part of the surcharge any category of low-emission motor vehicle.

(d) Funds received by the Sacramento district pursuant to this section shall be used by that district as follows:

(1) The revenues resulting from the first four dollars ($4) of each surcharge shall be used to implement reductions in emissions from vehicular sources, including, but not limited to, a clean fuels program and motor vehicle use reduction measures.

(2) The revenues resulting from the next two dollars ($2) of each surcharge shall be used to implement the following programs that achieve emission reductions from vehicular sources and off-road engines, to the extent that the district determines the program remedies air pollution harms created by motor vehicles on which the surcharge is imposed:

(A) Projects eligible for grants under the Carl Moyer Memorial Air Quality Standards Attainment Program (Chapter 9 (commencing with Section 44275) of Part 5).
(B) The new purchase, retrofit, repower, or add-on of equipment for previously unregulated agricultural sources of air pollution, as defined in Section 39011.5, within the Sacramento district, for a minimum of three years from the date of adoption of an applicable rule or standard, or until the compliance date of that rule or standard, whichever is later, if the state board has determined that the rule or standard complies with Sections 40913, 40914, and 41503.1, after which period of time, a new purchase, retrofit, repower, or add-on of equipment shall not be funded pursuant to this chapter. The district shall follow any guidelines developed under subdivision (a) of Section 44287 for awarding grants under this program.

(C) The purchase of new, or retrofit of emissions control equipment for existing, schoolbuses pursuant to the Lower-Emission School Bus Program adopted by the state board.

(D) An accelerated vehicle retirement or repair program that is adopted by the state board pursuant to authority granted hereafter by the Legislature by statute.

(E) The replacement of on-board natural gas fuel tanks on schoolbuses owned by a school district that are 14 years or older, not to exceed twenty thousand dollars ($20,000) per bus, pursuant to the Lower-Emission School Bus Program adopted by the state board.

(F) The enhancement of deteriorating natural gas fuel dispensers of fueling infrastructure operated by a school district with a one-time funding amount not to exceed five hundred dollars ($500) per dispenser, pursuant to the Lower-Emission School Bus Program adopted by the state board.

(e) Not more than 5 percent of the funds collected pursuant to this section shall be used by the district for administrative expenses.

(f) A project funded by the program shall not be used for credit under any state or federal emissions averaging, banking, or trading program. An emission reduction generated by the program shall not be used as marketable emission reduction credits or to offset any emission reduction obligation of any person or entity. Projects involving new engines that would otherwise generate marketable credits under state or federal averaging, banking, and trading programs shall include transfer of credits to the engine end user and retirement of those credits toward reducing air emissions in order to qualify for funding under the program. A purchase of a low-emission vehicle or equipment pursuant to a corporate or a controlling board’s policy, but not otherwise required by law, shall generate surplus emissions reductions and may be funded by the program.

(g) This section shall remain in effect only until January 1, 2024, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2024, deletes or extends that date.

(Amended and repealed Sec.1, Ch. 401, Stats. 2013. Operative September 28, 2013. Repeal operative January 1, 2024.)

(NOTE: The preceding section is repealed January 1, 2024, at which time the following section becomes operative.)

41081. (a) Subject to Article 3.7 (commencing with Section 53720) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, or with the approval of the board of supervisors of each county included, in whole or in part, within the Sacramento district, the Sacramento district board may adopt a surcharge on the motor vehicle registration fees applicable to all motor vehicles registered in those counties within the Sacramento district whose boards of supervisors have adopted a resolution approving the surcharge. The surcharge shall be collected by the Department of Motor Vehicles and, after deducting the department’s administrative costs, the remaining funds shall be transferred to the Sacramento district. Prior to the adoption of any surcharge pursuant to this subdivision, the district board shall make a finding that any funds allocated to the district as a result of the adoption of a county transportation sales and use tax are insufficient to carry out the purposes of this chapter.

(b) The surcharge shall not exceed four dollars ($4).
§43008  HEALTH AND SAFETY CODE

adopted by any district pursuant to Section 43658, such motor vehicle shall be equipped with such device.

43008. Except as provided by Sections 43100 and 43101 and Chapter 3 (commencing with Section 43600), all motor vehicles required pursuant to the National Emission Standards Act (42 U.S.C. Secs. 18571-1 to 18577, inclusive) and the standards and regulations promulgated thereunder, to be equipped with motor vehicle pollution control devices, shall be equipped with such devices required by that act.

43009. Except as otherwise provided in Section 43002, every motor vehicle subject to this part shall meet the standards adopted by the state board pursuant to Sections 27157 and 27157.5 of the Vehicle Code.

43009.5. (a) If, based on a review of information derived from a statistically valid and representative sample of vehicles, the state board determines that a substantial percentage of any class or category of vehicles certified under the optional standards of Section 43101.5, and of Section 1960.15 of Title 13 of the California Administrative Code, exhibits, prior to 75,000 miles or seven years, whichever occurs first, an identifiable, systematic defect in a component listed in paragraph (2) of subdivision (c) of Section 1960.15, which causes a significant increase in emissions above those exhibited by vehicles free of defects and of the same class or category and having the same period of use and mileage, the state board may invoke its enforcement authority under Section 43105 to require remedial action by the vehicle manufacturer. The remedial action shall be limited to owner notification and repair or replacement of the defective component. As used in this section, the term "defect" shall not include failures which are the result of abuse, neglect, or improper maintenance.

(b) Nothing in this section shall limit or otherwise affect the recall authority of the state board, except as provided in subdivision (a).

(Amended Ch. 1173, Stats. 1982. Effective January 1, 1983.)

43100. With respect to the program designed and adopted by the Department of Consumer Affairs pursuant to Chapter 20.4 (commencing with Section 9889.50) of Division 3 of the Business and Professions Code, the state board shall, in time for the Department of Consumer Affairs to comply with the schedule specified in subdivisions (a) and (b) of Section 9889.55 of that code, after public hearings, prescribe maximum air pollution emission standards to be applied in inspecting motor vehicles.

In prescribing such standards, the state board shall undertake such studies and experiments as are necessary and feasible, evaluate available data, and confer with automotive engineers.

The standards shall be set at a level reasonably achievable for each class and model of motor vehicle when operating in a reasonably sound mechanical condition, allowing for the effects of installed motor vehicle pollution control devices, and the motor vehicle's age and total mileage. The standards shall be designed to secure the operation of all such motor vehicles, as soon as possible, with a substantial reduction in air pollution emissions, and shall be revised from time to time, as experience justifies.

43012. (a) For the purpose of enforcing or administering any federal, state, or local law, order, regulation, or rule relating to vehicular sources of emissions, the executive officer of the state board or an authorized representative of the executive officer, or a representative of the department, upon presentation of credentials or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, has the right of entry to any premises owned, operated, used, leased, or rented by any new or used car dealer, as defined in Sections 285, 286, and 426 of the Vehicle Code, for the purpose of inspecting any vehicle for which emissions standards have been enacted or adopted or for which emissions equipment is required and which is situated on the premises for the purpose of emission-related maintenance, repair, or service, or for the purpose of sale, lease, or rental, whether or not the vehicle is owned by the dealer. The inspection may extend to all emission-related parts and operations of the vehicle, and may require the on-premises operation of an engine or vehicle, the on-premises securing of samples of emissions from the vehicle, and the inspection of any records which relate to vehicular emissions required by the Environmental Protection Agency or by any state or local law, order, regulation, or rule to be maintained by the dealer in connection with the dealer's business.

(b) The right of entry for inspection under this section is limited to the hours during which the dealer is open to the public, except when the entry is made pursuant to warrant or whenever the executive officer or an authorized representative, or a representative of the department, has reasonable cause to believe that a violation of any federal, state, or local law, order, regulation, or rule has been committed in his or her presence. No vehicle shall be inspected pursuant to this section more than one time without an inspection warrant or without reasonable cause unless the vehicle undergoes a change of ownership or the inspection reveals that the vehicle has failed to comply with required emissions standards or equipment, in which case one additional inspection may be made to verify the violation or to verify that the violation has been corrected.

(c) With respect to vehicles not owned by the dealer, the state board or the department may not prosecute, without the owner's knowledge or consent, any violation by the owner of any law pertaining to vehicular emissions unless prior notice of the inspection has been given to the owner.

(d) If the executive officer or authorized representative, or a representative of the department, upon inspection, finds that a used motor vehicle fails to comply with applicable emissions standards or equipment, the state board or the department shall issue a notice to correct and enter the appropriate vehicle information into the centralized computer database created pursuant to Section 44037.1. Until all violations in the notice have been corrected and the dealer has sent proof of correction by certified mail to the state board or the department, whichever issued the notice, the motor vehicle shall prominently display the following disclosure affixed to the windshield in at least 18-point type:

NOT FOR SALE

THIS VEHICLE IS PRESENTLY NOT IN COMPLIANCE WITH THE CALIFORNIA VEHICLE POLLUTION CONTROL LAWS AND MAY NOT BE SOLD UNTIL A VALID CERTIFICATE OF COMPLIANCE HAS BEEN ISSUED.

Any dealer who sells a vehicle prohibited to be sold under this subdivision is subject to a civil penalty of not to exceed one thousand dollars ($1,000). For purposes of this subdivision, "proof of correction" shall consist of a copy of a certificate of compliance or noncompliance issued following the issuance of a notice to correct by a licensed test station or licensed repair station not affiliated with or owned by the dealer or any other proof of repair satisfactory to the inspecting officer. The dealer shall send the copy of the certificate of compliance or noncompliance by certified mail to the state board or the department, whichever issued the notice, within three days of obtaining the certificate.

(e) Civil penalties may be assessed or recovered for one or more violations by a dealer involving the tampering with or disabling of a vehicle's air injection, exhaust gas recirculation, crankcase ventilation, fuel injection or carburetion systems, ignition timing or evaporative controls, fuel filler neck restrictor, oxygen sensor or electronic controls, or missing catalytic converter.
(f) No civil penalty or criminal penalty may be assessed for a violation by a dealer identified in a notice to correct as a result of an inspection under this section if the violation is related to lack of maintenance or customer tampering or vandalism, including, but not limited to, a missing gasoline filler cap and a disconnected or missing heated air intake tube or vacuum hose. However, if notices to correct are issued under this subdivision to more than 20 percent of the vehicles offered for sale on a dealer’s premises during each of three consecutive inspections conducted 30 or more days apart during any one-year period, civil penalties may be assessed and recovered for each vehicle issued a notice to correct.

(g) If the executive officer or authorized representative, upon inspection, finds that a certificate of compliance or noncompliance was issued to a motor vehicle that fails to comply with applicable emissions standards or equipment, the state board shall immediately refer these findings to the department for investigation under Chapter 5 (commencing with Section 44000). The state board may refer any other suspected violation to the department for appropriate action.

(h) Notwithstanding Section 17150 of the Vehicle Code, the state board shall be liable for any injury or damage caused by the negligent or wrongful act or omission of the operator of any vehicle which is operated pursuant to this section.

(i) This section provides the exclusive authority for inspections of motor vehicles for the purposes specified in this section.

(j) As used in this section, the terms “tampering” and “disabling” mean an unauthorized modification, alteration, removal, or disconnection.

(Added Ch. 1220, Stats. 1994. Effective September 30, 1994.)

**New Motor Vehicles**

**43100.** The state board may certify new motor vehicles and new motor vehicle engines pursuant to this article.

(Added Ch. 1206, Stats. 1976. Effective January 1, 1977.)

**43101.** (a) The state board shall adopt and implement emission standards for new motor vehicles for the control of emissions from new motor vehicles that the state board finds to be necessary and technologically feasible to carry out the purposes of this division. Before adopting these standards, the state board shall consider the impact of these standards on the economy of the state, including, but not limited to, their effect on motor vehicle fuel efficiency.

(b) The standards adopted pursuant to this section may be applicable to motor vehicle engines, rather than to motor vehicles.

(Amended Sec. 20, Ch. 644, Stats. 2004. Effective January 1, 2005.)

**43101.5.** The emission standards adopted by the state board pursuant to Section 43101 for the 1983 and later model-year motor vehicles shall be limited by the following:

(a) For all gasoline-powered passenger vehicles prior to the 1986 model year, the state board shall not adopt primary standards for the emission of oxides of nitrogen which are more stringent than 0.7 grams per vehicle mile, unless the state board by regulation also provides for optional standards which are not more stringent, with respect to each constituent, than 0.39 grams per vehicle mile for nonmethane hydrocarbon, 7.0 grams per vehicle mile for carbon monoxide, and 0.7 grams per vehicle mile for oxides of nitrogen. For gasoline-powered light-duty vehicles and medium-duty vehicles prior to the 1986 model year of less than 4,000 pounds unladen weight, the state board shall not adopt primary standards for the emission of oxides of nitrogen which are more stringent than 1.9 grams per vehicle mile, unless the state board by regulation also provides for optional standards which are not more stringent, with respect to each constituent, than 0.39 grams per vehicle mile for nonmethane hydrocarbon, 9.0 grams per vehicle mile for carbon monoxide, and 1.0 gram per vehicle mile for oxides of nitrogen. Any option may not impose certification, warranty, or enforcement requirements of greater duration or stringency than those set forth in the regulations applicable to 1983 and later model years, as adopted or amended by the state board on May 20, 1981.

(b) If the state board intends by regulation to eliminate for 1986 and later model-year vehicles the optional standards specified in subdivision (a), the state board shall submit to the Legislature, not later than January 15th of the year which is at least two calendar years prior to the year in which production would commence of vehicles subject to the new standard, a report with an estimate of the air quality benefits of the more stringent standard, the technological and economic feasibility of requiring the standard, and the potential effects on fuel economy associated with the standard. The state board shall consult with the Environmental Protection Agency and motor vehicle and engine manufacturers prior to submitting the air quality and fuel economy estimates.

(Added Ch. 1185, Stats. 1981. Effective January 1, 1982.)

**43102.** (a) No new motor vehicle or new motor vehicle engine shall be certified by the state board, unless the vehicle or engine, as the case may be, meets the emission standards adopted by the state board pursuant to Section 43101 under test procedures adopted by the state board pursuant to Section 43104.

(b) Notwithstanding subdivision (a), to assure that California consumers have an adequate selection of light-duty motor vehicle models, the state board shall adopt certification and enforcement regulations for future model years as soon as practicable, but not later than for the 1983 and subsequent model years, which will allow a manufacturer to certify in California federally certified light-duty motor vehicles with any engine family or families when their emissions are offset by the manufacturer's California certified motor vehicles whose emissions are below the applicable California standards. This exemption shall not apply to emergency vehicles, as defined in Section 2002 of Title 15 of the United States Code.

(c) Subdivision (b) shall not be applicable to any vehicle or engine model which is certified to meet the emission standards established pursuant to Section 43101 or 43101.5

(Added Ch. 1185, Stats. 1981. Effective January 1, 1982.)

**43104.** For the certification of new motor vehicles or new motor vehicle engines, the state board shall adopt, by regulation, test procedures and any other procedures necessary to determine whether the vehicles or engines are in compliance with the emissions standards established pursuant to Section 43101. The state board shall base its test procedures on federal test procedures or on driving patterns typical in the urban areas of California.

(Amended Sec. 3, Ch. 1077, Stats. 2000. Effective January 1, 2001.)

**43105.** No new motor vehicle, new motor vehicle engine, or motor vehicle with a new motor vehicle engine required pursuant to this part to meet the emission standards established pursuant to Section 43101 shall be sold to the ultimate purchaser, offered for or delivered for sale to the ultimate purchaser, or registered in this state if the manufacturer has violated emission standards or test procedures and has failed to take corrective action, which may include recall of vehicles or engines, specified by the state board in accordance with regulations of the state board. If a manufacturer contests the necessity for, or the scope of, a recall of vehicles or engines ordered pursuant to this section and so advises the state board, the state board shall not require such recall unless it first affords the manufacturer the opportunity, at a public hearing, to present evidence in support of the manufacturer’s objections. If a vehicle or engine is recalled pursuant to this section, the manufacturer shall make all necessary corrections specified by the state board without charge to the registered owner of the vehicle or vehicle with such engine or, at the manufacturer’s election, reimburse the registered owner for the cost of making such necessary corrections.
§43106
HEALTH AND SAFETY CODE

The procedures for determining, and the facts constituting, compliance or failure of compliance shall be established by the state board.

(Amended Ch. 1206, Stats. 1976. Effective January 1, 1977.)

43106. Each new motor vehicle or engine required pursuant to this part to meet the emission standards established pursuant to Section 43101 shall be, in all material respects, substantially the same in construction as the test motor vehicle or engine, as the case may be, which has been certified by the state board in accordance with this article. However, changes with respect to new motor vehicles or engines previously certified may be made if such changes do not increase emissions above the standards under which those motor vehicles or engines, as the case may be, were certified and are made in accordance with procedures specified by the state board.

(Amended Ch. 1206, Stats. 1976. Effective January 1, 1977.)

43107. (a) The state board may, by regulation, adopt emission standards for new 1977 and later model year motorcycles registered or identified by the Department of Motor Vehicles which are sold in the state on or after July 1, 1976, or such later date as established by the state board by regulation.

(b) Motorcycles shall be exempt from the provisions of Section 43200.

43108. (a) In lieu of certification pursuant to Section 43102, the state board may certify a new motor vehicle designed for exclusive use as a schoolbus, or a new motor vehicle engine intended for use in a schoolbus, if the Administrator of the Environmental Protection Agency has granted a certificate of conformity for the schoolbus or engine pursuant to the Clean Air Act (42 U.S.C. Sec. 1857 et seq.).

(b) The state board shall grant a certification pursuant to subdivision (a) only if the manufacturer of the schoolbus or engine demonstrates that an engine suitable for use in the manufacturer's standard type of schoolbus which meets the applicable emissions standards established by the state board pursuant to Section 43102 is not available for installation.

(c) The state board, prior to granting a certification pursuant to subdivision (a), shall require a showing by the manufacturer of the schoolbus or engine of a good faith effort to procure or manufacture an engine which meets the standards established by the state board pursuant to Section 43102 and, in the case of the schoolbus manufacturer, a good faith effort to accomplish a schoolbus redesign to accommodate such an engine. In the absence of these showings, the state board shall not grant a certification pursuant to subdivision (a).

(Added Ch. 741, Stats. 1976. Effective January 1, 1977.)

Prohibited Transactions

43150. The Legislature finds and declares that the people of this state, in order to achieve the purposes of this part, have a special interest in assuring that only those new motor vehicles and new motor vehicle engines which meet this state's stringent emission standards and test procedures, and which have been certified pursuant to this chapter, are used or registered in this state. The Legislature also finds and declares that this special interest must be protected in a manner which will not unduly or unreasonably infringe upon the right of the people of this state and other states to travel and do business interstate.

43151. (a) No person who is a resident of, or who operates an established place of business within, this state shall import, deliver, purchase, rent, lease, acquire, or receive a new motor vehicle, new motor vehicle engine, or motor vehicle with a new motor vehicle engine for use, registration, or resale in this state unless such motor vehicle engine or motor vehicle has been certified pursuant to this chapter. No person shall attempt or assist in any such action.

(b) This article shall not apply to a vehicle acquired by a resident of this state for the purpose of replacing a vehicle registered to such resident which was damaged or became inoperative beyond reasonable repair or was stolen while out of this state; provided that such replacement vehicle is acquired out of state at the time the previously owned vehicle was either damaged or became inoperative or was stolen. This article shall not apply to a vehicle transferred by inheritance, or by a decree of divorce, dissolution, or legal separation entered by a court of competent jurisdiction, or to any vehicle sold after the effective date of the amendments to this subdivision at the 1979-80 Regular Session of the Legislature if the vehicle was registered in this state before such effective date.

(c) This chapter shall not apply to any motor vehicle having a certificate of conformity issued pursuant to the Clean Air Act (42 U.S.C. Sec. 7401 et seq.) and originally registered in another state by a resident of that state who subsequently establishes residence in this state and who, upon registration of the vehicle in this state, provides satisfactory evidence to the Department of Motor Vehicles of the previous residence and registration. This subdivision shall become operative 180 calendar days after the state board adopts regulations for the certification of new direct import vehicles pursuant to Section 43203.5.

(d) “Established place of business,” as used in this section, means a place actually occupied either continuously or at regular periods.

43152. No person who is engaged in this state in the business of selling to an ultimate purchaser, or renting or leasing new motor vehicles or new motor vehicle engines, including, but not limited to, manufacturers, distributors, and dealers, shall intentionally or negligently import, deliver, purchase, receive, or otherwise acquire a new motor vehicle, new motor vehicle engine, or vehicle with a new motor vehicle engine which is intended for use primarily in this state, for sale or resale to an ultimate purchaser who is a resident of or doing business in this state, or for registration, leasing or rental in this state, which has not been certified pursuant to this chapter. No person shall attempt or assist in any such act.

43153. No person who is engaged in this state in the business of selling to an ultimate purchaser or renting or leasing new motor vehicles or new motor vehicle engines, including, but not limited to, manufacturers, distributors, and dealers, shall intentionally or negligently sell, or offer to sell, to an ultimate purchaser who is a resident of or doing business in this state, or for registration, leasing or rental in this state, which has not been certified pursuant to this chapter. No person shall attempt or assist in any such act.

43154. (a) Any person who violates any provision of this article shall be liable for a civil penalty not to exceed five thousand dollars ($5,000) per vehicle.

(b) Any action to recover a penalty under this section shall be brought in the name of the people of the State of California in the superior court of the county where the violation occurred, or in the county where the defendant's residence or principal place of business is located, by the Attorney General on behalf of the state board, in which event all penalties adjudged by the court shall be deposited in the Air Pollution Control Fund, or by the district attorney or county attorney of such county, or by the city attorney of a city in that county, in which event all penalties adjudged by the court shall be deposited with the treasurer of the county or city, as the case may be.

43155. An action brought pursuant to Section 43154 to recover such civil penalties shall take special precedence over all other civil
matters on the calendar of the court except those matters to which equal precedence on the calendar is granted by law.

43156. (a) For purposes of this article, it is conclusively presumed that the equitable or legal title to any motor vehicle with an odometer reading of 7,500 miles or more, has been transferred to an ultimate purchaser, except as provided in subdivision (b), and that the equitable or legal title to any motor vehicle with an odometer reading of less than 7,500 miles, has not been transferred to an ultimate purchaser.

(b) For purposes of this article, it is conclusively presumed that the equitable and legal title to any direct import vehicle which is less than two years old has not been transferred to an ultimate purchaser and that the equitable or legal title to any direct import motor vehicle which is at least two years old has been transferred to an ultimate purchaser.

For purposes of this subdivision, the age of a motor vehicle shall be determined by the following, in descending order of preference:

(1) From the first calendar day of the model year as indicated in the vehicle identification number.

(2) From the last calendar day of the month the vehicle was delivered by the manufacturer as shown on the foreign title document.

(3) From January 1 of the same calendar year as the model year shown on the foreign title document.

(4) From the last calendar day of the month the foreign title document was issued.

(Amended Ch. 859, Stats. 1989. Effective January 1, 1990.)

Manufacturers and Dealers

43200. (a) The state board may adopt a regulation to prohibit the sale and registration in this state of a new motor vehicle certified by the state board to which there has not been securely and conspicuously affixed on a side window to the rear of the driver or, if it cannot be so placed, to the windshield of the motor vehicle in accordance with paragraph (3) of subdivision (b) of Section 26708 of the Vehicle Code, by the manufacturer a label on which the manufacturer shall endorse clearly, distinctly, and legibly true and correct entries disclosing the following information concerning the motor vehicle:

(1) The emission standards adopted by the state board pursuant to Section 43101 that are applicable to that motor vehicle.

(2) The information required by Section 43200.1 and related air pollution emissions information as specified by the state board.

(b) A regulation may be adopted pursuant to this section only if the state board finds that the regulation is necessary for either of the following:

(1) To enforce or ensure compliance with applicable statutes, standards, or procedures relating to vehicle emissions.

(2) For the protection or information of consumers.

(c) Nothing in this division or in any other statute shall be construed as prohibiting a purchaser from removing the decal required by this section, after the purchaser has taken possession of the vehicle.

(Amended Sec. 1, Ch. 419, Stats. 2006. Effective January 1, 2007.)

43201. Any dealer or person holding a retail seller’s permit who sells a new motor vehicle without the decal required by Section 43200 shall be subject to a civil penalty of not to exceed one thousand dollars ($1,000).

Any penalty recovered pursuant to this section shall be deposited into the General Fund.

43200.5. (a) Any dealer or person holding a retail seller’s permit who sells a new motor vehicle without the decal required by Section 43200 or 43200.5 shall be subject to a civil penalty of not to exceed one thousand dollars ($1,000).

(b) Any penalty recovered pursuant to this section shall be deposited in the General Fund.

(c) Any dealer or person holding a retail seller’s permit who sells a new motor vehicle without the decal required by Section 43200 shall be subject to a civil penalty of not to exceed one thousand dollars ($1,000).

(b) Any penalty recovered pursuant to this section shall be deposited into the General Fund.

(c) This section shall become operative five years from the date determined pursuant to Section 32 of Chapter 1192, Stats. of 1994.

(Amended Ch. 1192, Stats. 1994. Effective January 1, 1995.)

NOTE: The preceding section shall remain in effect for five years from the date determined pursuant to Section 32 of Chapter 1192, Stats. of 1994, and on the following January 1 it is repealed.

43201. (a) Any dealer or person holding a retail seller’s permit who sells a new motor vehicle without the decal required by Section 43200 shall be subject to a civil penalty of not to exceed one thousand dollars ($1,000).

(b) Any penalty recovered pursuant to this section shall be deposited into the General Fund.

(c) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

(Amended Ch. 1192, Stats. 1994. Effective January 1, 1995.)

NOTE: The preceding section shall become operative five years from the date determined pursuant to Section 32 of Chapter 1192, Stats. of 1994.

43202. No new motor vehicle required to meet the emission standards adopted by the state board pursuant to Section 43101 shall be sold and registered in this state unless the manufacturer thereof permits the state board to conduct surveillance testing of emissions of new motor vehicles at his assembly facilities, or at any other location where the manufacturer’s assembly line testing is performed and assembly line testing records are kept.

Authorization for the sale and registration of any new motor vehicle in this state may be rescinded or withheld if, at any time, the state board is prevented by the manufacturer from conducting surveillance of assembly line testing.

43203. (a) In connection with surveillance of emissions from new motor vehicles prior to their retail sale, the state board may, by regulation, impose fees on manufacturers of these vehicles to recover the state board’s costs in conducting this surveillance.

(b) A manufacturer who fails to pay a fee imposed pursuant to this section within 60 days after receiving an invoice shall pay the state board an additional fee equal to 10 percent of the fee specified in subdivision (a). If the manufacturer notifies the state board, within 60 days after receiving the invoice, that additional information is needed to honor the invoice, the state board shall grant an additional 90 days for payment without the imposition of an additional fee. An additional interest fee equal to the rate of interest earned by the Pooled Money Investment Fund shall be imposed upon the fee specified in subdivision (a) and the additional fees specified in this subdivision and subdivision (c) for each 30-day period for which they remain unpaid, commencing 60 days after the receipt of the original invoice.

(c) A manufacturer who fails to pay all the fees imposed pursuant to this section within one year from the date of receipt of the original invoice shall pay a penalty fee equal to 100 percent of the fees imposed pursuant to subdivisions (a) and (b). A manufacturer who fails to pay all the fees and penalties imposed pursuant to this section within two years from the date of receipt of the original invoice shall pay a penalty equal to 100 percent of the fees and penalties imposed pursuant to subdivisions (a) and (b) and to this subdivision, for each one-year period for which they remain unpaid.

(d) Fees authorized by this section shall be imposed only for surveillance of emissions from new motor vehicles actually conducted.

(e) Notwithstanding Section 13340 of the Government Code, all fees collected pursuant to subdivision (a) are continuously appropriated to the state board, to be credited as a reimbursement of the board’s costs incurred in its program for the surveillance of emissions from new vehicles. All fees collected pursuant to subdivisions (b) and (c)
§43203.5  HEALTH AND SAFETY CODE

shall be deposited by the state board into the Air Pollution Control Fund.
(Amended Ch. 607, Stats. 1985. Effective January 1, 1986.)

43203.5. The state board shall adopt, by regulation, a certification program for new direct import vehicles, as defined by Sections 39024.6, and 39042, which are less than two years old. The state board shall issue a certificate of conformance to each new direct import vehicle which meets the requirements of the certification program. Any bonding requirements for the certification program may not exceed one thousand dollars ($1,000) per new direct import vehicle or engine.

The model year designation for new direct import vehicles in an engine family shall be determined on the same basis as vehicles in the same engine family which are offered for sale in California by the manufacturer. The model year designation for any new direct import motor vehicle in an engine family which the manufacturer does not offer for sale in California shall be determined in accordance with the regulations adopted by the state board. The designations shall apply for all purposes of the certification program and for registration of new direct import vehicles.

The state board shall, by regulation, impose fees to recover the state board's costs, including enforcement costs, of administration of the certification program. Failure to pay the fees within 60 days of receipt after notification by the state board shall result in the assessment of a 10 percent penalty. An additional interest assessment on the fees equivalent to the rate earned by the Pooled Money Investment Fund shall accrue at the end of each 30-day period that the fees remain unpaid. Nonpayment of the fees for more than one year shall result in the state board withholding future certification of new vehicles for sale in California.

Fees collected in accordance with this section shall be deposited in the Air Pollution Control Fund.
(Amended Ch. 859, Stats. 1989. Effective January 1, 1990.)

43204. (a) The manufacturer of each motor vehicle or motor vehicle engine manufactured prior to the 1990 model-year shall warrant to the ultimate purchaser and each subsequent purchaser that the motor vehicle or motor vehicle engine is:

1. Designed, built, and equipped so as to conform, at the time of sale, with the applicable emission standards specified in this part.

2. Free from defects in materials and workmanship which cause the motor vehicle or motor vehicle engine to fail to conform with applicable regulations for its useful life, determined pursuant to subdivision (b).

(b) As used in subdivision (a), “useful life” of a motor vehicle or motor vehicle engine means:

1. In the case of light-duty motor vehicles, and motor vehicle engines used in such motor vehicles, a period of use of five years or 50,000 miles, whichever first occurs, except that, in the case of fuel metering and ignition systems and their component parts which are contained in the state board's “Emissions Warranty Parts List” dated December 14, 1978 (items I(A), I(C), III(A), III(C), III(E), IX(A), and IX(B), and which are contained in vehicles or vehicle engines certified to the optional standards pursuant to Section 43101.5 and subject to subdivision (a) of Section 43009.5, “useful life” means a period of use of two years or 24,000 miles, whichever occurs first.

2. In the case of any other motor vehicle or motor vehicle engine, a period of use of five years or 50,000 miles, whichever first occurs, unless the state board determines that a period of use of greater duration or mileage is appropriate.

(Amended Ch. 1544, Stats. 1988. Effective January 1, 1989.)

43205. (a) Commencing with the 1990 model-year, the manufacturer of each light-duty and medium-duty motor vehicle and motor vehicle engine shall warrant to the ultimate purchaser and each subsequent purchaser that the motor vehicle or motor vehicle engine meets all of the following requirements:

1. Is designed, built, and equipped so as to conform with the applicable emissions standards specified in this part.

2. Is free from defects in materials and workmanship which cause the motor vehicle or motor vehicle engine to fail to conform with applicable requirements specified in this part for three years or 50,000 miles, whichever first occurs.

3. Will, for a period of three years or 50,000 miles, whichever first occurs, pass a test established under Section 44012, but that the warranty shall not apply if the manufacturer demonstrates that the failure of the motor vehicle or motor vehicle engine to pass the test was directly caused by the abuse, neglect, or improper maintenance or repair of the vehicle or engine.

4. Is free from defects in materials and workmanship in emission related parts which, at the time of certification by the state board, are estimated by the manufacturer to cost individually more than three hundred dollars ($300) to replace, for a period of seven years or 70,000 miles, whichever first occurs.

(b) The state board shall, by regulation, periodically revise the three hundred dollar ($300) replacement cost level specified in paragraph (4) of subdivision (a) in accordance with the consumer price index, as published by the United States Bureau of Labor Statistics.

(c) For purposes of this section and Sections 43204 and 43205.5, a motorcycle is not a light-duty vehicle.
(Amended Ch. 1154, Stats. 1989. Effective January 1, 1990.)

43205.5. Commencing with the 1990 model-year, the manufacturer of each motor vehicle and motor vehicle engine, other than a light-duty or medium-duty motor vehicle or motor vehicle engine, shall warrant to the ultimate purchaser and each subsequent purchaser that the motor vehicle or motor vehicle engine meets all of the following requirements:

(a) Is designed, built, and equipped so as to conform with the applicable emission standards specified in this part for a period of use determined by the state board.

(b) Is free from defects in materials and workmanship which cause the motor vehicle or motor vehicle engine to fail to conform with applicable requirements specified in this part for the same or lesser period of use established under subdivision (a).

(Amended Ch. 1544, Stats. 1988. Effective January 1, 1989.)

43206. Commencing January 1, 1982, and annually thereafter, every person who manufactures new motor vehicles for sale in California shall file with the state board a report as to the person's efforts and progress in meeting state standards adopted pursuant to Section 43101 and federal standards and research objectives specified in Section 7521 of Title 42 of the United States Code.

The reports shall be available to the public. However, the manufacturer may designate that a portion of the report is a trade secret and the portion shall not be released except to the state board employees specifically designated by the executive officer, unless the state board, after an investigation, determines that the portion is not in fact a trade secret. State board employees having access to the trade secret shall maintain its confidentiality.

The state board shall conduct investigations with respect to the reports as it deems necessary.

No report is required from the manufacturer once all models of motor vehicles of the manufacturer which are sold in California and which are subject to the state standards adopted pursuant to Section 43101, and the federal standards and research objectives specified in Section 7521 of Title 42 of the United States Code, meet all those standards and objectives.
(Amended Ch. 711, Stats. 1992. Effective September 15, 1992.)
§43655

43207. The state board may revoke outstanding certification of new motor vehicles for sale in California if the manufacturer thereof willfully fails to file any semiannual report required by Section 43206 or files a report which is deemed by the state board to inadequately describe the manufacturer’s efforts and progress.

The state board may also withhold future certification of such manufacturer's vehicles until such time as the manufacturer offers for sale in California vehicles which meet the standards promulgated pursuant to Section 1857f-(b)(1) of Title 42 of the United States Code.

43208. Factory assembly line test procedures shall not apply to light-duty motor vehicles, if (a) the manufacturer thereof advises the state board in writing that the manufacturer does not intend to sell more than 1,000 motor vehicles in California in a given model year, and (b) the manufacturer does not sell more than 1,000 motor vehicles of its make in such a year. Nothing in this section shall be construed to prohibit the state board from requiring testing by the applicable certifying test procedure of up to 2 percent of the motor vehicles of such a manufacturer sold in California. This section shall not apply to 1976 and later model year motor vehicles.

(Amended Ch. 1063, Stats. 1976. Effective September 20, 1976.)

43209. No manufacturer or distributor who pays a penalty pursuant to Section 43212 shall add the amount of such penalty to the cost of any motor vehicles sold by such manufacturer, and any provision of any contract of sale including such penalty as part of the cost of a motor vehicle shall be void and unenforceable.

43210. (a) The state board shall provide, by regulation, for the testing of motor vehicles on factory assembly lines or in a manner which the state board determines best suited to carry out the purpose of this part and this section.

(b) If a motor vehicle does not meet the prescribed assembly line standards, the motor vehicle may be retested according to the official certifying test procedure upon which original certification for that make and model vehicle was based. Any motor vehicle meeting the applicable emission standards by either of the testing procedures shall be deemed to meet the emission standards of the State of California and shall be eligible for sale in this state.

(c) The regulations adopted by the state board pursuant to subdivision (a) shall provide for reduced, statistically valid testing of motor vehicles contained in large engine families and for which initial test results indicate compliance with the applicable standards.

(Amended Ch. 1185, Stats. 1981. Effective January 1, 1982.)

43211. No new motor vehicle shall be sold in California that does not meet the emission standards adopted by the state board, and any manufacturer who sells, attempts to sell, or causes to be offered for sale a new motor vehicle that fails to meet the applicable emission standards shall be subject to a civil penalty of five thousand dollars ($5,000) for each such action.

Any penalty recovered pursuant to this section shall be deposited into the General Fund.

43212. Any manufacturer or distributor who does not comply with the emission standards or the test procedures adopted by the state board shall be subject to a civil penalty of fifty dollars ($50) for each vehicle which does not comply with the standards or procedures and which is first sold in this state. The payment of such penalties to the state board shall be a condition to the further sale by such manufacturer or distributor of motor vehicles in this state.

Any penalty recovered pursuant to this section shall be deposited into the Air Pollution Control Fund.

43213. Sections 43211 and 43212 shall be enforced by the state board, and may be enforced by the Department of the California Highway Patrol, the Department of Motor Vehicles, and the bureau.

(Amended Sec. 85, Ch. 91, Stats. 1995. Effective January 1, 1996.)

Used Motor Vehicles

43600. The state board shall adopt and implement emission standards for used motor vehicles for the control of emissions therefrom, which standards the state board has found to be necessary and technologically feasible to carry out the purposes of this division; however, the installation of certified devices on used motor vehicles shall not be mandated except by statute. Such standards may be applicable to motor vehicle engines, rather than to motor vehicles.

43601. The state board shall certify exhaust devices for 1955 through 1965 model year motor vehicles.

43610. The state board shall set standards for, and certify, exhaust devices to significantly reduce the emission of oxides of nitrogen from 1966 through 1970 model year motor vehicles, as determined by the state board from a representative sampling of such motor vehicles, which the state board has found to be necessary and technologically feasible to carry out the purposes of this division.

In setting standards under this section, the primary consideration shall be the greatest possible reduction of oxides of nitrogen.

43650. Every 1955 and later model year motor vehicle shall be equipped with the certified device as required by the Department of Motor Vehicles Manual of Registration Procedures as of January 1, 1975, or as amended to reflect the adoption of rules and regulations by a district board pursuant to Section 43658.

43653. Every 1966 or later model year motor vehicle, subject to registration and first sold and registered in this state, shall be equipped with a certified device to control its crankcase emissions and exhaust emissions.

43654. (a) Except as otherwise provided in subdivision (b), every 1966 through 1970 light-duty motor vehicle, subject to registration in this state, shall be equipped with a certified device to control its exhaust emission of oxides of nitrogen upon initial registration, upon transfer of ownership and registration, and upon registration of a motor vehicle previously registered outside this state.

(b) Subdivision (a) shall not apply to a 1966 through 1970 light-duty motor vehicle (1) which is registered to, or subject to registration by, an elderly low-income person, (2) which was purchased from a person other than a dealer or a person holding a retail seller’s permit, and (3) which is used principally by or for the benefit of the elderly low-income person. However, only one vehicle described above shall be registered to, or subject to registration by, the elderly low-income person at any one time.

(c) For purposes of subdivision (b), the Department of Motor Vehicles may require satisfactory proof (1) of the age of the transferee of the motor vehicle, (2) of the combined adjusted gross income of the household in which the transferee resides, and (3) that the transferor of the motor vehicle is a person other than a dealer or a person holding a retail seller’s permit.

(Amended Ch. 664, Stats. 1982. Effective January 1, 1983.)

43655. (a) The state board shall adopt, by regulation, schedules of installation of certified devices to control exhaust emissions for purposes of Section 43652, after consultation with the Department of the California Highway Patrol, the Department of Motor Vehicles, and the bureau.
(b) In establishing the schedules, the state board shall consider all relevant factors, including, but not limited to, the burden of enforcement on the Department of the California Highway Patrol, the Department of Motor Vehicles, and the bureau, the need for rapid installation of motor vehicle pollution control devices in order to preserve and protect the public health, and the existing ambient air quality in the air basins.

(Amended Sec. 87, Ch. 91, Stats. 1995. Effective January 1, 1996.)

§43659. (a) The state board shall annually review the requirement that an exhaust device be installed on every 1955 through 1965 model year light-duty motor vehicle upon initial registration, upon transfer of ownership and registration, or upon registration of a motor vehicle previously registered outside this state, to determine the contribution of that requirement to the maintenance of required ambient air quality standards in those air basins where the requirement is applicable.

(b) In making its determination, the state board shall consider all relevant factors, including, but not limited to, the fact that the requirement is being imposed on a constantly decreasing number of motor vehicles.

(c) Upon a determination by the state board by regulation that the requirement is no longer a significant factor to the maintenance of required ambient air quality standards in any applicable air basin, except as provided in subdivision (d), 1955 through 1965 model year light-duty motor vehicles in that air basin shall no longer be required to be so equipped.

(d) All 1955 through 1965 model year light-duty motor vehicles equipped with an exhaust device pursuant to the requirement prior to the adoption of the regulation by the state board pursuant to subdivision (c) shall continue to be so equipped.

(Amended Ch. 664, Stats. 1982. Effective January 1, 1983.)

§43660. The state board shall review the requirement that every 1966 through 1970 light-duty motor vehicle be equipped with a certified device to control its exhaust emissions of oxides of nitrogen upon initial registration and upon transfer of ownership and registration to determine the contribution of that requirement to the maintenance of ambient air quality standards in the state and the cost effectiveness of that requirement. The state board shall report to the Legislature its findings and recommendations with regard to the requirement not later than January 1, 1984.

(Amended Ch. 892, Stats. 1982. Effective January 1, 1983.)

§43701. (a) (1) Not later than July 15, 1992, the state board, in consultation with the bureau and the review committee established pursuant to subdivision (a) of Section 44021, shall, after a public hearing, adopt regulations that require that owners or operators of heavy-duty diesel motor vehicles perform regular inspections of their vehicles for excessive emissions of smoke. The inspection procedure, the frequency of inspections, the emission standards for smoke, and the actions the vehicle owner or operator is required to take to remedy excessive smoke emissions shall be specified by the state board. Those standards shall be developed in consultation with interested parties. The smoke standards adopted under this subdivision shall not be more stringent than those adopted under Chapter 5 (commencing with Section 44000).

(2) (A) On or before December 31 of each year, a fleet shall comply with the regulations and standards for that calendar year.

(B) For purposes of this paragraph, “fleets” means any group of two or more heavy-duty diesel-fueled vehicles that are owned or operated by the same person.

(b) Not later than December 15, 1993, the state board shall, in consultation with the State Energy Resources Conservation and Development Commission, and after a public hearing, adopt regulations that require that heavy-duty diesel motor vehicles subject to subdivision (a) utilize emission control equipment and alternative fuels. The state board shall consider, but not be limited to, the use of cleaner burning diesel fuel, or other methods that will reduce gaseous and smoke emissions to the greatest extent feasible, taking into consideration the cost of compliance. The regulations shall provide that any significant modification of the engine necessary to meet these requirements shall be made during a regularly scheduled major maintenance or overhaul of the vehicle’s engine. If the state board requires the use of alternative fuels, it shall do so only to the extent those fuels are available.

(c) The state board shall adopt emissions standards and procedures for the qualification of any equipment used to meet the requirements of subdivision (b), and only qualified equipment shall be used.

(d) To the extent permissible under federal law, commencing January 1, 2006, the owner or operator of any commercial motor truck, as defined in Section 410 of the Vehicle Code, with a gross vehicle weight rating (GVWR) greater than 10,000 pounds that enters the state for the purposes of operating in the state shall maintain, and provide upon demand to enforcement authorities, evidence demonstrating that its engine met the federal emission standards applicable to commercial heavy-duty engines for that engine’s model-year at the time it was manufactured, pursuant to the protocol and regulations developed and implemented pursuant to subdivision (e).

(e) The state board, not later than January 1, 2006, in consultation with the Department of the California Highway Patrol, shall develop, adopt, and implement regulations establishing an inspection protocol for determining whether the engine of a truck subject to the requirements of subdivision (d) met the federal emission standard applicable to heavy-duty engines for that engine’s model-year at the time it was manufactured.

(Amended Sec. 1, Ch. 242, Stats. 2012. Effective January 1, 2013.)

ARTICLE 4. SMOG INDEX DECALS

§43706. (a) The state board shall petition the Federal Trade Commission, pursuant to Part 455 of Title 16 of the Code of Federal Regulations, for a limited exemption from the Federal Trade Commission’s Buyer’s Guide, to allow this state to incorporate into the Buyer’s Guide utilized by motor vehicle dealers in this state, a smog index chart pursuant to subdivision (b) of Section 44254.

(b) Ninety days following approval by the Federal Trade Commission of a petition pursuant to subdivision (a), it shall be unlawful for any motor vehicle dealer licensed by the Department of Motor Vehicles to display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission’s Buyer’s Guide as required by Part 455 of Title 16 of the Code of Federal Regulations which includes a smog index chart pursuant to subdivision (b) of Section 44254. Ninety days following the final disapproval by the Federal Trade Commission of a petition pursuant to subdivision (a), it shall be unlawful for any motor vehicle dealer licensed by the Department of Motor Vehicles to display or offer for sale any used vehicle unless there is attached, by a perforated attachment, to the Federal Trade Commission’s Buyer’s Guide as required by Part 455 of Title 16 of the Code of Federal Regulations, a smog index chart pursuant to subdivision (b) of Section 44254.

(c) Subdivisions (a) and (b) shall not apply to any vehicle sold by either (1) a dismantler after being reported for dismantling pursuant to Section 11520 of the Vehicle Code or (2) a salvage pool after obtaining a salvage certificate pursuant to Section 11515 of the Vehicle Code. Subdivisions (a) and (b) shall also not apply to any vehicle sold to a dealer or sold for the purpose of being legally wrecked or dismantled.

(Added Ch. 1192, Stats. 1994. Effective January 1, 1995.)
43707. This article shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this article, and on the January 1 following that date is repealed. (Added Ch. 1192, Stats. 1994. Effective January 1, 1995.)

NOTE: The preceding section shall remain in effect for five years from the date determined pursuant to Section 32 of Chapter 1192, Stats. of 1994, and on the following January 1 it is repealed.

Low-Emission Motor Vehicles

43800. As used in this article, “low-emission motor vehicle” means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

(d) Is capable, in the case of a heavy-duty diesel vehicle, of meeting standards for either oxides of nitrogen or particulate matter that are twice as stringent as otherwise applicable.

43800. As used in this article, “low-emission motor vehicle” means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

(d) Is capable, in the case of a heavy-duty diesel vehicle, of meeting standards for either oxides of nitrogen or particulate matter that are twice as stringent as otherwise applicable.

NOTE: The preceding section shall remain in effect for five years from the date determined pursuant to Section 32 of Chapter 1192, Stats. of 1994, and on the following January 1 it is repealed.

43800. As used in this article, “low-emission motor vehicle” means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

(d) Is capable, in the case of a heavy-duty diesel vehicle, of meeting standards for either oxides of nitrogen or particulate matter that are twice as stringent as otherwise applicable.

(e) The vehicle can be manufactured or obtained in sufficient numbers for the purpose of proper evaluation.

(f) The vehicle meets the performance needs for state vehicles.

The Legislature finds and declares that emission of air pollutants from motor vehicles is a major contributor to air pollution within the State of California and, therefore, declares its policy to encourage the development and testing of various types of low-emission motor vehicles, which would contribute substantially to achieving a pure and healthy atmosphere for the people of this state.

43802. Low-emission motor vehicles shall be submitted to the state board for testing to determine if such vehicle meets the standard set forth in Section 43800.

43803. For each vehicle identified by the state board as a low-emission motor vehicle, the Department of General Services, in consultation with the state board and the State Energy Resources Conservation and Development Commission, shall determine if the low-emission motor vehicle meets all of the following requirements:

(a) The vehicle can be manufactured or obtained in sufficient numbers for the purpose of proper evaluation.

(b) The vehicle meets the performance needs for state vehicles.

(c) The cost of the vehicle does not exceed by more than 100 percent the average cost of comparable state vehicles purchased in the preceding fiscal year.

(d) If the vehicle is purchased by the state, there would be a sufficient number of servicing and maintenance outlets.

(e) The average operating and maintenance costs for the vehicle are comparable to the average operating and maintenance costs for all other state passenger vehicles. In no event, however, shall the average operating and maintenance costs for the vehicle exceed the average costs of operating and maintaining all other state vehicles by more than 50 percent.

(Added Ch. 796, Stats. 1989. Effective January 1, 1990.)

43804. (a) If a low-emission motor vehicle meets the requirements of this chapter and the performance, cost, service, and maintenance requirements adopted by the Department of General Services for such motor vehicles, and if funds are appropriated for the purpose of purchasing motor vehicles, the state shall purchase, beginning with the next fiscal year, as many of such low-emission motor vehicles as the Department of General Services determines are reasonable and available to meet state needs.

(b) If a sufficient number of low-emission motor vehicles are available, the percentage of all such motor vehicles to be purchased in that year shall not be less than 25 percent of all motor vehicles...
purchased by the state in the preceding fiscal year. In purchasing vehicles pursuant to this section, the state shall seek to acquire a mix of least polluting and least cost qualifying low-emission motor vehicles.

(Amended Ch. 796, Stats. 1989. Effective January 1, 1990.)

43805. The provisions of this chapter shall not apply to the following motor vehicles:
(a) Patrol cars of the Department of the California Highway Patrol.
(b) Any motor vehicle classified as a special-purpose vehicle by the Department of General Services.

43806. On or before January 1, 1993, the state board shall adopt emission standards and procedures applicable to new engines used in publicly owned and privately owned public transit buses, and shall make the standards and procedures effective on or before January 1, 1996. The standards shall consider the engine and fuel as a system and shall reflect the use of the best emission control technologies expected to be available at the time the standards and procedures become effective. In adopting standards, the state board shall consider the projected costs and availability of cleaner burning alternative fuels and low-emission vehicles compared with other air pollution control measures.

(Amended Ch. 496, Stats. 1991. Effective January 1, 1992.)

Fuel System Evaporative Loss Control Devices

43821. In adopting criteria for the certification of fuel system evaporative loss control devices, the state board shall take into consideration the cost of the device and its installation, its durability, the ease and facility of determining whether the device, when installed on a motor vehicle, is properly functioning, and any other factors which, in the opinion of the state board, render such a device suitable or unsuitable for the control of motor vehicle air pollution or for the health, safety, and welfare of the public.

43823. The installation of a certified fuel system evaporative loss control device on used motor vehicles shall not be mandated except by statute.

43824. The state board may adopt, by regulation, standards and test procedures for the certification of fuel system evaporative loss control devices on new motor vehicles in the absence of any such federal regulations.

In such case, no new motor vehicle may be sold and registered in this state unless it conforms to such regulations adopted by the state board.

Motor Vehicle Inspection Program

44000. By the enactment of the 1994 amendments to this chapter made pursuant to the act that added this section, the Legislature hereby declares its intent to meet or exceed the air quality standards established by the amendments enacted to the federal Clean Air Act in 1990 (42 U.S.C. Sec. 7401 et seq., as amended by P.L. 101-549), to enhance and improve the existing vehicle inspection and maintenance network, and to periodically monitor the performance of the network against stated objectives.

(Repealed and added Ch. 27, Stats. 1994. Effective March 30, 1994.)

44001.3. The Legislature hereby finds and declares as follows:
(a) Under the state's previous smog check program, a motor vehicle owner could obtain unlimited repair cost waivers and, therefore, avoid repair of a polluting vehicle.
(b) As a result, many vehicles were reregistered year after year and allowed to continue to pollute the air.
(c) Repairing high-polluting and gross polluting vehicles (which pollute 2 to 25 times more than the average vehicle that passes a smog check) could significantly improve California air quality and allow the state to meet federal clean air goals.
(d) The existing repair cost limit for smog repairs is a minimum of four hundred fifty dollars ($450) in all areas where the enhanced smog check program operates; fifty dollars ($50) to three hundred dollars ($300) based on the model year of the vehicle where the enhanced program is not fully implemented; and no cost limit for the repair of gross polluting vehicles.
(e) Without state financial assistance to repair a vehicle, a low-income vehicle owner is forced to either scrap the vehicle or drive an unregistered vehicle.

(Added Sec. 1, Ch. 804, Stats. 1997. Effective January 1, 1998.)

44002. The department shall have the sole and exclusive authority within the state for developing and implementing the motor vehicle inspection program in accordance with this chapter.

For the purposes of administration and enforcement of this chapter, the department, and the director and officers and employees thereof, shall have all the powers and authority granted under Division 1 (commencing with Section 1) and Division 1.5 (commencing with Section 475) and Chapter 20.3 (commencing with Section 9880) of Division 3 of the Business and Professions Code and under Chapter 33 (commencing with Section 3300) of Title 16 of the California Code of Regulations. Inspections and repairs performed pursuant to this chapter, in addition to meeting the specific requirements imposed by this chapter, shall also comply with all requirements imposed pursuant to Division 1 (commencing with Section 1) and Division 1.5 (commencing with Section 475) and Chapter 20.3 (commencing with Section 9880) of Division 3 of the Business and Professions Code and Chapter 33 (commencing with Section 3300) of Title 16 of the California Code of Regulations.

(Amended Ch. 1433, Stats. 1990. Effective January 1, 1991.)

44004. (a) The motor vehicle inspection program provided by this chapter, when implemented in a district, shall supersede and replace any other program for motor vehicle emission inspection in the district.

This chapter shall not apply to any vehicle permanently located on an island in the Pacific Ocean located 20 miles or more from the mainland coast.
(b) The motor vehicle inspection program provided by this chapter shall be in accordance with Sections 4000.1 and 4000.3 of the Vehicle Code.

44005. (a) The Department of Motor Vehicles shall cooperate with the department in implementing any changes to enhance the program to achieve greater efficiency, cost effectiveness, and convenience, or to reduce excess emissions in accordance with this chapter.
(b) The program shall provide for inspection of specified motor vehicles, as determined by the department, upon initial registration, biennially upon renewal of registration, upon transfer of ownership, upon the issuance of a notice of noncompliance to a gross polluter pursuant to Section 44081, and as otherwise provided in this chapter.

(Amended Sec. 4, Ch. 803, Stats. 1997. Effective January 1, 1998.)

Program Requirements

4410. The motor vehicle inspection program shall provide for privately operated stations which shall be referred to as smog check stations and are authorized pursuant to Section 44015 to issue certificates of compliance or noncompliance to vehicles which meet the requirements of this chapter.

(Amended Ch. 27, Stats. 1994. Effective March 30, 1994.)

4410.5. (a) The department shall implement a program with the capacity to commence, by January 1, 1995, the testing at test-only
facilities, in accordance with this chapter, of 15 percent of that portion of the total state vehicle fleet consisting of vehicles subject to inspection each year in the biennial program and that are registered in the enhanced program area, as established pursuant to paragraph (1) of subdivision (a) of Section 44003.

(b) (1) The department shall increase the capacity of the program so that the capacity exists to commence, by January 1, 1996, the testing at test-only facilities of that portion of the state vehicle fleet that is subject to inspection and is registered in the enhanced program area, which is sufficient to meet the emission reduction performance standards established by the United States Environmental Protection Agency in regulations adopted pursuant to the Clean Air Act Amendments of 1990, taking into account the results of the pilot demonstration program established pursuant to Section 44081.6.

(2) Upon increasing the capacity of the program pursuant to paragraph (1), the department shall afford smog check stations that are licensed and certified pursuant to Sections 44014 and 44014.2 the initial opportunity to perform the required inspections. The department shall adopt, by regulation, the requirements to provide that initial opportunity.

(3) If the department determines that there is an insufficient number of licensed test-only smog check stations operating in an enhanced area to meet the increased demand for test-only inspections, the department may increase the capacity of the program by utilizing existing contracts.

(c) The program shall utilize the testing procedures described in Section 44012. Vehicles selected for testing pursuant to this section shall include vehicles equipped without second generation onboard diagnostic systems (OBD II) and vehicles with emission problems that may not be adequately detected by the vehicle’s OBD II, as determined by the department in consultation with the state board. The department, in consultation with the state board, may also select for testing pursuant to this section any other vehicles necessary in order to meet the requirement described in paragraph (1) of subdivision (b).

(d) Vehicles that are not diesel-powered in the enhanced program area which are not subject to the program established by this section may be tested at smog check stations licensed pursuant to Section 44014 that use loaded mode dynamometers. Diesel-powered vehicles in the enhanced program area that are not subject to the program established by this section may be tested at smog check stations licensed pursuant to Section 44014 using appropriate testing procedures as determined by the department.

(e) (1) The department may implement the program established pursuant to subdivision (a) through a network of privately operated test-only facilities established pursuant to contracts to be awarded pursuant to this section.

(2) The initial contracts awarded pursuant to this section shall terminate not later than seven years from the date that the contracts were executed.

(f) No person shall be a contractor of the department for test-only facilities in all air basins, exclusively, where the enhanced program is in effect unless the department determines, after a public hearing, that there is not more than one qualified contractor. The South Coast Air Basin shall have at least two contractors, and the combined enhanced program area that includes Bakersfield, Fresno, and Sacramento shall have at least two contractors. The department may operate test-only facilities on an interim basis to ensure convenience to consumers. The department shall specify in the request for proposal the minimum number of test-only facilities that are required for the program. Any contracts initially awarded pursuant to this section shall ensure that the contractors are capable of fulfilling the requirements of subdivision (a).

(g) (1) In awarding contracts under this section, the department shall request bids through the issuance of a request for proposal.

(2) The department shall first determine which bidders are qualified, and then award the contract to the qualified bidder, giving priority to the test cost and convenience to motorists.

(3) The department shall provide a contractual preference, as determined by the department, not to exceed 10 percent of the total proposal evaluation score, based on the following factors:

(A) Up to 5 percent to bidders providing firm commitments to employ businesses that are licensed or otherwise substantially participating in the smog check program after January 1, 1994.

(B) Up to 5 percent to bidders based on the extent to which bidders maximize the potential economic benefit of the smog check program on this state over the term of the contract. That potential economic benefit shall include the percentage of work performed by California-based firms, the potential of the total project workforce who will be California residents, and the percentage of subcontracts that will be awarded to California-based firms.

(4) Any contract executed by the department for the operation of a test-only facility shall expressly require compliance with this chapter and any regulations adopted by the department pursuant to this chapter.

(h) The department shall ensure that there is a sufficient number of test-only facilities, and that they are properly located, to ensure reasonable accessibility and convenience to all persons within an enhanced program area, and that the waiting time for consumers is minimized. The department may operate test-only facilities on an interim basis to ensure convenience to consumers. The department shall specify in the request for proposal the minimum number of test-only facilities that are required for the program. Any contracts initially awarded pursuant to this section shall ensure that the contractors are capable of fulfilling the requirements of subdivision (a).

(i) Any data generated at a test-only facility shall be the property of the state, and shall be fully accessible to the department at any time. The department may set contract specifications for the storage of that data in a central data storage system or facility designated by the department.

(j) The department shall ensure an effective transition to the new program by implementing an effective public education program and may specify in the request for proposal a dollar amount that bidders are required to include in their bids for public education activities, to be implemented pursuant to Section 44070.5.

(k) The department shall ensure the effective management of the test-only facilities and shall specify in the request for proposal that a manager be present during all hours of station operation.

(l) The department shall ensure and facilitate the effective transition of employees of businesses that are licensed or otherwise substantially participating in the smog check program and may specify in the request for proposal that test-only facility management be Automotive Service Excellence (ASE) certified, or be certified by a comparable program as determined by the department.

(m) As part of the contracts to be awarded pursuant to subdivision (e), the department may require contractors to perform functions previously undertaken by referee stations throughout the state, as determined by the department, at some or all of the affected stations in enhanced areas, and at additional stations outside enhanced areas only to the extent necessary to provide appropriate access to referee functions.

(n) Notwithstanding any other provision of law, to avoid delays to the program implementation timeline required by this chapter or the Clean Air Act, the Department of General Services, at the request of the department, may exempt contracts awarded pursuant to this section from existing laws, rules, resolutions, or procedures that are otherwise applicable, including, but not limited to, restrictions on awarding contracts for more than three years. The department shall identify any exemptions requested and granted pursuant to this subdivision and report thereon to the Legislature.

(o) The department shall implement the program established in this section only in urbanized areas classified by the United States Environmental Protection Agency as a serious, severe, or extreme nonattainment area for carbon monoxide with a design value greater than 12.7 ppm, and shall not implement the program in any other area.

(Amended Sec. 2, Ch. 258, Stats. 2010. Effective January 1, 2011.)
§44011. (a) All motor vehicles powered by internal combustion engines that are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for the following:

(1) All motorcycles until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles.

(2) All motor vehicles that have been issued a certificate of compliance or noncompliance or a repair cost waiver upon a change of ownership or initial registration in this state during the preceding six months.

(3) All motor vehicles manufactured prior to the 1976 model-year.

(4) (A) Except as provided in subparagraph (B), all motor vehicles four or less model-years old.

(B) Beginning January 1, 2005, all motor vehicles six or less model-years old, unless the state board finds that providing an exception for these vehicles will prohibit the state from meeting the requirements of Section 176(c) of the federal Clean Air Act (42 U.S.C. Sec. 7401 et seq.) or the state's commitments with respect to the state implementation plan required by the federal Clean Air Act.

(C) All motor vehicles excepted by this paragraph shall be subject to testing and to certification requirements as determined by the department, if any of the following apply:

(i) The department determines through remote sensing activities or other means that there is a substantial probability that the vehicle has a tampered emission control system or would fail for other cause a smog check test as specified in Section 44012.

(ii) The vehicle was previously registered outside this state and is undergoing initial registration in this state.

(iii) The vehicle is being registered as a specially constructed vehicle.

(iv) The vehicle has been selected for testing pursuant to Section 44014.7 or any other provision of this chapter authorizing out-of-cycle testing.

(D) This paragraph applies only to diesel-powered vehicles.

(5) In addition to the vehicles exempted pursuant to paragraph (4), any motor vehicle or class of motor vehicles exempted pursuant to subdivision (c) of Section 44024.5. It is the intent of the Legislature that the department, pursuant to the authority granted by this paragraph, exempt at least 15 percent of the lowest emitting motor vehicles from the biennial smog check inspection.

(6) All motor vehicles that the department determines would present prohibitive inspection or repair problems.

(7) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(8) (A) All diesel-powered vehicles manufactured prior to the 1998 model-year.

(B) All diesel-powered vehicles that have a gross vehicle weight rating of 8,501 to 10,000 pounds, inclusive, until the department, in consultation with the state board, pursuant to Section 44012, implements test procedures applicable to these vehicles.

(C) All diesel-powered vehicles that have a gross vehicle weight rating of 10,001 pounds to 14,000 pounds, inclusive, until the state board and the Department of Motor Vehicles determine the best method for identifying these vehicles, and until the department, in consultation with the state board, pursuant to Section 44012, implements test procedures applicable to these vehicles.

(D) All diesel-powered vehicles that have a gross vehicle weight rating of 14,001 pounds or greater.

(b) Vehicles designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

(c) For purposes of subdivision (a), a collector motor vehicle, as defined in Section 259 of the Vehicle Code, is exempt from those portions of the test required by subdivision (f) of Section 44012 if the collector motor vehicle meets all of the following criteria:

(1) Submission of proof that the motor vehicle is insured as a collector motor vehicle, as shall be required by regulation of the bureau.

(2) The motor vehicle is at least 35 model-years old.

(3) The motor vehicle complies with the exhaust emissions standards for that motor vehicle's class and model-year as prescribed by the department, and the motor vehicle passes a functional inspection of the fuel cap and a visual inspection for liquid fuel leaks.

(Amended Sec. 16, Ch. 319, Stats. 2013. Effective January 1, 2014.)

44011.1. For purposes of Section 44011, the term “registered within an area designated for program coverage” includes any vehicle registered pursuant to the Vehicle Code in this state when the registered owner's mailing or residence address is not located within this state, or when the address at which the vehicle is garaged is not located within this state.

(Added Ch. 639, Stats. 1993. Effective January 1, 1994.)

44011.3. Every motor vehicle that is subject to testing pursuant to this chapter may be pretested. As used in this section, a pretest is a smog inspection in which the motor vehicle is submitted to some or all of the required elements of the emissions inspection as specified in Section 44012, the results of which will not be reported to the Department of Motor Vehicles and for which a certificate will not be issued. A person choosing to have his or her vehicle pretested has the right to have a complete pretest of the vehicle unless the person requests a partial pretest. If the person requests a partial pretest, the licensed technician or an authorized representative of the licensed smog check station shall inform the vehicle owner that the partial pretest may not indicate the likelihood of the vehicle passing a subsequent official inspection.

(Added Sec. 1, Ch. 938, Stats. 1998. Effective January 1, 1999.)

44011.5. Documentation that a motor vehicle is exempt from the requirements of Section 44011 may not be based solely on the owner’s statement that the vehicle is in an exempt category. Physical inspection of the vehicle by the department is required unless alternative documentation satisfactory to the department is available.

(Amended Ch. 1544, Stats. 1988. Effective January 1, 1989.)

44014. (a) Except as otherwise provided in this chapter, the testing and repair portion of the program shall be conducted by smog check stations licensed by the department, and by smog check technicians who have qualified pursuant to this chapter.

(b) A smog check station may be licensed by the department as a smog check test-only station and, when so licensed, need not comply with the requirement for onsite availability of current service and adjustment procedures specified in paragraph (3) of subdivision (b) of Section 44030. A smog check technician employed by a smog check test-only station shall be qualified in accordance with this section.

(c) (1) The department shall supply a network of referees. A referee shall have no ownership interest in, or business or economic interest with, a smog check station. Referees may issue repair cost waivers, certificates of compliance or noncompliance, and hardship extensions, in accordance with regulations adopted by the department, and promote automotive training through community colleges and other training institutions certified by the department pursuant to Section 44030.5. Referees shall provide inspection services for specially constructed vehicles pursuant to Section 44017.4 and Section 9565 of the Vehicle Code and issue exhaust system certificates of compliance in accordance with Section 27150.2 of the Vehicle Code.

(2) The department may adopt regulations to establish qualification standards and any special administrative, operational, and licensure standards that the department determines to be necessary for the provision of referee services.

(3) The department may adopt, by regulation, a process by which vehicles that present prohibitive or unusual inspection circumstances are inspected by referees, including, but not limited to, the inspection
of vehicles in which the manufacturer's physical or operational design presents inspection incompatibilities, vehicles equipped with emission control configurations that do not meet United States Environmental Protection Agency or state board certified configurations, including direct import vehicles and vehicles with engine changes, and vehicles equipped with retrofit alternative fuel conversion kits.

(4) (A) A referee may charge a fee sufficient to cover the costs of providing referee services for inspections of specially constructed vehicles pursuant to Section 44017.4 and Section 9565 of the Vehicle Code, inspections pursuant to Section 27150.2 of the Vehicle Code, and other appropriate categories of referee services as determined by the department. Requirements applicable to the fee, including its amount, shall be established by the department by regulation and the amount may be adjusted to reflect changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics. The fee may be collected by either a contracted referee or by the department, if the department is providing the referee service.

(B) If the fee is imposed and collected by a contracted referee, the contracted referee shall deposit the fees collected from the vehicle owner into a separate trust account that the referee shall account for and manage in accordance with generally accepted accounting practices.

(C) If the fee is imposed and collected by the department, the fees shall be deposited into the Vehicle Inspection and Repair Fund.

(d) A smog check station may also be licensed as a repair-only station, and if so licensed, may perform repairs to reduce excessive emissions on vehicles which have failed the smog check test. Repair procedures and equipment requirements shall be established by the department. Technicians employed by a smog check repair-only station shall be qualified in accordance with this section.

(e) Smog check technicians are qualified to test and repair only those classes and categories of vehicles for which they have passed a qualification test administered by the department. The department shall provide for smog check technicians to be qualified for different categories of motor vehicle inspection based on vehicle classification and model-year.

(f) The consumer protection-oriented quality assurance portion of the enhancement program, including the provision of referee services, may be conducted by one or more private entities pursuant to contracts with the department.

(Amended Sec. 4, Ch. 258, Stats. 2010. Effective January 1, 2011.)

44014.5. (a) The enhanced program shall provide for the testing and retesting of vehicles in accordance with Sections 44010.5 and 44014.2 and this section.

(b) The repair of vehicles at test-only facilities is prohibited, except that the minor repair of components damaged by station personnel during inspection at the station, any minor repair that is necessary for the safe operation of a vehicle while at a station, or other minor repairs, such as the reconnection of hoses or vacuum lines, may be undertaken at no charge to the vehicle owner or operator if authorized in advance in writing by the department.

(c) The department shall make available to consumers of test-only facilities a list, compiled by region, of smog check stations licensed to make repairs of vehicular emission control systems. A test-only facility shall not refer a vehicle owner to any particular provider of vehicle repair services in which the test-only facility has a financial interest. The department shall not refer a vehicle owner to any particular provider of vehicle repair services in which the test-only facility has a financial interest.

(d) (1) The department shall establish standards for training, equipment, performance, or data collection for test-only facilities.

(2) (A) The department shall establish inspection-based performance standards consistent with Section 44014.6 that test-only stations would be required to meet to be eligible to issue certificates of compliance or noncompliance for vehicles selected pursuant to Section 44010.5 or 44014.7, or vehicles identified by the department as gross polluters. Failure at any time to meet these standards shall result in suspension of the certification to test these vehicles granted by the department. A test-only station not meeting the performance standards may continue to issue certificates of compliance and noncompliance for other vehicles. The department shall adopt measures to ensure the requirements of this subparagraph are met, including through the use of the computer database and computer network authorized by Section 44037.1.

(B) The department shall provide the test-only station with written or electronic notice, prior to the suspension pursuant to subparagraph (A). The notice shall specify the grounds for the suspension and provide that the station within five days of receipt of the notice may request a hearing before the chief of the bureau or his or her designee to contest the suspension. The request for hearing shall be in writing or shall be made electronically. Receipt of this hearing request shall stay the suspension pending the outcome of the hearing. If a request for hearing is not made, the chief of the bureau shall issue a final written decision of suspension within 10 days of the last date that a hearing could have been requested.

(C) The hearing conducted by the chief of the bureau or his or her designee shall be held not later than 10 days from the date that the request for a hearing is received by the chief of the bureau. The hearing requirements of Section 44072 shall not apply. The chief of the bureau shall render a written decision within 10 days of the hearing. The decision may rescind the suspension, affirm the suspension, or order any other appropriate action. Administrative review, before an administrative law judge, of the decision of the chief of the bureau may be sought within 30 days of the date of the decision.

(d) The department may adopt regulations to implement this paragraph.

(e) The department shall prohibit test-only facilities from engaging in other business activities that represent a conflict of interest, as determined by the department. Upon implementation of the performance standards described in paragraph (2) of subdivision (d), ownership of a test-and-repair station by an owner of a test-only facility shall not be considered a conflict of interest.

(f) The test-only facility may charge a fee, established by the department, sufficient to cover the facility's cost to perform the tests or services, including, but not limited to, referee services and the issuance of waivers and hardship extensions required by this chapter. In addition, the station shall charge and collect the certificate fee established pursuant to Section 44060. This subdivision shall apply only to facilities contracted for pursuant to subdivision (e) of Section 44010.5.

(g) The department shall ensure that there is a sufficient number of test-only facilities to provide convenient testing for the following vehicles:

(1) All vehicles identified and confirmed as gross polluters pursuant to Section 44081 and Section 27156 of the Vehicle Code.

(2) (A) Vehicles initially identified as gross polluters by a smog check station licensed as a test-and-repair station may be issued a certificate of compliance by a test-only facility or by a licensed smog check station certified pursuant to Section 44014.2.

(B) For purposes of this section, the department shall implement a program that allows vehicles initially identified as gross polluters to be repaired and issued a certificate of compliance by a facility licensed and certified pursuant to Section 44014.2.

(3) All vehicles designated by the department pursuant to Sections 44014.7 and 44020.

(4) Vehicles issued an economic hardship extension in the previous biennial inspection of the vehicle.

(h) The department shall provide a sufficient number of test-only facilities authorized to perform referee functions to provide convenient testing for those vehicles that are required to report to, and receive a certificate of compliance from, a test-only facility by this chapter, including all of the following:

(1) All vehicles seeking to utilize state-operated financial assistance or inclusion in authorized scrap programs.
§44014.7  HEALTH AND SAFETY CODE

(2) All vehicles unable to obtain a certificate of compliance from a licensed smog check station pursuant to subdivision (c) of Section 44015.

(3) Any other vehicles that may be designated by the department.

(j) Gross polluters shall be referred to a test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2, for a postrepair inspection and retest pursuant to subdivision (g).

(a) The department shall require 2 percent of the vehicles required to obtain a certificate of compliance each year in enhanced program areas to receive their certificate from a test-only facility.

(b) The department may require a number not to exceed 2 percent of the vehicles required to obtain a certificate of compliance each year in basic program areas to receive their certificate from a test-only facility.

(c) The vehicles specified in subdivisions (a) and (b) shall be selected at random. The vehicles may be included among the vehicles subject to subdivision (d) of Section 44010.5, to the extent that the vehicles are registered in enhanced program areas. The review committee may review the selection process to ensure that it is a statistically significant representation of the vehicles subject to the basic and enhanced programs. The department shall select the vehicles and the Department of Motor Vehicles shall notify the owners of their obligation under this section pursuant to Section 4000.3 of the Vehicle Code. Selection shall be made from vehicles in an area where a test-only facility is located.

(Amended Ch. 27, Stats. 1994. Effective March 30, 1994.)

44015.  (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle that meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle identified pursuant to subparagraph (K) of paragraph (3) of subdivision (b) of Section 44036. A vehicle identified pursuant to subparagraph (K) of paragraph (3) of subdivision (b) of Section 44036 shall be directed to the department to determine whether an adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit, as established pursuant to Section 44017.1, that every defect specified in paragraph (2) of subdivision (a) of Section 43204, and in paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected, that the low-income vehicle owner would suffer an economic hardship if the extension is not issued, and that all appropriate emissions-related repairs up to the amount of the applicable repair cost limit in Section 44017.1 have been performed.

(d) No repair cost waiver or economic hardship extension shall be issued under any of the following circumstances:

(1) If a vehicle was issued a repair cost waiver or economic hardship extension prior to January 1, 1998, as determined by the department.

(2) Upon initial registration of all of the following:

(A) A direct import motor vehicle.

(B) A motor vehicle previously registered outside this state.

(C) A dismantled motor vehicle pursuant to Section 11519 of the Vehicle Code.

(D) A motor vehicle that has had an engine change.

(E) An alternate fuel vehicle.

(F) A specially constructed vehicle.

(g) A test may be made at any time within 90 days prior to the date otherwise required.

(Amended Sec. 6, Ch. 258, Stats. 2010. Effective January 1, 2011.)

44015.5.  (a) A certificate of compliance shall not be issued to any new motor vehicle or motor vehicle with a new motor vehicle engine which is not certified by the state board, and which is the subject of a transaction prohibited by Section 43152 or 43153.

(b) With respect to a new motor vehicle or motor vehicle with a new motor vehicle engine not certified by the state board which is in violation of Article 1.5 (commencing with Section 43150) of Chapter 2, but which is not the subject of a transaction prohibited by Section 43152 or 43153, a certificate of noncompliance shall be issued. The certificate of noncompliance shall indicate the basis for nonconformity and the data shall be sent to the state board.

(Added Ch. 1433, Stats. 1990. Effective January 1, 1991.)
44017. (a) Except as otherwise provided in this section or Section 44017.1, a motor vehicle owner shall qualify for a repair cost waiver only after expenditure of not less than four hundred fifty dollars ($450) for repairs, including parts and labor.

(b) The limit established pursuant to subdivision (a) shall not become operative until the department issues a public notice declaring that the program established pursuant to Section 44010.5 is operational in the relevant geographical areas of the state, or until the date that testing in those geographic areas is operative using loaded mode test equipment, as defined in this article, whichever occurs first.

Prior to that time, the following cost limits shall remain in effect:

(1) For motor vehicles of 1971 and earlier model years, fifty dollars ($50).

(2) For motor vehicles of 1972 to 1974, inclusive, model years, ninety dollars ($90).

(3) For motor vehicles of 1975 to 1979, inclusive, model years, one hundred twenty-five dollars ($125).

(4) For motor vehicles of 1980 to 1989, inclusive, model years, one hundred seventy-five dollars ($175).

(5) For motor vehicles of 1990 to 1995, inclusive, model years, three hundred dollars ($300).

(6) For motor vehicles of 1996 and later model years, four hundred fifty dollars ($450).

(c) The department shall periodically revise the repair cost limits specified in subdivisions (a) and (b) in accordance with changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics.

(d) No repair cost limit shall be imposed in those cases where emissions control equipment is missing or is partially or totally inoperative as a result of being tampered with.

(e) (1) No repair cost waiver shall be issued where a motor vehicle has failed the visible smoke test created by the department pursuant to Section 44012.1, unless paragraph (2) applies, or the vehicle is owned by a low-income person, as defined in Section 44062.1 in which case the repair cost limit applicable pursuant to subdivision (b) of Section 44017.1 shall apply.

(2) By January 1, 2008, the department shall adopt regulations allowing a repair cost waiver, with the repair cost limit specified in subdivision (a), where a motor vehicle has failed the visible smoke test component of a smog check inspection, for individuals under economic hardship but who do not meet the definition of low-income person, as defined in Section 44062.1. The regulations shall make eligible for the waiver those individuals whose household means fall below the level necessary to achieve a modest standard of living without assistance from public programs. The department shall consult authoritative information sources including, but not limited to, the United States Census Bureau, the Department of Finance, and the California Budget Project.

(Amended Sec. 1, Ch. 67, Stats. 1999. Effective July 6, 1999.)

44017.4. (a) Upon registration with the Department of Motor Vehicles, a passenger vehicle or pickup truck that is a specially constructed vehicle, as defined in Section 580 of the Vehicle Code, shall be inspected by stations authorized to perform referee functions. This inspection shall be for the purposes of determining the engine model-year used in the vehicle or the vehicle model-year, and the emission control system application. The owner shall have the option to choose whether the inspection is based on the engine model-year used in the vehicle or the vehicle model-year.

(1) In determining the engine model-year, the referee shall compare the engine to engines of the era that the engine most closely resembles. The referee shall assign the 1960 model-year to the engine in any specially constructed vehicle that does not sufficiently resemble a previously manufactured engine. The referee shall require only those emission control systems that are applicable to the established engine model-year and that the vehicle reasonably accommodates in its present form.

(2) In determining the vehicle model-year, the referee shall compare the vehicle to vehicles of the era that the vehicle most closely resembles. The referee shall assign the 1960 model-year to any specially constructed vehicle that does not sufficiently resemble a previously manufactured vehicle. The referee shall require only those emission control systems that are applicable to the established model-year and that the vehicle reasonably accommodates in its present form.

(b) Upon the completion of the inspection, the referee shall affix a tamper-resistant label to the vehicle and issue a certificate that establishes the engine model-year or the vehicle model-year, and the emission control system application.

(2) The Department of Motor Vehicles shall annually provide a registration to no more than the first 500 vehicles that meet the criteria described in subdivision (a) that are presented to that department for registration pursuant to this section. The 500-vehicle annual limitation does not apply to the renewal of registration of a vehicle registered pursuant to this section.

(Amended Sec. 1, Ch. 693, Stats. 2002. Effective January 1, 2003.)

44018. (a) The motor vehicle inspection program may include advisory safety equipment maintenance checks, fuel efficiency checks, or both, on the motor vehicle if the department finds that cost-effective methods for conducting those checks exist and that the cost of the inspection to the vehicle owner due to the additional checks would not be increased by more than 10 percent. The department shall specify the equipment to be checked and the procedures for conducting those checks.

(b) Notwithstanding subdivision (a), a motor vehicle sold at retail by a lessor-dealer licensed pursuant to Chapter 3.5 (commencing with Section 11600), or a dealer licensed pursuant to Chapter 4 (commencing with Section 11700), of Division 5 of the Vehicle Code shall not be subject to an advisory safety equipment maintenance check pursuant to this section.

(Amended Ch. 230, Stats. 1985. Effective January 1, 1986.)

44019. (a) Every public agency, including, but not limited to, a publicly owned public utility, owning or operating any motor vehicle that is exempt from annual renewal of registration, and is otherwise subject to this chapter, shall obtain for the vehicle a certificate of compliance with the same frequency as is required for vehicles subject to renewal of registration. The cost limitations specified in Section 44017 do not apply to any vehicle owned or operated by a public agency.

(b) Certificates of compliance required by subdivision (a) shall be issued if the vehicle meets the requirements of Section 44012 using a
test analyzer system meeting the requirements of the department. Any certificate so issued shall be indexed by vehicle license plate number or vehicle identification number and retained by the public agency for not less than three years, and shall be available for inspection by the department.

(c) Every public agency subject to subdivision (a) shall annually report to the department the number of certificates issued, the number of motor vehicles owned, and the schedule under which the motor vehicles were issued certificates of compliance.

(d) The department may accept proof of compliance with this section other than by a certificate of compliance.

(Amended Ch. 1154, Stats. 1989. Effective January 1, 1990.)

§44020. Notwithstanding any other provision of this chapter, the department may license any registered owner of a fleet of 10 or more motor vehicles subject to this chapter, who so elects, to implement and conduct the tests and to perform necessary service and adjustment on the fleet’s vehicles under this chapter, subject to all of the following conditions:

(a) The registered owner’s facilities or personnel, or both, or a designated contractor of the registered owner, shall be licensed by the department as a fleet smog check station, and the test and repair system shall conform, in the department’s determination, with all provisions of this chapter and all rules and regulations adopted by the department. The regulations shall provide for adequate onsite inspection by the department. Mobile testing equipment certified by the department may be used in accordance with procedures established by the department. The department may prohibit the use of mobile testing equipment if violations occur.

(b) A license issued under this section is subject to Sections 44035, 44050, and 44072.10, and may be suspended or revoked by the department whenever the department determines, on the basis of random periodic spot checks of the owner’s inspection system and fleet vehicles, that the system fails to conform or that certificates of compliance have been issued by the owner in violation of regulations adopted by the department. Any person licensed to conduct tests and service and adjustments under this section is deemed to have consented to provide the department with whatever access, information, and other cooperation the department reasonably determines are necessary to facilitate the random periodic spot checks.

(c) The department or its contractor, on a random periodic basis, shall inspect or observe the inspections performed by licensed fleet smog check stations on not less than 2 percent of the total business fleet vehicles subject to this chapter.

(d) A fleet owner licensed to conduct tests or make repairs pursuant to this chapter shall issue certificates of compliance for motor vehicles. The cost limits in Section 44017 and the economic hardship extension provisions in this chapter shall not apply to any motor vehicle owned by a fleet owner licensed pursuant to this section.

(e) Notwithstanding subdivision (d), certificates of compliance or noncompliance prepared solely for the disposal or sale of motor vehicles owned by a fleet owner licensed pursuant to this section shall be subject to the cost limits in Section 44017.

(f) The department shall establish initial and renewal license fees, which shall not exceed the reasonable costs of administering this section.

(g) Notwithstanding any other provision of this section, fleets consisting of vehicles for hire or vehicles which accumulate high mileage, as defined by the department, shall go to a test-only station when a smog check certificate of compliance is required. Initially, high mileage vehicles shall be defined as vehicles which accumulate 50,000 miles or more each year. In addition, fleets which do not operate high mileage vehicles may be required to obtain certificates of compliance from the test-only station if they fail to comply with this chapter.

(h) Notwithstanding any other provision of this chapter, the department shall have the authority, by regulation, to require testing of vehicle fleets consistent with regulations adopted by the Environmental Protection Agency, if necessary to meet the emission reduction performance standard established by the agency, as determined by the department.

(Amended Sec. 8, Ch. 982, Stats. 1994. Effective October 16, 1995.)

44041. In order to expedite emissions testing and to eliminate errors in the transcription of vehicle data, the department shall, in cooperation with the Department of Motor Vehicles, furnish bar code labels to all vehicle owners at the time of their vehicle’s annual registration renewal. The labels shall contain vehicle identification numbers and other vehicle-specific information, to be determined by the department, which can be recorded by smog check station technicians utilizing the scanning devices required by Section 44036.

(Amended Ch. 27, Stats. 1994. Effective March 30, 1994.)

Financial Provisions

44060. (a) The department shall prescribe the form of the certificate of compliance or noncompliance, repair cost waivers, and economic hardship extensions.

(b) The certificates, repair cost waivers, and economic hardship extensions shall be in the form of an electronic entry filed with the department, the Department of Motor Vehicles, and any other person designated by the department. The department shall ensure that the motor vehicle owner or operator is provided with a written report, signed by the licensed technician who performed the inspection, of any test performed by a smog check station, including a pass or fail indication, and written confirmation of the issuance of the certificate.

(c) (1) The department shall charge a fee to a smog check station, including a test-only station, and a station providing referee functions, for a motor vehicle inspected at a station that meets the requirements of this chapter and is issued a certificate of compliance, a certificate of noncompliance, repair cost waiver, or economic hardship extension.

(2) The fee charged pursuant to paragraph (1) shall be calculated to recover the costs of the department and any other state agency directly involved in the implementation, administration, or enforcement of the motor vehicle inspection and maintenance program, and shall not exceed the amount reasonably necessary to fund the operation of the program, including all responsibilities, requirements, and obligations imposed upon the department or any of those state agencies by this chapter, that are not otherwise recoverable by fees received pursuant to Section 44034.

(3) Except for adjustments to reflect changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics, the fee for each certificate, waiver, or extension shall not exceed seven dollars ($7).

(4) Fees collected by the department pursuant to this subdivision shall be deposited in the Vehicle Inspection and Repair Fund. It is the intent of the Legislature that a prudent surplus be maintained in the Vehicle Inspection and Repair Fund.

(d) (1) Motor vehicles exempted under paragraph (4) of subdivision (a) of Section 44011 shall be subject to an annual smog abatement fee of twelve dollars ($12). The department may also, by regulation, subject motor vehicles that are exempted under paragraph (5) of subdivision (a) of Section 44011 to the twelve dollar ($12) annual smog abatement fee. Payment of the annual smog abatement fee shall be made to the Department of Motor Vehicles at the time of registration of the motor vehicle.

(2) Except as provided in subdivision (a) of Section 44091.1, fees collected pursuant to this subdivision shall be deposited on a daily basis into the Vehicle Inspection and Repair Fund.

(e) The sale or transfer of the certificate, waiver, or extension by a licensed smog check station or to any other person, and the purchase or acquisition of the certificate, waiver, or extension, by any person, other than from the department, the department’s designee, or pursuant to
a vehicle’s inspection or repair conducted pursuant to this chapter, is prohibited.

(f) Following implementation of the electronic entry certificate under subdivision (b), the department may require the modification of the analyzers and other equipment required at smog check stations to prevent the entry of a certificate that has not been issued or validated through prepayment of the fee authorized by subdivision (c).

(g) The fee charged by licensed smog check stations to consumers for a certificate, waiver, or extension shall be the same amount that is charged by the department.

(Amended Sec. 8, Ch. 230, Stats. 2004. Effective August 16, 2004.)

44060.5. (a) Beginning July 1, 2008, the smog abatement fee described in subdivision (d) of Section 44060 shall be increased by eight dollars ($8).

(b) Revenues generated by the increase described in this section shall be distributed as follows:

(1) The revenues generated by four dollars ($4) shall be deposited in the Air Quality Improvement Fund created by Section 44274.5.

(2) The revenues generated by four dollars ($4) shall be deposited in the Alternative and Renewable Fuel and Vehicle Technology Fund created by Section 44273.

(c) This section shall remain in effect only until January 1, 2024, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2024, deletes or extends that date.

(Amended and Repealed Sec. 4, Ch. 401, Stats. 2013, Effective September 28, 2013. Repeal operative January 1, 2024.)

NOTE: The preceding section shall remain in effect until January 1, 2024, and as of that date is repealed.

44061. The fees collected by the department pursuant to Sections 44034 and 44060, and penalties collected pursuant to Section 44050, shall be deposited in the Vehicle Inspection Fund in accordance with the procedures established by the department, and shall be available to the department to carry out its functions and duties specified in this chapter upon appropriation by the Legislature.

(Added Ch. 892, Stats. 1982. Effective January 1, 1983.)

ARTICLE 8. GROSS POLLUTERS

44080. The Legislature finds and declares as follows:

(a) Californias air is the most polluted in the nation and the largest source of that pollution is automobiles.

(b) California has the most stringent new car emission standards in the nation as well as a vehicle inspection (smog check) program that result in most cars producing very little pollution.

(c) A small percentage of automobiles cause a disproportionate and significant amount of the air pollution in California.

(d) These gross polluters are primarily vehicles in which the emission control equipment has been disconnected or which are very poorly maintained.

(e) New technologies, such as remote sensing, can identify gross polluters on the roads, enabling law enforcement authorities to stop, inspect, and cite vehicles with disconnected emission control equipment, and can promote the development of incentives for the repair of other high-emitting vehicles.

(f) Requiring owners to reconnect emission control equipment and developing incentives for needed maintenance on high-emitting vehicles may be cost-effective methods to reduce emissions and help achieve air quality standards in many districts.

44081. (a) (1) The department, in cooperation with the state board, shall institute procedures for auditing the emissions of vehicles while actually being driven on the streets and highways of the state. The department may undertake those procedures itself or seek a qualified vendor of these services. The primary object of the procedures shall be the detection of gross polluters. The procedures shall consist of techniques and technologies determined to be effective for that purpose by the department, including, but not limited to, remote sensing. The procedures may include pullovers for roadside emissions testing and inspection. The department shall consider the recommendations of the review committee based on the outcome of the pilot demonstration program conducted pursuant to Section 44081.6.

(2) The department may additionally use other methods to identify gross polluting vehicles for out-of-cycle testing and repair.

(b) The department shall, by regulation, establish a program for the out-of-cycle testing and repair of motor vehicles found, through roadside auditing, to be emitting at levels that exceed specified standards. The program shall include all of the following elements:

(1) Emission standards, and test and inspection procedures and regulations, adopted in coordination with the state board, applicable to vehicles tested during roadside auditing. Emission standards for issuance of a notice of noncompliance to a gross polluter shall be designed to maximize the identification of vehicles with substantial excess emissions.

(2) Procedures for issuing notices of noncompliance to owners of gross polluters, either at the time of the roadside audit, or subsequently by certified mail, or by obtaining a certificate of mailing as evidence of service, using technologies for recording license plate numbers. The notice of noncompliance shall provide that, unless the vehicle is brought to a designated test-only facility or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2, for emissions testing within 30 days, the owner is required to pay an administrative fee of five hundred dollars ($500) to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership of the vehicle, whichever occurs first. Commencing on the 31st day after issuance of the notice of noncompliance, the fee shall accrue at the rate of five dollars ($5) per day up to the five hundred dollars ($500) maximum.

(3) Procedures for the testing of vehicles identified as gross polluters by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2, to confirm that the vehicle exceeds the minimum emission standard for gross polluters set by the department.

(4) Procedures requiring owners of vehicles confirmed as gross polluters to have the vehicle repaired, resubmitted for testing, and obtain a certificate of compliance from a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2, or removed from service as attested by a certificate of nonoperation from the Department of Motor Vehicles within 30 days or be required to pay an administrative fee of not more than five hundred dollars ($500), to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership, whichever occurs first. Commencing on the 31st day after issuance of the notice of noncompliance, the fee shall accrue at the rate of five dollars ($5) per day up to the five hundred dollar ($500) maximum. The registration of a vehicle shall not be issued or renewed if that vehicle has been identified as a gross polluter and has not been issued a certificate of compliance. Except as provided in subdivision (b) of Section 9250.18 of the Vehicle Code, any revenues collected by the Department of Motor Vehicles pursuant to this subdivision and Section 9250.18 of the Vehicle Code shall be deposited in the Vehicle Inspection and Repair Fund. If the ownership of the vehicle is transferred, the administrative fee provided for in this subdivision shall be waived if the vehicle is brought into compliance.

(5) A procedure for notifying the Department of Motor Vehicles of notices of noncompliance issued, so that the Department of Motor Vehicles may provide effective collection of the administrative fee. The Department of Motor Vehicles shall cooperate with, and implement the requirements of, the department in that regard.
(c) The department may adopt any other regulations necessary for the effective implementation of this section, as determined by the department.

(d) Upon the request of the department, the Department of the California Highway Patrol shall provide assistance in conducting roadside auditing, to consist of (1) the stopping of vehicles and traffic management, and (2) the issuance of notices of noncompliance to gross polluters. The department shall reimburse the Department of the California Highway Patrol for its costs of providing those services. The Department of Transportation and affected local agencies shall provide necessary assistance and cooperation to the department in the operation of the program.

(e) There shall be no repair cost limit imposed pursuant to Section 44017 for any repairs that are required to be made under the roadside auditing program, except as provided in Section 44017.

(f) This section does not apply to vehicles operating under a valid repair cost waiver or economic hardship extension issued pursuant to Section 44015.

(Added Sec. 7, Ch. 1001, Stats. 2002. Effective January 1, 2003.)

44084. In addition to other programs authorized in this article, a district may, on or after March 1, 1993, establish programs to identify gross polluters and other high-emitting vehicles whose emissions could be reduced by repair, using remote sensors or other methods, and to provide financial incentives to encourage the repair or scrapping of these vehicles as a method of reducing mobile source emissions for the purposes of Section 40914. The programs authorized by this section are not intended to impose additional emission reduction requirements, but instead are intended to provide more cost-effective alternative methods to meet existing requirements.

ARTICLE 9. REPAIR OR REMOVAL OF HIGH POLLUTERS

(Added Ch. 28, Stats. 1994. Effective March 30, 1994.)

44090. For purposes of this article, the following terms have the following meanings:

(a) “Account” means the High Polluter Repair or Removal Account created pursuant to subdivision (a) of Section 44091.

(b) “High polluter” means a high-emission motor vehicle, including, but not limited to, a gross polluter.

(Added Sec. 406, Ch. 538, Stats. 2006. Effective January 1, 2007.)

44091. (a) The High Polluter Repair or Removal Account is hereby created in the Vehicle Inspection and Repair Fund. All money deposited in the account pursuant to this article shall be available, upon appropriation by the Legislature, to the department and the state board to establish and implement a program for the repair or replacement of high polluters pursuant to Section 44062.1 and Article 10 (commencing with Section 44100).

(b) The department may accept donations or grants of funds from any person for purposes of the program and shall deposit that money in the account. Donations, grants, or other commitments of money to the account may be dedicated for specific purposes consistent with the uses of the account, including, but not limited to, purchasing higher emitting vehicles for the purpose of achieving the emission reductions required by the M-1 strategy of the 1994 State Implementation Plan (SIP).

(c) The funds which are available in the account in any fiscal year for a particular area that is subject to an inspection and maintenance program shall be distributed to reflect the number of vehicles registered in that area to the total number of vehicles registered in areas that are subject to inspection and maintenance programs. That percentage shall be the percentage of the total funds allocated to the program in that fiscal year which are available for that particular area.

(d) It is the intent of the Legislature that a prudent amount be determined to retain as a reserve in the Vehicle Inspection and Repair Fund, and that any moneys in the fund above that amount be transferred to the High Polluter Repair or Removal Account. It is also the intent of the Legislature that those transferred moneys be available, upon appropriation by the Legislature, for expenditure by the department to support the programs described in this section.

(e) During any fiscal year, the money in the account shall be available, upon appropriation by the Legislature, for the following purposes:

(1) Assistance in the repair of high polluters pursuant to the program established pursuant to Section 44062.1.

(2) Voluntary accelerated retirement of high polluters.

(3) Rulemaking, vehicle testing, and other technical work required to implement and administer the repair assistance program established pursuant to Section 44062.1 and the program described in Article 10 (commencing with Section 44100).

(f) An amount of one million dollars ($1,000,000) annually for the 1997–98 fiscal year and the 1998–99 fiscal year shall be made available from the account for a program to evaluate the emission reduction effectiveness of the M-1 strategy of the 1994 SIP.

(g) All remaining amounts in the account shall be available to the program of repair assistance established pursuant to Section 44062.1.

(h) In no case shall the funding available in any subsequent fiscal year to the department for repairing or removing high-emitting vehicles under the inspection and maintenance program be less than the amount made available from the Vehicle Inspection and Repair Fund for that purpose in the 1995–96 fiscal year.

(Added Sec. 9, Ch. 230, Stats. 2004. Effective August 16, 2004.)

44091.1. Commencing January 1, 2005, the fee specified in paragraph (1) of subdivision (d) of Section 44060 shall be twelve dollars ($12). The revenues from that fee shall be allocated as follows:

(a) The revenues generated by six dollars ($6) of the fee shall be deposited in the Air Pollution Control Fund, and shall be available for expenditure, upon appropriation by the Legislature, to fund the Carl Moyer Memorial Air Quality Standards Attainment Program (Chapter 9 (commencing with Section 44275)) to the extent that the state board or a participating district determines the moneys are expended to mitigate or remediate the harm caused by the type of motor vehicle on which the fee is imposed.

(b) Except as provided for in paragraph (2), of the revenue generated by the remaining six dollars ($6) of the fee, four dollars ($4) shall be deposited in the account created by Section 44091, while the revenue generated by the remaining two dollars ($2) shall be deposited in the Vehicle Inspection and Repair Fund and may be expended, upon appropriation, for, among other things, the Clean Vehicle Rebate Project established as a part of the Air Quality Improvement Program pursuant to Article 3 (commencing with Section 44274) of Chapter 8.9.

(2) All revenue generated by the remaining six dollars ($6) of the fee described in this subdivsion that is imposed at first registration of a motor vehicle and that is exempted under paragraph (4) of subdivision (a) of Section 44011 shall be deposited in the account created by Section 44091.

(Added Sec. 9, Ch. 36, Stats. 2014. Effective June 20, 2014.)

44094. (a) Participation in the high polluter repair or removal program specified in this article and Article 10 (commencing with Section 44100) shall be voluntary and shall be available to the owners of high polluters that are registered in an area that is subject to an inspection and maintenance program, have been registered for at least 24 months in the district where the credits are to be applied and, are presently operational, and meet other criteria, as determined by the department.

(b) The program shall provide for both of the following:
(1) As to the repair of a high polluter, payment to the owner of up to 80 percent of the cost of repair, as determined by the department, but the payment shall not exceed four hundred fifty dollars ($450).

(2) As to the removal of a high polluter, the program shall be subject to Article 10 (commencing with Section 44100). The department may specify the amount of money that may be paid to an owner of a high-polluting motor vehicle who voluntarily retires the vehicle. The amount paid by the department shall be based on the cost-effectiveness and the air quality benefit of retiring the vehicle, as determined by the department.

(d) The department may authorize participation in the program based on a reasonable estimate of the future revenues that will be available to the program.

(Amended Sec. 6, Ch. 761, Stats. 2006. Effective January 1, 2007.)

ARTICLE 10. ACCELERATED LIGHT-DUTY VEHICLE RETIREMENT PROGRAM

(Added Sec. 7, Ch. 929, Stats. 1995. Effective January 1, 1996.)

44101. Not later than December 31, 1998, the state board shall adopt, by regulation, a statewide program to commence in 1999 that does all of the following:

(a) Provides for the creation, exchange, use, and retirement of light-duty vehicle mobile source emission reduction credits. The credits shall be fungible and exchangeable in the marketplace, and shall reflect the actual emissions of the vehicles that are retired or otherwise disposed of, by measurement, appropriate sampling, or correlations developed from appropriate sampling. The numerical value of credits may be constant over a defined lifetime, or may decline with age measured from the time of origination of the credits. In all cases, the numerical value of the credits shall reflect the useful life expectancies and the projected in-use emissions of the retired vehicles in a manner consistent with the assumptions used in determining the emissions inventory. The credits shall be fully recognized by the United States Environmental Protection Agency, the state board, and the districts.

(b) Sets out the criteria for retiring or otherwise disposing of high-emitting vehicles purchased for this program.

(c) Authorizes the issuance of those credits to private entities that purchase and properly retire high-emitting vehicles.

(d) Authorizes the resale of those credits to public or private entities to be used to achieve the emission reduction requirements of the 1994 state implementation plan, meet the requirements of the inspection and maintenance program, satisfy compliance with other emission reduction mandates, as determined by the district or the state board, create local growth allowances, or satisfy new or modified source emission offset requirements. Nothing in this article limits a district’s authority to apply emission discount factors pursuant to district rules that regulate emissions banks, trades, or offsets.

(e) Provides for the retirement of those credits when used.

(f) Includes accounting procedures to credit emissions reductions achieved through vehicle scrappage to the M-1 strategy of the 1994 SIP and the inspection and maintenance program.

(g) Contains a program plan pursuant to Section 44104.5.

(b) Satisfies the attributes described in subdivision (e) of Section 44100.

(Amended Sec. 10, Ch. 802, Stats. 1997. Effective January 1, 1998.)

44102. (a) The state board, the Department of Motor Vehicles, and the department shall harmonize the requirements and implementation of this program with the motor vehicle inspection program and other programs contained in this chapter, particularly the provisions relating to gross polluters in Article 8 (commencing with Section 44080) and the repair or removal of high polluters in Article 9 (commencing with Section 44090).

(b) Insofar as practicable, these programs shall be seamless to the participants and the public.

(Amended Sec. 7, Ch. 929, Stats. 1995. Effective January 1, 1996.)

44103. Notwithstanding any other provision of law, the program shall also do both of the following:

(a) Authorize the Department of Motor Vehicles, at the request of persons engaged in the purchase and retirement of vehicles under the program, to send notices to vehicle owners who are candidates for the sale of vehicles under the program describing the opportunity to participate in the program. The Department of Motor Vehicles may recover all costs of those notifications from the requesting party or parties.

(b) Allow the issuance of nonrevivable junk certificates for vehicles retired under the program, which shall allow program vehicles to be scrapped only for parts, except those parts identified pursuant to subdivision (a) of Section 44120.

(Amended Sec. 12, Ch. 1088, Stats. 1996. Effective September 30, 1996.)

44120. Vehicle disposal under the program shall be consistent with appropriate state board guidance and provisions of the Vehicle Code dealing with vehicle disposal and parts reuse, and shall do both of the following:

(a) Allow for trading, sale, and resale of the vehicles between licensed auto dismantlers or other appropriate parties to maximize the salvage value of the vehicles through the recycling, sales, and use of parts of the vehicles, consistent with the Vehicle Code and appropriate state board guidelines.

(b) Set aside and resell to the public any vehicles with special collector interest. No emission reduction credit shall be generated for vehicles that are resold to the public. Vehicles acquired for their collector interest shall be properly repaired to meet minimum established vehicle emission standards before reregistration, unless the vehicle is sold with a nonrepairable vehicle certificate or a nonrevivable junk certificate.

(Amended Sec. 7, Ch. 929, Stats. 1995. Effective January 1, 1996.)

Direct Import Used Motor Vehicles

44200. For purposes of this chapter, “used direct import vehicle” means any 1975 or later model-year direct import vehicle not required to be certified as a new direct import vehicle pursuant to this part.

For purposes of this section, the age of a motor vehicle shall be determined by the following, in descending order of preference:

(a) From the first calendar day of the model year as indicated in the vehicle identification number.

(b) From the last calendar day of the month the vehicle was delivered by the manufacturer as shown on the foreign title document.

(c) From January 1 of the same calendar year as the model year shown on the foreign title document.

(d) From the last calendar day of the month the foreign title document was issued.

(Amended Ch. 859, Stats. 1989. Effective January 1, 1990.)

44201. The state board shall adopt, by regulation, a certification program for used direct import vehicles. The state board shall issue a certificate of conformance to each used direct import vehicle which meets the requirements of this program.

(Amended Ch. 859, Stats. 1989. Effective January 1, 1990.)

44202. A used direct import vehicle which was not registered in this state prior to the adoption of regulations adopted pursuant to Section 44201, may not be registered in this state unless it has received a certificate of conformance from the state board, except as provided in Section 44210.

(Amended Ch. 859, Stats. 1989. Effective January 1, 1990.)
§44209.  Any person who falsifies any test record or report which has been submitted to any other person, the department, or the state board pursuant to this chapter is subject to punishment by a fine of not less than one thousand dollars ($1,000) or more than five thousand dollars ($5,000), imprisonment in a county jail for not more than one year, imprisonment pursuant to subdivision (b) of Section 1170 of the Penal Code, or by both that fine and imprisonment.

(Amended Sec. 197, Ch. 15, Stats. 2011. Effective July 1, 2011.)

§44210.  The requirements of Section 44202 do not apply to any motor vehicle having a certificate of conformity issued by the federal Environmental Protection Agency pursuant to the federal Clean Air Act (42 U.S.C. Section 7401, et seq.) and originally registered in another state by a person who was a resident of that state for at least one year prior to the original registration, who subsequently establishes residence in this state and who, upon registration of the vehicle in California, provides evidence satisfactory to the Department of Motor Vehicles of that previous residence and registration.

(Added Ch. 1138, Stats. 1985. Effective January 1, 1986.)

District Fees to Implement the California Clean Air Act

§44220.  The Legislature hereby finds and declares as follows:
(a) This chapter is intended to ensure that any county air pollution control district, or unified or regional air pollution control district, may, upon adoption of a resolution by the district governing board, exercise fee authority similar to that provided the south coast district pursuant to Section 92501.11 of the Vehicle Code and the Sacramento district pursuant to Section 41081, in order to ensure that districts, and, in the south coast district, other implementing agencies, have the necessary funds to carry out their responsibilities for implementing the California Clean Air Act of 1988 (Chapter 1568 of the Statutes of 1988).

(b) The revenues from the fees collected pursuant to this chapter shall be used solely to reduce air pollution from motor vehicles and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of the California Clean Air Act of 1988.

(Amended Sec. 76, Ch. 124, Stats. 1996. Effective January 1, 1997.)

§44223.  (a) In addition to any other fees specified in this code, the Vehicle Code and the Revenue and Taxation Code, a district, except the Sacramento district, which has been designated by the state board as a state nonattainment area for any pollutant emitted by motor vehicles may levy a fee of up to two dollars ($2) on motor vehicles registered within the district. A district may impose the fee only if the district board adopts a resolution providing for both the fee and a corresponding program for expenditure of the increased fees for the reduction of air pollution from motor vehicles pursuant to, and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of, the California Clean Air Act of 1988.

(b) In districts with nonelected officials on their boards, a resolution adopted pursuant to subdivision (a) shall be approved by both a majority of the board and a majority of the board members who are elected officials.

(c) A fee imposed pursuant to this section shall become effective on either April 1 or October 1, as provided in the resolution adopted by the board pursuant to subdivision (a).

(Amended Ch. 427, Stats. 1992. Effective January 1, 1993.)

§44225.  A district may increase the fee established under Section 44223 to up to four dollars ($4). A district may increase the fee only if the following conditions are met:
(a) A resolution providing for both the fee increase and a corresponding program for expenditure of the increased fees for the reduction of air pollution from motor vehicles pursuant to, and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of, the California Clean Air Act of 1988 is adopted and approved by the governing board of the district.

(b) In districts with nonelected officials on their governing boards, the resolution shall be adopted and approved by both a majority of the governing board and a majority of the board members who are elected officials.

(c) An increase in fees established pursuant to this section shall become effective on either April 1 or October 1, as provided in the resolution adopted by the board pursuant to subdivision (a).

(d) This section shall remain in effect only until January 1, 2024, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2024, deletes or extends that date.

(Amended and Repealed Sec. 6, Ch. 401, Stats. 2013. Effective September 28, 2013. Repeal operative January 1, 2024.)

(Note: The preceding section is repealed January 1, 2024, at which time the following section becomes operative.)

§44227.  Upon request of a district, the Department of Motor Vehicles shall collect fees established pursuant to Sections 44223 and 44225 upon renewal of the registration of any motor vehicle subject to this part and registered in the district, except those vehicles which are expressly exempted under the Vehicle Code from the payment of registration fees.

§44229.  (a) After deducting all administrative costs it incurs through collection of fees pursuant to Section 44227, the Department of Motor Vehicles shall distribute the revenues to districts, which shall use the revenues resulting from the first four dollars ($4) of each fee imposed to reduce air pollution from motor vehicles and to carry out related planning, monitoring, enforcement, and technical studies necessary for implementation of the California Clean Air Act of 1988. Fees collected by the Department of Motor Vehicles pursuant to this chapter shall be distributed to districts based upon the amount of fees collected from motor vehicles registered within each district.

(b) Notwithstanding Sections 44241 and 44243, a district shall use the revenues resulting from the next two dollars ($2) of each fee imposed pursuant to Section 44227 to implement the following programs that the district determines remediate air pollution harms created by motor vehicles on which the surcharge is imposed:
(1) Projects eligible for grants under the Carl Moyer Memorial Air Quality Standards Attainment Program (Chapter 9 (commencing with Section 44275) of Part 5).

(2) The new purchase, retrofit, repower, or add-on equipment for previously unregulated agricultural sources of air pollution, as defined in Section 39011.5, for a minimum of three years from the date of adoption of an applicable rule or standard, or until the compliance
date of that rule or standard, whichever is later, if the state board has
determined that the rule or standard complies with Sections 40913,
40914, and 41503.1, after which period of time, a new purchase,
retrofit, repower, or add-on of equipment shall not be funded pursuant
to this chapter. The districts shall follow any guidelines developed
under subdivision (a) of Section 44287 for awarding grants under this
program.

(3) The purchase of new, or retrofit of emissions control equipment
for existing, schoolbuses pursuant to the Lower-Emission School Bus
Program adopted by the state board.

(4) An accelerated vehicle retirement or repair program that is
adopted by the state board pursuant to authority granted hereafter by
the Legislature by statute.

(5) The replacement of onboard natural gas fuel tanks on
schoolbuses owned by a school district that are 14 years or older, not
to exceed twenty thousand dollars ($20,000) per bus, pursuant to the
Lower-Emission School Bus Program adopted by the state board.

(6) The enhancement of deteriorating natural gas fueling dispensers
of fueling infrastructure operated by a school district with a one-time
funding amount not to exceed five hundred dollars ($500) per
dispenser, pursuant to the Lower-Emission School Bus Program
adopted by the state board.

(c) The Department of Motor Vehicles may annually expend not
more than 1 percent of the fees collected pursuant to Section 44227 on
administrative costs.

(d) A project funded by the program shall not be used for credit
under any state or federal emissions averaging, banking, or trading
program. An emission reduction generated by the program shall not be
used as marketable emission reduction credits or to offset any
emission reduction obligation of any person or entity. Projects
involving new engines that would otherwise generate marketable
credits under state or federal averaging, banking, and trading
programs shall include transfer of credits to the engine end user and
retirement of those credits toward reducing air emissions in order to
qualify for funding under the program. A purchase of a low-emission
vehicle or of equipment pursuant to a corporate or a controlling board’s
policy, but not otherwise required by law, shall generate surplus
emission reductions and may be funded by the program.

(e) This section shall remain in effect only until January 1, 2024,
and as of that date is repealed, unless a later enacted statute, that is
enacted before January 1, 2024, deletes or extends that date.

(Amended and Repealed Sec. 8, Ch. 401, Stats. 2013. Effective
September 28, 2013. Repeal Operative January 1, 2024.)

(NOTE: The preceding section is repealed January 1, 2024, at
which time the following section becomes operative.)

44229. (a) After deducting all administrative costs it incurs
through collection of fees pursuant to Section 44227, the Department
of Motor Vehicles shall distribute the revenues to districts which shall
use the fees to reduce air pollution from motor vehicles and to carry out
related planning, monitoring, enforcement, and technical studies
necessary for implementation of the California Clean Air Act of 1988.
Fees collected by the Department of Motor Vehicles pursuant to this
chapter shall be distributed to districts based upon the amount of fees
collected from motor vehicles registered within each district.

(b) The Department of Motor Vehicles may annually expend not
more than the following percentages of the fees collected pursuant to
Section 44227 on administrative costs:

(1) During the first year after the operative date of this chapter, not
more than 5 percent of the fees collected may be used for administrative
costs.

(2) During the second year after the operative date of this chapter,
not more than 3 percent of the fees collected may be used for
administrative costs.

(3) During any year subsequent to the second year after the
operative date of this chapter, not more than 1 percent of the fees
collected may be used for administrative costs.

(c) This section shall become operative on January 1, 2024.

(Amended Sec. 9, Ch. 401, Stats. 2013. Effective September 28,
2013. Operative January 1, 2024.)

44231. After consulting with the Department of Motor Vehicles
on the feasibility thereof, a district board may exempt from all or part
of the fee any category of low-emission motor vehicle.

44241. (a) Fee revenues generated under this chapter in the
bay district shall be subvened to the bay district by the Department
of Motor Vehicles after deducting its administrative costs pursuant to
Section 44229.

(b) Fee revenues generated under this chapter shall be allocated by
the bay district to implement the following mobile source and
transportation control projects and programs that are included in the
plan adopted pursuant to Sections 40233, 40717, and 40919:

(1) The implementation of ridesharing programs.

(2) The purchase or lease of clean fuel buses for school districts and
transit operators.

(3) The provision of local feeder bus or shuttle service to rail and
ferry stations and to airports.

(4) Implementation and maintenance of local arterial traffic
management, including, but not limited to, signal timing, transit
signal preemption, bus stop relocation and “smart streets.”

(5) Implementation of rail-bus integration and regional transit
information systems.

(6) Implementation of demonstration projects in telecommuting
and in congestion pricing of highways, bridges, and public transit. No
funds expended pursuant to this paragraph for telecommuting
projects shall be used for the purchase of personal computing
equipment for an individual’s home use.

(7) Implementation of vehicle-based projects to reduce mobile
source emissions, including, but not limited to, engine repowers,
engine retrofits, fleet modernization, alternative fuels, and advanced
technology demonstrations.

(8) Implementation of a smoking vehicles program.

(9) Implementation of an automobile buy-back scrappage program
operated by a governmental agency.

(10) Implementation of bicycle facility improvement projects that
are included in an adopted countywide bicycle plan or congestion
management program.

(11) The design and construction by local public agencies of physical
improvements that support development projects that achieve motor
vehicle emission reductions. The projects and the physical
improvements shall be identified in an approved area-specific plan,
redevelopment plan, general plan, or other similar plan.

(c) (1) Fee revenue generated under this chapter shall be allocated
by the bay district for projects and programs specified in subdivision
(b) to cities, counties, the Metropolitan Transportation Commission,
transit districts, or any other public agency responsible for
implementing one or more of the specified projects or programs. Fee
revenue generated under this chapter may also be allocated by the bay
district for projects and programs specified in paragraph (7) of
subdivision (b) to entities that include, but are not limited to, public
agencies, consistent with applicable policies adopted by the governing
board of the bay district. Those policies shall include, but are not
limited to, requirements for cost-sharing for projects subject to the
policies. Fee revenues shall not be used for any planning activities that
are not directly related to the implementation of a specific project or
program.

(2) The bay district shall adopt cost-effectiveness criteria for fee
revenue generated under this chapter that projects and programs are
§44234. Fee revenues generated under this chapter in the south coast district shall be subvened to the south coast district by the Department of Motor Vehicles, after deducting its administrative costs pursuant to Section 44229, for expenditure in the following manner:

(a) (1) Thirty cents ($0.30) of every dollar subvened shall be used by the south coast district for programs to reduce air pollution from motor vehicles and to carry out related planning, monitoring, enforcement, and technical studies which are authorized by, or necessary to implement, the Clean Air Act Amendments of 1990 (P.L. 101-549), the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(b) Funds allocated pursuant to paragraph (1) shall also be used to provide technical assistance to cities receiving funds pursuant to subdivision (a). That technical assistance shall include, but not be limited to, workshops and direct assistance to individual cities on how to develop and implement programs to reduce air pollution from motor vehicles.

(b) (1) Forty cents ($0.40) of every dollar subvened shall be distributed by the district to cities and counties located in the south coast district, based upon their prorated share of population, to be used to implement programs to reduce air pollution from motor vehicles which are authorized by, or necessary to implement, the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(c) Thirty cents ($0.30) of every dollar subvened shall be deposited by the district in an account to be used, pursuant to Section 44244, to provide grants to fund projects for the exclusive purpose of reducing air pollution from motor vehicles that are authorized by, or necessary to implement, the Clean Air Act Amendments of 1990, the California Clean Air Act of 1988, or the plan prepared pursuant to Article 5 (commencing with Section 40460) of Chapter 5.5 of Part 3.

(2) Funds allocated pursuant to paragraph (1) shall also be used to provide technical assistance to cities receiving funds pursuant to subdivision (a). That technical assistance shall include, but not be limited to, workshops and direct assistance to individual cities on how to develop and implement programs to reduce air pollution from motor vehicles.

(c) The state board, in consultation with the Environmental Protection Agency, shall adopt regulations specifying a form of decal to be affixed by manufacturers to new motor vehicles pursuant to Section 43200.5 to inform purchasers of the smog index for the vehicle, a smog index chart listing vehicle model years and the corresponding smog index for that model year to be affixed by motor vehicle dealers to used motor vehicles pursuant to subdivision (b) of Section 43705, and information to inform purchasers of the significance of the smog index and smog index chart.

(d) The state board, in consultation with the Department of Motor Vehicles, shall specify a form of notice to be provided by the Department of Motor Vehicles to each owner of a motor vehicle registered in this state, informing the owner of the smog index for the vehicle and the significance of the smog index.

**Reporting Disorders Characterized by Lapses of Consciousness**

103900. (a) Every physician and surgeon shall report immediately to the local health officer in writing, the name, date of birth, and address of every patient at least 14 years of age or older whom the physician and surgeon has diagnosed as having a case of a disorder characterized by lapses of consciousness. However, if a physician and surgeon reasonably and in good faith believes that the reporting of a patient will serve the public interest, he or she may report a patient’s condition even if it may not be required under the department’s definition of disorders characterized by lapses of consciousness pursuant to subdivision (d).

(b) The local health officer shall report in writing to the Department of Motor Vehicles the name, age, and address, of every person reported to it as a case of a disorder characterized by lapses of consciousness.

(c) These reports shall be for the information of the Department of Motor Vehicles in enforcing the Vehicle Code, and shall be kept confidential and used solely for the purpose of determining the eligibility of any person to operate a motor vehicle on the highways of this state.

**CHAPTER 8. SMOG INDEX NUMBERS**

44254. (a) The state board shall publish the smog index numbers in a form that is convenient for use by the Department of Motor Vehicles, the bureau, vehicle owners, manufacturers, dealers, and consumers shopping for a new or used motor vehicle of a particular type.

(b) The state board, in consultation with the Environmental Protection Agency, shall adopt regulations specifying a form of decal to be affixed by manufacturers to new motor vehicles pursuant to Section 43200.5 to inform purchasers of the smog index for the vehicle, a smog index chart listing vehicle model years and the corresponding smog index for that model year to be affixed by motor vehicle dealers to used motor vehicles pursuant to subdivision (c) of Section 43705, and information to inform purchasers of the significance of the smog index and smog index chart.
(d) The department, in cooperation with the Department of Motor Vehicles, shall define disorders characterized by lapses of consciousness based upon existing clinical standards for that definition for purposes of this section and shall include Alzheimer’s disease and those related disorders that are severe enough to be likely to impair a person’s ability to operate a motor vehicle in the definition. The department, in cooperation with the Department of Motor Vehicles, shall list those circumstances that shall not require reporting pursuant to subdivision (a) because the patient is unable to ever operate a motor vehicle or is otherwise unlikely to represent a danger that requires reporting. The department shall consult with professional medical organizations whose members have specific expertise in the diagnosis and treatment of those disorders in the development of the definition of what constitutes a disorder characterized by lapses of consciousness as well as definitions of functional severity to guide reporting so that diagnosed cases reported pursuant to this section are only those where there is reason to believe that the patients’ conditions are likely to impair their ability to operate a motor vehicle. The department shall complete the definition on or before January 1, 1992.

(e) The Department of Motor Vehicles shall, in consultation with the professional medical organizations specified in subdivision (d), develop guidelines designed to enhance the monitoring of patients affected with disorders specified in this section in order to assist with the patients’ compliance with restrictions imposed by the Department of Motor Vehicles on the patients’ licenses to operate a motor vehicle. The guidelines shall be completed on or before January 1, 1992.

(f) A physician and surgeon who reports a patient diagnosed as a case of a disorder characterized by lapses of consciousness pursuant to this section shall not be civilly or criminally liable to any patient for making any report required or authorized by this section.

114815. For the purposes of this article the term “radioactive materials” shall include any material or combination of materials that spontaneously emits ionizing radiation.

(Added Sec. 1, Ch. 425, Stats. 2007. Effective January 1, 2008.)
§488

INSURANCE CODE

488. No insurer shall, in issuing or renewing a private passenger automobile insurance policy, increase the premium on that policy for the reason that the insured or applicant for insurance has been convicted for traffic violations committed while operating a motor vehicle for compensation during the hours of his employment if, with respect to a conviction, the employee or applicant has submitted to the insurer a written declaration made by the employee under penalty of perjury that the applicant or insured was, at that time, operating a motor vehicle for compensation during the hours of his or her employment. This section applies only to those individuals whose specific duties include driving their employer’s motor vehicles or individuals who have authority in their name from the Public Utilities Commission to operate as a highway carrier and who are the registered owners or lease operators of the motor vehicle used in the operation as a highway carrier.

This section does not apply to an insured or applicant for insurance convicted of any of the following:

(a) Homicide or assault arising out of the operation of a motor vehicle for compensation during the hours of employment.

(b) A violation while operating a motor vehicle for compensation during the hours of employment of any of the following sections or section subdivisions of the Vehicle Code:

(1) Subdivision (a) of Section 14601.

(2) Subdivision (a) of Section 14601.1.

(3) Subdivision (a) of Section 14601.2.

(4) Section 20001 or 20002.

(5) Subdivision (a) of Section 20008.

(6) Section 23103, 23104, 23105, 23152, or 23153.

(c) This section shall not apply to a person insured under the California assigned risk plan prescribed by Article 4 (commencing with Section 11620) of Chapter 1 of Part 3 of Division 2.

(Amended Sec. 2, Ch. 682, Stats. 2007. Effective January 1, 2008.)

557.5. (a) A peace officer, member of the Department of the California Highway Patrol, or firefighter shall not be required to report, nor shall any employer of the same be authorized to request or require that a peace officer, member of the Department of the California Highway Patrol, or firefighter report, any accident in which he or she is involved while operating an authorized emergency vehicle, as defined in subdivision (a), (b), or (f) of Section 165 of the Vehicle Code, or any employer-leased or employer-rented vehicle in the performance of his or her duty during the hours of his or her employment, to any person who has issued that peace officer, member of the California Highway Patrol, or firefighter a private automobile insurance policy.

(b) (1) Notwithstanding any other provision of law or any provision in a private passenger motor vehicle owner’s automobile liability insurance policy, in the event of a loss or injury that occurs as the result of an accident during any time period when that private passenger motor vehicle is operated by an employee who is a peace officer, member of the Department of the California Highway Patrol, or firefighter and is used by him or her at the request or direction of the employer in the performance of the employee’s duty, the vehicle’s owner shall have no liability. The peace officer, member of the Department of the California Highway Patrol, or firefighter shall report and provide, within 10 days of the accident, to his or her private automobile insurer all documentation and information known to him or her related to the accident. The employer shall be considered the owner of the vehicle for the purpose of any liability and defense of the claim, and any losses shall be borne solely by the employer.

(2) Notwithstanding any other provision of law, the employer shall assume liability for and defense of a claim in which a dispute exists as to whether the employer directed or requested the employee to use the private passenger motor vehicle when the loss occurred that gave rise to the claim.

(3) If it is subsequently determined that the employer did not direct or request the employee to use the private passenger motor vehicle when the loss occurred, the employer and employee shall provide notice to the private passenger motor vehicle’s insurer of this determination and provide all documentation and information known to him or her related to the claim or loss to the private passenger motor vehicle’s insurer within 10 days of the determination. The private passenger motor vehicle insurer that insures the vehicle shall reimburse the employer the reasonable costs of defense to the extent of the insurer’s obligation and up to the coverage limits under the applicable automobile liability insurance policy.

(4) A good faith delay by an employee in reporting the accident to his or her private passenger motor vehicle liability insurer, under the circumstances described in this section, shall not be used by the insurer as a basis to claim delayed reporting, noncooperation, prejudice, or the like as a means of avoiding the defense or indemnity obligations that would otherwise exist under the terms of the automobile liability insurance policy or applicable law in the absence of delayed reporting. This subdivision shall apply only if the employee complies with requirements set forth in paragraphs (1) and (3).

(5) This subdivision shall not apply to the operation of a private passenger motor vehicle when operated by an employee, otherwise subject to this section, for the purposes of reporting to or from his or her regularly assigned work location.

(6) As used in this section:

(1) “Peace officer” means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code.

(3) “Private passenger motor vehicle” or “private motor vehicle” means a motor vehicle that is insured under a personal automobile liability insurance policy insuring a single individual or individuals residing in the same household as the named insured, but does not include a vehicle with less than four wheels.

(Amended Sec. 2, Ch. 823, Stats. 2012. Effective January 1, 2013.)

669.5. No insurer shall fail to renew any private automobile insurance policy of a peace officer, member of the California Highway Patrol, or firefighter, with respect to his or her operation of a private motor vehicle, for the reason that the insured has been involved in an accident while operating an authorized emergency vehicle, as defined in subdivision (a) of Section 165 of the Vehicle Code or in paragraph (1) or (2) of subdivision (b) or (f) of Section 165 of the Vehicle Code, in the performance of his or her duty during the hours of his or her employment. As used in this section, “peace officer” means every person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 and Section 830.6 of the Penal Code, and “firefighter” means every person defined in Section 50925 of the Government Code.

In the case of a volunteer firefighter, this section applies to the regular employer of the volunteer firefighter to the extent that the involvement of the volunteer firefighter in the accident shall not be cause for the employer’s insurer’s decision to renew the employer’s insurance policy as it applies to the employee covered by this section.

670. (a) No admitted insurer licensed to issue motor vehicle liability policies, as defined in Section 16450 of the Vehicle Code, shall cancel, or refuse to renew, a motor vehicle liability insurance policy covering drivers hired to drive by a commercial business establishment nor require a written agreement in the form of a certificate of insurance to which the covered individuals are subject, to the extent that the business is insured under a commercial liability policy as defined in paragraph (1) of subdivision (d) of Section 11580.1 with respect to those drivers for the reason that those drivers have been convicted of violations of the Vehicle Code or the traffic laws of any subdivision of the state that were committed while operating private passenger vehicles not owned or leased by their employer.
(b) This section does not apply to drivers convicted of any of the following:

(1) Homicide or assault arising out of the operation of a private passenger motor vehicle.

(2) A violation while operating a private passenger motor vehicle of any of the following sections or section subdivisions of the Vehicle Code:

(A) Subdivision (a) of Section 14601.

(B) Subdivision (a) of Section 14601.1.

(C) Subdivision (a) of Section 14601.2.

(D) Section 20001 or 20002.

(E) Subdivision (a) of Section 20008.

(F) Section 23104 or 23105.

(G) Subdivision (c) of Section 23152.

(H) Section 23153.

(3) A violation, while operating a private passenger motor vehicle, of subdivision (a) or (b) of Section 23152 of the Vehicle Code punishable under Section 23540 or 23546 of the Vehicle Code.

(Amended Sec. 3, Ch. 682, Stats. 2007. Effective January 1, 2008.)

1861.025. A person is qualified to purchase a Good Driver Discount policy if he or she meets all of the following criteria:

(a) He or she has been licensed to drive a motor vehicle for the previous three years.

(b) During the previous three years, he or she has not been convicted of a violation of any of the following:

(1) Had more than one violation point count determined as provided by subdivision (a), (b), (c), (d), (e), (g), or (h) of Section 12810 of the Vehicle Code, but subject to the following modifications:

(A) For the purposes of this section, the driver of a motor vehicle involved in an accident for which he or she was principally at fault that resulted only in damage to property shall receive one violation point count, in addition to any other violation points that may be imposed for this accident.

(B) If, under Section 488 or 488.5, an insurer is prohibited from increasing the premium on a policy on account of a violation, that violation shall not be included in determining the point count of the person.

(C) If a violation is required to be reported under Section 1816 of the Vehicle Code, or under Section 784 of the Welfare and Institutions Code, or any other provision requiring the reporting of a violation by a minor, the violation shall be included for the purposes of this section in determining the point count in the same manner as is applicable to adult violations.

(2) Had more than one dismissal pursuant to Section 1805.5 of the Vehicle Code that was not made confidential pursuant to Section 1808.7 of the Vehicle Code, in the 36-month period for violations that would have resulted in the imposition of more than one violation point count under paragraph (1) if the complaint had not been dismissed.

(3) Was the driver of a motor vehicle involved in an accident that resulted in bodily injury or in the death of any person and was principally at fault. The commissioner shall adopt regulations setting guidelines to be used by insurers for the determination of fault for the purposes of this paragraph and paragraph (1).

(c) During the period commencing on January 1, 1999, or the date 10 years prior to the date of application for the issuance or renewal of the Good Driver Discount policy, whichever is later, and ending on the date of the application for the issuance or renewal of the Good Driver Discount policy, he or she has not been convicted of a violation of Section 23140, 23152, or 23153 of the Vehicle Code, a felony violation of Section 23550 or 23566, or former Section 23175 or, as those sections read on January 1, 1999, of the Vehicle Code, or a violation of Section 191.5 or subdivision (a) of Section 192.5 of the Penal Code.

(b) “Relevant” means having a tendency to make the existence of any fact that is of consequence to the investigation or determination of an issue more probable or less probable than it would be without the information.

(c) Information shall be deemed important if, within the sole discretion of the authorized governmental agency, that information is requested by that authorized governmental agency.

(d) “Insurer” means the automobile assigned risk plan established pursuant to Section 11620 of the Insurance Code, as well as any insurer writing insurance for motor vehicles or otherwise liable for any loss due to motor vehicle theft or motor vehicle insurance fraud.

(e) “Motor vehicle” means motor vehicle as defined in Section 415 of the Vehicle Code.

(Amended Sec. 3, Ch. 415, Stats. 2005. Effective January 1, 2006.)

1874.2. (a) Upon written request to an insurer by an authorized governmental agency, an insurer or agent authorized by that insurer to act on behalf of the insurer, shall release to the requesting authorized governmental agency any or all relevant information deemed important to the authorized governmental agency that the insurer may possess relating to any specific motor vehicle theft or motor vehicle insurance fraud. Relevant information may include, but is not limited to, all of the following:

(2) Policy premium payment records that are available.

(3) History of previous claims made by the insured.

(4) Information relating to the investigation of the motor vehicle theft or motor vehicle insurance fraud, including statements of any person, proof of loss, and notice of loss.

(b) (1) When an insurer knows or reasonably believes it knows the identity of a person whom it has reason to believe committed a criminal or fraudulent act relating to a motor vehicle theft or motor vehicle insurance claim or has knowledge of the criminal or fraudulent act that is reasonably believed not to have been reported to an authorized governmental agency, then, for the purpose of notification and investigation, the insurer, or an agent authorized by an insurer to act on its behalf, shall notify the local police department, sheriff’s office, the Department of the California Highway Patrol, or district attorney’s office, and may notify any other authorized governmental agency of that knowledge or reasonable belief and provide any additional information in accordance with subdivision (a).
(2) When an insurer provides the local police department, sheriff’s office, Department of the California Highway Patrol, or district attorney’s office with notice pursuant to this section, it shall be deemed sufficient notice to all authorized governmental agencies for the purpose of this chapter. Nothing in this section shall relieve an insurer of its obligations under Section 1872.4.

(3) Nothing in this subdivision shall abrogate or impair the rights or powers created under subdivision (a).

(c) The authorized governmental agency provided with information pursuant to subdivision (a) or (b) may release or provide that information to any other authorized governmental agency.

(d) An authorized governmental agency shall notify the affected insurer in writing when it has reason to believe that a fraudulent act relating to a motor vehicle theft or motor vehicle insurance claim has been committed. The agency shall provide this notice within a reasonable time, not to exceed 30 days. The agency may require a fee from the insurer equal to the cost of providing the notice or the information specified in this section.

(e) An insurer providing information to an authorized agency pursuant to this section shall provide the information within a reasonable time, but not to exceed 30 days from the day on which the duty arose.

(Added Sec. 461, Ch. 538, Stats. 2006. Effective January 1, 2007.)

Except as otherwise provided by law, any authorized governmental agency, an insurer, or an agent authorized by an insurer to act on its behalf, which receives any information furnished pursuant to this article shall not release that information to public inspection.

(b) The evidence or information described in this section shall be privileged and shall not be subject to subpoena or subpoena duces tecum in a civil or criminal proceeding unless, after reasonable notice to any insurer, agent authorized by an insurer to act on its behalf, and an authorized governmental agency which has an interest in the information, and a hearing, the court determines that the public interest and any ongoing investigation by the authorized governmental agency, insurer, or an agent authorized by an insurer to act on its behalf will not be jeopardized by its disclosure, or by the issuance of and compliance with a subpoena or subpoena duces tecum.

(Added Ch. 1119, Stats. 1989. Effective January 1, 1990.)

11580.111. (a) As used in this section, “child passenger restraint system” means a system as described in Section 27360 of the Vehicle Code.

(b) Every policy of automobile liability insurance, as described in Section 16054 of the Vehicle Code, shall provide liability coverage for replacement of a child passenger restraint system that was damaged or was in use by a child during an accident for which liability coverage under the policy is applicable due to the liability of an insured.

(c) Every policy of automobile liability insurance that provides uninsured motorist property damage coverage, as described in paragraph (2) of subdivision (a) of Section 11580.26, shall provide coverage for replacement of a child passenger restraint system that was damaged or was in use by a child during an accident for which uninsured motorist property damage coverage under the policy is applicable due to the liability of an uninsured motorist.

(d) Every policy that provides automobile collision coverage, as described in Section 660, or every policy that provides automobile physical damage coverage, as described in Section 660, shall include a child passenger restraint system within the definition of covered property, if the child passenger restraint system was in use by a child during an accident or, if the child passenger restraint system was in the vehicle and it sustained a loss covered by the policy.

(e) Upon the filing of a claim pursuant to a policy described in subdivision (b), (c), or (d), unless otherwise determined, an insurer shall have an obligation to ask whether a child passenger restraint system was in use by a child during an accident or was in the vehicle at the time of a loss that is covered by the policy, and an obligation to replace the child passenger restraint system or reimburse the claimant for the cost of purchasing a new passenger restraint system in accordance with this section if it was in use by a child during the accident or if it sustained a covered loss while in the vehicle.

(f) An insured, upon acquiring a replacement child passenger restraint system, may surrender the child passenger restraint system that was replaced to the nearest office of the Department of the California Highway Patrol.

Required Provisions for Liability Policy

11580.1. (a) No policy of automobile liability insurance described in Section 16054 of the Vehicle Code covering liability arising out of the ownership, maintenance, or use of any motor vehicle shall be issued or delivered in this state on or after the effective date of this section unless it contains the provisions set forth in subdivision (b). However, none of the requirements of subdivision (b) shall apply to the insurance afforded under the policy (1) to the extent that the insurance exceeds the limits specified in subdivision (a) of Section 16056 of the Vehicle Code, or (2) if the policy contains an underlying insurance requirement, or provides for a retained limit of self-insurance, equal to or greater than the limits specified in subdivision (a) of Section 16056 of the Vehicle Code.

(b) Every policy of automobile liability insurance to which subdivision (a) applies shall contain all of the following provisions:

(1) Coverage limits not less than the limits specified in subdivision (a) of Section 16056 of the Vehicle Code.

(2) Designation by explicit description of, or appropriate reference to, the motor vehicles or class of motor vehicles to which coverage is specifically granted.

(3) Designation by explicit description of the purposes for which coverage for those motor vehicles is specifically excluded.

(4) Provision affording insurance to the named insured with respect to any owned or leased motor vehicle covered by the policy, and to the same extent that insurance is afforded to the named insured, to any other person using the motor vehicle, provided the use is by the named insured or with his or her permission, express or implied, and within the scope of that permission, except that: (A) with regard to insurance afforded for the loading or unloading of the motor vehicle, the insurance may be limited to apply only to the named insured, a relative of the named insured who is a resident of the named insured’s household, a lessee or bailee of the motor vehicle, or an employee of any of those persons; and (B) the insurance afforded to any person other than the named insured need not apply to: (i) any employee with respect to bodily injury sustained by a fellow employee injured in the scope and course of his or her employment, or (ii) any person, or to any agent or employee thereof, employed or otherwise engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing automobiles with respect to any accident arising out of the maintenance or use of a motor vehicle in connection therewith. As used in this chapter, “owned motor vehicle” includes all motor vehicles described and rated in the policy.

(c) In addition to any exclusion provided in paragraph (3) of subdivision (b), the insurance afforded by any policy of automobile liability insurance to which subdivision (a) applies, including the insurer’s obligation to defend, may, by appropriate policy provision, be made inapplicable to any or all of the following:

(1) Liability assumed by the insured under contract.

(2) Liability for bodily injury or property damage caused intentionally by or at the direction of the insured.

(3) Liability imposed upon or assumed by the insured under any workers’ compensation law.
(4) Liability for bodily injury to any employee of the insured arising out of and in the course of his or her employment.

(5) Liability for bodily injury to an insured or liability for bodily injury to an insured whenever the ultimate benefits of that indemnification accrue directly or indirectly to an insured.

(6) Liability for damage to property owned, rented to, transported by, or in the charge of, an insured. A motor vehicle operated by an insured shall be considered to be property in the charge of an insured.

(7) Liability for any bodily injury or property damage with respect to which insurance is or can be afforded under a nuclear energy liability policy.

(8) Any motor vehicle or class of motor vehicles, as described or designated in the policy, with respect to which coverage is explicitly excluded, in whole or in part.

“The insured” as used in paragraphs (1), (2), (3), and (4) and (d) shall mean only that insured under the policy against whom the particular claim is made or suit brought. “An insured” as used in paragraphs (5) and (6) shall mean any insured under the policy including those persons who would have otherwise been included within the policy’s definition of an insured but, by agreement, are subject to the limitations of paragraph (1) of subdivision (d).

(d) Notwithstanding paragraph (4) of subdivision (b), or Article 2 (commencing with Section 16450) of Chapter 3 of Division 7 of, or Article 2 (commencing with Section 17150) of Chapter 1 of Division 9 of, the Vehicle Code, the insurer and any named insured may, by the terms of any policy of automobile liability insurance to which subdivision (a) applies, or by a separate writing relating thereto, agree as to either or both of the following limitations, the agreement to be binding upon every insured to whom the policy applies and upon every third-party claimant:

(1) That coverage and the insurer’s obligation to defend under the policy shall not apply nor accrue to the benefit of any insured or any third-party claimant while any motor vehicle is being used or operated by a natural person or persons designated by name. These limitations shall apply to any use or operation of a motor vehicle, including the negligent or alleged negligent entrustment of a motor vehicle to that designated person or persons. This agreement applies to all coverage provided by the policy, and is sufficient to comply with the requirements of paragraph (2) of subdivision (a) of Section 11580.2 to delete coverage when a motor vehicle is operated by a natural person or persons designated by name. The insurer shall have an obligation to defend the named insured when all of the following apply to that designated natural person:

(A) He or she is a resident of the same household as the named insured.

(B) As a result of operating the insured motor vehicle of the named insured, he or she is jointly sued with the named insured.

(C) He or she is an insured under a separate automobile liability insurance policy issued to him or her as a named insured, which policy does not provide a defense to the named insured.

An agreement made by the insurer and any named insured more than 60 days following the inception of the policy excluding a designated person by name shall be effective from the date of the agreement and shall, with the signature of a named insured, be conclusive evidence of the validity of the agreement.

That agreement shall remain in force as long as the policy remains in force, and shall apply to any continuation, renewal, or replacement of the policy by the named insured, or reinstatement of the policy within 30 days of any lapse thereof.

(2) That with regard to a policy issued to a named insured engaged in the business of leasing vehicles for those vehicles that are leased for a term in excess of six months, or selling, repairing, servicing, delivering, testing, road-testing, parking, or storing automobiles, coverage shall not apply to any person other than the named insured or his or her agent or employee, except to the extent that the limits of liability of any other valid and collectible insurance available to that person are not equal to the limits of liability specified in subdivision (a) of Section 16056 of the Vehicle Code. If the policy is issued to a named insured engaged in the business of leasing vehicles, which business includes the lease of vehicles for a term in excess of six months, and the lessor includes in the lease automobile liability insurance, the terms and limits of which are not otherwise specified in the lease, the named insured shall incorporate a provision in each vehicle lease contract advising the lessee of the provisions of this subdivision and the fact that this limitation is applicable except as otherwise provided for by statute or federal law.

(e) Nothing in this section or in Section 16054 or 16450 of the Vehicle Code shall be construed to constitute a homeowner’s policy, personal and residence liability policy, personal and farm liability policy, general liability policy, comprehensive personal liability policy, manufacturers’ and contractors’ policy, premises liability policy, special multiperil policy, or any policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage as an “automobile liability policy” within the meaning of Section 16054 of the Vehicle Code, or as a “motor vehicle liability policy” within the meaning of Section 16450 of the Vehicle Code, nor shall this section apply to a policy that provides insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle in the Republic of Mexico issued or delivered in this state by a nonadmitted Mexican insurer, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(f) (1) On and after January 1, 1976, no policy of automobile liability insurance described in subdivision (a) shall be issued, amended, or renewed in this state if it contains any provision that expressly or impliedly excludes from coverage under the policy the operation or use of an insured motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation. This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of those services at a rate not to exceed the following:

(A) For the 1980–81 fiscal year, the maximum rate authorized by the California Victim Compensation and Government Claims Board, which shall also be known as the “base rate.”

(B) For each fiscal year thereafter, the greater of either (A) the maximum rate authorized by the California Victim Compensation and Government Claims Board or (B) the base rate as adjusted by the California Consumer Price Index.

(2) No policy of insurance issued under this section may be canceled by an insurer solely for the reason that the named insured is performing volunteer services for a nonprofit charitable organization or governmental agency consisting of providing social service transportation.

(3) For the purposes of this section, “social service transportation” means transportation services provided by private nonprofit organizations or individuals to either individuals who are senior citizens or individuals or groups of individuals who have special transportation needs because of physical or mental conditions and supported in whole or in part by funding from private or public agencies.

The agreement shall be binding

(h) No policy of automobile insurance that provides insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle solely in the Republic of Mexico issued by a nonadmitted Mexican insurance company, shall be subject to, or provide coverage for, those coverages provided in Section 11580.2.

(Amended Sec. 471, Ch. 538, Stats. 2006. Effective January 1, 2007.)

11580.8. The Legislature further declares it to be the public policy of this state that Section 11580.9 of the Insurance Code expresses the total public policy of this state respecting the order in which two or more of such liability insurance policies covering the same loss shall apply, and such public policy is not to be changed or modified by any provision of the Vehicle Code except in those express cases where the requirements of Article 2 (commencing with Section 16450) of Chapter 3 of Division 7 of the Vehicle Code apply with regard to a policy of liability insurance certified as provided in Section 16431 of the Vehicle Code.

(Amended Ch. 300, Stats. 1970. Effective November 23, 1970.)

This notice may be provided in a written binder, if any, or in the policy documents provided upon issuance or renewal of the policy. The insurer shall provide at least two copies of the notice to the insured and shall, upon request and payment of the reasonable cost thereof, provide additional copies.

(Amended Ch. 1124, Stats. 1988. Effective January 1, 1990.)

11628.3. (b) The insurer shall enroll in and successfully complete the course described in subdivision (a) once every three years in order to continue to be eligible for an appropriate percentage of reduced premium.

(c) The percentage of premium reduction required by subdivision (a) shall be reassessed by the insurer upon renewal of the insured’s policy. The insured’s eligibility for any percentage of premium reduction shall be effective for a three-year period from the date of successful completion of the course described in subdivision (a), except that the insurer may discontinue the reduced premium rate if the insured is in any case:

(2) Convicted of a violation of Division 11 (commencing with Section 21000) of the Vehicle Code, except Chapter 9 (commencing with Section 22500) of that division, or of a traffic related offense involving alcohol or narcotics.

(d) The percentage of premium rate reduction required by subdivision (a) does not apply in the event the insured enrolls in, and successfully completes, an approved course pursuant to a court order provided for in Section 42005 of the Vehicle Code. Nothing in this subdivision precludes an insured from also enrolling in a driver improvement course.

(Amended Sec. 6, Ch. 414, Stats. 2011. Effective January 1, 2012.)

Manslaughter

191. (a) Gross vehicular manslaughter while intoxicated is the unlawful killing of a human being without malice aforethought, in the driving of a vehicle, where the driving was in violation of Section 23140, 23152, or 23153 of the Vehicle Code, and the killing was either the proximate result of the commission of an unlawful act, not amounting to a felony, but without gross negligence, or the proximate result of the commission of a lawful act that might produce death, in an unlawful manner, but without gross negligence.

(b) Vehicular manslaughter while intoxicated is the unlawful killing of a human being without malice aforethought, in the driving of a vehicle, where the driving was in violation of Section 23140, 23152, or 23153 of the Vehicle Code, and the killing was either the proximate result of the commission of an unlawful act, not amounting to a felony, but without gross negligence, or the proximate result of the commission of a lawful act that might produce death, in an unlawful manner, but without gross negligence.

(d) A person convicted of violating subdivision (a) who has one or more prior convictions of this section or of paragraph (1) of subdivision (c) of Section 192, subdivision (a) or (b) of Section 192.5 of this code, or of violating Section 23152 punishable under Sections 23540, 23542, 23546, 23548, 23550, or 23552 of, or convicted of Section 23153 of, the Vehicle Code, shall be punished by imprisonment in the state prison for a term of 15 years to life. Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce the term imposed pursuant to this subdivision.

(e) This section shall not be construed as prohibiting or precluding a charge of murder under Section 188 upon facts exhibiting wantonness and a conscious disregard for life to support a finding of implied malice, or upon facts showing malice consistent with the holding of the California Supreme Court in People v. Watson, 30 Cal. 3d 290.

(f) This section shall not be construed as making any homicide in the driving of a vehicle or the operation of a vessel punishable which is not a proximate result of the commission of an unlawful act, not amounting to felony, or of the commission of a lawful act which might produce death, in an unlawful manner.

(g) For the penalties in subdivision (d) to apply, the existence of any fact required under subdivision (d) shall be alleged in the information or indictment and either admitted by the defendant in open court or found to be true by the trier of fact.

(Amended Sec. 281, Ch. 15, Stats. 2011. Effective July 1, 2011.)

195. Manslaughter is the unlawful killing of a human being without malice. It is of three kinds:

(a) Voluntary—upon a sudden quarrel or heat of passion.

(b) Involuntary—in the commission of an unlawful act, not amounting to a felony; or in the commission of a lawful act which might produce death, in an unlawful manner, or without due caution and circumspection. This subdivision shall not apply to acts committed in the driving of a vehicle.

(c) Vehicular—

(1) Except as provided in subdivision (a) of Section 191.5, driving a vehicle in the commission of an unlawful act, not amounting to a felony, and with gross negligence; or driving a vehicle in the commission of a lawful act which might produce death, in an unlawful manner, and with gross negligence.

(2) Driving a vehicle in the commission of an unlawful act, not amounting to a felony, but without gross negligence; or driving a vehicle in the commission of a lawful act which might produce death, in an unlawful manner, but without gross negligence.

(3) Driving a vehicle in connection with a violation of paragraph (3) of subdivision (a) of Section 550, where the vehicular collision or vehicular accident was knowingly caused for financial gain and proximately resulted in the death of any person. This paragraph does not prevent prosecution of a defendant for the crime of murder.

(d) This section shall not be construed as making any homicide in the driving of a vehicle punishable that is not a proximate result of the commission of an unlawful act, not amounting to a felony, or of the commission of a lawful act which might produce death, in an unlawful manner.
(e) “Gross negligence,” as used in this section, does not prohibit or preclude a charge of murder under Section 188 upon facts exhibiting wantonness and a conscious disregard for life to support a finding of implied malice, or upon facts showing malice, consistent with the holding of the California Supreme Court in People v. Watson (1981) 30 Cal.3d 290.

(f) (1) For purposes of determining sudden quarrel or heat of passion pursuant to subdivision (a), the provocation was not objectively reasonable if it resulted from the discovery of, knowledge about, or potential disclosure of the victim’s actual or perceived gender, gender identity, gender expression, or sexual orientation, including under circumstances in which the victim made an unwanted nonforcible romantic or sexual advance towards the defendant, or if the defendant and victim dated or had a romantic or sexual relationship. Nothing in this section shall preclude the jury from considering all relevant facts to determine whether the defendant was in fact provoked for purposes of establishing subjective provocation.

(2) For purposes of this subdivision, “gender” includes a person’s gender identity and gender-related appearance and behavior regardless of whether that appearance or behavior is associated with the person’s gender as determined at birth.

(3) A violation of paragraph (2) of subdivision (c) of Section 192 is punishable by imprisonment in the state prison for 4, 6, or 10 years.

A copy of the petition shall be served upon the prosecuting attorney of the county or city having jurisdiction over the offense. A law enforcement agency having jurisdiction over the offense, upon a determination that the person arrested is factually innocent, shall, with the concurrence of the prosecuting attorney, seal its arrest records, and the petition for relief under this section for three years from the date of the arrest and thereafter destroy its arrest records and the petition. The law enforcement agency having jurisdiction over the offense shall notify the Department of Justice, and any law enforcement agency that arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this subdivision, of the sealing of the arrest records and the reason therefor. The Department of Justice shall request the destruction of any records of the arrest which they have given to any local, state, or federal agency or to any other person or entity. Each agency, person, or entity within the State of California receiving the request shall destroy its records of the arrest and the request, unless otherwise provided in this section.

(2) If, after receipt by both the law enforcement agency and the prosecuting attorney of a petition for relief under subdivision (a), the law enforcement agency and prosecuting attorney do not respond to the petition by accepting or denying the petition within 60 days after the running of the relevant statute of limitations or within 60 days after receipt of the petition in cases where the statute of limitations has previously lapsed, then the petition shall be deemed to be denied.

In any case where the petition of an arrestee to the law enforcement agency to have an arrest record destroyed is denied, petition may be made to the superior court that would have had territorial jurisdiction over the matter. A copy of the petition shall be served on the law enforcement agency and the prosecuting attorney of the county or city having jurisdiction over the offense at least 10 days prior to the hearing thereon. The prosecuting attorney and the law enforcement agency through the district attorney may present evidence to the court at the hearing. Notwithstanding Section 1538.5 or 1539, any judicial determination of factual innocence made pursuant to this section may be heard and determined upon declarations, affidavits, police reports,
or any other evidence submitted by the parties which is material, relevant, and reliable. A finding of factual innocence and an order for the sealing and destruction of records pursuant to this section shall not be made unless the court finds that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. In any court hearing to determine the factual innocence of a party, the initial burden of proof shall rest with the petitioner to show that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. If the court finds that this showing of no reasonable cause has been made by the petitioner, then the burden of proof shall shift to the respondent to show that a reasonable cause exists to believe that the petitioner committed the offense for which the arrest was made. If the court finds the arrestee to be factually innocent of the charges for which the arrest was made, then the court shall order the law enforcement agency having jurisdiction over the offense, the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this section to seal their records of the arrest and the court order to seal and destroy the records, for three years from the date of the arrest and thereafter to destroy their records of the arrest and the court order to seal and destroy those records. The court shall also order the law enforcement agency having jurisdiction over the offense and the Department of Justice to request the destruction of any records of the arrest which they have given to any local, state, or federal agency, person or entity. Each state or local agency, person or entity within the State of California receiving such a request shall destroy its records of the arrest and the request to destroy the records, unless otherwise provided in this section. The court shall give to the petitioner a copy of any court order concerning the destruction of the arrest records.

(c) In any case where a person has been arrested, and an accusatory pleading has been filed, but where no conviction has occurred, the defendant may, at any time after dismissal of the action, petition the court that dismissed the action for a finding that the defendant is factually innocent of the charges for which the arrest was made. A copy of the petition shall be served on the prosecuting attorney of the county or city in which the accusatory pleading was filed at least 10 days prior to the hearing on the petitioner’s factual innocence. The prosecuting attorney may present evidence to the court at the hearing. The hearing shall be conducted as provided in subdivision (b). If the court finds the petitioner to be factually innocent of the charges for which the arrest was made, then the court shall grant the relief as provided in subdivision (b).

(d) In any case where a person has been arrested and an accusatory pleading has been filed, but where no conviction has occurred, the court may, with the concurrence of the prosecuting attorney, grant the relief provided in subdivision (b) at the time of the dismissal of the accusatory pleading.

(e) Whenever any person is acquitted of a charge and it appears to the judge presiding at the trial at which the acquittal occurred that the defendant was factually innocent of the charge, the judge may grant the relief provided in subdivision (b).

(f) In any case where a person who has been arrested is granted relief pursuant to subdivision (a) or (b), the law enforcement agency having jurisdiction over the offense or court shall issue a written declaration to the arrestee stating that it is the determination of the law enforcement agency having jurisdiction over the offense or court that the arrestee is factually innocent of the charges for which the person was arrested and that the arrestee is thereby exonerated. Thereafter, the arrest shall be deemed not to have occurred and the person may answer accordingly any question relating to its occurrence.

(g) The Department of Justice shall furnish forms to be utilized by persons applying for the destruction of their arrest records and for the written declaration that one person was found factually innocent under subdivisions (a) and (b).

(h) Documentation of arrest records destroyed pursuant to subdivision (a), (b), (c), (d), or (e) that are contained in investigative police reports shall bear the notation “Exonerated” whenever reference is made to the arrestee. The arrestee shall be notified in writing by the law enforcement agency having jurisdiction over the offense of the sealing and destruction of the arrest records pursuant to this section.

(i) (1) Any finding that an arrestee is factually innocent pursuant to subdivision (a), (b), (c), (d), or (e) shall not be admissible as evidence in any action.

(2) Notwithstanding paragraph (1), a finding that an arrestee is factually innocent pursuant to subdivisions (a) to (e), inclusive, shall be admissible as evidence at a hearing before the California Victim Compensation and Government Claims Board.

(j) Destruction of records of arrest pursuant to subdivision (a), (b), (c), (d), or (e) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest, and the record shall be prepared again so that it appears that the arrest never occurred. However, where (1) the only entries on the record pertain to the arrest and (2) the record can be destroyed without necessarily affecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(k) No records shall be destroyed pursuant to subdivision (a), (b), (c), (d), or (e) if the arrestee or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of the records has received a certified copy of the complaint in the civil action, until the civil action has been resolved. Any records sealed pursuant to this section by the court in the civil actions, upon a showing of good cause, may be opened and submitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person authorized by the court. Immediately following the final resolution of the civil action, records subject to subdivision (a), (b), (c), (d), or (e) shall be sealed and destroyed pursuant to subdivision (a), (b), (c), (d), or (e).

(l) For arrests occurring on or after January 1, 1981, and for accusatory pleadings filed on or after January 1, 1981, petitions for relief under this section may be filed up to two years from the date of the arrest or filing of the accusatory pleading, whichever is later. Until January 1, 1983, petitioners can file for relief under this section for arrests which occurred or accusatory pleadings which were filed up to five years prior to the effective date of the statute. Any time restrictions on filing for relief under this section may be waived upon a showing of good cause by the petitioner and in the absence of prejudice.

(m) Any relief which is available to a petitioner under this section for an arrest shall also be available for an arrest which has been deemed to be or described as a detention under Section 849.5 or 85.16.

(n) This section shall not apply to any offense which is classified as an infraction.

(o) (1) This section shall be repealed on the effective date of a final judgment based on a claim under the California or United States Constitution holding that evidence that is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section. For purposes of this subdivision, a judgment by the appellate division of a superior court is a final judgment if it is published and if it is not reviewed on appeal by a court of appeal. A judgment of a court of appeal is a final judgment if it is published and if it is not reviewed by the California Supreme Court.

(2) Any decision referred to in this subdivision shall be stayed pending appeal.

(p) If not otherwise appealed by a party to the action, any decision referred to in this subdivision which is a judgment by the appellate division of the superior court shall be appealed by the Attorney General.

The probationer shall be informed, in his or her probation papers, of this right and privilege and his or her right, if any, to petition for a certificate of rehabilitation and pardon. The probationer may make the application and change of plea in person or by attorney, or by the probation officer authorized in writing. However, in any subsequent prosecution of the defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. city council, not to exceed one hundred fifty dollars ($150). Ability to
make this reimbursement shall be determined by the court using the
standards set forth in paragraph (2) of subdivision (g) of Section 987.8
and shall not be a prerequisite to a person’s eligibility under this
section. The court may order reimbursement in a case in which the
petitioner appears to have the ability to pay, without undue hardship,
all or any portion of the cost for services established pursuant to this

1463.13. (a) Each county may develop, implement, operate, and

The assessment shall only be levied in a county upon the adoption of a resolution by the board of supervisors of the county making that county subject to this section.

(e) The court shall determine if the defendant has the ability to pay the assessment. If the court determines that the defendant has the ability to pay the assessment then the court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner which the court determines is reasonable and compatible with the defendant’s financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in victim restitution.

(f) Notwithstanding Section 1463 or 1464 of the Penal Code or any other provision of law, all moneys collected pursuant to this section shall be deposited in a special account in the county treasury and shall be used exclusively to pay for the costs of developing, implementing, operating, maintaining, and evaluating alcohol and drug program assessment and monitoring programs.

(Added Sec. 2, Ch. 482, Stats. 2003. Effective January 1, 2004.)

1536.5.  (a) If a government agency seizes business records from an entity pursuant to a search warrant, the entity from which the records were seized may file a demand on that government agency to make copies of the business records. The demand shall be made within ten court days of the service of the demand to produce records, and allow the entity reasonable time to copy the records.

(2) In the alternative, the entity in possession of the original records, may in its discretion, make the original records reasonably available to the entity within 10 court days following the service of the demand to produce records, and allow the entity reasonable time to copy the records.

(3) No agency shall be required to make records available at times other than normal business hours.

(4) If data is recorded in a tangible medium, copies of the data may be provided in that same medium, or any other medium of which the entity may make reasonable use. If the data is stored electronically, electromagnetically, or photo-optically, the entity may obtain either a copy made by the same process in which the data is stored, or in the alternative, by any other tangible medium through which the entity may make reasonable use of the data.

(5) A government agency granting the entity access to the original records for the purpose of making copies of the records, may take reasonable steps to ensure the integrity and chain of custody of the business records.

(6) If the seized records are too voluminous to be reviewed or be copied in the time period required by subdivision (a), the government agency that seized the records may file a written motion with the court for additional time to review the records or make the copies. The motion shall be made within 10 court days of the service of the demand for the records. An extension of time under this paragraph shall not be granted unless the agency establishes that reviewing or producing copies of the records within the 10 court day time period, would create a hardship on the agency. If the court grants the motion, it shall make an order designating a timeframe for the review and the duplication and return of the business records, deferring to the entity the priority of the records to be reviewed, duplicated, and returned first.

(c) If a court finds that a declaration made by an entity as provided in subdivision (a) is adequate to establish the specified prima facie case, a government agency may refuse to produce copies of the business records or to grant access to the original records only under one or both of the following circumstances:

(1) The court determines by the preponderance of the evidence standard that denial of access to the business records or copies of the business records will not unduly interfere with the entity’s ability to conduct its regular course of business or obstruct the entity from fulfilling an affirmative obligation that it has under the law.

(2) The court determines by the preponderance of the evidence standard that possession of the business records by the entity will pose a significant risk of ongoing criminal activity, or that the business records are contraband, evidence of criminal conduct by the entity from which the records were seized, or depict a person under the age of 18 years personally engaging in or simulating sexual conduct, as defined in subdivision (d) of Section 311.4.

(d) A government agency that desires not to produce copies of, or grant access to, seized business records shall file a motion with the court requesting an order denying the entity copies of and access to the records. A motion under this paragraph shall be in writing, and filed and served upon the entity prior to the expiration of 10 court days following the service of the demand to produce records specified in subdivision (a), within any extension of that time period granted under paragraph (6) of subdivision (b), or as soon as reasonably possible after discovery of the risk of harm.

(e) A hearing on a motion under subdivision (d) shall be held within two court days of the filing of the motion, except upon agreement of the parties.

(f) (1) Upon filing a motion under subdivision (d) opposing a demand for copies of records, the government agency may file a request in writing, served upon the demanding entity, that any showings of why the material should not be copied and released occur in an ex parte, in camera hearing. If the government agency alleges in its request for an in camera hearing that the demanding entity is, or is likely to become, a target of the investigation resulting in the seizure
of records, the court shall hold this hearing outside of the presence of the demanding entity, and any representatives or counsel of the demanding entity. If the government agency does not allege in its request for an in camera hearing that the demanding entity is, or is likely to become, a target of the investigation resulting in the seizure of records, the court shall hold the hearing in camera only upon a particular factual showing by the government agency in its pleadings that a hearing in open court would impede or interrupt an ongoing criminal investigation.

(2) At the in camera hearing, any evidence that the government agency may offer that the release of the material would pose a significant risk of ongoing criminal activity, impede or interrupt an ongoing criminal investigation, or both, shall be offered under oath. A reporter shall be present at the in camera hearing to transcribe the entirety of the proceedings.

(3) Any transcription of the proceedings at the in camera hearing, as well as any physical evidence presented at the hearing, shall be ordered sealed by the court, and only a court may have access to its contents, unless a court determines that the failure to disclose the contents of the hearing would deprive the defendant or the people of a fair trial.

(4) Following the conclusion of the in camera hearing, the court shall make its ruling in open court, after notice to the demanding entity.

(g) The reasonable and necessary costs of producing copies of business records under this section shall be borne by the entity requesting copies of the records. Either party may request the court to resolve any dispute regarding these costs.

(b) Any motion under this section shall be filed in the court that issued the search warrant.

(i) For purposes of this section, the following terms are defined as follows:

(1) “Seize” means obtaining actual possession of any property alleged by the entity to contain business records.

(2) “Business” means an entity, sole proprietorship, partnership, or corporation operating legally in the State of California, that sells, leases, distributes, creates, or otherwise offers products or services to customers.

(3) “Business records” means computer data, data compilations, accounts, books, reports, contracts, correspondence, inventories, lists, personnel files, payrolls, vendor and client lists, documents, or papers of the person or business normally used in the regular course of business, or any other material item of business recordkeeping that may become technologically feasible in the future.

potential purchasers of those plates, by means of a detailed brochure, of the manner in which the program functions, the particular purposes for which revenues from the issuance of those plates can lawfully be expended, and examples of particular projects and programs that have been financed by those revenues. Therefore, because of this representation by the Department of Motor Vehicles, purchasers come to expect and rely that the moneys paid by them will be expended only for those particular purposes, which results in an obligation on the part of the state to expend the revenues only for those particular purposes.

Accordingly, all funds expended pursuant to this division shall be used only to support identifiable projects and programs of state agencies, cities, counties, and local agencies, and nonprofits engaged in environmental protection, and for which revenues from the issuance of those plates can lawfully be expended. All funding shall be used only to support identifiable projects and programs of state agencies, cities, counties, districts, the University of California, private nonprofit environmental and land acquisition organizations, and private research organizations that have a clearly defined benefit to the people of the State of California and that have one or more of the following purposes:

(a) The control and abatement of air pollution, including all phases of research into the sources, dynamics, and effects of environmental pollutants.

(b) The acquisition, preservation, restoration, or any combination thereof, of natural areas or ecological reserves.

(c) Environmental education, including formal school programs and informal public education programs. The State Department of Education may administer moneys appropriated for these programs, but shall distribute not less than 90 percent of moneys appropriated for the purposes of this subdivision to fund environmental education programs of school districts, other local schools, state agencies other than the State Department of Education, and community organizations. Not more than 10 percent of the moneys appropriated for environmental education may be used for State Department of Education programs or defraying administrative costs.

(d) Protection of nongame species and threatened and endangered plants and animals.

(e) Protection, enhancement, and restoration of fish and wildlife habitat and related water quality, including review of the potential impact of development activities and land use changes on that habitat.

(f) The purchase, on an opportunity basis, of real property consisting of sensitive natural areas for the state park system and for local and regional parks.

(g) Reduction or minimization of the effects of soil erosion and the discharge of sediment into the waters of the Lake Tahoe region, including the restoration of disturbed wetlands and stream environment zones, through projects by the California Tahoe Conservancy and grants to local public agencies, state agencies, federal agencies, and nonprofit organizations.

(b) Scientific research on the risks to California’s natural resources and communities caused by the impacts of climate change.

(Amended Sec. 146, Ch. 35, Stats. 2014. Effective June 20, 2014.)

21191. (a) The California Environmental License Plate Fund, which supersedes the California Environmental Protection Program Fund, is continued in existence in the State Treasury, and consists of the moneys deposited in the fund pursuant to any provision of law. The Legislature shall establish the amount of fees for environmental license plates, which shall be not less than forty-eight dollars ($48) for the issuance of thirty-eight dollars ($38) for the renewal of an environmental license plate.

(b) The Controller shall transfer from the California Environmental License Plate Fund to the Motor Vehicle Account in the State Transportation Fund the amount appropriated by the Legislature for the reimbursement of costs incurred by the Department of Motor Vehicles in performing its duties pursuant to Sections 5004, 5004.5, and 5022 and Article 8.5 (commencing with Section 5100) of Chapter 1 of Division 3 of the Vehicle Code. The reimbursement from the California Environmental License Plate Fund shall only include those additional costs which are directly attributable to any additional duties or special handling necessary for the issuance, renewal, or retention of the environmental license plates.

(c) The Controller shall transfer to the post fund of the Veterans’ Home of California, established pursuant to Section 1047 of the Military and Veterans Code, all revenue derived from the issuance of prisoner of war special license plates pursuant to Section 5101.5 of the Vehicle Code less the administrative costs of the Department of Motor Vehicles in that regard.

(d) The Director of Motor Vehicles shall certify the amounts of the administrative costs of the Department of Motor Vehicles in subdivision (c) to the Controller.

(e) The balance of the moneys in the California Environmental License Plate Fund shall be available for expenditure only for the exclusive trust purposes specified in Section 21190, upon appropriation by the Legislature. However, all moneys derived from the issuance of commemorative 1984 Olympic reflectorized license plates in the California Environmental License Plate Fund shall be used only for capital outlay purposes.

(f) All proposed appropriations for the program shall be summarized in a section in the Governor’s Budget for each fiscal year and shall bear the caption “California Environmental Protection Program.” The section shall contain a separate description of each project for which an appropriation is made. All of these appropriations shall be made to the department performing the project and accounted for separately.

(g) The budget the Governor presents to the Legislature pursuant to subdivision (a) of Section 12 of Article IV of the California Constitution shall include, as proposed appropriations for the California Environmental Protection Program, only projects and programs recommended for funding by the Secretary of the Natural Resources Agency pursuant to subdivision (a) of Section 21193. The Secretary of the Natural Resources Agency shall consult with the Secretary for Environmental Protection before making any recommendations to fund projects pursuant to subdivision (a) of Section 21190.

The department’s written recommendation shall specifically indicate compliance with subdivision (c).

(b) A corporation whose certificate is suspended pursuant to subdivision (a) may obtain a reinspection of its terminal and vehicles by the department, by submitting a written request for reinstatement to the commission and paying a reinstatement fee of one hundred twenty-five dollars ($125). (2) That the determination may result in a suspension or revocation of the corporation’s certificate by the commission.

(3) That the corporation may request a review of the determination by the department within five days of its receipt of the notice required under this subdivision. If a review pursuant to this paragraph is requested by the corporation, the department shall conduct and evaluate that review prior to transmitting any notification to the commission pursuant to subdivision (a).

(d) Whenever the commission suspends the certificate of any passenger stage corporation pursuant to subdivision (a), the commission shall furnish the corporation written notice of the suspension and shall hold a hearing within a reasonable time, not to exceed 21 days, after a written request therefor is filed with the commission, with a copy thereof furnished to the Department of the California Highway Patrol. At the hearing, the corporation shall show cause why the suspension should not be continued. At the conclusion of the hearing, the commission may, in addition to any other applicable penalty provided in this part, terminate the suspension, continue the suspension in effect, or revoke the certificate. The commission may revoke the certificate of any passenger stage corporation suspended pursuant to subdivision (a) at any time 90 days or more after its suspension if the commission has not received a written recommendation for reinstatement from the department and the corporation has not filed a written request for a hearing with the commission.

(e) If the commission, after a hearing, finds that a passenger stage corporation has continued to operate as such after its certificate has been suspended pursuant to subdivision (a), the commission shall do one of the following:

(1) Revoke the certificate of the corporation.

(2) Impose upon the holder of the certificate a civil penalty of not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) for each day of unlawful operations.

(I) The difference between the following two amounts:

(ia) The actual total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (i) of Section 98.02, as that section read on January 1, 2004, for distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004–05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was percent of the market value of a vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(ia) The actual total amount of revenue that was distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004–05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this sub-subclause.

(II) The product of the following two amounts:

(ii) The amount described in clause (i) shall be adjusted as follows:

(I) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is greater than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be increased by an amount equal to this difference.

(II) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is less than the amount described in sub paragraph (A) for that city, county, or city and county, the amount described in clause (i) shall be decreased by an amount equal to this difference.

(C) For the 2006–07 fiscal year and for each fiscal year thereafter, the sum of the following two amounts:

For the first fiscal year for which a change in a city’s jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city’s previous jurisdictional boundaries, without regard to the change in that city’s jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city’s current jurisdictional boundaries.

(ii) The amount described in clause (i) shall be adjusted as follows:

(I) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is greater than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be increased by an amount equal to this difference.

(C) For the 2006–07 fiscal year and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year, if Section 97.71 and clause (ii) of subparagraph (B) did not apply for that fiscal year, for that city, county, and city and county.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city’s jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city’s previous jurisdictional boundaries, without regard to the change in that city’s jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city’s current jurisdictional boundaries.

(2) For the 2013–14 fiscal year, the vehicle license fee adjustment amount that is determined under subparagraph (C) of paragraph (1) for the County of Orange shall be increased by fifty-three million

(b) Rubber-tired equipment, except commercial vehicles and cranes registered under the Vehicle Code and which are licensed under Part 5 (commencing with Section 10701) of Division 2 of this code, which must be moved or operated under permit issued pursuant to Section 35780 of the Vehicle Code, shall be assessed in the county where it has situs on the lien date, but the assessor of such property shall be allowed to deduct from the amount of property tax the amount of any fee paid on such vehicle under Part 5 (commencing with Section 10701) of Division 2 of this code, if such fee is paid prior to the lien date for the calendar year in which the lien date occurs.

(Amended Ch. 246, Stats. 1977. Effective January 1, 1978.)

Property Tax Delinquent Vessel
3295. (a) The county tax collector may, within 30 days after the delinquency has been satisfied, give written notice to the owners of all property tax delinquent vessels that, in addition to standard county delinquent property tax procedures, the renewal of the certificate of number of, and the transfer of any title to or interest in, that vessel will be withheld by the Department of Motor Vehicles as provided in Section 9880 of the Vehicle Code, until the delinquent taxes have been paid on that vessel.
(b) If the county tax collector has given notice pursuant to subdivision (a), he or she shall give written notice of the delinquency, by electronic transmission or otherwise, to the Department of Motor Vehicles for its recordation pursuant to Section 9880 of the Vehicle Code. Upon receiving a possessory lien sale application filed with respect to a vessel pursuant to subdivision (a) of Section 503 of the Harbors and Navigation Code, the Department of Motor Vehicles shall, in accordance with paragraph (4) of subdivision (b) of that section, notify the applicant of any outstanding property tax lien on that vessel of which the department has been notified pursuant to this subdivision.
(c) If the county tax collector has given notice pursuant to subdivisions (a) and (b), the county tax collector shall also provide written notice to the Department of Motor Vehicles when the delinquency has been satisfied.

(Amended Ch. 940, Stats. 1994. Effective January 1, 1995.)
§6277. For purposes of this part, “gross receipts” and “sales price” do not include that portion of the sales price returned to the purchaser of a used motor vehicle or the purchase price for the purchase of a contract cancellation option pursuant to Section 11713.21 of the Vehicle Code.

(Amended Sec. 6, Ch. 128, Stats. 2005. Effective January 1, 2006. Operative July 1, 2006.)

Vehicle Use Tax Law

§6248. (a) There shall be a rebuttable presumption that any vehicle, vessel, or aircraft brought into the state of California within 12 months from the date of its purchase, was acquired for storage, use, or other consumption in this state and is subject to use tax if any of the following occurs:

(1) The vehicle, vessel, or aircraft was purchased by a California resident as defined in Section 516 of the Vehicle Code. For purposes of this provision, a closely held corporation or limited liability company shall also be considered a California resident if 50 percent or more of the shares or membership interests are held by shareholders or members who are residents of California as defined in Section 516 of the Vehicle Code.

(2) In the case of a vehicle, the vehicle was subject to registration under Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code during the first 12 months of ownership.

(3) In the case of a vessel or aircraft, that vessel or aircraft was subject to property tax in this state during the first 12 months of ownership.

(4) If purchased by a nonresident of California, the vehicle, vessel, or aircraft was used or stored in this state more than one-half of the time during the first 12 months of ownership.

(b) This presumption may be controverted by documentary evidence that the vehicle, vessel, or aircraft was purchased for use outside of this state during the first 12 months of ownership. This evidence may include, but is not limited to, evidence of registration of that vehicle, vessel, or aircraft, with the proper authority, outside of this state.

(c) This section shall not apply to any vehicle, vessel, or aircraft used in interstate or foreign commerce pursuant to regulations prescribed by the board.

(d) The amendments made to this section by the act adding this subdivision shall not apply to any vehicle, vessel, or aircraft that is the subject of a binding purchase contract that is entered into, on or before the operative date of this subdivision.

(e) Notwithstanding subdivision (a), any aircraft or vessel brought into this state exclusively for the purpose of repair, retrofit, or modification shall not be deemed to be acquired for storage, use, or other consumption in this state if the repair, retrofit, or modification is, in the case of a vessel, performed by a repair facility that holds an appropriate permit issued by the board and is licensed to do business by the city, county, or city and county in which it is located if the city, county, or city and county so requires, or, in the case of an aircraft, performed by a repair station certified by the Federal Aviation Administration or a manufacturer’s maintenance facility.

(f) The presumption set forth in subdivision (a) may be controverted by documentary evidence that the vehicle was brought into this state for the exclusive purpose of warranty or repair service and was used or stored in this state for that purpose for 30 days or less. The 30-day period begins when the vehicle enters this state, includes any time of travel to and from the warranty or repair facility, and ends when the vehicle is returned to a point outside the state. The documentary evidence shall include a work order stating the dates that the vehicle is in the possession of the warranty or repair facility and a statement by the owner of the vehicle specifying dates of travel to and from the warranty or repair facility.

(Amended Sec. 5, Ch. 727, Stats. 2011. Effective January 1, 2012.)

§6249. A member of the armed services on active duty who purchases a vehicle prior to the effective date of his discharge shall not be subject to the presumption established by Section 6248. He shall not be deemed to have purchased the vehicle for storage, use, or other consumption in this state unless at the time of purchase he intended to use it in this state, such intent resulting from his own determination, rather than from official orders received as a member of the armed services transferring him to this State.

(Amended Ch. 1858, Stats. 1963.)

§6263. No person, other than the manufacturer who has received authorization to sell the motor vehicle in California or a person authorized by the manufacturer, shall install a vehicle emission control label on any motor vehicle. No person shall remove, alter, deface, obscure, or destroy a vehicle emission control label or any label required to be affixed to any motor vehicle certified pursuant to the National Emissions Standards Act (42 U.S.C. Sec. 7521 et seq., and Subpart A (commencing with Sec. 86.078-3) of Part 86 of Title 40 of the Code of Federal Regulations). Any person who violates any provision of this section is guilty of a misdemeanor and is subject to a fine of not more than five thousand dollars ($5,000) or imprisonment in the county jail for not more than one year, or both that fine and imprisonment.

(Amended Sec. 4, Ch. 32, Stats. 2000. Effective June 8, 2000.)

§6272. “Vehicle” as defined in Section 670 of the Vehicle Code and shall include off-highway motor vehicles subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code.

(Amended Ch. 1816, Stats. 1971. Operative July 1, 1972.)

§6275. (a) Every person making any retail sale of a mobilehome or commercial coach required to be registered annually under the Health and Safety Code, or of a vehicle required to be registered under the Vehicle Code or subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code, or a vehicle that qualifies under the permanent trailer identification plate program pursuant to subdivision (a) of Section 5014.1 of the Vehicle Code, or of a vessel or an aircraft as defined in this article, is a retailer for the purposes of this part, unless another person is the retailer, as provided in subdivision (b).

(b) Every person, licensed or certified under the Health and Safety Code or the Vehicle Code as a dealer, is the retailer of a mobilehome or commercial coach required to be registered annually under the Health and Safety Code or of a vehicle required to be registered under the Vehicle Code or subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code or a vehicle that qualifies under the permanent trailer identification plate program pursuant to subdivision (a) of Section 5014.1 of the Vehicle Code, when a retail sale of the vehicle is made through him or her and that person provides to the Department of Housing and Community Development or the Department of Motor Vehicles notice of transfer with respect to the vehicle pursuant to Section 18080.5 of the Health and Safety Code or Section 5901 or Section 38200 of the Vehicle Code. That person shall hold a seller’s permit and remit tax to the board with respect to those sales in the same manner as a dealer licensed or certified under the Vehicle Code and making sales on his or her own account.

§6277. There shall be a presumption that a transfer of a vehicle to a lessee by a lessor, as defined in Section 372 of the Vehicle Code, was a sale for resale if the lessee transfers title and registration to a
third party within 10 days from the date the lessee acquired title from the lessor at the expiration or termination of a lease. The presumption may be rebutted by evidence that the sale was not for resale prior to use.

It is the intent of the Legislature in enacting this section to recognize the delay in processing documents when a lessee wishes to transfer title of a leased vehicle to a third party at the expiration or termination of a lease rather than acquiring a vehicle for his or her own use.

This section does not provide an exemption for any use by a lessee after the expiration or termination of a lease.

(Added Ch. 1284, Stats. 1976. Effective January 1, 1977.)

6281. There are exempted from the taxes imposed by this part the gross receipts from the sale of, and the storage, use, or other consumption in this state of, a mobilehome or commercial coach required to be annually registered under the Health and Safety Code, or a vehicle required to be registered under the Vehicle Code or subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code or a vessel or aircraft, when such property is included in any transfer of all or substantially all the property held or used in the course of business activities of the person selling the property and when after such transfer the real or ultimate ownership of such property is substantially similar to that which existed before such transfer. For the purposes of this section, stockholders, bondholders, partners, or other persons holding an interest in a corporation or other entity are regarded as having the “real or ultimate ownership” of the property of that corporation or other entity.

(Added Ch. 975, Stats. 1981. Effective January 1, 1982.)

6282. There are exempted from the computation of the amount of the sales tax the gross receipts from sales of mobilehomes or commercial coaches required to be annually registered under the Health and Safety Code or vehicles required to be registered under the Vehicle Code when the retailer is other than a person licensed or certificated pursuant to the Health and Safety Code or the Vehicle Code as a manufacturer, remanufacturer, dealer, dismantler, or lessor-retailer, subject to Section 11615.5 of the Vehicle Code.

This exemption does not extend to the rentals payable under a lease of tangible personal property.

(Added Ch. 1286, Stats. 1983. Effective January 1, 1984.)

6283. (a) There are exempted from the computation of the amount of the sales tax the gross receipts from the sale in this state of a vehicle subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code or of a vessel or of an aircraft when the retailer is other than a person required to hold a seller’s permit pursuant to Article 2 (commencing with Section 6066) of Chapter 2 by reason of the number, scope, and character of his or her sales of those vehicles, vessels, or of aircraft, as the case may be.

(b) The exemption provided in subdivision (a) shall not apply to either of the following:

(1) Any sale of a vehicle required to be identified under Division 16.5 (commencing with Section 38000) of the Vehicle Code when the retailer is a person licensed or certificated pursuant to the Vehicle Code as a manufacturer, remanufacturer, dealer, or dismantler.

(2) Any sale of a vessel or an aircraft when a broker arranges the sale between two private parties and the broker collects sales tax reimbursement on the transaction.

(Amended Ch. 1589, Stats. 1982. Effective January 1, 1983.)

6285. There are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of a mobilehome or commercial coach required to be registered annually under the Health and Safety Code, or of a vehicle required to be registered under the Vehicle Code, or of a vehicle subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code, or a vehicle that qualifies under the permanent trailer identification plate program pursuant to subdivision (a) of Section 5014.1 of the Vehicle Code, or of a vessel or an aircraft, when either of the following occurs:

(a) The person selling the property is either the parent, grandparent, child, grandchild, or spouse, or the brother or sister if the sale between that brother or sister is between two minors related by blood or adoption, of the purchaser, and the person selling is not engaged in the business of selling the type of property for which the exemption is claimed.

(b) The sale is to a revocable trust in which all of the following occur:

(1) The seller has an unrestricted power to revoke the trust.

(2) The sale does not result in any change in the beneficial ownership of the property.

(3) The trust provides that upon revocation the property will revert wholly to the seller.

(4) The only consideration for the sale is the assumption by the trust of an existing loan for which the tangible personal property being transferred is the sole collateral for the assumed loan.

6291. Notwithstanding Section 6451, the use taxes imposed by this part with respect to the storage, use or other consumption in this state of a mobilehome or commercial coach required to be registered annually under the Health and Safety Code, or of a vehicle required to be registered under the Vehicle Code, or of a vehicle subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code, or a vehicle that qualifies under the permanent trailer identification plate program pursuant to subdivision (a) of Section 5014.1 of the Vehicle Code shall be as provided in Section 6292.

6292. (a) Except when the sale is by lease, when a mobilehome or commercial coach required to be registered annually under the Health and Safety Code or a vehicle required to be registered under the Vehicle Code is sold at retail by other than a person licensed or certificated pursuant to the Health and Safety Code or the Vehicle Code as a manufacturer, remanufacturer, dealer, dismantler, or lessor-retailer, subject to Section 11615.5 of the Vehicle Code, the retailer is not required or authorized to collect the use tax from the purchaser, but the purchaser of the vehicle shall pay the use tax to the Department of Housing and Community Development acting for and on behalf of the board pursuant to Section 18123 of the Health and
 §6388. Safety and Taxation Code  §6388

(b) If the purchaser makes an application to either department which is not timely, and is subject to penalty because of delinquency in effecting registration or transfer of registration of the vehicle, he or she then becomes liable also for penalty as specified in Section 6591, but no interest shall accrue.

(c) Application to the appropriate department by the purchaser relieves the purchaser of the obligation to file a return with the board under Section 6452.

(d) If the purchaser does not make application to either department, or does not pay the amount of use tax due, or files a return with the board under Section 6455 which is not timely, interest and penalties shall apply with respect to the unpaid amount as provided in Chapter 5 (commencing with Section 6451).

6293. (a) Except when the sale is by lease, when a vehicle subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code or a vehicle that qualifies under the permanent trailer identification plate program pursuant to subdivision (a) of Section 5014.1 of the Vehicle Code, is sold at retail by other than a person licensed or certificated pursuant to the Vehicle Code as a manufacturer, remanufacturer, dealer, dismantler, or lessor-retailer, subject to Section 11615.5 of the Vehicle Code, or a person required to hold a seller's permit pursuant to Article 2 (commencing with Section 6066) of Chapter 2 by reason of the number, scope, and character of his or her sales of those vehicles, the retailer is not required or authorized to collect the use tax from the purchaser, but the purchaser of the vehicle shall pay the use tax to the Department of Motor Vehicles acting for and on behalf of the board pursuant to Section 38211 of the Vehicle Code.

(b) If the purchaser makes an application to that department which is not timely, and is subject to penalty because of delinquency in effecting identification or transfer of ownership of the vehicle, he or she then becomes liable also for penalty as specified in Section 6591 of this code, but no interest shall accrue.

(c) Application to that department by the purchaser relieves the purchaser of the obligation to file a return with the board under Section 6452.

(d) If the purchaser does not make application to that department, or does not pay the amount of use tax due, or files a return with the board under Section 6455 which is not timely, interest and penalties shall apply with respect to the unpaid amount as provided in Chapter 5 (commencing with Section 6451).

6294. (a) When an undocumented vessel required to be registered under the Vehicle Code is sold at retail by other than a person holding a seller's permit and regularly engaged in the business of selling vessels, the retailer is not required or authorized to collect the use tax from the purchaser, but the purchaser of the vessel must pay the use tax to the Department of Motor Vehicles acting for and on behalf of the board pursuant to Section 6455 which is not timely, interest and penalties shall apply with respect to the unpaid amount as provided in Chapter 5 (commencing with Section 6451).

6366.2. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of any new motor vehicle sold to a purchaser who is a resident of a foreign country and who arranges for the purchase through an authorized vehicle dealer in the foreign country prior to arriving in the United States, if the following conditions are met:

(1) The purchaser is issued an in-transit permit pursuant to Section 6700.1 of the Vehicle Code.

(2) Prior to the expiration of the in-transit permit issued to the purchaser, the retailer ships or drives the motor vehicle to a point outside the United States by means of facilities operated by the retailer, or by delivery to a carrier, customs broker or forwarding agent for shipment to that point.

(b) For purposes of this section, “carrier” means a person or firm engaged in the business of transporting for compensation tangible personal property owned by other persons, and includes both common and contract carriers. “Forwarding agent” means a person or firm engaged in the business of preparing property for shipment or arranging for its shipment.

(Amended Ch. 762, Stats. 1989. Operative January 1, 1990.)

6367. There are exempted from the taxes imposed by this part the gross receipts from occasional sales of tangible personal property and the storage, use, or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale. This exemption does not apply to the gross receipts from the sale of, or to the storage, use, or other consumption in this state of, a mobilehome or commercial coach required to be annually registered under the Health and Safety Code, a vessel or aircraft, as defined in Article 1 (commencing with Section 6271) of Chapter 3.5 of this part, or a vehicle required to be registered under the Vehicle Code or a vehicle required to be identified under Division 16.5 (commencing with Section 38000) of the Vehicle Code or a vehicle that qualifies under the permanent trailer identification plate program pursuant to subdivision (a) of Section 5014.1 of the Vehicle Code. This section shall not preclude the exemption afforded under Section 6281.

6369.4. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale, and the storage, use, or other consumption, in this state of items and materials when used to modify a vehicle for physically handicapped persons.

(b) In the case of the sale of a modified vehicle described in subdivision (a) to a disabled person who is eligible to be issued a distinguishing license plate or placard for parking purposes pursuant to Section 22511.5 of the Vehicle Code, there are exempted from the taxes imposed by this part the gross receipts from the sale, and the storage, use, or other consumption attributable to that portion of the vehicle which has been modified for physically handicapped persons.

6388. Where a new or remanufactured truck, truck tractor, semitrailer, or trailer, any of which has an unladen weight of 6,000 pounds or more, or a new or remanufactured trailer coach or a new or remanufactured auxiliary dolly, is purchased from a dealer located outside this state for use without this state and is delivered by the manufacturer or remanufacturer to the purchaser within this state,
and the purchaser drives or moves the vehicle from the manufacturer's or remanufacturer's place of business in this state to any point outside this state within 30 days from and after the date of the delivery, there are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use or other consumption of the vehicle within the state, if the purchaser furnishes the following to the manufacturer or remanufacturer:

(b) Any person who fails to file a return in accordance with the due date set forth in Section 6451 or the due date established by the board in accordance with Section 6455, shall pay a penalty of 10 percent of the amount of taxes, exclusive of prepayments, with respect to the period for which the return is required.

(Amended Sec. 29, Ch. 1087, Stats. 1996. Effective January 1, 1997.)

6593. (1) If the lessor is a California new motor vehicle dealer (as defined in Section 426 of the Vehicle Code), or a leasing company, the place of use of the leased vehicle shall be deemed to be the city in which the lessor’s place of business (as defined in Section 7205 and the regulations promulgated thereunder) is located.

(2) If a lessor, who is not a person described in paragraph (1), purchases the vehicle from a person as so described, the place of use of the leased vehicle shall be deemed to be the city in which the place of business (as defined in Section 7205 and the regulations promulgated thereunder) of the person from whom the lessor purchases the vehicle is located.

(3) The place of use as determined by this subdivision shall be the place of use for the duration of the lease contract, notwithstanding the fact that the lessor may sell the vehicle and assign the lease contract to a third party.

(b) Except as described in subdivision (a), this section shall not apply if the dealer or leasing company entering into the lease agreement is located outside of California.

(c)(1) The provisions of this section that are applicable to a California new motor vehicle dealer shall apply to lease transactions entered into on or after January 1, 1996.

(2) The provisions of this section, applicable to a leasing company, shall apply to lease transactions entered into on or after January 1, 1999.

(d) As used in this section, the following definitions shall apply:

(1) “City” means a city, city and county, or county.

(2) “Motor vehicle” means any self-propelled passenger vehicle (other than a house car) or pickup truck rated less than one ton.

(3) “Leasing company” means a motor vehicle dealer (as defined in Section 285 of the Vehicle Code), that complies with all of the following:

Amounts received by lessors attributable to capitalized cost reductions or amounts paid by a lessee upon his or her exercising an option shall not be considered in determining whether a lessor has annual receipts of fifteen million dollars ($15,000,000) or more.

(e) If the lessor is not a dealer described in paragraph (1) of subdivision (a), or a person who is described in paragraph (2) of subdivision (a) as purchasing from a dealer, the use tax shall be reported to and distributed through the countywide pool of the county in which the lessee resides.

CHAPTER 1. MOTOR CARRIERS OF PROPERTY PERMIT FEE
(Added Sec. 48, Ch. 1042, Stats. 1996. Effective September 29, 1996.)

§7231. (a) This chapter may be cited as the Motor Carriers of Property Permit Fee Act.

(b) The Legislature finds and declares that a safe and efficient transportation system is essential to the welfare of the state, and an important part of the system is service rendered by motor carriers of property.

(Amended Sec. 6, Ch. 652, Stats. 1997. Effective January 1, 1998.)

§7232. (a) Every motor carrier of property shall annually pay a permit fee to the Department of Motor Vehicles. The fees contained in this section are due and shall be paid by each carrier at the time of application for an initial motor carrier permit, and upon annual renewal, with the Department of Motor Vehicles, pursuant to the Motor Carriers of Property Permit Act, as set forth in Division 14.85 (commencing with Section 34600) of the Vehicle Code. The Department of Motor Vehicles may, upon initial application for a motor carrier permit, assign an expiration date not less than six months, nor more than 18 months, from date of application, and may charge one-twelfth of the annual fee for each month covered by the initial permit. The fee paid by each motor carrier of property shall be based on the number of commercial motor vehicles operated in California by the motor carrier of property.

(b) As used in this chapter, “motor carrier of property” means any person who operates any commercial motor vehicle as defined in subdivision (d). “Motor carrier of property” does not include a household goods carrier, as defined in Section 5109 of the Public Utilities Code, a household goods carrier transporting used office, store, and institution

furniture and fixtures under its household goods carrier permits pursuant to Section 5137 of the Public Utilities Code, persons providing only transportation of passengers, or a passenger stage corporation transporting baggage and express upon a passenger vehicle incidental to the transportation of passengers.

(c) As used in this chapter, “for-hire motor carrier of property” means a motor carrier of property, as defined in subdivision (b), who transports property for compensation.

(d) As used in this chapter, “commercial motor vehicle” means any self-propelled vehicle listed in subsections (a), (b), (f), (g), and (k) of Section 34500 of the Vehicle Code, any motor truck of two or more axles that is more than 10,000 pounds gross vehicle weight rating, and any other motor vehicle used to transport property for compensation. “Commercial motor vehicle” does not include vehicles operated by household goods carriers, as defined in Section 5109 of the Public Utilities Code, vehicles operated by household goods carriers to transport used office, store, and institution furniture and fixtures under their household goods carrier permit pursuant to Section 5137 of the Public Utilities Code, pickup trucks as defined in Section 471 of the Vehicle Code, two-axle daily rental trucks with gross vehicle weight ratings less than 26,001 pounds when operated in noncommercial use or a motor truck or two-axle truck trailer operated in noncommercial use with a gross vehicle weight rating (GVWR) of less than 26,001 pounds used solely to tow a camp trailer, trailer coach, fifth wheel travel trailer, or utility trailer.

(e) The “number of commercial motor vehicles operated by the motor carrier of property” as used in this section means all of the commercial motor vehicles owned, registered to, or leased by the carrier. For interstate and foreign motor carriers of property the fees set forth in subdivision (a) shall be apportioned based on the percentage of fleet miles traveled in California in intrastate commerce. In the absence of records to establish intrastate fleet miles, the fees set forth in subdivision (a) shall be apportioned on total fleet miles traveled in California.

(f) For purposes of this chapter, “private carrier” means a motor carrier of property, as defined in subdivision (b), who does not transport any goods or property for compensation.

(g) (1) Fees contained in this chapter shall not apply to a motor carrier of property while engaged solely in interstate or foreign transportation of property by motor vehicle. A motor carrier of property shall not engage in any interstate or foreign transportation of property for compensation by motor vehicle on any public highway in this state without first having registered the operation with the Department of Motor Vehicles or with the carrier’s base registration state, if other than California, as determined in accordance with final regulations issued pursuant to the Federal Unified Carrier Registration Act of 2005 (P.L.109-59). To register with the Department of Motor Vehicles, carriers specified in this subdivision shall comply with the following:

(A) When the operation requires authority from the Federal Motor Carrier Safety Administration under the Federal Unified Carrier Registration Act of 2005 (P.L.109-59), or authority from another federal regulatory agency, a copy of that authority shall be filed with the initial application for registration. A copy of any additions or amendments to the authority shall be filed with the Department of Motor Vehicles.

(B) If the operation does not require authority from the Federal Motor Carrier Safety Administration under the Federal Unified Carrier Registration Act of 2005 (P.L.109-59), or authority from another federal regulatory agency, an affidavit of that exempt status shall be filed with the application for registration.

(2) The Department of Motor Vehicles shall grant registration upon the filing of the application pursuant to applicable law and the payment of any applicable fees, subject to the carrier’s compliance with this chapter.

(3) This subdivision does not apply to household goods carriers, as defined in Section 5109 of the Public Utilities Code, and motor carriers engaged in the transportation of passengers for compensation.

(Added Sec. 1, Ch. 66, Stats. 2007. Effective January 1, 2008.)

7233. No city, county, or city and county, shall assess, levy, or collect an excise or license tax of any kind, character, or description whatever upon the transportation business conducted on or after the effective date of this chapter, by any for-hire motor carrier of property.

(Amended Sec. 48, Ch. 1042, Stats. 1996. Effective September 29, 1996.)

7234. (a) The uniform business license tax fee imposed by this chapter is in lieu of all city, county, or city and county excise or license taxes of any kind, character, or description whatever, upon the transportation business of any for-hire motor carrier of property.

(b) This section does not prohibit the imposition by any city, county, or city and county, of any excise or license tax authorized under Division 2 (commencing with Section 6001).

(Added Sec. 48, Ch. 1042, Stats. 1996. Effective September 29, 1996.)

7235. (a) The Safety Fee imposed by this chapter shall be paid by all motor carriers of property, as defined in Section 34601 of the Vehicle Code.

(b) This section shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

(Amended and Repealed Sec. 1, Ch. 500, Stats. 2013. Effective January 1, 2014.)

(NOTE: The preceding section is repealed January 1, 2016, at which time the following section becomes operative.)

7235. (a) The Safety Fee and Carrier Inspection Fee imposed by this chapter shall be paid by all motor carriers of property, as defined in Section 34601 of the Vehicle Code.

(b) This section shall become operative on January 1, 2016.

(Added Sec. 2, Ch. 500, Stats. 2013. Effective January 1, 2016.)

7236. (a) Uniform business license tax fee payments collected by the Department of Motor Vehicles pursuant to Section 7232 shall be deposited in the State Treasury to the credit of the General Fund. All other funds collected by the Department of Motor Vehicles pursuant to Section 7232 shall be deposited in the State Treasury to the credit of the Motor Vehicle Account in the State Transportation Fund. The following fees shall be paid to the department:

(1) For-hire motor carriers of property shall pay, according to the following schedule, fees indicated as the safety fee and uniform business license tax fee, based on the size of their motor vehicle fleet.

(2) Private carriers of property with a fleet size of 10 or less motor vehicles shall pay a fee of thirty-five dollars ($35). Private carriers of property with a fleet size of 11 or more motor vehicles shall pay, according to the following schedule, fees indicated as the safety fee and uniform business license tax fee, based on the size of their motor vehicle fleet. Any carrier that does not pay a uniform business license tax fee shall not operate as a for-hire motor carrier.

(3) A seasonal permit may be issued to a motor carrier of property upon payment of fees indicated as the safety fee and one-twelfth of the fee indicated as the uniform business license tax fee, rounded to the next dollar, for each month the permit is valid. The original seasonal permit shall be valid for a period of not less than six months, and may be renewed upon payment of a five-dollar ($5) fee, and one-twelfth of the fee indicated as a uniform business license tax fee for each additional month of operation.
§7236.

(a) Uniform business license tax fee payments collected by the Department of Motor Vehicles pursuant to Section 7232 shall be deposited in the State Treasury to the credit of the General Fund. All other funds collected by the Department of Motor Vehicles pursuant to Section 7232 shall be deposited in the State Treasury to the credit of the Motor Vehicle Account in the State Transportation Fund. The following fees shall be paid to the department:

(1) For-hire motor carriers of property shall pay, according to the schedule in subdivision (c), fees indicated as the safety fee, Carrier Inspection Fee, and uniform business license tax fee, based on the size of their motor vehicle fleet.

(B) Private carriers of property shall pay, according to the schedule of fees in subdivision (c), fees indicated as the carrier inspection fee based on the size of the motor vehicle fleet.

(b) "Fleet size" as used in this section, does not include vehicles described in subdivision (e) of Section 34500.

(d) Failure to pay fees required by this section, within the appropriate timeframe, shall result in additional delinquent fees as follows:

(1) For a delinquency period of more than 30 days and less than one year, the penalty is 60 percent of the required fee.

(2) For a delinquency period of one to two years, the penalty is 80 percent of the required fee.

(3) For a delinquency period of more than two years, the penalty is 160 percent of the required fee.

(e) Funds derived from safety fees, including delinquency fees, shall remain in the Motor Vehicle Account in the State Transportation Fund and shall be available for appropriation by the Legislature to cover costs incurred by the Department of Motor Vehicles and the Department of the California Highway Patrol in regulating and inspecting motor carriers of property pursuant to Division 14.8 (commencing with Section 34500) and Division 14.85 (commencing with Section 34600) of the Vehicle Code.

(f) All Carrier Inspection Fees, including delinquency fees, collected pursuant to this section shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the
Carrier Inspection Fees collected shall be made available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and roadside safety inspections required by Section 34514 of the Vehicle Code.

(q) It is the intent of the Legislature that the fee schedule established in subdivision (c) shall not discriminate against small fleet or individual vehicle operators or result in a disproportionate share of those fees being assigned to small fleet or individual vehicle operators. It is further the intent of the Legislature that the amount made available for appropriation pursuant to subdivision (f) shall fully defray the costs of the department for the purposes of the truck terminal inspections conducted pursuant to Section 34501.12 of the Vehicle Code and roadside safety inspections required by Section 34514 of the Vehicle Code.

(b) Commencing January 30, 2017, and every five years thereafter, the Department of the California Highway Patrol shall report to the Department of Motor Vehicles the amount that the Department of the California Highway Patrol expended in the previous fiscal year to conduct the inspections and otherwise administer the requirements of Section 34501.12 and 34514 of the Vehicle Code. The Department of Motor Vehicles shall compare this amount to the revenue it collected, net of its collection costs, during the same fiscal year from carrier inspection fees received pursuant to this section. Based on this comparison, the Department of Motor Vehicles shall, effective July 1, 2017, and every five years thereafter, adjust the carrier inspection fee specified in subdivision (c) to ensure that the net revenues from the carrier inspection fee are sufficient to cover the Department of the California Highway Patrol’s reasonable costs for the activities described in this subdivision.

(i) This section shall become operative on January 1, 2016.

(Added Sec. 4, Ch. 500, Stats. 2013. Operative January 1, 2016.)

CHAPTER 2. MOTOR CARRIER SAFETY IMPROVEMENT FUND

(Added Sec. 48, Ch. 1042, Stats. 1996. Effective September 29, 1996.)

Other provisions of this article and Article 1 (commencing with Section 8751) of Chapter 4 do not apply to the holder of a California fuel trip permit who uses only fuel brought into this state in the fuel tank of a qualified motor vehicle and fuel purchased from, and delivered into, the fuel tank of the qualified motor vehicle by, a vendor. Any use tax paid to a vendor for fuel taken out of the state in the fuel tank of a qualified motor vehicle operated under a California fuel trip permit shall not be refunded to the holder of the permit, notwithstanding any other provisions of this part.

The board may enter into an interagency agreement with the Department of Motor Vehicles providing for the issuance of California fuel trip permits by that department.

(Added Sec. 17, Ch. 609, Stats. 1998. Effective January 1, 1999.)

The certificate may be issued after the payment of all amounts due under this part, according to the records of the board as of the date of the certificate, or after the payment of the amounts is secured to the satisfaction of the board.

An excise tax clearance certificate shall not be required to transfer the registered ownership of a passenger vehicle as defined in Section 465 of the Vehicle Code.

(Amended Ch. 260, Stats. 1979. Effective July 17, 1979.)

Before registration of any motor vehicle, the Department of Motor Vehicles shall ascertain from the applicant for registration, whether or not the motor vehicle sought to be registered is propelled by a fuel the use of which is subject to the excise tax imposed under this part. If the motor vehicle is propelled by the use of such a fuel, the department shall notify the board.

A license fee is hereby imposed for the privilege of operating upon the public highways in this state any vehicle of a type which is subject to registration under the Vehicle Code, or any trailer coach which is required to be moved under permit as authorized in Section 35790 of the Vehicle Code and which is not subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1. In the event any vehicle is modified or altered resulting in a decrease in the market value thereof of two hundred dollars ($200) or more as reported to and determined by the department, the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2.

(2) Paragraph (1) does not apply under any of the following conditions:

(Amended Sec. 10752.2, Ch. 35, Stats. 2011. Effective January 1, 2013.)

"Cost price" includes the value of any modifications made by the seller.

(b) Notwithstanding subdivision (a), the department shall not redetermine the market value of used vehicles, or modify the vehicle license fee classification of used vehicles determined pursuant to Section 10753.2, when the seller is the parent, grandparent, child, grandchild, or spouse of the purchaser, and the seller is not engaged in the business of selling vehicles subject to registration under the Vehicle Code, or when a lessor, as defined in Section 372 of the Vehicle Code, transfers title and registration of a vehicle to the lessee at the expiration or termination of a lease.

(6) Any court-imposed fine or penalty assessment, and any administrative service fee added thereto, that is subject to collection by the department.

(b) Any reference in this part to the department in connection with the duty to collect these amounts shall be deemed a reference to the Franchise Tax Board.
(c) The amounts collected under subdivision (a) may be collected in any manner authorized under the law as though they were a tax imposed under Part 10 (commencing with Section 17001) that is final, including, but not limited to, issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for earnings withholding order for taxes, Part 10 (commencing with Section 17001), 10.2 (commencing with Section 18401), or 10.7 (commencing with Section 21001), or any other applicable law shall apply for this purpose in the same manner and with the same force and effect as if the language of Part 10, 10.2, or 10.7, or the other applicable law is incorporated in full into this authority to collect these amounts, except to the extent that the provision is either inconsistent with the collection of these amounts or is not relevant to the collection of these amounts.

(d) Even though the amounts authorized by this section are collected as though they are taxes, amounts so received by the Franchise Tax Board shall be deposited into an appropriate fund or account upon agreement between the Franchise Tax Board and the department. The amounts shall be distributed by the department from the appropriate fund or account in accordance with the laws providing for the deposits and distributions as though the moneys were received by the department.

(e) For any collection action under this section, the Franchise Tax Board may utilize the contract authorization, procedures, and mechanisms available either with respect to the collection of taxes, interest, additions to tax, and penalties pursuant to Section 18837 or 19376, or with respect to the collection of the delinquencies by the department immediately prior to the time this section takes effect.

(f) The Legislature finds that it is essential for fiscal purposes that the program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any standard, criteria, procedure, determination, rule, notice, or guideline established or issued by the Franchise Tax Board in implementing and administering the program required by this section.

(g) Any standard, criteria, procedure, determination, rule, notice, or guideline, that is not subject to the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code pursuant to subdivision (f), shall be approved by the Franchise Tax Board, itself.

(h) The Franchise Tax Board may enter into any agreements or contracts necessary to implement and administer the provisions of this section. The Franchise Tax Board in administering this section may delegate collection activities to the department. Any contracts may provide for payment of the contract on the basis of a percentage of the amount of revenue realized as a result of the contractor’s services under that contract. However, the Franchise Tax Board, in administering this part, may not enter into contracts with private collection agencies as authorized under Section 19377.

10879. In the case of leased vehicles, for purposes of Section 10877, this section, and Article 6 (commencing with Section 9800) of Chapter 6 of Division 3 of the Vehicle Code, the following shall apply:

(a) (1) Except as provided in subdivision (b), in the event the lessor designates the address of the lessee under subdivision (a) of Section 4453.3 of the Vehicle Code and provides the Department of Motor Vehicles with the address of the lessor, at a time and in the form and manner required by the department, the lessee shall be solely liable for the following, and any interest, penalties, or service fees added thereto:

(A) Penalties resulting from the delinquent registration of the leased vehicle.

(B) Penalties for offenses relating to the standing or parking of a vehicle for which a notice of parking violation has been served on the owner.

(C) Any court-imposed fines or penalty assessments that are subject to collection by the department.

(2) Except as provided in paragraph (3), the lien described in Section 9800 of the Vehicle Code shall remain in full force and effect for all unpaid penalties, fines, and fees described in this subdivision, including related interest, if any.

(3) Upon a bona fide sale or transfer of the vehicle, the lien on the vehicle being sold or transferred shall be released if the lessor has paid the registration and license fees within 30 days after the lessor is issued notice and demand by the Franchise Tax Board in accordance with subdivision (b).

(4) Any amount that is owed by the lessee under paragraph (1) at the time the lien is released in accordance with paragraph (3) shall constitute a lessee liability enforceable under Section 9805 of the Vehicle Code and collectible in accordance with Section 10878 of this code.

(b) If, within 30 days after notice and demand is issued to the lessor by the Franchise Tax Board, the lessor fails to pay the registration and license fees required to register the vehicle, all of the following shall apply to the lessor:

(1) The lessor shall remain solely liable for those registration and license fees.

(2) The lessor shall be jointly and severally liable with the lessee for the amounts described in paragraph (1) of subdivision (a).

(3) The lessor shall not be subject to relief under Section 4760 or 9561 of the Vehicle Code or any other law.

Refunds

10901. Whenever the department or the Department of Housing and Community Development erroneously collects any license fee or portion of a fee not required to be paid under this part, or erroneously applies any offset provided under this part, the erroneously collected amount shall be refunded to the person paying it upon application therefor made within three years after the date of the payment. If the department or the Department of Housing and Community Development discovers an error, it may make a refund in the absence of an application therefor.

(Amended Sec. 4, Ch. 322, Stats. 1998. Effective August 20, 1998.)

10902. (a) In the event of a constructive total loss, in which the repair value exceeds the market value of the vehicle less the anticipated salvage value, or a nonrepairable vehicle, or an unrecovered total loss, due to a theft, of a vehicle, the in-lieu fee portion of the vehicle license fee that has been paid, less any offset provided in Section 10754, shall be refunded to the current registered owner (the owner of the salvage value of the vehicle), or credited against the vehicle license fee owed on the owner’s replacement vehicle. The amount refunded or credited shall be based upon one-twelfth of the annual in-lieu fee, less any offset provided by Section 10754, for each full month that remains until the registration expires.

(b) No refund or credit may be made pursuant to this section unless the vehicle owner has signed a declaration under penalty of perjury that he or she has not been cited or convicted of violating Section 23152 or 23153 of the Vehicle Code (relating to driving under the influence of alcohol or drugs) or Section 23103 as specified in Section 23103.5 of that code (which involves a substitute for an original citation of driving under the influence) in connection with the owner’s vehicle loss. If the owner has been cited under any of these code sections, the owner shall be entitled to the refund or credit upon presentation of either proof of dismissal of the citation or a finding of not guilty.

(c) The Department of Motor Vehicles shall charge to vehicle owners requesting a refund or credit pursuant to this section a service fee in the amount of fifteen dollars ($15) to cover the administrative costs of processing the request.

(d) In the case of a request for refund or credit with respect to a stolen vehicle, the vehicle owner may not be entitled to a refund or
credit prior to 60 days from the date the theft of the vehicle is reported to the police. If a refund is received or a credit is applied to another vehicle and the stolen vehicle is subsequently recovered, the owner shall return the amount refunded or credited. If the owner receives a refund or credit, and the destroyed or stolen vehicle is scrapped and subsequently repaired by another person, the new owner shall pay the full vehicle license fee.

(e) The Department of Motor Vehicles shall adopt regulations for the administration of the refunds and credits provided by this section.

(Amended Sec. 2, Ch. 719, Stats. 2003. Effective January 1, 2004.)

(b) The amount of any penalties collected by the department, as provided in Sections 9553 and 9554 of the Vehicle Code and Sections 10770 and 10854 of this code, shall, for purposes of subdivision (a), be deemed to be a percentage of the total fees allocated under this section and under Section 42270 of the Vehicle Code equal to that percentage of the weight fee, registration fee, and vehicle license fee obtained when applying the total of these fees collected, excluding use tax, against the individual weight fees, registration fees, and vehicle license fees collected on each application. Penalties which cannot be allocated in accordance with this subdivision shall be allocated according to subdivision (c).

(c) The amount of any penalties collected by the department, as provided in Sections 9553 and 9554 of the Vehicle Code and Sections 10770 and 10854 of this code which cannot be allocated pursuant to subdivision (b), shall, for purposes of subdivision (a), be deemed to be a percentage of the total fees allocated under this section and under Section 42270 of the Vehicle Code equal to that percentage of the ratio based on the fees previously allocated under this section and under Section 42270 of the Vehicle Code in the fiscal year preceding the calendar year for which the penalties are to be allocated. That ratio shall be reevaluated periodically and shall be adjusted to reflect any change in the fee structure that may be provided in this code or in Division 3 (commencing with Section 4000) of the Vehicle Code.

(Amended Ch. 123, Stats. 1984. Effective January 1, 1985.)

(B) On and after July 1, 2011, allocated pursuant to subdivision (a) of Section 11005.

(2) For the period beginning on and after July 1, 2003, and ending on February 29, 2004, the Controller shall deposit an amount equal to 28.07 percent of the moneys collected by the department under this part in the State Treasury to the credit of the Local Revenue Fund. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.

(b) (1) Notwithstanding Section 11001, net funds collected as a result of procedures developed for greater compliance with vehicle license fee laws in order to increase the amount of vehicle license fee collections shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Vehicle License Collection Account of the Local Revenue Fund as established pursuant to Section 17600 of the Welfare and Institutions Code. (B) Fifty percent shall be paid to the counties and cities and counties in the proportion that the population of each county or city and county bears to the total population of all cities and counties, as determined by the population research unit. For purposes of this subparagraph, the population of each county or city and county is that population determined by the last federal census, or a subsequent census validated by the population research unit.

(2) The amendments made to this section by the act that added this paragraph are operative upon the enactment of that act. (d) Notwithstanding any other provision of law, both of the following apply:

(2) It is the intent of the Legislature that the total amount deposited by the Controller in the State Treasury to the credit of the Local Revenue Fund for the 2003-04 fiscal year be equal to the total amount that would have been deposited to the credit of the Local Revenue Fund if paragraph (1) of subdivision (a) was applied during that entire fiscal year. The department shall calculate and notify the Controller of the adjustment amounts that are required by this paragraph to be deposited in the State Treasury to the credit of the Local Revenue Fund. The amounts deposited in the State Treasury to the credit of the Local Revenue Fund pursuant to this paragraph shall be deemed to have been deposited during the 2003-04 fiscal year.

11003. (a) Subject to subdivision (b), the Legislature shall annually determine and appropriate an amount for the use of the Department of Motor Vehicles and the Franchise Tax Board for the enforcement of this part.
(b) For the 2011-12 fiscal year, twenty-five million dollars ($25,000,000) shall be deemed to be the cost to the Department of Motor Vehicles of collecting the motor vehicle license fees that are collected with the motor vehicle registration fees and other fees.
(Amended Sec. 8, Ch. 35, Stats. 2011. Effective June 30, 2011.)

11004.5. The Controller shall deduct from the allocations he would otherwise make pursuant to Section 11005, the amounts chargeable to each city, county, and city and county under Section 40516 of the Vehicle Code, and transfer that amount to the Motor Vehicle Fund in augmentation of the funds available for the support of the Department of California Highway Patrol.

11005. After payment of refunds therefrom and after making the deductions authorized by Section 11003 and reserving the amount determined necessary by the Pooled Money Investment Board to meet the transfers ordered or proposed to be ordered pursuant to Section 16310 of the Government Code, the balance of all motor vehicle license fees and any other money appropriated by law for expenditure pursuant to this section, deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, and remaining unexpended in that account at the close of business on the last day of the calendar month, shall be allocated by the Controller by the 10th day of the following month in accordance with the following:

Moneys allocated to the County of Orange under this subdivision shall be used first for the service of indebtedness as provided in paragraph (I) of subdivision (a) of Section 11001.5. Any amounts in excess of the amount required for this service of indebtedness may be used by that county for any lawful purpose.
(2) Second, to each city, the population of which is determined under Section 11005.3 on August 5, 2004, in an amount equal to the additional amount of vehicle license fee revenue, including offset transfers, that would be allocated to that city under Sections 11000 and 11005, as those sections read on January 1, 2004, as a result of that city’s population being determined under subdivision (a) or (b) of Section 11005.3.
(3) Third, to each city that was incorporated from an unincorporated territory after August 5, 2004, in an amount equal to the product of the following two amounts:
(A) The quotient derived from the following fraction:
(i) The numerator is the product of the following two amounts:
(I) Fifty dollars ($50) per year.
(ii) The fraction determined as the total amount of vehicle license fee revenue collected during the most recent fiscal year divided by the total amount of vehicle license fee revenue collected during the 2004-05 fiscal year.

(B) The fraction determined as the total amount of vehicle license fee revenue collected during the most recent fiscal year divided by the total amount of vehicle license fee revenue collected during the 2004-05 fiscal year.
(ii) The denominator is the fraction determined as the actual population, as defined in subdivision (e) of Section 11005.3, of all cities during the most recent fiscal year, divided by the actual population, as defined in subdivision (e) of Section 11005.3, of all cities in the 2004-05 fiscal year.
(B) The actual population, as defined in subdivision (e) of Section 11005.3, residing in areas annexed after August 5, 2004, as of the date of annexation.
(5) Fifth, to the cities and counties of this state in the proportion that the population of each city or county bears to the total population of all cities and counties in this state, as determined by the Demographic Research Unit of the Department of Finance. For the purpose of this subdivision, the population of each city or county shall be determined in accordance with Section 11005.3.
(Added Sec. 9, Ch. 35, Stats. 2011. Effective June 30, 2011.)

11005.1. (a) Any city or city and county may expend any money received by it pursuant to Section 11005 for:
(1) Planning, acquiring, constructing, operating, or maintaining a rapid transit system itself or jointly with one or more other cities, counties, cities and counties, or public rapid transit districts, agencies, or authorities; or
(2) Making contributions to any public rapid transit district, agency, or authority exercising jurisdiction within the city or city and county for use in planning, acquiring, constructing, operating, or maintaining a rapid transit system.

(Added Ch. 1852, Stats. 1963.)

11005.5. The payments provided under Section 11005 shall not be made to any incorporated city which has not held an election of municipal officers within a period of 10 years preceding the date of such payment. Payments hereofore accumulated on behalf of any such city shall be apportioned to all other cities in the manner provided by Section 11005.
(Added Ch. 854, Stats. 1953.)

11005.6. Any city, county, or city and county may apply to the population research unit of the Department of Finance to estimate its population. The department may make the estimate if in the opinion of the department there is available adequate information upon which to base the estimate. Not less than 25 days nor more than 30 days after the completion of the estimate, the Department of Finance shall file a certified copy thereof with the Controller if the estimate is greater than the current certified population. Such a certification may be made once each fiscal year.
All payments under Section 11005 for any allocation subsequent to the filing of the estimate shall be based upon the population so estimated until a subsequent certification is made by the Department of Finance or a subsequent federal decennial census is made.
Population changes based on a federal or state special census or estimate validated by the Department of Finance shall be accepted by the Controller only if certified to him or her at the request of the Department of Finance. The request shall be made only if the census or estimate is greater than the current certified population and shall become effective on the first day of the month following receipt of the certification.
The Department of Finance may assess a reasonable charge, not to exceed the actual cost thereof, for the preparation of population estimates pursuant to this section, which is a proper charge against the city, county, or city and county applying therefor. The amount received shall be deposited in the State Treasury as a reimbursement to be credited to the appropriation from which the expenditure is made.
As of May 1, 1988, any population estimate prepared by the Department of Finance pursuant to Section 2227 may be used for all purposes of this section unless a written request not to certify is received by the department from the city, city and county, or county within 25 days of completion of the estimate.
(Added Ch. 154, Stats. 1988. Effective January 1, 1989.)

11006. (a) Commencing on December 31, 2001, the Controller, in consultation with the Department of Motor Vehicles and the Department of Finance, shall recalculate the distribution of the amount of motor vehicle license fees paid by commercial vehicles that are subject to Section 9400.1 of the Vehicle Code and transfer the following sums from the General Fund in the following order:

(2) An amount sufficient to continue allocations to the State Treasurer to the credit of the Vehicle License Fee Account of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code, which would be in the same amount had the amendments made by the act that added this section to Section 10752 of the Revenue and Taxation Code not been enacted, which shall be deposited in the State Treasurer to the credit of the Vehicle License Fee Account of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code. This paragraph shall be inoperative commencing with the 2010-11 fiscal year.
(3) An amount sufficient to continue allocations to the State Treasurer to the credit of the Vehicle License Fee Growth Account of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code.

(b) The balance of any fund not otherwise allocated pursuant to subdivision (a) shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.
(c) In enacting paragraphs (1) and (4) of subdivision (a), the Legislature declares that paragraphs (1) and (4) of subdivision (a), shall not be construed to obligate the State of California to make any payment to a city, city and county, or county from the Motor Vehicle License Fee Account in the Transportation Tax Fund in any amount or pursuant to any particular allocation formula, or to make any other payment to a city, city and county, or county, including, but not limited to, any payment in satisfaction of any debt or liability incurred or so
guaranteed if the State of California had not so bound itself prior to the enactment of this section.
(d) Notwithstanding subdivisions (a) and (b), on and after July 1, 2010, that amount equal to the amount that would have been transferred pursuant to paragraph (2) of subdivision (a) had the act adding this subdivision not been enacted, shall not be transferred from the General Fund.

Local Vehicle License Fees

11101. This part is applicable only in a county which has adopted a general plan providing for a network of county expressways and has financed the first phase of the construction of such highways from a county highway bond issue totaling at least seventy million dollars ($70,000,000). This part is necessary to provide needed revenue to continue further construction of such an expressway system without increasing the property tax.

11102. As used in this part, “department” means the Department of Motor Vehicles.

11103. Notwithstanding the provisions of Section 10758 of this code, the board of supervisors of a county may, by ordinance, adopt a vehicle license fee pursuant to this part. After a local vehicle license fee has been levied pursuant to this part, it may not be collected more than twice unless the board of supervisors shall have submitted to the voters at a general or special election and at least a majority of those voting have voted affirmatively on the following question:

“Shall the local vehicle license fee be continued as the means to finance the county expressway program?”

11104. No vehicle license fee ordinance adopted pursuant to this part shall be effective for any calendar year prior to 1968, nor unless it is adopted and a certified copy thereof delivered to the Department of Motor Vehicles at least four months prior to the first day of January for the calendar year for which it is to be operative.

11105. A vehicle license fee ordinance adopted pursuant to this part may be repealed by action of the board of supervisors of the county. A repeal of any vehicle license fee ordinance adopted pursuant to this part shall not be effective for any calendar year unless the board of supervisors takes action to repeal the ordinance at least four months prior to the first day of January the year for which it is to be repealed.

11106. The vehicle license fee ordinance adopted under this part shall be imposed for the privilege of operating upon the public highways in the county any vehicle of a type which is subject to registration under the Vehicle Code unless specifically exempted under the terms of the ordinance, and shall include provisions in substance as follows:

(a) A provision fixing the annual amount of the license fee which shall be an amount not exceeding ten dollars ($10) for every vehicle of a type subject to registration under the Vehicle Code. The ordinance may provide a different fee for any class of vehicles provided no fee shall exceed ten dollars ($10) per vehicle.

(b) Provisions identical to those contained in Part 5 (commencing with Section 10701) of Division 2 of this code, insofar as they relate to vehicle license fees and are applicable, except that the name of the county as the taxing agency shall be substituted for that of the state, and that the term “vehicle of a type subject to registration under the Vehicle Code” does not include (1) any vehicle in the inventory of vehicles held for sale by a manufacturer, distributor or dealer in the course of his business until such time as the vehicle is sold, (2) any trailer coach, or (3) any class of vehicles specifically made exempt from the vehicle license fees authorized by this part by the terms of the ordinance imposing such fees.

(c) A provision that all amendments, subsequent to the effective date of the county vehicle license fee ordinance, to Part 5 (commencing with Section 10701) of Division 2 of this code relating to vehicle license fees and not inconsistent with this part, shall automatically become a part of the county vehicle license fee ordinance.

(d) A provision that the county contract with the Department of Motor Vehicles to perform all functions incident to the administration or operation of the vehicle license fee ordinance of the county.

(e) A provision that the vehicle license fee ordinance shall become operative on the first day of January of the year next succeeding the year in which the ordinance is adopted subject to the provisions of Section 11104.

(f) A provision that the total revenue derived from any vehicle license fee ordinance, less any costs charged by the Department of Motor Vehicles for its services, shall be distributed to the county for the construction (as defined in Section 29 of the Streets and Highways Code) of a county expressway system or the select system of a county.

11107. All vehicle license fees shall be collected by the Department of Motor Vehicles pursuant to a contract with the county and shall be transmitted to the county by the department periodically as promptly as feasible, and the department shall charge the county for the department’s services specified in this section and Section 11106 such amount as will reimburse the department for the actual additional cost to it in rendering the services. Refunds to licensees pursuant to Part 5 of Division 2 of this code as incorporated in the vehicle license fee ordinance shall be made and administered as provided in such contract.

(Added Ch. 1221, Stats. 1967. Effective August 17, 1967.)

11108. A person shall, for the purposes provided in this part, be presumed to be operating a vehicle on the public highways only in the county of residence as it is reflected in the registration records of the Department of Motor Vehicles and he shall be subject to a vehicle license fee under this part only in that county. The department is authorized to establish administrative procedures for the collection of vehicle license fees. Local Vehicle License Fee Surcharge

11151. (a) For purposes of this part, “department” means the Department of Motor Vehicles.

(b) For purposes of this part, “county” means the City and County of San Francisco.

11152. The county may impose a local vehicle license fee surcharge if both of the following occur:

(a) The board of supervisors finds both of the following:
(1) That there is traffic congestion within the county that can be alleviated by the operation of public transit and that the cost of funding public transit exceeds the revenues to be collected from a vehicle license fee surcharge.
(2) That the imposition of the vehicle license fee surcharge will reduce the need for any public transit fare increases during the period that the vehicle license fee surcharge is in effect.

(b) The ordinance or resolution proposing the surcharge is adopted by two-thirds of the voters of the county voting on the issue.

11152.5. If public transit fares are increased at any time while the vehicle license fee surcharge authorized by this part is in effect, the surcharge may not continue to be imposed.
This part shall become inoperative on the date those fares are increased and shall be repealed on January 1 next following that date. The board of supervisors shall notify the department of any increase in public transit fares occurring while the surcharge is in effect.

11153. A vehicle license fee surcharge ordinance or resolution adopted pursuant to this part shall be operative on January 1 of the year following adoption of the ordinance or resolution. A local vehicle license fee surcharge shall apply to any original registration occurring on or after that January 1, and to any renewal of registration with an expiration date on or after that January 1.

11154. The local vehicle license fee surcharge shall be imposed for the privilege of operating upon the public highways in the county any vehicle of a type that is subject to registration under the Vehicle Code, except those vehicles expressly exempted from payment of vehicle registration fees and commercial vehicles weighing more than 4,000 pounds, unladen, and shall include provisions in substance as follows:

(a) A provision that the annual amount of the local vehicle license fee surcharge shall be a sum equal to not more than 15 percent of the vehicle license fee imposed pursuant to Part 5 (commencing with Section 10701).

(b) A provision that the county contract prior to the effective date of the local vehicle license fee surcharge ordinance or resolution with the department to perform all functions incident to the administration or operation of the local vehicle license fee surcharge ordinance or resolution of the county.

(c) A provision that the revenue derived from any vehicle license fee surcharge ordinance or resolution imposed pursuant to this part shall be distributed to the county for use exclusively for the provision of public transit, including capital outlay, security, and maintenance costs, and including, but not limited to, removal of graffiti from public transit vehicles and facilities, and to pay the costs of compliance with subdivision (b) of Section 11152.

11155. All local vehicle license fee surcharge revenues, less refunds, collected by the department pursuant to a contract with a county, after deduction of the administrative costs incurred by the department in carrying out this part, shall be paid to that county.

11156. A person shall, for the purposes provided for in Section 11154, be presumed to be operating a vehicle on the public highways only in the county in which he or she resides, or, in the case of other than a natural person, only in the county in which the vehicle is principally garaged, and he or she shall be subject to a local vehicle license fee surcharge only in that county.

(Added Ch. 966, Stats. 1993. Effective January 1, 1994.)

17139.5. For taxpayers who were not allowed to deduct the vehicle smog impact fee imposed by Section 6262 when paid or incurred, any interest paid by this state in conjunction with the refund of the smog impact fee shall be excluded from gross income.

(Added Sec. 2, Ch. 31, Stats. 2000. Effective June 8, 2000.)
§97

STREETS AND HIGHWAYS CODE

97. (a) A state highway segment shall be designated by the department as a Safety Enhancement-Double Fine Zone if all of the following conditions have been satisfied:
(1) The highway segment is eligible for designation pursuant to subdivision (b).
(2) The Director of Transportation, in consultation with the Commission of the California Highway Patrol, certifies that the segment identified in subdivision (b) meets all of the following criteria:
(A) The highway segment is a conventional highway or expressway and is part of the state highway system.
(B) The rate of total collisions per mile per year on the segment under consideration has been at least 1.5 times the statewide average for similar roadway types during the most recent three-year period for which data are available.
(C) The rate of head-on collisions per mile per year on the segment under consideration has been at least 1.5 times the statewide average for similar roadway types during the most recent three-year period for which data are available.
(D) The Department of the California Highway Patrol or local agency having traffic enforcement jurisdiction, as the case may be, has concurred with the designation.
(E) The governing board of each city, or county with respect to an unincorporated area, in which the segment is located has by resolution indicated that it supports the designation.
(F) An active public awareness effort to change driving behavior is ongoing either by the local agency with jurisdiction over the segment or by another state or local entity.
(G) Other traffic safety enhancements, including, but not limited to, increased enforcement and other roadway safety measures, are in place or are being implemented concurrent with the designation of the Safety Enhancement-Double Fine Zone.
(b) The following segments are eligible for designation as a Safety Enhancement-Double Fine Zone pursuant to subdivision (a):
(1) State Highway Route 12 between the State Highway Route 80 junction in Solano County and the State Highway Route 5 junction in San Joaquin County.
(2) State Highway Route 42 between the junction of State Highway Route 42 and State Route 49 in Merced County and the junction of State Highway Route 42 and State Route 99 in Tulare County.
(3) Designation of a segment as a Safety Enhancement-Double Fine Zone by the department pursuant to subdivision (a) shall be done in writing and a written notification shall be provided to the court with jurisdiction over the area in which the highway segment is located. The designation shall be valid for a minimum of two years from the date of submission to the court.
(c) After the two-year period, and at least every two years thereafter, the department, in consultation with the Department of the California Highway Patrol, shall evaluate whether the highway segment continues to meet the conditions set forth in subdivision (a). If the segment meets those conditions, the department shall renew the designation in which case an updated notification shall be sent to the court. If the department, in consultation with the Department of the California Highway Patrol, determines that any of those conditions no longer apply to a segment designated as a Safety Enhancement-Double Fine Zone under this section, the department shall revoke the designation and the segment shall cease to be a Safety Enhancement-Double Fine Zone.
(d) A Safety Enhancement-Double Fine Zone is subject to the rules and regulations adopted by the department prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within a Safety Enhancement-Double Fine Zone.
(e) Increased penalties shall apply to violations under Section 42010 of the Vehicle Code only if appropriate signage is in place pursuant to this subdivision.
(f) If designation as a Safety Enhancement-Double Fine Zone is revoked pursuant to subdivision (d), the department shall be responsible for removal of all signage placed pursuant to this subdivision.
(g) Safety Enhancement-Double Fine Zones do not increase the civil liability of the state or local agency having jurisdiction over the highway segment under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.
(1) Only the base fine shall be enhanced pursuant to this section.
(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.
(h) The projects specified as a Safety Enhancement-Double Fine Zone shall not be elevated in priority for state funding purposes.
(i) The requirements of subdivision (a) shall not apply to the Safety Enhancement-Double Fine Zone established prior to the effective date of this subdivision pursuant to Section 97.4 or to the Safety Enhancement-Double Fine Zones established pursuant to Section 97.5.
(j) The department shall conduct an evaluation of the effectiveness of all double fine zones, except those designated pursuant to Section 97.5, that will terminate the same calendar year and submit its findings in one report to the Assembly Committee on Transportation and the Senate Committee on Transportation and Housing one year prior to the termination of the double fine zones. The report shall include a recommendation on whether the zones should be reauthorized by the Legislature.

(Amended Sec. 1, Ch. 121, Stats. 2008. Effective January 1, 2009.)

127. The California Highway Patrol shall cooperate with the department in the enforcement of the closing, or restriction of use, of any State highway.

Divided Highways: Traffic Regulation

145. The department is authorized to lay out and construct local service roads on and along any state highway where there is particular danger to the traveling public of collision due to vehicles entering the highway from the side thereof and to divide and separate any service road from the main thoroughfare by raised curbs or dividing sections or by other appropriate devices.

It is unlawful for any person to drive any vehicle into the main thoroughfare from any service road except through an opening in the dividing curb or dividing section or dividing line.

The California Highway Patrol and all peace officers from local law enforcement agencies may enforce the provisions of this chapter with respect to highways under their respective jurisdiction and shall cooperate with the department to that end. Whenever any member of the California Highway Patrol or any peace officer from a local law enforcement agency removes a vehicle from a highway under the provisions of this section, then all of the provisions of Article 3 (commencing with Section 22850), Chapter 10, Division 11 of the Vehicle Code with reference to the removal of a vehicle from a highway shall be applicable.

This section does not prohibit a seller from taking orders or delivering any commodity from a vehicle on that part of any state highway immediately adjacent to the premises of the purchaser; prohibit any owner or operator of a vehicle, or a mechanic, from servicing, repairing or otherwise working upon any vehicle which is temporarily disabled in a manner and to an extent that it is impossible to avoid stopping that vehicle within the highway; or prohibit coin-operated public

Operators shall be required to possess a valid California driver's license and to comply with the financial responsibility requirements established pursuant to Chapter 1 (commencing with Section 16000) of Division 7.
(d) (1) Restrictions limiting the operation of golf carts to separated golf cart lanes on those roadways identified in the transportation plan, and allowing only those golf carts that have been retrofitted with the safety equipment specified in the plan to be operated on separated golf cart lanes of approved roadways in the plan area.

Subject to the orders of the juvenile court, a juvenile hearing officer may hear and dispose of any case in which a minor under the age of 18 years as of the date of the alleged offense is charged with (1) any violation of the Vehicle Code, except Section 23136, 23140, 23152, or 23153 of that code, not declared to be a felony, (2) a violation of subdivision (m) of Section 602 of the Penal Code, (3) a violation of the Fish and Game Code not declared to be a felony, (4) a violation of any of the equipment provisions of the Harbors and Navigation Code or the vessel registration provisions of the Vehicle Code, (5) a violation of any provision of state or local law relating to traffic offenses, loitering or curfew, or evasion of fares on a public transportation system, as defined by Section 99211 of the Public Utilities Code, (6) a violation of Section 27176 of the Streets and Highways Code, (7) a violation of Section 640 or 640a of the Penal Code, (8) a violation of the rules and regulations established pursuant to Sections 5003 and 5008 of the Public Resources Code, (9) a violation of Section 33211.6 of the Public Resources Code, (10) a violation of Section 25658, 25658.5, 25661, or 25662 of the Business and Professions Code, (11) a violation of subdivision (f) of Section 647 of the Penal Code, (12) a misdemeanor violation of Section 594 of the Penal Code, involving defacing property with paint or any other liquid, (13) a violation of subdivision (b), (d), or (e) of Section 594.1 of the Penal Code, (14) a violation of subdivision (b) of Section 11357 of the Health and Safety Code, (15) any infraction, (16) any misdemeanor for which the minor is cited to appear by a probation officer pursuant to subdivision (f) of Section 660.5, or (17) a violation of subdivision (b) of Section 601 that is due to having four or more truancies, as described in Section 48260 of the Education Code, within one school year.

(Amended Sec. 1, Ch. 898, Stats. 2014. Effective January 1, 2015.)

257. (a) (1) Except in the case of infraction violations, with the consent of the minor, a hearing before a juvenile hearing officer, or a hearing before a referee or a judge of the juvenile court, when the minor is charged with an offense as specified in this section, may be conducted upon an exact legible copy of a written notice given pursuant to Article 2 (commencing with Section 40500) of Chapter 2 of Division 17 or Section 41103 of the Vehicle Code, or an exact legible copy of a written notice given pursuant to Chapter 5C (commencing with Section 853.5) of Title 3 of Part 2 of the Penal Code when the offense charged is a violation listed in Section 256, or an exact legible copy of a citation as set forth in subdivision (e) of Section 660.5, or an exact legible copy of the notice given pursuant to subdivision (d) of Section 601 when the minor is within the jurisdiction of the juvenile court pursuant to subdivision (b) of Section 601, in lieu of a petition as provided in Article 16 (commencing with Section 650).

(2) Notwithstanding any other law, in the case of infraction violations, consent of the minor is not required prior to conducting a hearing upon written notice to appear.

(b) Prior to the hearing, the judge, referee, or juvenile hearing officer may request the probation officer to commence a proceeding, as provided in Article 16 (commencing with Section 650), in lieu of a hearing in Informal Juvenile and Traffic Court.

(Amended Sec. 2, Ch. 898, Stats. 2014. Effective January 1, 2015.)

258. (a) Upon a hearing conducted in accordance with Section 257, and upon either an admission by the minor of the commission of a violation charged, or a finding that the minor did in fact commit the violation, the judge, referee, or juvenile hearing officer may do any of the following:

(1) Reprimand the minor and take no further action.

(2) Direct that the probation officer undertake a program of supervision of the minor for a period not to exceed six months, in addition to or in place of the following orders.

(3) Order that the minor pay a fine up to the amount that an adult would pay for the same violation, unless the violation is otherwise specified within this section, in which case the fine shall not exceed two hundred fifty dollars ($250). This fine may be levied in addition to or in place of the following orders and the court may waive any or all of this fine, if the minor is unable to pay. In determining the minor's ability to pay, the court may not consider the ability of the minor's family to pay.

(4) Subject to the minor's right to a restitution hearing, order that the minor pay restitution to the victim, in lieu of all or a portion of the fine specified in paragraph (3). The total dollar amount of the fine, restitution, and any program fees ordered pursuant to paragraph (9) may not exceed the maximum amount which may be ordered pursuant to paragraph (3). This paragraph may not be construed to limit the right to recover damages, less any amount actually paid in restitution, in a civil action.

(5) Order that the driving privileges of the minor be suspended or restricted as provided in the Vehicle Code or, notwithstanding Section 13203 of the Vehicle Code or any other provision of law, when the Vehicle Code does not provide for the suspension or restriction of driving privileges, that, in addition to any other order, the driving privileges of the minor be suspended or restricted for a period of not to exceed 30 days.

(6) In the case of a traffic related offense, order the minor to attend a licensed traffic school, or other court approved program of traffic school instruction pursuant to Chapter 1.5 (commencing with Section 11200) of Division 5 of the Vehicle Code, to be completed by the juvenile within 60 days of the court order.

(7) Order that the minor produce satisfactory evidence that the vehicle or its equipment has been made to conform with the requirements of the Vehicle Code pursuant to Section 40150 of the Vehicle Code if the violation involved an equipment violation.

(8) Order that the minor perform community service work in a public entity or any private nonprofit entity, for not more than 50 hours over a period of 60 days, during times other than his or her hours of school attendance or employment. Work performed pursuant to this paragraph may not exceed 30 hours during any 30-day period. The timeframes established by this paragraph may not be modified except in unusual cases where the interests of justice would best be served. When the order to work is made by a referee or a juvenile hearing officer, it shall be approved by a judge of the juvenile court.

For the purposes of this paragraph, a judge, referee, or juvenile hearing officer may not, without the consent of the minor, order the minor to perform work with a private nonprofit entity that is affiliated with any religion.

(9) In the case of a misdemeanor, order that the minor participate in and complete a counseling or educational program, or, if the offense involved a violation of a controlled substance law, a drug treatment program, if those programs are available. Any fees for participation shall be subject to the right to a hearing as the minor’s ability to pay and may not, together with any fine or restitution order, exceed the maximum amount that may be ordered pursuant to paragraph (3).

(10) Require that the minor attend a school program without unexcused absence.

(11) If the offense is a misdemeanor committed between 10 p.m. and 6 a.m., require that the minor be at his or her legal residence at hours to be specified by the juvenile hearing officer between the hours of 10 p.m. and 6 a.m., except for a medical or other emergency, unless the minor is accompanied by his or her parent, guardian, or other person in charge of the minor. The maximum length of an order made pursuant to this paragraph shall be six months from the effective date of the order.
(12) Make any or all of the following orders with respect to a violation of the Fish and Game Code which is not charged as a felony:
   (A) That the fishing or hunting license involved be suspended or restricted.
   (B) That the minor work in a park or conservation area for a total of not to exceed 20 hours over a period not to exceed 30 days, during times other than his or her hours of school attendance or employment.
   (C) That the minor forfeit, pursuant to Section 12157 of the Fish and Game Code, any device or apparatus designed to be, and capable of being, used to take birds, mammals, fish, reptiles, or amphibia and which was used in committing the violation charged. The judge, referee, or juvenile hearing officer shall, if the minor committed an offense which is punishable under Section 12008 of the Fish and Game Code, order the device or apparatus forfeited pursuant to Section 12157 of the Fish and Game Code.

(13) If the violation charged is of an ordinance of a city, county, or local agency relating to loitering, curfew, or fare evasion on a public transportation system, as defined by Section 99211 of the Public Utilities Code, or is a violation of Section 640 or 640a of the Penal Code, make the order that the minor shall perform community service for a total time not to exceed 20 hours over a period not to exceed 30 days, during times other than his or her hours of school attendance or employment.

(b) If the minor is before the court on the basis of truancy, as described in subdivision (b) of Section 601, all of the following procedures and limitations shall apply:
   (1) The judge, referee, or juvenile hearing officer shall not proceed with a hearing unless both of the following have been provided to the court:
      (A) Evidence that the minor’s school has undertaken the actions specified in subdivisions (a), (b), and (c) of Section 48264.5 of the Education Code. If the school district does not have an attendance review board, as described in Section 48321 of the Education Code, the minor’s school is not required to provide evidence to the court of any actions the school has undertaken that demonstrate the intervention of a school attendance review board.
      (B) The available record of previous attempts to address the minor’s truancy.
   (2) The court is encouraged to set the hearing outside of school hours, so as to avoid causing the minor to miss additional school time.
   (3) Pursuant to paragraph (1) of subdivision (a) of Section 257, the minor and his or her parents shall be advised of the minor’s right to refuse consent to a hearing conducted upon a written notice to appear.
   (4) The minor’s parents shall be permitted to participate in the hearing.
   (5) The judge, referee, or juvenile hearing officer may continue the hearing to allow the minor the opportunity to demonstrate improved attendance before imposing any of the orders specified in paragraph (6). Upon demonstration of improved attendance, the court may dismiss the case.
   (6) Upon a finding that the minor violated subdivision (b) of Section 601, the judge, referee, or juvenile hearing officer shall direct his or her orders at improving the minor’s school attendance. The judge, referee, or juvenile hearing officer may do any of the following:
      (A) Order the minor to perform community service work, as described in Section 48264.5 of the Education Code, which may be performed at the minor’s school.
      (B) Order the payment of a fine by the minor of not more than fifty dollars ($50), for which a parent or legal guardian of the minor may be jointly liable. The fine described in this subparagraph shall not be subject to Section 1464 of the Penal Code or additional penalty pursuant to any other law. The minor, at his or her discretion, may perform community service, as described in subparagraph (A), in lieu of any fine imposed under this subparagraph.
      (C) Order a combination of community service work described in subparagraph (A) and payment of a portion of the fine described in subparagraph (B).
   (D) Restrict driving privileges in the manner set forth in paragraph (5) of subdivision (a). The minor may request removal of the driving restrictions if he or she provides proof of school attendance, high school graduation, GED completion, or enrollment in adult education, a community college, or a trade program. Any driving restriction shall be removed at the time the minor attains 18 years of age.
   (e) (1) The judge, referee, or juvenile hearing officer shall retain jurisdiction of the case until all orders made under this section have been fully complied with.
   (2) If a minor is before the judge, referee, or juvenile hearing officer on the basis of truancy, jurisdiction shall be terminated upon the minor attaining 18 years of age.

(Amended Sec. 3, Ch. 898, Stats. 2014. Effective January 1, 2015.)

260. A juvenile hearing officer shall promptly furnish a written report of his or her findings and orders to the clerk of the juvenile court. The clerk of the juvenile court shall promptly transmit an abstract of those findings and orders to the Department of Motor Vehicles.

(Amended Sec. 6, Ch. 679, Stats. 1997. Effective January 1, 1998.)

261. Subject to the provisions of Section 262, all orders of a juvenile hearing officer shall be immediately effective.

(Amended Sec. 7, Ch. 679, Stats. 1997. Effective January 1, 1998.)

654.1. (a) Notwithstanding Section 654 or any other provision of law, in any case in which a minor has been charged with a violation of Section 23140 or 23152 of the Vehicle Code, the probation officer may, in lieu of requesting that a petition be filed by the prosecuting attorney to declare the minor a ward of the court under Section 602, proceed in accordance with Section 654 and delineate a program of supervision for the minor. However, the probation officer shall cause the citation for a violation of Section 23140 or 23152 of the Vehicle Code to be heard and disposed of by the judge, referee, or juvenile hearing officer pursuant to Sections 257 and 258 as a condition of any program of supervision.

(b) This section may not be construed to prevent the probation officer from requesting the prosecuting attorney to file a petition to declare the minor a ward of the court under Section 602, proceed in accordance with Section 654 and delineate a program of supervision for the minor. The clerk of the juvenile court to commence proceedings to adjudge a person a ward of the court, in any case in which a petition has been filed with a juvenile court to commence proceedings to adjudge a person a ward of the court, in any case in which a person is cited to appear before a probation officer or is taken before a probation officer pursuant to Section 626, or in any case in which a minor is taken before any officer of a law enforcement agency, the person or the county probation officer may, five years or more after the jurisdiction of the juvenile court has terminated as to the person, or, in a case in which no petition is filed, five years or more after the person was cited to appear before a probation officer or was taken before a probation officer pursuant to Section 626 or was taken before any officer of a law enforcement agency, or, in any case, at any time after the person has reached the

age of 18 years, petition the court for sealing of the records, including records of arrest, relating to the person’s case, in the custody of the juvenile court and probation officer and any other agencies, including law enforcement agencies, and public officials as the petitioner alleges, in his or her petition, to have custody of the records. The court shall notify the district attorney of the county and the county probation officer, if he or she is not the petitioner, and the district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since the termination of jurisdiction or action pursuant to Section 626, as the case may be, he or she has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order all records, papers, and exhibits in the person’s case in the custody of the juvenile court, including the juvenile court record, minute book entries, and entries on dockets, and any other records relating to the case in the custody of the other agencies and officials as are named in the order. In any case in which a ward of the juvenile court is subject to the registration requirements set forth in Section 290 of the Penal Code, a court, in ordering the sealing of the juvenile records of the person, also shall provide in the order that the person is relieved from the registration requirement and for the destruction of all registration information in the custody of the Department of Justice and other agencies and officials. Notwithstanding any other provision of law, the court shall not order the person’s records sealed in any case in which the person has been found by the juvenile court to have committed an offense listed in subdivision (b) of Section 707 when he or she had attained 14 years of age or older. Once the court has ordered the person’s records sealed, the proceedings in the case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, the records of which are ordered sealed. The court shall not send a copy of the order to each agency and official named therein, directing the agency to seal its records and stating the date thereafter to destroy the sealed records. Each such agency and official shall seal the records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court’s order for sealing of records that it, he, or she received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivisions (b) and (e), the records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(c) (1) Subdivision (a) does not apply to Department of Motor Vehicle records of any convictions for offenses under the Vehicle Code or any local ordinance relating to the operation, stopping and standing, or parking of a vehicle where the record of any such conviction would be a public record under Section 1808 of the Vehicle Code. However, if a court orders a case record containing any such conviction to be sealed under this section, and if the Department of Motor Vehicles maintains a public record of such a conviction, the court shall notify the Department of Motor Vehicles of the sealing and the department shall advise the court of its receipt of the notice.

Notwithstanding any other provision of law, subsequent to the notification, the Department of Motor Vehicles shall allow access to its record of convictions only to the subject of the record and to insurers which have been granted requestor code numbers by the department. Any insurer to which such a record of conviction is disclosed, when such a conviction record has otherwise been sealed under this section, shall be given notice of the sealing when the record is disclosed to the insurer. The insurer may use the information contained in the record for purposes of determining eligibility for insurance and insurance rates for the subject of the record, and the information shall not be used for any other purpose nor shall it be disclosed by an insurer to any person or party not having access to the record.

(2) This subdivision shall not be construed as preventing the sealing of any record which is maintained by any agency or party other than the Department of Motor Vehicles.

(3) This subdivision shall not be construed as affecting the procedures or authority of the Department of Motor Vehicles for purging department records.

(d) Unless for good cause the court determines that the juvenile court record shall be retained, the court shall order the destruction of a person’s juvenile court records that are sealed pursuant to this section as follows: five years after the record was ordered sealed, if the person who is the subject of the record was alleged or adjudged to be a person described by Section 601; or when the person who is the subject of the record reaches the age of 38 if the person was alleged or adjudged to be a person described by Section 626, except that if the subject of the record was found to be a person described in Section 602 because of the commission of an offense listed in subdivision (b) of Section 707 when he or she was 14 years of age or older, the record shall not be destroyed. Any other agency in possession of sealed records may destroy its records five years after the record was ordered sealed.

(e) The court may access a file that has been sealed pursuant to this section for the limited purpose of verifying the prior jurisdictional status of a ward who is petitioning the court to resume its jurisdiction pursuant to subdivision (e) of Section 388. This access shall not be deemed an unsealing of the record and shall not require notice to any other entity.

(f) This section shall not permit the sealing of a person’s juvenile court records for an offense where the person is convicted of that offense in a criminal court pursuant to the provisions of Section 707.1. This subdivision is declaratory of existing law.

(g) (1) On and after January 1, 2015, each court and probation department shall ensure that information regarding the eligibility for and the procedures to request the sealing and destruction of records pursuant to this section shall be provided to each person who is either of the following:

(A) A person for whom a petition has been filed on or after January 1, 2015, to adjudge the person a ward of the juvenile court.

(B) A person who is brought before a probation officer pursuant to Section 626.

(2) The Judicial Council shall, on or before January 1, 2015, develop informational materials for purposes of paragraph (1) and shall develop a form to petition the court for the sealing and destruction of records pursuant to this section. The informational materials and the form shall be provided to each person described in paragraph (1) when jurisdiction is terminated or when the case is dismissed.

(3) This subdivision is declaratory of existing law.

(Amended Ch. 1254, Stats. 1988. Effective January 1, 1989.)

4648.3. A provider of transportation services to regional center clients for the regional center shall maintain protection against the liability for damages for bodily injuries or death and for damage to or destruction of property, which may be incurred by the provider in the course of providing those services. Confidentiality of Records

10850. (a) Except as otherwise provided in this section, all applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any program of public social services for which grants-in-aid are received by this state from the United States government shall be confidential, and shall not be open to examination for any purpose not directly connected with the administration of that program, or any investigation, prosecution, or criminal or civil proceeding conducted in connection with the administration of that program. The disclosure of any information that identifies by name or address any applicant for or recipient of these grants-in-aid to any committee or legislative body is prohibited, except as provided in subdivision (b).

(b) Except as otherwise provided in this section, no person shall publish or disclose or permit or cause to be published or disclosed any list of persons receiving public social services. Any county welfare department in this state may release lists of applicants for, or recipients of, public social services, to any other county welfare department or the State Department of Social Services, and these lists or any other records shall be released when requested by any county welfare department or the State Department of Social Services. These lists or other records shall only be used for purposes directly connected with the administration of public social services. Except for those purposes, no person shall publish, disclose, or use or permit or cause to be published, disclosed, or used any confidential information pertaining to an applicant or recipient.

(c) Any county welfare department and the State Department of Social Services shall provide any governmental entity that is authorized by law to conduct an audit or similar activity in connection with the administration of public social services, including any committee or legislative body so authorized, with access to any public social service applications and records described in subdivision (a) to the extent of the authorization. Those committees, legislative bodies, and other entities may only request or use these records for the purpose of investigating the administration of public social services, and shall not disclose the identity of any applicant or recipient except in the case of a criminal or civil proceeding conducted in connection with the administration of public social services.

(d) This section shall not prohibit the furnishing of this information to other public agencies to the extent required for verifying eligibility or for other purposes directly connected with the administration of public social services, or to county superintendents of schools or superintendents of school districts only as necessary for the administration of federally assisted programs providing assistance in cash or in-kind or services directly to individuals on the basis of need. Any person knowingly and intentionally violating this subdivision is guilty of a misdemeanor.

(e) In the context of a petition for the appointment of a conservator for a person who is receiving or has received aid from a public agency, as indicated above, or in the context of a criminal prosecution for a violation of Section 368 of the Penal Code both of the following shall apply:

(1) An adult protective services employee or ombudsman may answer truthfully at any proceeding related to the petition or prosecution, when asked if he or she is aware of information that he or she believes is related to the legal mental capacity of that aid recipient or the need for a conservatorship for that aid recipient. If the adult protective services employee or ombudsman states that he or she is aware of such information, the court may order the adult protective services employee or ombudsman to testify about his or her observations and to disclose all relevant agency records.

(2) The court may order the adult protective services employee or ombudsman to testify about his or her observations and to disclose any relevant agency records if the court has other independent reason to believe that the adult protective services employee or ombudsman has information that would facilitate the resolution of the matter.

(f) The State Department of Social Services may make rules and regulations governing the custody, use, and preservation of all records, papers, files, and communications pertaining to the administration of the laws relating to public social services under their jurisdiction. The rules and regulations shall be binding on all departments, officials and employees of the state, or of any political subdivision of the state and may provide for giving information to or exchanging information with agencies, public or political subdivisions of the state, and may provide for giving information to or exchanging information with agencies, public or private, that are engaged in planning, providing, or securing social services for or on behalf of recipients or applicants; and for making case records available for research purposes, provided that making these case records available will not result in the disclosure of the identity of applicants or recipients of public social services and will not disclose any personal information in a manner that would link the information disclosed to the individual to whom it pertains, unless the department has complied with subdivision (t) of Section 1798.24 of the Civil Code.

(g) Any person, including every public officer and employee, who knowingly secures or possesses, other than in the course of official duty, an official list or a list compiled from official sources, published or disclosed in violation of this section, of persons who have applied for or who have been granted any form of public social services for which state or federal funds are made available to the counties is guilty of a misdemeanor.

(h) This section shall not be construed to prohibit an employee of a county welfare department from disclosing confidential information concerning a public social services applicant or recipient to a state or local law enforcement agency investigating or gathering information regarding a criminal act committed in a welfare department office, a criminal act against any county or state welfare worker, or any criminal act witnessed by any county or state welfare worker while involved in the administration of public social services at any location. Further, this section shall not be construed to prohibit an employee of a county welfare department from disclosing confidential information concerning a public social services applicant or recipient to a state or local law enforcement agency investigating or gathering information regarding a criminal act intentionally committed by the applicant or recipient against any off-duty county or state welfare worker in retaliation for an act performed in the course of the welfare worker’s duty when the person committing the offense knows or reasonably should know that the victim is a county or county welfare worker. These criminal acts shall include only those that are in violation of state or local law. Disclosure of confidential information pursuant to this subdivision shall be limited to the applicant’s or recipient’s name, physical description, and address.

(i) The provisions of this section shall be operative only to the extent permitted by federal law and shall not apply to, but exclude, Chapter 7 (commencing with Section 14000) and Chapter 8 (commencing with Section 14200) of this division, and for which a grant-in-aid is received by this state from the United States government pursuant to Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.).

(j) (1) Public social services, as defined in Section 10051, includes publicly funded health care services administered or supervised by the department or the State Department of Health Care Services, except that, as used in this section, it does not include the Medi-Cal program. This subdivision does not affect or alter the exclusions contained in subdivision (i) or the confidentiality provisions contained in Section 14100.2.

(2) This subdivision clarifies existing law.
