FOREWORD

The purpose of this publication is to provide the approved inhalation hazards routes, safe stopping places, and inspection stops to be used when transporting bulk shipments of materials that are poisonous by inhalation, as classified by the United States Department of Transportation in Title 49, Code of Federal Regulations.

Its objective is to facilitate and encourage driver compliance with regulations pertaining to the operation of commercial vehicles transporting inhalation hazards on highways to prevent injury and loss of life resulting from accidents. This is accomplished by publishing the regulations, including necessary definitions and requirements for vehicle inspections, in their entirety.
