100. General Abandoned Vehicles as Nuisances.

In addition to and in accordance with the determination made and the authority granted by the State of California under Section 22660 of the California Vehicle Code (VC) to remove abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof as public nuisances, the city council makes the following findings and declarations:

The accumulation and storage of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof on private or public property creates a condition tending to reduce the value of private property, to promote blight and deterioration, to invite plundering, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, to create a harborage for rodents and insects, to be injurious to the health, safety, and general welfare. Therefore, the presence of an abandoned, wrecked, dismantled or inoperative vehicle or parts thereof, on private or public property, except as expressly permitted in this chapter, constitutes a public nuisance which may be abated as such in accordance with the provisions of this Chapter.

110. Definitions.

As used in this Chapter, the following words and phrases are defined as set out in this section:

c. Nothing in this section authorizes the maintenance of a public or private nuisance as defined under provision of law other than Chapter 10 (commencing with Section 22650) of Division 11 of the Vehicle Code and this Chapter.

130. Nonexclusivity of Regulation.

This Chapter is not the exclusive regulation of abandoned, wrecked, dismantled, or inoperative vehicles within the city and/or county. It shall supplement and be in addition to the other regulatory codes, statutes, and ordinances heretofore or hereafter enacted by this city/county, the State, or any other legal entity or agency having jurisdiction.

140. Officer Designated.

Except as otherwise provided in this Chapter, the provisions of this Chapter shall be administered and enforced by the vehicle abatement officer as designated by the (city manager or designated agency head responsible for abandoned vehicle abatement operations in the designated city and/or county). In the enforcement of this Chapter, such officers and deputies may enter upon private or public property to examine a vehicle, or parts thereof, obtain information as to the identity of a vehicle, and remove or cause the removal of a vehicle or part thereof declared to be a nuisance pursuant to this Chapter.

150. Authority of Private Contractor.

When the council has contracted with or granted a franchise to any person or persons to remove vehicles pursuant to this Chapter, such person or persons shall be authorized to enter upon private property or public property to remove or cause the removal of a vehicle or parts thereof declared to be a nuisance pursuant to this Chapter.

The order requiring removal shall include a description of the vehicle, or part thereof, and the correct identification number and license number of the vehicle, if available at the site.

If it is determined at the hearing that the vehicle was placed on the land without the consent of the land owner and that (s)he has not subsequently acquiesced in its presence, the ( ) shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such costs from such land owner.

If an interested party makes a written presentation to the ( ), but does not appear, (s)he shall be notified in writing of the decision.

Five days after adoption of the order declaring the vehicle or parts thereof to be a public nuisance or five days from the date of mailing of notice of the decision, as required by Section 200, whichever date is later, the vehicle or parts thereof may be disposed of by removal to a scrapyard or automobile dismantler’s yard. After a vehicle has been removed, it shall not thereafter be reconstructed or made operable unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates pursuant to 5004 VC, in which case the vehicle may be reconstructed or made operable.

Said assessment shall have the same priority as other county taxes.
