FOREWORD

The purpose of this manual is to provide policy and direction for the operation of departmental radio/telephone communications and electronic communications based points of origin for sensitive or confidential information.

The objective of this manual is to achieve efficient and standardized departmental communications procedures throughout the state.

Local standard operating procedures (SOPs) may augment but not modify or change the intent of the guidance and direction of this manual. If any differences exist between information in local SOPs and the information in this manual, this manual will hold precedence.

For purposes of clarification, use of the term communications center will represent both communications and dispatch centers.
